

Captive Of A Concept

Eventually, you will enormously discover a new experience and achievement by spending more cash. still when? get you tolerate that you require to get those all needs considering having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more concerning the globe, experience, some places, in the same way as history, amusement, and a lot more?

It is your agreed own times to function reviewing habit. in the course of guides you could enjoy now is **captive of a concept** below.

The Captive Woman's Lament in Greek Tragedy Casey Dué 2006 The laments of captive women found in extant Athenian tragedy constitute a fundamentally subversive aspect of Greek drama. In performances supported by and intended for the male citizens of Athens, the songs of the captive women at the Dionysia gave a voice to classes who otherwise would have been marginalized and silenced in Athenian society: women, foreigners, and the enslaved. *The Captive Woman's Lament in Greek Tragedy* addresses the possible meanings ancient audiences might have attached to these songs. Casey Dué challenges long-held assumptions about the opposition between Greeks and barbarians in Greek thought by suggesting that, in viewing the plight of the captive women, Athenian audiences extended pity to those least like themselves. Dué asserts that tragic playwrights often used the lament to create an empathetic link that blurred the line between Greek and barbarian. After a brief overview of the role of lamentation in both modern and classical traditions, Dué focuses on the dramatic portrayal of women captured in the Trojan War, tracing their portrayal through time from the Homeric epics to Euripides' Athenian stage. The author shows how these laments evolved in their significance with the growth of the Athenian Empire. She concludes that while the Athenian polis may have created a merciless empire outside the theater, inside the theater they found themselves confronted by the essential similarities between themselves and those they sought to conquer.

The ABC Of Reinsurance Stefan Pohl 2018-03-20 Titel in englischer Sprache Eine wichtige Neuerscheinung für alle, die mit Rückversicherungen zu tun haben. Vor allem Einsteiger finden hier übersichtlich und verständlich alle relevanten Informationen auf einen Blick! Das „ABC der Rückversicherung“ ist in zwei Teile untergliedert. Im ersten befassen sich die Autoren intensiv mit der traditionellen Rückversicherung. Dazu zählen Themen wie die Vertragsrückversicherung und die fakultative Rückversicherung - und zwar sowohl in der proportionalen als auch in der nichtproportionalen Form. Der erste Teil behandelt zusätzlich zentrale Methoden der Bepreisung und der Rechnungslegung von Rückversicherungsverträgen. Zahlreiche Illustrationen, Beispiele und Übungsaufgaben mit nachvollziehbaren Musterlösungen sorgen dafür für bestmögliche Verständlichkeit. Ganz bewusst verzichteten die Autoren darauf, mathematische Herleitungen zu erklären. Aus gutem Grund: Im Vordergrund steht klar und deutlich die schnelle Anwendbarkeit, daher werden konkret die Vor- und Nachteile der einzelnen Techniken und Konzepte herausgearbeitet. Der zweite Teil widmet sich dann den fortgeschrittenen Aspekten in der Rückversicherung. Dazu gehören Methoden des alternativen Risikotransfers, aber auch die

verschiedenen Anwendungsgebiete der passiven Rückversicherung kommen nicht zu kurz. In erster Linie ist der zweite Teil dazu gedacht, einen kompakten Überblick über weitere Themengebiete zu geben, die rund um die traditionelle Rückversicherung flankierend auftauchen. Bereits Anfänger, die mit dem Thema noch nicht sehr vertraut sind, können so die wichtigsten Konzepte der Rückversicherung und die in der Praxis verwandten Fachtermini einsortieren und grob bewerten! Zahlreiche Referenzen geben dabei nicht nur Sicherheit, sie dienen auch einem vertieften Einstieg. Im Einzelnen werden hier die folgenden Themengebiete angesprochen: Fronting und Captives zur Steuerung des Selbstbehaltes der zedierenden Gesellschaft Run-Off-Management zur Abwicklung von Versicherungsbeständen Regulatorische Themen wie die Äquivalenz von einzelnen Aufsichtsregimen und die Erfassung von global systemrelevanten Versicherern sowie Skizzierung von Methoden zur Optimierung von Rückversicherungsstrukturen und Selbstbehalten Ein Glossar, der die im Buch gebrauchten Fachtermini kurz erläutert, rundet das für die Branche wichtige Buch ab. Ideal für Anfänger bei Versicherungsunternehmen, die sich mit der aktiven oder passiven Rückversicherung beschäftigen, und die sich einen kompakten, schnellen und anwendungsorientierten Überblick verschaffen wollen! Those who are dealing with assumed or ceded reinsurance can find here all information at a glance. In the first part the authors deal with traditional assumed reinsurance, i.e., treaty and facultative reinsurance, both proportional and non-proportional in nature. Illustrations, practical examples and exercises enhance the reader's experience. The second part is dedicated to advanced reinsurance, e.g., to methods of alternative risk transfer and work fields in ceded reinsurance. Ideal for the beginner to obtain an application-oriented overview of the relevant concepts and techniques in reinsurance!

