**The Lean Lands** Agustín Yáñez 2017-03-08 What was it that flew over with such a terrifying roar? Was it, as many said, the devil, or was it that thing a few had heard of, a flying machine? And those electric lights at Jacob Gallo's farm, were they witchcraft or were they science? The theme of this harshly powerful novel is the impact of modern technology and ideas on a few isolated, tradition-bound hamlets in the aftermath of the Mexican Revolution of 1910. The old ways are represented by Epifanio Trujillo, the cacique of the region, now ailing and losing his grip on things; by ancient Madre Matiana, the region's midwife, healer, counselor, and oracle; by penniless Rómulo and his wife Merced. "Progress" is represented by Don Epifanio's bastard son Jacob, who acquired money and influence elsewhere during the Revolution and who now, against his father's will, brings electricity, irrigation, fertilizers, and other modernities to the lean lands—together with armed henchmen. The conflict between the old and the new builds slowly and inexorably to a violent climax that will long remain in the reader's memory. The author has given psychological and historical depth to his story by alternating the passages of narrative and dialogue with others in which several of the major characters brood on the past, the present, and the future. For instance, Matiana, now in her eighties, touchingly remembers how she was married and widowed before she had reached her seventeenth birthday. This dual technique is superbly handled,

so that people and events have both a vivid actuality and an inner richness of meaning. The impact of the narrative is intensified by the twenty-one striking illustrations by Alberto Beltrán.

**El arte de crear personajes** David Corbett 2018-06-19 Si el personaje es el centro de cualquier historia, El arte de crear personajes. En narrativa, cine y televisión de David Corbett, constituye la mejor herramienta para crear y desarrollar personajes brillantes y distintos. Cuando se empieza a concebir un personaje, dice el autor, uno se da cuenta de hasta qué punto toda narración es un reflejo de la propia vida, un paso en la búsqueda de respuesta a las preguntas esenciales: ¿Quién soy? ¿De dónde vengo? ¿Adónde voy? ¿Qué sentido tiene todo esto? Para crear un personaje que parezca vivo será necesario entender sus deseos, pero también sus frustraciones, secretos y debilidades, y en especial sus contradicciones. Se evitará así que el personaje actúe como mero instrumento de la historia, que carezca de la complejidad de las personas reales.

The Language of Passion Mario Vargas Llosa 2011-03-04 Internationally acclaimed novelist Mario Vargas Llosa has contributed a biweekly column to Spain's major newspaper, El País, since 1977. In this collection of columns from the 1990s, Vargas Llosa weighs in on the burning questions of the last decade, including the travails of Latin American democracy, the role of religion in civic life, and the future of globalization. But Vargas Llosa's influence is hardly limited to politics. In some of the liveliest critical writing of his career, he makes a pilgrimage to Bob Marley's shrine in Jamaica, celebrates the sexual abandon of Carnival in Rio, and examines the legacies of Vermeer, Bertolt Brecht, Frida Kahlo, and Octavio Paz, among others.

Teaching the Latin American Boom Lucille Kerr 2015-08-01 In the decade from the early 1960s to the early 1970s, Latin American authors found themselves writing for a new audience in both Latin America and Spain and in an ideologically charged climate as the Cold War found another focus in the Cuban Revolution. The writers who emerged in this energized cultural moment--among others, Julio Cortázar (Argentina), Guillermo Cabrera Infante (Cuba), José Donoso (Chile), Carlos Fuentes (Mexico), Gabriel García Márquez (Colombia), Manuel Puig (Argentina), and Mario Varas Llosa (Peru)--experimented with narrative forms that sometimes bore a vexed relation to the changing political situations of Latin America. This volume provides a wide range of options for teaching the complexities of the Boom, explores the influence of Boom works and authors, presents different frameworks for thinking about the Boom, proposes ways to approach it in the classroom, and provides resources for selecting materials for courses.

### *Talking Book Topics 2013*

Borges and Kafka, Bolaño and Bloom Juan E. De Castro 2022-02-15 At a time in which many in the United States see Spanish America as a distinct and, for some, threatening culture clearly differentiated from that of Europe and the US, it may be of use to look at the works of some of the most representative and celebrated writers from the region to see how they imagined their relationship to Western culture and literature. In fact, while authors across stylistic and political divides—like Gabriela Mistral, Jorge Luis Borges, or Gabriel García Márquez—see their work as being framed within the confines of a globalized Western literary tradition, their relationship, rather than epigonal, is often subversive. *Borges and Kafka, Bolaño and Bloom* is a parsing not simply of these authors' reactions to a canon, but of the notion of canon writ large and the inequities and erasures therein. It concludes with a look at the testimonial and autobiographical writings of Rigoberta Menchú and Lurgio Gavilán, who arguably represent the trajectory of Indigenous testimonial and autobiographical writing during the last forty years, noting how their texts represent alternative ways of relating to national and, on occasion, Western cultures. This study is a new attempt to map writers' diverse ways of thinking about locality and universality from within and without what is known as the canon.

