Captain America Masterworks Vol. 1 Marvel Comics 2016-08-04 Collects material from Tales of Suspense #59-81. As America began preparation for the inevitable entry in World War II, a secret military project gave birth to the greatest one-man fighting force ever known-Captain America! Transformed by the Super Soldier Serum from a 97-pound weakling into the Star-Spangled Avenger, Steve Rogers led the charge to liberate the world from the Axis powers' grasp. But before the war's end an accident left Cap frozen in suspended animation and his sidekick Bucky dead, while the world turned on for decades. When the Avengers finally resuscitated him, Steve Rogers was greeted by a world vastly changed. He was a man out of time tormented by the death of his partner, but no less committed to the cause of fighting evil in all its forms. In this inaugural Silver Age Captain America collection, Stan Lee and Jack Kirby bring you the rebirth of an American icon in issue after issue of classic Marvel magic. You'll read the classic origins of Cap, Bucky and the Red Skull; see the first appearances of such cornerstone creations as the cosmic cube and the beautiful Sharon Carter; and watch Cap face off against Baron Zemo's Army of Assassins, the Sleepers, Batroc the Leaper, and his Nazi nemesis the Red Skull

The 420 Gourmet JeffThe420Chef 2016-06-28 "The Julia Child of Weed" (Daily Beast) presents a foodie's guide to cannabis: a smart, sophisticated, and inviting lifestyle cookbook, featuring 100 delectable recipes and 75 full-color photos, that teaches at-home chefs how to safely create and experience edibles. JeffThe420Chef is revolutionizing the world of edibles. He first began cooking with cannabis to help a close friend's mother manage the pain, nausea, and discomfort of cancer treatments. Along the way, he developed an intricate process that effectively neutralizes the taste of cannabis when infusing it into butters and oils—opening the door to a new understanding of edibles. In *The Ganja Gourmet*, JeffThe420Chef teaches home cooks how to safely create and experience healthy cannabis edibles. He begins with his signature "light tasting" CannaButter and CannaOils, which are the secret to his outrageously delicious and truly unique recipes. By mastering these staples, you can easily incorporate cannabis into everyday dishes—and the pot-sibilities are endless! From Eggs Canna-dict and Gnocchi with Hazelnut Canna-Pesto to Fish Tacos with Chipotle Canna-aioli and Pot-zah Ball Soup, these mouthwatering recipes take cooking with cannabis beyond midnight munchies, delighting the taste buds of recreational and medicinal users alike. *The Ganja Gourmet* covers everything from brunch and small plates to salads and gourmet dinners, offering gluten free, vegetarian, vegan, and kosher options along the way. These recipes are fully adaptable to your needs, whether you want a full course meal for pain management or a quick snack to help you focus, relax, and enhance creativity. JeffThe420Chef combines his fun-loving approach to cooking with practical information about marijuana—including specifics about dosing, the principal strains, and the ingredient's medical and recreational benefits. Whether you're new to edibles or a long-time medicinal user, *The Ganja Gourmet* will educate

and entertain you, all while serving as your ultimate guide to cannabliss.

Vehicle Dynamics Estimation using Kalman Filtering Moustapha Doumiati

2012-12-14 Vehicle dynamics and stability have been of considerable interest for a number of years. The obvious dilemma is that people naturally desire to drive faster and faster yet expect their vehicles to be “infinitely” stable and safe during all normal and emergency maneuvers. For the most part, people pay little attention to the limited handling potential of their vehicles until some unusual behavior is observed that often results in accidents and even fatalities. This book presents several model-based estimation methods which involve information from current potential-integrable sensors. Improving vehicle control and stabilization is possible when vehicle dynamic variables are known. The fundamental problem is that some essential variables related to tire/road friction are difficult to measure because of technical and economical reasons. Therefore, these data must be estimated. It is against this background, that this book’s objective is to develop estimators in order to estimate the vehicle’s load transfer, the sideslip angle, and the vertical and lateral tire/road forces using a roll model. The proposed estimation processes are based on the state observer (Kalman filtering) theory and the dynamic response of a vehicle instrumented with standard sensors. These estimators are able to work in real time in normal and critical driving situations. Performances are tested using an experimental car in real driving situations. This is exactly the focus of this book, providing students, technicians and engineers from the automobile field with a theoretical basis and some practical algorithms useful for estimating vehicle dynamics in real-time during vehicle motion.

Towards User-Centric Transport in Europe Beate Müller 2018-09-18 In order to build a sustainable transport system for people and goods that meets the needs of all users, a truly integrated and seamless approach is needed, and the full potential of transformative technologies has to be exploited. This can only be achieved if user-centeredness, cross-modality and technology transfer become the paradigm of shaping future transport. Mobility4EU is a project funded by the European Commission that focusses on these topics and is working on delivering an action plan towards a user-centric and cross-modal European transport system in 2030. The authors of this contributed volume are dedicated scholars and practitioners connected to Mobility4EU either as partners or external contributors. Their contributions focus on understanding user needs and report on technologies and approaches that support the tailoring of a user-centered cross-modal transport system for passengers and freight on long distances and in the urban context.
