Do your research so you can make sure your book will appeal to as many people as possible and this will ensure more profits for you in the long run. If you want to get started on selling ebooks online but have no idea how to start, this book is the perfect guide for you. Scroll up and click "add to cart" now.

Destiny, Freedom, and the Soul Osho 2010-04-13 One of the greatest spiritual teachers of the twentieth century shares his philosophy on self-discovery, free will, and the search for a place and purpose in life. "I myself am a question. I know not who I am. What to do? Where to go?"—Osho *Destiny, Freedom, and the Soul: What Is the Meaning of Life?* explores deeply human questions, such as: Is there really such a thing as "soul," and if so, what is it? Where does the concept of karma fit in? Does my life have a special meaning or purpose? Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of

all ages in virtually every country of the world.

**Company of One** Paul Jarvis 2019 What if the real key to a richer and more fulfilling career was not to create and scale a new start-up, but rather, to be able to work for yourself, determine your own hours, and become a (highly profitable) and sustainable company of one? Suppose the better--and smarter--solution is simply to remain small? This book explains how to do just that. Company of One is a refreshingly new approach centered on staying small and avoiding growth, for any size business. Not as a freelancer who only gets paid on a per piece basis, and not as an entrepreneurial start-up that wants to scale as soon as possible, but as a small business that is deliberately committed to staying that way. By staying small, one can have freedom to pursue more meaningful pleasures in life, and avoid the headaches that result from dealing with employees, long meetings, or worrying about expansion. Company of One introduces this unique business strategy and explains how to make it work for you, including how to generate cash flow on an ongoing basis. Paul Jarvis left the corporate world when he realized that working in a high-pressure, high profile world was not his idea of success. Instead, he now works for himself out of his home on a small, lush island off of Vancouver, and lives a much more rewarding and productive life. He no longer has to contend with an environment that constantly demands more productivity, more output, and more growth. In Company of One, Jarvis explains how you can find the right pathway to do the same, including planning how to set up your shop, determining your desired revenues, dealing with unexpected crises, keeping your key clients happy, and of course, doing all of this on your own.

**The Discovery of Heaven** Harry Mulisch 2011-01-01 'One of the most entertaining and profound philosophical novels ever written' Washington Post On a cold night in Holland two men meet and change each other's lives forever. Max Delius - a hedonistic, yet brilliant astronomer who loves fast cars, nice clothes and beautiful women - picks up Onno Quist, a cerebral chaotic philologist who cannot bear the ordinariness of everyday life. Despite their differences, they fast become great friends. And when they learn they were conceived on the same day, it is clear that their meeting is no coincidence. As the pair fall into and out of love with the same woman - Ada - so their lives become further intertwined. For all three are on a mysterious journey destined to shape human history. The Discovery of Heaven is internationally recognized as a masterpiece. Rich in philosophical, psychological, historical and theological enquiry, it is an extravagant, bold and satisfying novel of ideas. 'Sparkling, irresistible . . . you'll learn a lot from this novel' The Times 'Anyone who reads The Discovery of Heaven will come away enlightened, challenged and entertained' Wall Street Journal 'Written carefully and ingeniously by a novelist who is also a poet' John Updike, New Yorker

*Heal* Kelly Noonan Gores 2019-10-22 Go on a fascinating scientific and spiritual journey in this eye-opening book that explores the body's incredible ability to heal itself—perfect for fans of Deepak Chopra and Anita Moorjani. When we receive diagnoses from medical professionals, we are often so overwhelmed that we give up authority over our own health and well-being. But the truth is, we have more control over our health and life than we have been led to believe, and that belief is at the core of our body's capacity to heal itself. Based on the groundbreaking documentary of the same name, *Heal* follows two people on their healing journeys, while combining science-backed research and real-world testimonials from experts like Marianne Williamson, Bruce Lipton, Deepak Chopra, Bernie Siegel, Anita Moorgani, Kelly Brogan, and many others, to offer hope and alternative treatments for the many people suffering from a variety of chronic illnesses. By identifying the emotional roots of illnesses, we can tap into the body's healing powers and discover that although healing can be complex and deeply personal, it can also happen spontaneously in a moment. *Heal* shows us that science and spirituality are united and demonstrates that our thoughts, beliefs, and emotions have a huge impact on our overall health and the

ability to recover from illness and injury.

