**The Ideal Planner** Emma Chamberlain 2020-08-18 From the internet phenomenon whose aesthetic has influenced millions of young people around the world comes an undated planner to help you keep your life in order your way. Emma Chamberlain is a lot of things. The Atlantic calls her “The Most Important YouTuber Today.” W Magazine calls her “The Most Interesting Girl on YouTube.” But what does she call herself? A girl in desperate need of The Ideal Planner! Until now, it seemed like every planner was for “that perfect girl.” But what if you’re just muddling through? What if you’re kind of weird, a little obsessed, definitely silly, love art and fashion, and sometimes accidentally skip days or weeks or months in your planner but don’t want those pages to go to waste? Emma looked everywhere but could not find such a planner. So she decided to make one herself and share it with the world. With guided journal pages, custom mood boards, puzzles, games, lists, corny quotes, cool designs, and silly messages from Emma, it’s a diary, scrapbook, guided journal, coloring book, and planner all in one. And because you fill in the dates you want, it never becomes outdated.

Turning Fierce Dogs Friendly Kellie Snider 2018-01-09 Learn how to harness the power of worthwhile reinforcement to build safe, friendly behaviors in aggressive dogs. The positive training based, Constructional Aggression Treatment (CAT), as described in Turning Fierce Dogs Friendly, has proven successful for many pet owners and trainers around the world. As a functional approach to changing aggressive behavior, it offers a humane alternative to desensitization, counter conditioning, and distraction procedures. CAT typically produces long-lasting results in far less time than any positive treatment available, without the undesirable side-effects that are common with punishment procedures. The ultimate outcome is a once-aggressive dog that is now friendly. Inside Turning Fierce Dogs Friendly: Step-by-step

instructions for performing CAT with aggressive dogs Understand the normal behaviors of all dogs, of specific breeds, and of your own individual dog How to be awake and aware of your dog's behavior and your own Discover your dog's worthwhile reinforcement for safe, friendly behaviors Advice for developing good observation skills and staying on task The issues that can make or break successful aggression treatment: consistency, safety, and follow-through Equipment, handling procedures, and preventing opportunities to practice undesirable behavior When to call a professional

Strengthening Forensic Science in the United States National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

*Red 4WD Tractors* Lee Klancher 2017 The story of the four-wheel-drive tractors built by Steiger, International Harvester, Case, and Case IH is told in dramatic fashion in this authoritative guide. Starting with the development of early four-wheel-drive systems at International Harvester, the book traces the evolution and design some of the most powerful and capable tractors of the twentieth century. With fresh detail on the 4300, 4100, Steiger-built IH tractors, and the 2+2 tractors including the Super 70 series, the book offers prototype drawings of several models--including the complete story of the never-before-published Magnum 2+2-- as well as inside stories and backroom drama that is a must for any enthusiast for farm history or tractors. Learn the complete story of Steiger tractors, which were originally designed and built in the barn of John, Douglass, and Maurice Steiger located near Red Lake Falls, Minnesota. Containing interviews with more than 50 of the people who built Steiger from its humble origin to a world

leader, the book traces the evolution of the lime green Steigers in engrossing detail. The book also covers the J.I. Case 4WD line in great detail. In addition, the book tells the story of how each of these significant players in the industry combined under one banner and--together--created one of the current industry-leading technologies, the Quadtrac. The modern evolution of the Steigers and the introduction of the STX Series (and more) also receive in-depth coverage. The same team that created the award-winning books *Red Tractors 1958-2013* and *Red Combines 1915-2015* created this book, and notable new contributors include Sherry Schaefer (editor of *Heritage Iron* magazine) and noted historian Jim Allen. Contributors include Sherry Schaefer, Oscar H. Will III, Jim Allen, Kenneth Updike, Todd Markle, Gregg Montgomery, Guy Fay, Martin Rickatson, Sarah Tomac, Matthias Buschmann, Jean Cointe, Michael Osweiler, and Johann Dittmer.

*Importing Into the United States* Border Protection U S Customs and 2015-10-12 This edition of *Importing Into the United States* contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. *Importing Into the United States* provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

The Power of Habit Charles Duhigg 2012-02-28 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review

**How to Be a Cat** Nikki McClure 2013-03-12 “The simplicity and flow of page design are beautifully done as viewers follow a kitten and his mother as she teaches him basic feline behavior.” –School Library Journal (starred review) In cut-paper artist Nikki McClure’s latest picture book, a kitten practices the basics of feline behavior over the course of a day. A single word of text per spread teaches readers “how to be a cat”—how to stretch, clean, pounce, feast—while the striking paper cuts illustrate the kitten’s attempts to imitate an adult cat’s mastery of each skill. At times the kitten triumphantly succeeds, and at other times the kitten struggles, in vignettes that range from whimsical to profound. A celebration of all things feline, *How to Be a Cat* also tells a universal story of mastering life skills, and of the sometimes tender, sometimes stern relationship between parent and child, teacher and pupil. Cat lovers of all ages will connect to this loving portrayal of a mentor-student relationship. “Purrrfect for beginning readers and little artists with an eye for fine cut-paper compositions and craftsmanship.” –Kirkus Reviews (starred review) “The lively verbs and pictures will inspire young readers to imitate the kitten’s actions, all the way to the last page, when the two cats curl up to ‘Dream.’ Part concept book of actions, part a day in the life of a cat, the pages provide two kinds of narratives, no small feat for such a simple-looking story.” –New York Journal of Books “McClure’s cut-paper spreads can be mesmerizing.” –Publishers Weekly “McClure wonderfully captures the shape and movement of the feline form.” –The Bulletin of the Center for Children’s Books
