Screening Motherhood in Contemporary World Cinema Asma Sayed 2016-02-01 Using a variety of critical and theoretical approaches, the contributing scholars to this collection analyze culturally specific and globally held attitudes about mothers and mothering, as represented in world cinema. Examining films from a range of countries including Afghanistan, India, Iran, Eastern Europe, Canada, and the United States, the various chapters contextualize the socio-cultural realities of motherhood as they are represented on screen, and explore the maternal figure as she has been glamorized and celebrated, while simultaneously subjected to public scrutiny. Collectively, this scholarly investigation provides insights into where women's struggles converge, while also highlighting the dramatically different realities of women around the globe.

Qismat Kritika Padhy 2022-08-07 Dr Ishita Goenka, aware of a "flaw" in her horoscope, decides to accept her fate and create a life for herself that would make her proud and happy. On the other hand, business tycoon Kartik Mehra believes that it is one's karma that decides their fate. As qismat brings Ishita and Kartik together, in the bond of holy matrimony, they try and accept each challenge that life throws their way. But what if the past that was long buried decides to come back and create havoc in their lives? And to add to that, time decides to test them, as they come face to face with the biggest tragedy of their lives. Will they be able to survive the brunt of time and flourish, or will the same time create a rift in their relationship that will be unamendable?

The Qur'an & Modern Science: Compatible or Incompatible? Zakir Naik 2007 Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'aan, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains guidance for all mankind.

Since the message of the Qur'aan is believed to be for all times, it should be relevant to every age. Does the Qur'aan pass this test? In this booklet, I intend to give an objective analysis...

My Traditional Dil-E-Maa Shalini & Brajesh 2018-01-25 Hi, I am Rohan - the best son in the world. And my girlfriend Milli is also the best. I just wish she had a different surname, though. My mom says she doesn't like her. My parents are very particular about surnames. Now, Milli is very supportive. She is even ready to convert her caste, but there's no havan or pooja (ritual). Damn! First of all, can our priests invent that, please? And secondly, what do I do now? Look inside to see how my highway-like life suddenly shifts to an old pot-holic lane if I ever win the surname battle.

Ever since she was knee-high, she faced the camera as a child artiste, while performing simultaneously at dance fetes. An alumna of Bombay's The J. B. Petit Girls' High School, she devoted after-school hours to learning classical dance from exacting gurus. Given a break as a leading lady by Filmalaya Studio's Sashadhar Mukherjee, she debuted opposite Shammi Kapoor in the romantic entertainer Dil Deke Dekho. Instantaneously, the audience and the critics agreed: "A star is born." Followed a concatenation of silver and golden jubilee hits, which established her as the quintessential Hit Girl. Possessed of all the requisites of the cinema of the 1960s and the '70s - felicity at instinctive acting, intricate dance skills and the ability to invest conviction into the roles of zestful, glamour-exuding film heroines - she made an impact, too, with parts demanding gravitas. Apart from films in Hindi, she has also acted in films in Gujarati, Punjabi and a film in Kannada. The Mumbai film trade, to date, acknowledges her as one of the heroines with the highest number of successes. Her innumerable dance ballets on stage have earned her untold acclaim, at home and overseas. Among her other facets, she has been involved since decades in running a charitable hospital. She was Chairperson of the Central Board of Film Certification (1998-2001) and has been associated with the Cine and TV Artistes' Associations and other organisations dedicated to the welfare of film industry workers, technicians and actors. She turned producer and director with several top TRP-rated TV serials like 'Kora Kagaz' and 'Palash ke Phool' and programmes like 'Baaje Paayal'. Currently she has chosen to retire from acting, but adds, "Never say never." She lives by the famed Juhu shoreline in Mumbai.

Yesterday Once More Dr. Jaskiran Chopra Nostalgia is a wonderful way to pay our tribute to the past. The writings in this volume sensitively evoke the past and create a beautiful canvas of memories, a canvas we can all identify with. Personal memories play hide and seek with nostalgia for a shared world, a world that is fast vanishing. A slow paced and calm world, a world of greater human interaction, a world of truer values. The book will take us on an enriching inward journey that traces the innocent paths of childhood, the sensitive lanes of adolescence and even the difficult roads that one travels later. The faded beauty of the Doon valley is a theme that runs through a good part of this book and regret jostles with rapid change. The Dehra Dun of bubbling canals, of litchi and mango orchards, of tongas and leisurely cyclists is a place one can no longer find except in fading photographs or fading memories. And it is these memories that I have tried to capture and put together a bouquet dedicated to parents, teachers, alma mater, homes and other things that live forever in the landscape of my heart. The nostalgia goes beyond the valley and its surroundings. The book talks of old cinemas, charismatic film stars, the warmth of book shops, the charm of

Doordarshan, days of audio cassettes, old style melas and cosy restaurants in the hills. The effort is to bring back yesterday, once more. The pleasures and joys of simple living and importance of emotions in life are highlighted in the book. Although these are personal memories of my yesterdays, they will resonate in each sensitive and sentimental reader's heart as the feelings are universal and the moments captured are timeless. These are part of our collective memories and will, hopefully, evoke emotions that have inspired me to create this work. Nostalgia is indeed a strong emotion that brings us a strange pain mixed with joy. However, it is, on the whole, a satisfying feeling and many of us simply love to go on a trip down memory lane. I sincerely hope Yesterday Once More will be one such delightful trip. Dr. Jaskiran Chopra

