Change Your Schedule, Change Your Life Dr. Suhas Kshirsagar 2018-01-30 An eye-opening handbook from a leading Ayurvedic physician that blends cutting-edge science on "clock genes" with ancient eastern wisdom to help us understand how to harness the power of chronobiology to effortlessly lose weight, sleep better, exercise stronger, reduce stress, and boost our wellbeing. "It's not you, it's your schedule." Does it sound like magic? It's not. We've all heard of circadian rhythms—those biological processes that give us jet lag and make us night owls or early birds. But few of us know just how profoundly these diurnal patterns affect our overall health. Bad habits like skipping meals, squeezing in workouts when it's convenient, working late into the night to maximize productivity and then trying to "catch up" on sleep during the weekend disrupt our natural cycles. A growing body of research on chronobiology reveals just how sensitive the human body is to these rhythms all the way down to the genetic level. Our "clock genes" control more than we realize, and small changes can make the difference between battling our bodies, and effortlessly managing weight, sleep, stress, inflammation, and more. Marrying ancient Ayurvedic wisdom with the latest scientific research, Dr. Suhas Kshirsagar's holistic step-by-step 30-day plan gives you the tools—and the schedule—you need to transform your life. With diagnostic quizzes to determine your specific mind-body type, you will learn to adapt you schedule for effortless wellness for life.

**Empreendedores inteligentes enriquecem mais** Gustavo Cerbasi 2016-09-20 Em épocas de crise econômica e desemprego em alta, cresce o número de pessoas que resolvem abrir a própria empresa. Em geral, esses empreendedores concentram todos os esforços no desenvolvimento de produtos ou serviços, sem se preocupar muito com um plano de negócios ou a parte financeira. Duas situações costumam acontecer: ou o empreendedor ainda não tem condições de contratar especialistas para cuidar dos números e tenta gerenciá-los com seus conhecimentos básicos, ou então delega a tarefa e não quer mais saber do assunto. Em ambos os casos, ele fica "no escuro", pois abre mão de uma parte importante da gestão. Este livro reúne o conhecimento de que todo mundo precisa para entender as finanças do próprio negócio. Gustavo Cerbasi explica, em uma linguagem simples, os principais conceitos e termos técnicos dessa área, oferece dicas para assumir o controle financeiro e estratégias para o crescimento sustentável. Entre os tópicos abordados em Empreendedores inteligentes enriquecem mais estão: • Empreender como forma de investimento • Como separar a pessoa física da jurídica mesmo quando as contas se misturam • As finanças de um plano de negócios • Como aproveitar melhor o serviço de seu contador • O perigo de fazer empréstimos em vez de financiamentos • Como interpretar a situação da empresa por meio dos números • Os principais indicadores financeiros: rentabilidade, atividade, liquidez • Como quantificar o ponto de equilíbrio da empresa Ao final da leitura, você saberá mapear a situação financeira da sua empresa utilizando o conjunto de ferramentas contábeis e de análise descrito ao longo dos capítulos. Isso servirá como um guia para a tomada de decisões. Quanto mais simples e eficaz for seu modelo de gestão, menos tempo será dedicado ao controle financeiro e mais tempo sobrar para o que realmente importa: vender, aprimorar-se e prosperar.

**Therapeutic Worlds** Daniel Nehring 2019-02-04 This book builds a fresh perspective on therapeutic narratives of intimate life. Focusing on the question of how popular psychology organises everyday experiences of intimacy, its argument is grounded in qualitative research in Trinidad in the Anglophone Caribbean. Against the backdrop of Trinidad's colonial and postcolonial history, the authors map the development of therapeutic institutions and popular therapeutic practices and explore how transnationally mobile, commercial forms of popular psychology, mostly originating in the Global North, have taken root in Trinidadian society through online social networks, self-help books, and other media. In this sense, the book adds to social research on the transnational spread of a digital attention economy and its participation in the proliferation of popular psychological discourse. Drawing on in-depth interviews with self-help readers, the book considers how popular psychology organises their everyday experiences of intimate life. It argues that the proliferation of self-help media contributes to the psychologisation of intimate relationships and obscures the social dimensions of intimacy in terms of gender, race, ethnicity, and other social structures and inequalities. At the same time, the book draws on anthropological arguments about the colonisation of consciousness in the Global South to interpret the insertion of transnationally mobile popular psychology into Trinidadian society. An innovative contribution to scholarship on therapeutic cultures, which explores the widely under-researched dissemination of popular psychology in the Global South, the book adds to a sociological understanding of the ways in which therapeutic narratives of self and intimate relationships come to be incorporated into everyday experience. As such, it will appeal to scholars of cultural studies, anthropology, and the sociology of gender, sexuality, families, and personal life.