[Liberty to the Captives](#) Raymond Rivera 2012-09-30 *Liberty to the Captives* is a book for any Christians who want to learn how to bring hope and redemption to their communities — for those who are ready to step beyond their comfort zone, leave the status quo behind, and take up Christ's call to minister within a world crying out for the freedom only God can bring. Longtime pastor Raymond Rivera's testimony of a life completely turned around — from gang member to RCA pastor — underscores his powerful message. Full of practical advice about how holistic community-based ministry can bring transformation, healing, and liberation from captivity, *Liberty to the Captives* encourages Christians to respond to God's call by ministering wherever God has placed them. Based on over forty-five years of pastoring inner-city churches, Rivera's inspiring vision challenges all Christians to think again about how their faith should lead to social action and defense of society's most vulnerable people.

The Captive Helicopter as a Training Device Paul W. Caro 1968 The research objective was to determine the effectiveness of a new device concept for helicopter contact flight training and the usefulness of such a device for predicting performance during subsequent flight training. The device was a commercially available captive helicopter attached to a ground effects machine. Two experimental groups of trainees received 3 1/4 or 7 1/4 hours of device training prior to primary helicopter training. In comparison with control groups, both device trained groups (a) were significantly less likely to be eliminated from subsequent flight training for reasons of flying deficiency; (b) required less flight training to attain the proficiency required to solo the helicopter; and (c) received higher grades during early training. Trainees who performed well on the training device tended to perform well during subsequent flight training. Instructors using devices such as this one need not be proficient in the helicopter used for subsequent flight training. (Author).

The Captive's Position Teresa A. Toulouse 2013-04-23 Why do narratives of Indian captivity emerge in New England between 1682 and 1707 and why are these texts, so centrally concerned with women's experience, supported and even written by a powerful group of Puritan ministers? In *The Captive's Position*, Teresa Toulouse argues for a new interpretation of the captivity narrative—one that takes into account the profound shifts in political and social authority and legitimacy that occurred in New England at the end of the seventeenth century. While North American narratives of Indian captivity had been written before this period by French priests and other European adventurers, those stories had focused largely on Catholic conversions and martyrdoms or male strategies for survival among the Indians. In contrast, the New England texts represented a colonial Protestant woman who was separated brutally from her family but who demonstrated qualities of religious acceptance, humility, and obedience until she was eventually returned to her own community. Toulouse explores how the female captive's position came to resonate so powerfully for traditional male elites in the second and third generation of the Massachusetts colony. Threatened by ongoing wars with Indians and French as well as by a range of royal English interventions in New England political and cultural life, figures such as Increase Mather, Cotton Mather, and John Williams perceived themselves to be equally challenged by religious and social conflicts within New England. By responding to and employing popular representations of female captivity, they were enabled to express their ambivalence toward the world of their fathers and toward imperial expansion and thereby to negotiate their own complicated sense of personal and cultural identity. Examining the captivity narratives of Mary Rowlandson, Hannah Dustan, Hannah Swarton, and John Williams (who comes to stand in for the female captive), Toulouse asserts the need to read these gendered texts as cultural products that variably engage, shape, and confound colonial attitudes toward both Europe and the local scene in Massachusetts. In doing so, *The Captive's Position* offers a new story of the rise and breakdown of orthodox Puritan captivities and a meditation on the relationship between dreams of authority and historical change.

Houses, Castles and Holy Circles. Concepts of Captivity in Bram Stoker's "Dracula" Thomas Akehurst 2022-05-12 Seminar paper from the year 2021 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Duisburg-Essen (Anglistik), course: The Empire as Horror: Imperial Gothic, language: English, abstract: Bram Stoker's novel *Dracula* is known and read all over the world ever since it was first published 1897. It is regarded as a classic work of horror literature, and as such has attracted the attention of many scholars and students in the field of literary studies. As with many other canonical books, one reason for the novel's popularity lies in the number of possible interpretations. But even though the possibilities are many, over the years certain readings have come to dominate the discourse. This paper aims for a reading of *Dracula* that is less common. The focus in the following chapters lies on the concepts of captivity presented in the novel. Their content is meant to answer the following questions: How is captivity explored as a literary concept or device? How is it framed in the larger context of the narrative? Is there more to captivity as a concept in the novel than literal imprisonment?

