I Heard My Country Calling James Webb 2015-05-19 "James Webb, author of *Fields of Fire*, the classic novel of the Vietnam War--former U.S. Senator; Secretary of the Navy; recipient of the Navy Cross, Silver Star and Purple Heart as a combat Marine; and a self-described 'military brat'--has written an

extraordinary memoir of his early years, 'a love story--love of family, love of country, love of service,' in his words. Webb's mother grew up in the poverty-stricken cotton fields of eastern Arkansas. His father and life-time hero was the first of many generations of Webbs, whose roots are in Appalachia, to finish high school. He flew bombers in World War II, cargo planes in the Berlin Airlift, graduated from college in middle age, and became an expert in the nation's most advanced weaponry. Webb's account of his childhood is a tremendous American saga as the family endures the constant moves and challenges of the rarely examined Post-World War II military, with his stern but emotionally invested father, loving and resolute mother, a granite-like grandmother who held the family together during his father's frequent deployments, and an assortment of invincible aunts, siblings, and cousins. His account of his four years at Annapolis are painfully honest but in the end triumphant. His description of Vietnam's most brutal battlefields breaks new literary ground. One of the most highly decorated combat Marines of that war, he is a respected expert on the history and conduct of the war. Webb's novelist's eyes and ears invest this work with remarkable power, whether he is describing the resiliency that grew from constant relocations during his childhood, the longing for his absent father, his poignant goodbye to his parents as he leaves for Vietnam, his role as a 23-year-old lieutenant through months of constant combat, or his election to the Senate where he was known for his expertise in national defense, foreign policy, and economic fairness. This is a life that could only happen in America"--

secondary school teachers, from educators with no formal training in didactics to frustrated chemistry students.

The Cheat Sheet Sarah Adams 2021-08-11 Is it ever too late to leave the friend-zone? Hi, my name is Bree Camden, and I'm hopelessly in love with my best friend and star quarterback Nathan Donelson (so is half of America, judging by the tabloids and how much the guy dates). The first step is admitting, right? Except, I can never admit it to him because he clearly doesn't see me that way, and the last thing I want is for things to get weird between us. Nothing but good old-fashioned, no-touching-the-sexiest-man-alive, platonic friendship for us! Everything is exactly how I like it! Yes. Good. (I'm not crying, I'm just peeling an onion.) Our friendship is going swimmingly until I accidentally spill my beans to a reporter over too much tequila, and now the world seems to think me and Nathan belong together. Oh, and did I mention we have to date publicly for three weeks until after the Super Bowl because we signed a contract with...oops, forgot I can't tell anyone about that! Bottom line is, now my best friend is smudging all the lines and acting very un-platonic, and I'm just trying to keep my body from bursting into flames every time he touches me. How am I going to make it through three weeks of fake dating Nathan without anything changing between us? Especially when it almost-sort-a-kinda seems like he's fighting for a completely different outcome? Send help. XO Bree *The Cheat Sheet* is a closed-door, sizzling-with-chemistry, romantic comedy that will have you laughing and rooting for these lovable best friends from the first page!

The Cheat Sheet Sarah Adams 2022 Is it ever too late to leave the friend zone? Discover the heartwarming friends to lovers romance that became a sensation on TikTok--now with a new chapter and a Q&A with the author! The friend zone is not the end zone for Bree Camden, who is helplessly in love with her longtime best friend and extremely hot NFL legend, Nathan Donelson. The only problem is that she can't admit her true feelings, because he clearly sees her as a best friend with no romantic potential, and the last thing Bree wants is to ruin their relationship. But those abs . . . Nope! Nothing but good old-fashioned, no-touching-the-sexiest-man-alive, platonic friendship for Bree. In any case, she has other things to worry about. After a car accident ended her chance at becoming a professional ballerina, Bree changed paths and now owns her own dance studio, with big dreams to expand it. But one more rent increase could mean the end of the studio entirely. Then, as usual, Nathan comes to the rescue and buys the entire building. A stubborn Bree is not happy about it and decides to rebel with a couple--okay, maybe more than a couple--of tequila shots. Then her plan backfires as she spills her deepest, darkest secret to a TMZ reporter. One viral video later, the world thinks Nathan and Bree are the perfect couple. Before they can really talk about her confession, Nathan's publicist proposes a big opportunity that could mean financial security for Bree. The catch? They have to pretend to be in love. For three whole weeks. What will happen when Bree gives in to the feelings she's been desperately hiding for so long, and could she be imagining that Nathan is actually enjoying it? Sarah Adams scores more than touchdowns in this

exciting romantic comedy.