**Tip It** Decodable Readers Australia Pty Ltd 2020-07-12

**The Transfiguration of Romania** Emil Cioran 2015-08-13 A close friend of Eugene Ionesco and Mircea Eliade as well as - in his later Paris years - Paul Celan and Samuel Beckett, the Romanian philosopher and essayist Emil Cioran is an important figure in central European Modernism. Cioran's existentialism channelled many seminal intellectual influences of the time from Kant, Schopenhauer and Nietzsche to Georg Simmel, Martin Heidegger and Henri Bergson. More controversially, it was also a philosophy that took on distinctly fascist overtones in the inter-war years, especially in his early work *The Transfiguration of Romania*. Now available for the first time in English translation, the publication of *The Transfiguration of Romania* casts new light on Modernist culture's engagement with the rise of European fascism between the wars. Supported by an extended introduction that explores Cioran's life, work and enduring influence up to the present day as well his ongoing engagement with the far-right in Romania and beyond, this is a crucial text for anyone seeking to understand the rise of fascist culture in Europe in the interwar period.

Wise Guy Guy Kawasaki 2019-02-26 Silicon Valley icon and bestselling author Guy Kawasaki shares the unlikely stories of his life and the lessons we can draw from them. Guy Kawasaki has been a fixture in the tech world since he was part of Apple's original Macintosh team in the 1980s. He's widely respected as a source of wisdom about entrepreneurship, venture capital, marketing, and business evangelism, which he's shared in bestselling books such as *The Art of the Start* and *Enchantment*. But before all that, he was just a middle-class kid in Hawaii, a grandson of Japanese immigrants, who loved football and got a C+ in 9th grade English. *Wise Guy*, his most personal book, is about his surprising journey. It's not a traditional memoir but a series of vignettes. He toyed with calling it *Miso Soup for the Soul*, because these stories (like those in the *Chicken Soup* series) reflect a wide range of experiences that have enlightened and inspired him. For instance, you'll follow Guy as he . . . Gets his first real job in the jewelry business--which turned out to be surprisingly useful training for the tech world. Disparages one of Apple's potential partners in front of that company's CEO, at the sneaky instigation of Steve Jobs. Blows up his Apple career with a single sentence, after Jobs withholds a pre-release copy of the Think Different ad campaign: "That's okay, Steve, I don't trust you either." Reevaluates his self-importance after being mistaken for Jackie Chan by four young women. Takes up surfing at age 62--which teaches him that you can discover a new passion at any age, but younger is easier! Guy covers everything from moral values to business skills to parenting. As he writes, "I hope my stories help you live a more joyous, productive, and meaningful life. If *Wise Guy* succeeds at this, then that's the best story of all."

**Search Engine Optimization** Jayson Krause 2020-12-04 *Search Engine Optimization: The Ultimate Guide to Successful Search Engine Optimization, Learn Proven Strategies and Practices That Can Ensure Continuous Targeted Traffic to Your Niche Site* For your business to thrive these days, it is necessary for it to have an online presence. Most people prefer to buy everything online now so it's crucial that you have a website for your business. But simply having a website is not enough. **Parenting Your Out-of-Control Teenager** Scott P. Sells 2007-04-01 Every teenager rebels against authority at some point--talks back, breaks curfew, or disobeys. But literally millions of teens take their rebellion to a point where it disrupts their families and endangers their own futures or even their lives. If one of these teens is yours, you've probably lived through years of conflicting advice and pat solutions that don't last. Finally, this breakthrough guide from a master therapist will show you the seven steps to positive, permanent change for you and your teenager: 1. Learn the real reasons for teen misbehavior. 2. Make an ironclad contract to stop that behavior. 3. Troubleshoot future problems. 4. End button-pushing. 5. Stop the "seven aces" -- from disrespect to threats of violence. 6. Mobilize outside help. 7. Reclaim lost love within the family. Clear, compassionate, and packed with real-life solutions to real-life problems, *Parenting Your Out-of-Control Teenager* gives parents the tools they need to turn their families' lives around for good.

**Franklin Rides a Bike** Paulette Bourgeois 2011-02 The last of his friends who still need training wheels for his bicycle, Franklin becomes increasingly discouraged as he continues to fall down, but then he gets an idea from Porcupine that will help him.

**Finders Keepers for Franklin** Paulette Bourgeois 2013-08-01 Franklin finds a camera in the park, and uses its film to take pictures of his friends, but then he thinks he should try to find its owner.