**How to Write Better Medical Papers** Michael Hanna 2019-03-20 This book guides medical researchers through all stages of transforming their scientific data and ideas into a published paper. Many researchers in medicine, including the life sciences and health sciences, struggle to get their research written and published. Manuscripts are typically rejected and/or sent back for revisions several times before ever being published. One reason for this is that researchers have not received much instruction in the specific subjects and skills needed to write and publish scientific medical papers: research methodology, ethics, statistics, data visualization, writing, revising, and the practicalities of publishing. Instead of wasting the reader's time discussing trivialities of punctuation, spelling, etc., this book tackles all the major scientific issues that routinely lead to manuscripts getting rejected from the journals. The section "Preparing" covers the range of methodological, ethical, and practical aspects that researchers need to address before starting to write their paper. The section "Analyzing" reviews commonplace problems in the statistical analysis and presentation, and how to resolve those problems. The section "Drafting" describes what to write in all the various parts of a paper (the Introduction, Methods, Results, Discussion, Abstract, etc.) The section "Revising" explains and illustrates how to improve the writing style of any manuscript. The section "Publishing" discusses how to navigate the peer review process and all other practical aspects of the publishing phase. This book draws on the author's decade of experience as an independent medical writer and research consultant, but it is not written merely as the personal opinion of yet another expert. The entire book is grounded in the existing scientific and scholarly literature, with extensive references and a lengthy annotated bibliography, so readers can quickly obtain more information on any aspect they want. Thus this book provides a more evidence-based, scholarly account of how medical scientific papers should be written, in order to improve medical communication and accelerate scientific progress. After reading this entire book cover to cover, medical researchers will know how to write better quality medical papers, and they will be able to publish their work in better journals with less time and struggle. This book is essential reading for anyone conducting research in clinical medicine, life sciences, or health sciences.

Mario Vargas Llosa Raymond Leslie Williams 2014-12-01 Awarded the Nobel Prize in 2010 at the age of seventy-four, Peruvian writer Mario Vargas Llosa has held pivotal roles in the evolution and revolutions of modern Latin American literature. Perhaps surprisingly, no complete history of Vargas Llosa's works, placed in biographical and historical context, has been published—until now. A masterwork from one of America's most revered scholars of Latin American fiction, *Mario Vargas Llosa: A Life of Writing* provides a critical overview of Vargas Llosa's numerous novels while reinvigorating debates regarding conventional interpretations of the work. Weaving analysis with discussions of the writer's political commentary, Raymond Leslie Williams traces the author's

youthful identity as a leftist student of the 1960s to a repudiation of some of his earlier ideas beginning in the 1980s. Providing a unique perspective on the complexity, nuance, and scope of Vargas Llosa's lauded early novels and on his passionate support of indigenous populations in his homeland, Williams then turns his eye to the recent works, which serve as a bridge between the legacies of the Boom and the diverse array of contemporary Latin American fiction writers at work today. In addition, Williams provides a detailed description of Vargas Llosa's traumatic childhood and its impact on him—seen particularly in his lifelong disdain for authority figures—as well as of the authors who influenced his approach, from Faulkner to Flaubert. Culminating in reflections drawn from Williams's formal interviews and casual conversations with the author at key phases of both men's careers, this is a landmark publication that will spark new lines of inquiry into an intricate body of work.

Letters to the Lost Iona Grey 2015-05-26 An accomplished novel from a talented writer, *Letters to the Lost* is a stunning, emotional love story. Iona Grey's prose is warm, evocative, and immediately engaging; her characters become so real you can't bear to let them go. I promised to love you forever, in a time when I didn't know if I'd live to see the start of another week. Now it looks like forever is finally running out. I never stopped loving you. I tried, for the sake of my own sanity, but I never even got close, and I never stopped hoping either. Late on a frozen February evening, a young woman is running through the streets of London. Having fled from her abusive boyfriend and with nowhere to go, Jess stumbles onto a forgotten lane where a small, clearly unlivable old house offers her best chance of shelter for the night. The next morning, a mysterious letter arrives and when she can't help but open it, she finds herself drawn inexorably into the story of two lovers from another time. In London 1942, Stella meets Dan, a US airman, quite by accident, but there is no denying the impossible, unstoppable attraction that draws them together. Dan is a B-17 pilot flying his bomber into Europe from a British airbase; his odds of survival are one in five. In the midst of such uncertainty, the one thing they hold onto is the letters they write to each other. Fate is unkind and they are separated by decades and continents. In the present, Jess becomes determined to find out what happened to them. Her hope—inspired by a love so powerful it spans a lifetime—will lead her to find a startling redemption in her own life in this powerfully moving novel.