The Mighty Head Uditi Mishra 2022-10-12 "The Mighty Head" by Uditi Mishra is solely based on a teenagers life who had a lot of challenges and obstacles thrown her way while she confronted baldness at the age of 11. This book helps shatter all the stigmas that are present in the society and which give people a hard time in order to confront their true identity. The society is a place where people are expected to act a certain way and look a certain way if not then they are never accepted as a whole. While Uditi writes this book she deals with all the issues that she faced growing up and explains to people how it's ok to be ok in your own skin and how it is not a requirement to perceive yourself based on what others think you should look like or act like. She also talks a lot about Alopecia as a disease and how people who are friends with someone who has a disease which is visible should talk to not make it awkward or uncomfortable for the other person. The name "the Mighty Head" originated from Uditi Mishra's Ted talk where she for the first time felt confident in talking about her Alopecia and this title means a lot to her as being a bald girl has been difficult and knowing that stepping foot outside the house and having people stare at you or even ask you questions about your disease is scary because even when you don't try to draw any attention to yourself you still end up doing that because you are a girl and you are bald. Therefore "mighty head" signifies how I have felt with a lot of unwanted attention and turned it into something positive.

The Sun will Rise Again (Second Edition) P. Sarangi 2022-01-04 This book captures some real-life scenarios where people bound by circumstances terminate their journey halfway. Being tired of failures, all their talents and aspirations get buried in the sands of time. Accepting it to be destiny's cruel decision, they move from door to door with a begging bowl, desperately in search of a faint ray of hope: 'Will the fortune ever smile on us?' Some terrorists and trouble makers train and engage innocent boys in unlawful activities. The high sounding speech of the self-claimed servants of the people, on different occasions like Independence Day, Children's Day, Martyrs' Day, .. end up with some promises and assurances - far from reality. Dada Ji's dream to change the lives of people around him and efforts to transform his vision into reality instil self-confidence among many. Rani Maa's untiring people-friendly activities and handling critical issues fearlessly further encourage his efforts. In a war between two parties, it is not always the strength that brings victory. Strategy concurs over bravado as Shekhar's decisions

at crucial points helped him rise through ranks. Providing materialistic help to the needy is an earnest effort or a careless mistake. The focus should be to empower people, not to be needy again. Eliminate crime or criminal, an unconditional surrender of Wing Commander Mahesh narrates a different perspective to this. As Lord Krishna said to Arjuna on the 13th Day of the Mahabharata war, "Thou focus on the fight, leave the results to 'Almighty Me' ". The book highlights characters keeping up the fight till the end to see through their own Karma's fruits.

The Cultural Psyche Dinesh Sharma 2021-04-01 As envisaged by Robert A. LeVine many years ago, the human development indicators have improved in many societies as income, healthcare and educational opportunities have been enlarged. Global transformations have led to significant decline in extreme poverty and an increase in working class and middle class families around the world in the emerging economies throughout Africa and Asia. As the technological and global influences continue to challenge the dominant narrative in academic psychology, conflated with WEIRD data assumptions, interdisciplinary research will continue to increase in value and scope, where LeVine's classical approach in psychological anthropology, combined with psychoanalysis, developmental psychology, demography, language or area research and population studies, offers a path forward. The essays collected here in addition to honoring LeVine's work, hold out the promise of a real convergence between psychology and anthropology or the development of a psychosocial science -- a confluence between positivism and relativism, empiricism and ethnography, and social sciences and human sciences. The scientific search for universal laws and the ever expanding search for cultural meanings in the diverse communities around the world must continue simultaneously and in conjunction with the transnational or global challenges we face today. Hybridity fostered by interdisciplinary researchers has stood the test of time as the social sciences have gradually outgrown the monolithic ways of looking at the world. The project of a psychosocial science represented by the work of Robert A. LeVine at the intersection of psychology, anthropology, demography, child development and psychoanalysis maps out some of the challenges of a hybrid discipline. Hybridity impacts not only the humanities and social sciences, but physical sciences in genetics and genomics, or applied disciplines like biotechnology and life sciences. Thus, it is important that we not lose sight of LeVine's spirit of interdisciplinary research. Advocates for universalism, the psychologists or behavioral scientists pursuing universal laws of human nature, must collaborate with the growing number of relativistic scientists - anthropologists, sociologists, or cultural studies experts -- searching for local meanings in small-scale village communities. There will be a confluence of social and human sciences, or what C.P. Snow, the English literary critic called the 'two cultures' of the scientific revolution - the sciences and humanities. Praise for The Cultural Psyche "This edited collection by Dinesh Sharma of his mentor Robert LeVine's papers is uniquely positioned between psychology, anthropology and human development. As one surveys its wide-ranging and fascinating papers, one not only comes to understand the principal lines of work carried out over a half century by a remarkable scholar. At the same time, one gains a sense of the history of these lines of work, by a person who has lived through it, reflected on it, and contributed significantly to its advances. This exceptionally valuable volume not only surveys child and human development in depth and across cultures; it also points out ways in which these lines of work ought to be pursued in the years to come." Howard E. Gardner Hobbs Professor of Cognition and Human