Additional study is required to better understand the relevancy of social and environmental accounting in today's modern business world. *Modern Regulations and Practices for Social and Environmental Accounting* discusses social and environmental accounting and considers regulations, norms, organizational practices, and the challenges of education. **Casais inteligentes enriquecem juntos** Gustavo Cerbasi 2004 Um grande detonador de brigas entre o casal podem ser as dificuldades financeiras. Para o autor, a causa desses desentendimentos é a falta de conversa em família sobre dinheiro. Em geral o casal só fala sobre o assunto quando a bomba já estourou. E, como não discute a questão a dois, a maioria não faz um orçamento, não guarda dinheiro para atingir suas metas (ou, pior ainda, cada um tem seu objetivo, que o outro não conhece), não tem planos para a manutenção de seu padrão de vida no futuro, toma decisões de compra sem refletir, investe mal o dinheiro que eles suaram tanto para ganhar. Segundo o autor, é possível mudar esse quadro se houver vontade e compromisso do casal, seja qual for seu orçamento. Com sugestões para casais em qualquer fase do relacionamento, dos namorados aos casais com filhos adultos, 'Casais inteligentes enriquecem juntos' procura mostrar diferentes estratégias para formar uma parceria inteligente, ao longo da vida, na administração das finanças da família. Ele traz também testes que avaliam a capacidade do casal em construir riqueza.

Pedro Queiroga Carrilho, autor de O seu primeiro milhão apresenta agora O primeiro milhão para casais. Com a mesma linguagem simples que conquistou diversos leitores, ele prepara o casal para a aventura de uma vida de enriquecimento a dois: desde a definição do perfil financeiro de cada um às questões práticas do dia a dia.

**A boa sorte** Álex Rovira Celma 2016-01-11 "Somos nós que construimos nosso futuro, que nos

preparamos para os imprevistos. As oportunidades são infinitas, mas poucos se preparam como poderiam para aproveitá-las. Este deveria ser mais do que um livro de cabeceira, talvez a leitura inicial de todo aquele que quer empreender, enriquecer ou transformar sua vida." - Gustavo Cerbasi, autor de Casais inteligentes enriquecem juntos "Os jovens têm muito a aprender com esta história, que ilustra que o sucesso não é fruto do acaso, e sim do trabalho duro e da disposição para correr atrás de seus sonhos." - Flávio Augusto, autor de Geração de Valor "A Boa Sorte é um dos livros de autoajuda mais importantes da era contemporânea. É realmente iluminador. Todo mundo deveria lê-lo ao menos uma vez na vida." - Allan Percy Se você sempre acreditou que a sorte é uma questão de acaso, esta história inspiradora vai lhe mostrar que ela nada tem a ver com um acontecimento fortuito e que cabe a nós criarmos as condições para que ela aconteça em nossa vida. A Boa Sorte começa com o reencontro de dois amigos de infância que não se viam havia 50 anos. Um deles se tornou muito bem-sucedido, enquanto o outro não soube aproveitar as oportunidades que teve. O segredo daquele que foi próspero sempre esteve em uma fábula que seu avô lhe contava quando era criança e que lhe serviu de guia ao longo dos anos. Publicada em mais de 60 países e comparada a clássicos como O Alquimista e Quem mexeu no meu queijo?, esta fábula mostra como criar as condições favoráveis para o sucesso mesmo nas circunstâncias mais difíceis.

**Casais inteligentes enriquecem juntos** Gustavo Cerbasi 2014-09-15 Com mais de 1 milhão de livros vendidos, este best-seller inspirou o filme Até que a sorte nos separe e transformou a vida de inúmeras pessoas. Agora vai ensinar você a administrar o dinheiro para dar uma incrementada no seu relacionamento. Uma das maiores causas de brigas entre os casais são as dificuldades financeiras. Se falta dinheiro para pagar as contas, a culpa recai sobre o parceiro esbanjador, que não quer nem saber se tem saldo no banco na hora de fazer uma compra. Se sobra dinheiro no fim do mês, em vez de comemorar, o casal pode se desentender sobre como investir ou gastar aquela quantia. De acordo com o consultor Gustavo Cerbasi, a raiz do problema está na falta de conversa sobre dinheiro. Em geral, só se fala sobre o assunto quando a bomba já estourou. E por não discutir a questão a dois, a maioria acaba deixando de fazer um orçamento realista, de guardar dinheiro para atingir suas metas e de se planejar para manter um bom padrão de vida no futuro. Com sugestões válidas para qualquer fase do relacionamento, desde o namoro até as bodas de ouro, Casais inteligentes enriquecem juntos aponta diferentes estratégias para formar uma parceria inteligente na administração das finanças da família. Ele traz também testes que avaliam a capacidade do casal de construir riqueza. Entre os tópicos abordados estão: • Os benefícios de um planejamento financeiro de longo prazo • Crises financeiras do relacionamento • Vida a dois: até que ponto juntar tudo • Quando comprar a casa • Planos de previdência e seguros • A educação financeira dos filhos • Como lidar com a herança Esta edição comemorativa de 10 anos inclui o "Guia para casais que estão se preparando para o casamento", com orientações sobre as primeiras conversas a respeito de finanças, gastos com a cerimônia, compra da casa própria e o que deve ser priorizado nesse momento especial.