**Vargas Llosa and Latin American Politics** Juan E. De Castro 2010-10-11 Mario Vargas Llosa is a heterogeneous writer whose positions have often not been consistent from novel to novel, between his fictional and nonfictional work, between his literary and political commentary, and as his political commentary has proceeded over the decades. This analysis of his work reveals his insights into socio-political matters.

Letters from Cuba Ruth Behar 2021-08-31 Pura Belpré Award Winner Ruth Behar's inspiring story of a Jewish girl who escapes Poland to make a new life in Cuba, where she works to rescue the rest of her family. The situation is getting dire for Jews in Poland on the eve of World War II. Esther's father has fled to

Cuba, and she is the first one to join him. It's heartbreaking to be separated from her beloved sister, so Esther promises to write down everything that happens until they're reunited. And she does, recording both the good--the kindness of the Cuban people and her discovery of a valuable hidden talent--and the bad: the fact that Nazism has found a foothold even in Cuba. Esther's evocative letters are full of her appreciation for life and reveal a resourceful, determined girl with a rare ability to bring people together, all the while striving to get the rest of their family out of Poland before it's too late. Based on Ruth Behar's family history, this compelling story celebrates the resilience of the human spirit in the most challenging times.

**Cartas a un joven novelista / Letters to a Young Novelist** Mario Vargas Llosa 2015-10-20 «El escritor siente íntimamente que escribir es lo mejor que le ha pasado y puede pasarle, pues significa para él la mejor manera posible de vivir.» Mario Vargas Llosa dirige a todos aquellos que tienen la ilusión de llegar a ser escritores unas magníficas reflexiones en forma epistolar acerca del arte de narrar. Cómo comenzar a cristalizar esa vocación en obras literarias, por dónde empezar esa aventura, de dónde salen las historias que cuentan las novelas... son algunas de las preguntas a las que el Premio Nobel de Literatura da respuesta en este libro, que se convierte así en una lección magistral del oficio de escritor. Detrás de esas aventuras ficticias que encienden la imaginación de los lectores y los conmueven, hay no sólo intuición, fantasía, invención y una pizca de locura, sino también terquedad, disciplina, organización, estrategia, trampas y silencios, y una urdimbre compleja que levanta y sostiene en vilo la ficción. ENGLISH DESCRIPTION Written as a collection of letters, in these magnificent reflections on the art of narrating, the Nobel Laureate responds to such questions as how to transform this calling into tangible literary works, where to begin the journey, how the plot of a novel is created, and where does a novelist find inspiration.

**Literature Class, Berkeley 1980** Julio Cortázar 2017-03-28 A master class from the exhilarating writer Julio Cortázar "I want you to know that I'm not a critic or theorist, which means that in my work I look for solutions as problems arise." So begins the first of eight classes that the great Argentine writer Julio Cortázar delivered at UC Berkeley in 1980. These "classes" are as much reflections on Cortázar's own writing career as they are about literature and the historical moment in which he lived. Covering such topics as "the writer's path" ("while my aesthetic world view made me admire writers like Borges, I was able to open my eyes to the language of street slang, lunfardo...") and "the fantastic" ("unbeknownst to me, the fantastic had become as acceptable, as possible and real, as the fact of eating soup at eight o'clock in the evening"), Literature Class provides the warm and personal experience of sitting in a room with the great author. As Joaquin Marco stated in El Cultural, "exploring this course is to dive into Cortázar designing his own creations.... Essential for anyone reading or studying Cortázar, cronopio or not!"

*Love Letters to the Dead* Ava Dellaira 2014-04-01 It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

**Writing Manuals for the Masses** Anneleen Masschelein 2020-12-15 This open access collection of essays examines the literary advice industry since its emergence in Anglo-American literary culture in the mid-nineteenth century within the context of the professionalization of the literary field and the continued debate on creative writing as art and craft. Often dismissed as commercial and stereotypical by authors and specialists alike, literary advice has nonetheless remained a flourishing business, embodying the unquestioned values of a literary system, but also functioning as a sign of a literary system in transition. Exploring the rise of new online amateur writing cultures in the twenty-first century, this collection of essays considers how literary advice proliferates globally, leading to new forms and genres.