Development, Harvard University, Cambridge, MA "This book offers an overview of the wide-ranging contributions of one of the giants of thinking about human development, parenting, and culture of the last 50 years. ...By bringing together a large body of Bob's writings, some of them entirely new, this volume represents only one important dimension of LeVine's enormous influence on the thinking of today's scholars, but in addition it should be noted how much his scholarship has shaped the work and the thinking of his many students and collaborators in ways that will persist through several academic generations." Middle East Calling Srikanth Ramaswamy 2012-02-09 Rajeev Desai came from a modest, lower-middle-class background, but that never kept him from dreaming. A true child of Mumbai, he knows that he alone is the one to make those lofty dreams come true. His ultimate goal is to move to the modern-day mecca for the financial industry, New York City. From his first days at school, Rajeev is an excellent student; on the day he receives a gold medal in economics from one of the top colleges in Mumbai, he knows that all of his young dreams are about to come true at last. Everything in his life is exactly as he had hoped: He has friends who are as precious as family. He's been accepted to grad school at some of the finest colleges in the world. His professors can't say enough about his academic achievements and potential. The world is his oyster. But then he is forced to learn one of his first lessons in finance: "Get the money ... and you get to go to college." With his Father's death, his family's financial situation becomes shaky at best and Rajeev decides not to further burden his mother - the sole earning member in the family. So when a lucrative job opportunity presents itself in Kuwait, he's torn. Can he—an economics gold medalist—swallow his pride to drive a cab? Along the way, he'll receive some memorable lessons about friendship, family, professional relationships, and love. Now he must discover whether he and his dreams will survive on this strange, new path.

Beginning Nirmal Rathore 2021-07-24 I pay my heartiest gratitude to the almighty for creating this beautiful world where we can share our ideas and live a wonderful life. Secondly i thank all the co-authors who devoted their valuable time in shaping this book beautifully and contributing their immense love through their remarkable writeups without them this book would have not been the reality. Last but not the least i would like to thanks Suvidhi Publication for helping and guiding through the process of publishing.

Stories of Resilience Ramendra Kumar 2020-01-25 "This book Stories of Resilience, brings to life stories of badly wounded world of children, who ultimately offer an incredible message of encouragement and hope to all readers. Children who have healed themselves and one another from the deepest personal injuries of child rapes, sexual violence, child marriage, intergenerational poverty and patriarchy. Protsahan's dear friend and renowned author, Ramendra Kumar says, "I got slender threads of fact, from the Founder of Protsahan, around which I had to weave tales of fiction that would showcase the resilience of the Protsahan girls in the face of almost impossible odds. The brief given to me was to tell stories which would epitomise the spirit but not reveal the persona of the girls in the remotest way. It was a tough task, possibly one of the most challenging ones I have ever undertaken. The book is my tribute to the girls of Protsahan – the angels who are ready to fly despite the broken wings, smothered hopes and smudged dreams..." As director and founder of Protsahan India Foundation, working against child abuse in every form, Sonal Kapoor, has borne witness to the devastating consequences of the most unspeakable acts of violence against children in the past decade of her work at grassroots for India's most vulnerable children and girls. Furthermore, she has seen firsthand how victims of inhumanity have found the inner strength to overcome lifealtering trauma with renewed faith and have even regained humor and optimism at Protsahan. Book's author, Ramendra over long interview based research with the Protsahan team, has beautifully, subtly and intricately described selfhealing in children in an ambience of love and through trauma informed compassionate care model of Protsahan.

Neutrosophic D'Agostino Test of Normality: An Application to Water Data Mohammed Albassam The D'Agostino test has been widely applied for testing the normality of the data. The existing D'Agostino test cannot be applied when the data have some indeterminate observations or observations which are obtained from the complex systems. In this paper, we present a D'Agostino test under neutrosophic statistics. We propose the D'Agostino test to test the normality of the data having indeterminate observations.

Mother India Gayatri Chatterjee 2020-05-14 Mehboob Khan's 1957 epic family drama Mother India, starring movie legends Nargis, Sunil Dutt and Rajendra Kumar, is a cornerstone of Indian cinema. In her insightful study of this classic, Gayatri Chatterjee draws on new research in the Mehboob studio archive to outline the film's eventful production history, the ambitious vision of its director, and the performances of its stars. Rooted both in Hindu mythology and in the collective experience of a newly-independent nation-state on the brink of industrialisation and

social change, this family melodrama inexorably towards tragedy and renewal. Chatterjee's careful analysis reflects the film's vibrancy and passion and illuminates its many aspects - performance styles, reception and reputation, mythological underpinnings, its relationship to India's post-Independence culture and politics, and its many references to the history of a country in transition. In her foreword to this new edition, the author reflects upon the film's impact at the time of its release, and its continuing resonance for audiences in many different countries around the world.