Environmental Enrichment for Captive Animals Robert J. Young 2013-05-07 Environmental enrichment is a simple and effective means of improving animal welfare in any species – companion, farm, laboratory and zoo. For many years, it has been a popular area of research, and has attracted the attention and concerns of animal keepers and carers, animal industry professionals, academics, students and pet owners all over the world. This book is the first to integrate scientific knowledge and principles to show how environmental enrichment can be used on different types of animal. Filling a major gap, it considers the history of animal keeping, legal issues and ethics, right through to a detailed exploration of whether environmental enrichment actually works, the methods involved, and how to design and manage programmes. The first book in a major new animal welfare series Draws together a large amount of research on different animals Provides detailed examples and case studies An invaluable reference tool for all those who work with or study animals in captivity This book is part of the UFAW/Wiley-Blackwell Animal Welfare Book Series. This major series of books produced in collaboration between UFAW (The Universities Federation for Animal Welfare), and Wiley-Blackwell provides an authoritative source of information on worldwide developments, current thinking and best practice in the field of animal welfare science and technology. For details of all of the titles in the series see <http://www.wiley.com/go/ufaw> www.wiley.com/go/ufaw/a/

Captive Moon C.T. Adams 2010-08-24 World-class entertainer and Sazi council member, Antoine Monier has taken his big cats all over the world without any trouble—until his latest trip to Stuttgart, where one of his tigers is stolen and killed. To Antoine's surprise, the German police have another tiger in custody—a tiger who is actually a lovely Turkish-American woman, Tahira Kuric. Like Antoine, Tahira is a shapeshifter, but of the Hayalet Kabile, the ghost tribe of shapeshifters. And despite their immediate attraction, Tahira wants nothing to do with Antoine—the Sazi are the enemy of the Hayalet Kabile. But Tahira doesn't have a choice, because she and Antoine have discovered that she is a fabled "power well," able to store magical energy from other shapeshifters—and something is hunting her, eager to use her powers for itself. Only if they can set aside their peoples' ancient rivalry and rely completely on each other—body and soul—can Tahira and Antoine save themselves and their people. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Value of the Concept of Dominance in Understanding a Captive Group of Spider Monkeys
Wendy Mara Emerson 1996

Adkisson's Captive Insurance Companies Jay Adkisson 2006 A captive insurance company is, in a nutshell, an insurance company formed by a business owner to insure the risks of the operating business. The operating business pays premiums to the captive, and the captive insures the risks of the operating business. A captive is much more than an exotic form of self-insurance: It is the creation of a new insurance company that has the potential to grow from being a mere captive into a full-blown insurance company seeking to profit from underwriting the risks of others. Adkisson's Captive Insurance Companies provides a basic introduction to captives and their benefits, including: utilize your own experience ratings; recapture underwriting profits; underwrite exposed risks and deductibles; access the reinsurance markets; and transfer wealth between generations. This book also provides a unique look at the wealth transfer, accumulation and preservation advantages of captives, as

well as an overview of the types of captives, taxation of captives, and captive domiciles.

Wittgenstein's Education: 'A Picture Held Us Captive' Michael A. Peters 2018-02-14

Dedicated to educators who are not philosophy specialists, this book offers an overview of the connections between Wittgenstein's later philosophy and his own training and practice as an educator. Arguing for the centrality of education to Wittgenstein's life and works, the authors resist any reduction of Wittgenstein's philosophy to remarks on pedagogy while addressing the current controversy surrounding the role of training in the enculturation process. Significant events in his education and life are examined as the background for successful interpretation, without lending biographical details explanatory force. The book discusses the importance of Wittgenstein's training and dismissal as an elementary teacher (1920-26) in light of his later, frequent use (1930s-40s) of many 'scenes of instruction' in his Cambridge lectures and notebooks. These depictions culminated in his now famous *Philosophical Investigations* -- a counter to his earlier philosophy in the *Tractatus*. Wittgenstein came to distinguish between empirical inquiries into how education, language or mathematics might ideally work, from grammatical studies of how we learn on the rough ground to normatively go-on as others do -- often without explicit rules and with considerable degrees of ambiguity, for instance, in implementing new guidelines during a curriculum reform or in evaluating teachers. The book argues that Wittgenstein's reflections on education -- spanning from mathematics training to the acquisition of language and cultivation of aesthetic appreciation -- are of central significance to both the man and his pedagogical style of philosophy.

Captives of a Concept (Anatomy of an Illusion) Don Cameron 2013-03-12 Understanding the illusionary concept that holds millions of Jehovah's Witnesses captive by controlling how they think and act without them realizing it.

