Manresa David Kinch 2013-10-22 The long-awaited cookbook by one of the San Francisco Bay Area's star chefs, David Kinch, who has revolutionized restaurant culture with his take on the farm-to-table ethic and focus on the terroir of the Northern California coast. Since opening Manresa in Los Gatos in 2002, award-winning Chef David Kinch has done more to create a sense of place through his food—specifically where the Santa Cruz Mountains meet the sea—than any other chef on the West Coast. Manresa's thought-provoking dishes and unconventional pairings draw on techniques both traditional and modern that combine with the heart of the Manresa experience: fruits and vegetables. Through a pioneering collaboration between farm and restaurant, nearby Love Apple Farms supplies nearly all of the restaurant's exquisite produce year round. Kinch's interpretation of these ingredients, drawing on his 30 years in restaurants as well as his far-flung and well-fed travels, are at the heart of the Manresa experience. In Manresa, Chef Kinch details his thoughts on building a dish: the creativity,

experimentation and emotion that go into developing each plate and daily menu—and how a tasting menu ultimately tells a deeper story. A literary snapshot of the restaurant, from Chef Kinch's inspirations to his techniques, *Manresa* is an ode to the mountains, fields, and sea; it shares the philosophies and passions of a brilliant chef whose restaurant draws its inspiration globally, while always keeping a profound connection to the people, producers, and bounty of the land that surrounds it.

Ecological Urbanism Mohsen Mostafavi 2016-05-01 A standard work which is still as up-to-date as the first edition five years ago.

Indochina Pierre Brocheux 2011-06 Combining new approaches with a groundbreaking historical synthesis, this is the most thorough and up-to-date general history of French Indochina available in English. Unique in its wide-ranging attention to economic, social, intellectual, and cultural dimensions, it is the first book to treat Indochina's entire history, from its inception to Cochinchina in 1858 to its crumbling at Dien Bien Phu in 1954 and on to decolonization. The authors tell this story from a perspective that is neither Eurocentric nor nationalistic but that carefully considers the positions of both the colonizers and the colonized. With this approach, they are able to move beyond descriptive history into rich exploration of the ambiguities and complexities of the French colonial period in Indochina.-- Back cover

Walking and Trekking in the Gran Paradiso Gillian Price 2018-02-15 A guidebook to the Gran Paradiso National Park in the Valle d'Aosta, in north-western Italy, describing the 12-stage 148km Alta Via 2 trek, and 28 day walks ranging from 2 to 33km. The first part of this guidebook describes the Alta Via 2, a strenuous trek in 12 day stages from Chardonnay to Courmayeur, passing beneath the foot of Mont Blanc, which is best suited to experienced Alpine hikers. The successive chapters contain walks suitable for visitors who prefer to make their base in a valley hotel or campsite and embark on shorter excursions. A handful of excellent traverses is also included, brilliant routes that convey walkers to wild exhilarating heights and act as links between the valleys. Suggestions are given for combining these into a further series of long-distance routes. The guidebook provides plenty of practical information on getting to and around the region, as well as advice on accommodation, language, equipment, planning and how to make the most out of any adventure in one of Italy's most spectacular national parks. A wealth of detail of information on wildlife, history, geology and flowers is also included.

Tasting French Terroir Thomas Parker 2015-05-01 This book explores the origins and significance of the French concept of terroir, demonstrating that the way the French eat their food and drink their wine today derives from a cultural mythology that developed between the Renaissance and the Revolution. Through close readings and an examination of little-known texts from diverse disciplines, Thomas Parker traces terroir's evolution, providing insight into how gastronomic mores were linked to aesthetics in language, horticulture, and painting and how the French used the power of place to define the natural world, explain comportment, and frame France as a nation.

Middle England Jonathan Coe 2019-08-20 A comedy for our times” (The Guardian), *Middle England* is a piercing and provocative novel about a country in crisis. From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum, here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended. There are newlyweds who disagree about the country’s future and, possibly, their relationship; a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice; and Benjamin Trotter, who embarks on an apparently doomed new career in middle age, and his father, whose last wish is to vote to leave the European Union. A sequel to *The Rotters’ Club* and *The Closed Circle* that stands entirely alone, *Middle England* is a darkly comic look at our strange new world.