**Just Right** Jeremy Harmer 2012

**Tales of the Mountains and Steppes** Chingiz Aitmatov 1977

The Temptation of Homo Europaeus Victor Neumann 2019-08 The Renaissance, the Reformation, the Enlightenment - these seismic developments in Western thought were not confined to Italy and her near neighbours, but were paralleled across the vast and culturally diverse territory stretching from Vienna to Constantinople. Drawing on an array of sources, many of which were little-known before he made this ground-breaking study, Victor Neumann charts the development of Eastern European thought and its literary and artistic expression from the Middle Ages to the modern age. First published, to great acclaim in Romania in 1991, this newly revised, updated and illustrated edition has been published as Neumann's home city of Timisoara prepares to receive visitors from across the world as European Capital of Culture, and at a time when the question of what it means to be European is being debated more than ever. AUTHOR: Victor Neumann is a Romanian historian, political analyst, and professor at the West University in Timisoara. He is a well-known specialist in the recent cultural and intellectual histories of Eastern and Central Europe. Much of his work deals with Conceptual History, Jewish-Romanian history, the history of anti-semitism, as well as various topics connected with nationalism. Since 2013 he has been Director of the Timisoara Museum of Arts. SELLING POINTS: \* A newly illustrated and revised edition of Victor Neumann's ground-breaking study into the development of Eastern European thought \* Given new relevance by the current debate surrounding European identity \* Published as part of the build-up to Timisoara's appointment as European Capital of Culture in 2021

Robert Chapman Robert L. Peterson 1995 Here is the full biography of Robert Cleaver Chapman. This remarkable man served God in the small town of Barnstaple, England, during the nineteenth century. His caring and humble attitude had a marked impact on the lives of such men as George Mjller, J. Hudson Taylor, John Nelson Darby, and Charles Spurgeon. In fact, Charles Spurgeon often referred to Chapman as, "the saintliest man I ever knew."

If you're interested in creating your own blog and want to know how you can earn money from it, this book is perfect for you. Scroll up and click "add to cart" now.

Zaharia Beniamin Fărăgău 2019-03-24 Zaharia, alături de Hagai și Maleahi – toți trei profeți post-exilici –, încheie filonul revelației profetice vechi-testamentare. În comentariul său pe Zaharia, Leupold (Exposition of Zecharia, p. 3) afirmă că finalul vorbirii profetice nu pare a fi un râu care seacă sub arșița soarelui, ci mai degrabă o glorioasă și bogată revărsare a revelației divine. Bentley ne spune că, în Noul Testament, „din Zaharia sunt citate treizeci și trei de porțiuni de text în cincizeci de locuri diferite. Multe dintre acestea au legătură directă cu Domnul Isus Hristos” (Michael Bentley, Building for the Glory of God, p. 92), iar Baldwin afirmă că „natura aproape enigmatică a unor texte din Zaharia invită la meditație. Mai ales pasajele care tratează tema păstorului, care au influențat gândirea lui Isus mai mult decât orice alt pasaj din Vechiul Testament” (Baldwin, Zecharia, p. 198). Prin aceste profeții mesianice, Duhul lui Dumnezeu pregătea inima poporului Său să traverseze pustiul perioadei Inter-testamentare și să păstreze vie așteptarea mesianică. Zaharia alunecă însă mai departe în istorie, spre vremurile în care cei din Iuda și locuitorii Ierusalimului Îl vor plânge pe Cel pe care L-au străpuns și vor pregăti astfel A Doua Venire a lui Hristos, când va domni din Ierusalim peste întreg pământul.

**Ninja Kid 2: Flying Ninja!** Anh Do 2019-07-04 Laugh-out-loud and fully illustrated Ninja Kid is the start of a brand new series from bestselling comedian Anh Do! Nelson is a ninja. For that, he will need his new jetpack... and some serious ninja skills! How will Nelson learn to fly when he is scared of heights?!

*History and Utopia* E. M. Cioran 2015-01-20 “Only a monster can allow himself the luxury of seeing things as they are,” writes E. M. Cioran, the Romanian-born philosopher who has rightly been compared to Samuel Beckett. In *History and Utopia*, Cioran the monster writes of politics in its broadest sense, of history, and of the utopian dream. His views are, to say the least, provocative. In one essay he casts a scathing look at democracy, that “festival of mediocrity”; in another he turns his uncompromising gaze on Russia, its history, its evolution, and what he calls “the virtues of liberty.” In the dark shadow of Stalin

and Hitler, he writes of tyrants and tyranny with rare lucidity and convincing logic. In "Odyssey of Rancor," he examines the deep-rooted dream in all of us to "hate our neighbors," to take immediate and irremediable revenge. And, in the final essay, he analyzes the notion of the "golden age," the biblical Eden, the utopia of so many poets and thinkers.

Jocurile Daniei Anton Holban 2017-07-29 "Și totuși, distanța rămâne, nu mă pot juca în voie cu sufletul ei, cum fac copiii cu nisipul de la mare. Și, dacă sunt cu dânsa, oricât am fi de emoționați de îmbrățișările noastre, bucuria nu poate dura multă vreme. Iar imediat ce nu mai suntem împreună, mă simt singur, cu o mie de întrebări la care n-am primit nici un răspuns, cu nelăcrederi care nu pot fi calmate, și dânsa rămâne cu o imagine fermecătoare, dar fără realitate, ca un vis, ca un film la cinematograful."