Captivity & Sentiment Michelle Burnham 2000-10-03 In a radically new interpretation and synthesis of highly popular 18th- and 19th-century genres, Michelle Burnham examines the literature of captivity, and, using Homi Bhabha's concept of interstitiality as a base, provides a valuable redescription of the ambivalent origins of the US national narrative. Stories of colonial captives, sentimental heroines, or fugitive slaves embody a "binary division between captive and captor that is based on cultural, national, or racial difference," but they also transcend these pre-existing antagonistic dichotomies by creating a new social space, and herein lies their emotional power. Beginning from a simple question on why captivity, particularly that of women, so often inspires a sentimental response, Burnham examines how these narratives elicit both sympathy and pleasure. The texts carry such great emotional impact precisely because they "traverse those very cultural, national, and racial boundaries that they seem so indelibly to inscribe. Captivity literature, like its heroines, constantly negotiates zones of contact," and crossing those borders reveals new cultural paradigms to the captive and, ultimately, the reader.

Cultural Semiotics, Spenser, and the Captive Woman Louise Schleiner 1995 "In *Cultural Semiotics, Spenser, and the Captive Woman*, author Louise Schleiner uses concepts from A. J. Greimas to analyze *The Shepherdes Calender* (1579) as a discourse and as a definitive text for the Elizabethan "political unconscious," in the sense of Fredric Jameson, who also drew on Greimas. The book demonstrates sociolinguistic patterns at work in Elizabethan ideological

conflicts, at a level that shows how those patterns were related to the energies of people's sexuality and their political and religious commitments. Through explaining this libidinal and political functioning of the Calender, in its time and for Spenser as a new poet, the book identifies an "ideologeme," widely observable in England of the 1580s and 1590s: that of the captive/capturing woman, a unit of interfactional and interclass discourse." "As well as discussing Spenser, two chapters include examples from music and balladry and use the "captive woman" construct to analyze material from such figures as Lyly, Shakespeare, the composer John Dowland, the Countess of Pembroke, and Queen Elizabeth I. A concluding chapter on the Calender's preferred text-readership game shows Spenser evolving his ordering of the twelve eclogues through inventing a strategic frame for them, an implied story that both celebrates and leaves behind his passionate friendship with Gabriel Harvey."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Captives of a Concept (Anatomy of an Illusion) Don Cameron 2005-04-29 Understanding the illusionary concept that holds millions of Jehovah's Witnesses captive by molding their thinking and actions without them being aware of it.

Caesar is My Captive Paul Sandvold Baxter 1998

Self Insurance and Captive Subsidiary Concepts Robert J. McRell 1973

Leading Captivity Captive Lester L. Grabbe 1998-09-01 In a methodological discussion of this issue, the contributors cover a range of topics, from ancient politics to modern ideology. The entity known as 'the Exile' has had an extremely forceful influence in Old Testament scholarship, both as an event and as a symbol. But was there an 'Exile'? And if so, how did it fit into the pattern of population deportations that characterized the imperial strategies of the ancient Near East? In a major methodological discussion of this issue, the contributors to this symposium of the European Seminar in Historical Methodology cover a range of topics, from ancient politics to modern ideology. In probing the meaning and implication of 'Exile' they also reflect a spectrum of opinions and conclusions. As with Volume 1 of this series, the editor has provided an introduction and concluding reflections.

Risk Management & Captive Insurance Luke Ike 2016-05-12 This book renders help for self-help. It provides a valuable contribution to the promotion of captives as a new insurance phenomenon in the area of risk management. It does so by helping to identify potentials of captive as a strategic instrument for risk management. The result is aimed at providing a good information base for individuals who are already involved with captive insurance and those interested in it.

Self-assumption, Self-insurance and the Captive Insurance Company Concept Edward P. Lalley 1975

Johnson & Higgins: The Captive Concept Defines a captive insurance company as an entity created primarily to insure or reinsure the risks of the parent company. Describes the benefits of forming a captive.

Introduction to Christian Worship Third Edition James F. White 2010-09-01 Introduction to

Downloaded from avenza-dev.avenza.com
on October 5, 2022 by guest

Christian Worship, Third Edition traces the development of the major forms of Christian worship, and includes discussion of the newest service books of the principal churches of North America and the British Isles. This staple of liturgical history is used widely in Protestant seminaries and is read by clergy and laity alike as an accurate, informative, and accessible introduction to all aspects of Christian worship. This revision keeps pace with the latest scholarship and includes more maps, tables, woodcuts, and photographs.

Application of the Captive Column Concept to Highway Related Structures Ronald Apanian
1982

Encounter Between Enemies Yvonne Friedman 2002 This fascinating study deals with one of the first points of direct and personal contact between Europeans and Muslims during the Crusades: the ransoming of captives. It traces the changes in European mentality and the laws of warfare.