The World's Most Powerful Leadership Principle James C. Hunter 2004-06-29 To lead is not to be "the boss," the "head honcho," or "the brass." To lead is to serve. Although serving may imply weakness to some, conjuring up a picture of the CEO waiting on the workforce hand and foot, servant leadership is actually a robust, revolutionary idea that can have significant impact on an organization's performance. Jim Hunter champions this hard/soft approach to leadership, which turns bosses and managers into coaches and mentors. By "hard," Hunter means that servant leaders can be hard-nosed, even autocratic, when it comes to the basics of running the business: determining the mission (where the company is headed) and values (what the rules are that govern the journey) and setting standards and accountability. Servant leaders don't commission a poll or take a vote when it comes to these critical fundamentals. After all, that's what a leader's job is, and people look to the leader to set the course and

establish standards. But once that direction is provided, servant leaders turn the organizational structure upside down. They focus on giving employees everything they need to win, be it resources, time, guidance, or inspiration. Servant leaders know that providing for people and engaging hearts and minds foster a workforce that understands the benefits of striving for the greater good. The emphasis is on building authority, not power; on exerting influence, not intimidation. While many believe that servant leadership is a wonderful, inspiring idea, what's been missing is the how-to, the specifics of implementation. Jim Hunter shows how to do the right thing for the people you lead. A servant leader or a self-serving leader: Which one are you? With Jim Hunter's guidance, everyone has the potential to develop into a leader with character who leads with authority.

Bulletproof Marriage - English Edition Renato & Cristiane Cardoso 2015-01-13 Marriage was God's idea. He decided that man and woman should be "one flesh". Furthermore, the Bible says "God is love ". Unfortunately, many couples never learned to love each other. A feeling, passion or some other influence brought them together, but they never learned how to study or explore each other, or discover what makes them happy. When you do not know another person it is impossible to love them because you do not know what pleases or annoys them, their dreams and struggles, or how they think. In such ignorance, you will make many mistakes in your relationship and so cause many problems. These problems will cause you to withdraw, even though you are married and were in love at one time. If you have been wondering: Do I still love my husband/wife Did I marry the wrong person Why is my partner so cold to me Why do we love each other but can't stay together? How can I make sure my marriage lasts? How can I live with a person who is so difficult? Why do our problems go away, but then come back worse than before? Is my marriage always going to be about hardships, or will I find happiness one day? Cheer up! You will learn how to love intelligently and how to be happy with your spouse, even if he (or she) acts like King Kong.

**Jesus the Healer** E. W. Kenyon 2020-07-14 For years, this book has challenged and inspired readers to step out in faith and receive the healing that Christ purchased for us. Many people have been healed while reading these pages! Legendary Bible teacher Dr. E. W. Kenyon has a rare gift for presenting the deep and profound truths of God's Word in a simple and easily understood way. His teachings on expressing "positive confessions of faith" formed much of the foundation for Word of Faith Pentecostalism. In *Jesus the Healer*, Dr. Kenyon fully explores the powerful gift of healing that Jesus demonstrated throughout His ministry. Sickness and disease are not God's will for believers. So Kenyon unpacks God's methods of healing and how to live the abundant life that Jesus promised. God's healing promises are no good unless you act on them. Believing is acting on God's Word. Faith is the result of acting on God's Word. Healing miracles are available today for those who believe and step out in faith!

The Zurich Axioms (Harriman Classics) Max Gunther 2020-10-06 Harriman Classics with a new foreword by James P. O'Shaughnessy If you want to get rich, no matter how inexperienced you are in investment, this book can help you. Its message is that you must not avoid risk, nor court it foolhardily, but learn how to manage it - and enjoy it too. The 12 major and 16 minor Zurich Axioms contained in this book are a set of principles providing a practical philosophy for the realistic management of risk, which can be followed successfully by anyone, not merely the 'experts'. Several of the Axioms fly right in the face of the traditional wisdom of the investment advice business - yet the enterprising Swiss speculators who devised them became rich, while many investors who follow the conventional path do not. Max Gunther, whose father was one of the original speculators who devised the Axioms, made his

first capital gain on the stock market at the age of 13 and never looked back. Now the rest of us can follow in his footsteps. Startlingly straightforward, the Axioms are explained in a book that is not only extremely entertaining but will prove invaluable to any investor, whether in stocks, commodities, art, antiques or real estate, who is willing to take risk on its own terms and chance a little to gain a lot.

In the runaway bestseller *Bringing Up Boys*, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.