**Probability Guide to Gambling** Catalin Barboianu 2006 Over the past two decades, gamblers have begun taking mathematics into account more seriously than ever before. While probability theory is the only rigorous theory modeling the uncertainty, even though in idealized conditions, numerical probabilities are viewed not only as mere mathematical information, but also as a decision-making criterion, especially in gambling. This book presents the mathematics underlying the major games of chance and provides a precise account of the odds associated with all gaming events. It begins by explaining in simple terms the meaning of the concept of probability for the layman and goes on to become an enlightening journey through the mathematics of chance, randomness and risk. It then continues with the basics of discrete probability (definitions, properties, theorems and calculus formulas), combinatorics and counting arguments for those interested in the supporting mathematics. These mathematics sections may be skipped by readers who do not have a minimal background in mathematics; these readers can skip directly to the "Guide to Numerical Results" to pick the odds and recommendations they need for the desired gaming situation. Doing so is possible due to the organization of that chapter, in which the results are listed at the end of each section, mostly in the form of tables. The chapter titled "The Mathematics of Games of Chance" presents these games not only as a good application field for probability theory, but also in terms of human actions where probability-based strategies can be tried to achieve favorable results. Through suggestive examples, the reader can see what are the experiments, events and probability fields in games of chance and how probability calculus works there. The main portion of this work is a collection of probability results for each type of game. Each game's section is packed with formulas and tables. Each section also contains a description of the game, a classification of the gaming events and the applicable probability calculations. The primary goal of this work is to allow the reader to quickly find the odds for a specific gaming situation, in order to improve his or her betting/gaming decisions. Every type of gaming event is tabulated in a logical, consistent and comprehensive manner. The complete methodology and complete or partial calculations are shown to teach players how to calculate probability for any situation, for every stage of the game for any game. Here, readers can find the real odds, returned by precise mathematical formulas and not by partial simulations that most software uses. Collections of odds are presented, as well as strategic recommendations based on those odds, where necessary, for each type of gaming situation. The book contains much new and original material that has not been published previously and provides great coverage of probabilities for the following games of chance: Dice, Slots, Roulette, Baccarat, Blackjack, Texas Hold'em Poker, Lottery and Sport Bets. Most of games of chance are predisposed to probability-based decisions. This is why the approach is not an exclusively statistical one (like many other titles published on this subject), but analytical: every gaming event is taken as an individual applied probability problem to solve. A special chapter defines the probability-based strategy and mathematically shows why such strategy is theoretically optimal.

*Changes that Heal* Collin Hooley 2020-12-10 *Changes that Heal: The Ultimate Guide on How You Can*

Effectively Change and Transform Your Life, Discover How You Can Change and Improve on All Aspects of Your Life to Become a Better You Are you feeling stuck in your life? *Delighted in God* Roger Steer 1997 George Muller's life is a powerful answer to modern scepticism. His name has become a by-word for faith throughout the world. In the early 1830s he embarked upon an extraordinary adventure. Disturbed by the faithlessness of the Church in general, he longed to have something to point to as 'visible proof that our God and Father is the same faithful creator as he ever was'.

**Franklin Wants a Pet** Paulette Bourgeois 2011-12-20 In this Franklin Classic Storybook, Franklin can count forwards and backwards. He can zip zippers and button buttons. He can slide down a riverbank by himself. He can even sleep alone in his small, dark shell. And ever since he was small, he really wanted a pet. This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration by the author as well as music and sound effects.

The Problem with Problems Rachel Rooney 2020-06-16 How do you deal with problems? Find out in this bold, humorous, and surprisingly insightful picture book that personifies "problems" as creatures, and skillfully teaches readers (big and small!) how to handle one when it appears. Have you ever met a problem? They come in all shapes and sizes, and can pop up at the most inconvenient times. But you should know some things about problems that will help you make them disappear... This picture book's original take on managing emotions, and emphasis on communication, will help little ones and grown-ups alike navigate their peskiest problems. THE PROBLEM WITH PROBLEMS is filled with social-emotional learning-based advice for every kind of situation, wrapped lovingly in the lyrical prose of award-winning children's poet Rachel Rooney.

Web-Based Learning and Teaching Technologies: Opportunities and Challenges Aggarwal, Anil K. 1999-07-01 During the past two decades, telecommunication technologies combined with Web-enabled technologies have created a new technology-based focus, Web-based learning and teaching. This new area has changed the concept of education around the world, creating new challenges and opportunities offered by this new technology-based concept. Web-Based Learning and Teaching Technologies: Opportunities and Challenges addresses many issues, trends, opportunities and problems facing colleges

and universities in the effective utilization and management of Web-based learning and teaching technologies.
