They reach their conclusions not so much on the basis of faith as on the evidence supplied by historical sources and expert scientific opinion. The relics associated with the Passion - the suffering, death and burial of Christ - have long proved something of an enigma for the scientific community. Relics investigated, and photographed, for this glorious volume include: the Cross, nails, crown of thorns, pillar of scourging, Christ's tunic, the Veil of Manoppello, the Sudarium of Oviedo, the famous Shroud of Turin burial cloth and more.

Camp Half-Blood Confidential Rick Riordan 2017-05-04 A companion guide to THE TRIALS OF APOLLO series, set in the world of PERCY JACKSON. Camp Half-Blood FYI is the funny insider's guide to the demigod training camp in Long Island, narrated by none other than Percy Jackson himself, and other favourite characters will be heard from, too. In response to an awful camp orientation video created by the god Apollo, Percy Jackson and other residents of Camp Half-Blood answer such questions as "What is this place?" and "Do I get to keep the T-shirt?" Newbies can check out the section on the Divine Cabins, read up on Magical Landmarks, and consult the chapter of Training Arenas. But Camp Half-Blood Confidential explores much more than just the buildings and grounds. It includes info that can only be learned from those who live there. For instance, campers do not always co-exist in peace and harmony. The camp is not run with superior efficiency. Prophecies do not flow forth with great regularity. Sprinkled throughout are stories from heroes who have called Camp Half-Blood home or just passed through on their way to places unknown. Chiron himself introduces the book with a brief history of training based on his millennia of experience. And, of course, divine words of wisdom from the god Apollo himself are included, because the demigod authors would prefer not to be struck down by him, thank you very much.
