Expanding the Lexicon Sabine Arndt-Lappe 2018-01-22 The creation of new lexical units and patterns has been studied in different research frameworks, focusing on either system-internal or system-external aspects, from which no comprehensive view has emerged. The volume aims to fill this gap by studying dynamic processes in the lexicon - understood in a wide sense as not being necessarily limited to the word level - by bringing together approaches directed to morphological productivity as well as approaches analyzing general types of lexical innovation and the role of discourse-related factors. The papers deal with ongoing changes as well as with historical processes of change in different languages and reflect on patterns and specific subtypes of lexical innovation as well as on their external conditions and the speakers' motivations for innovating. Moreover, the diffusion and conventionalization of

innovations will be addressed. In this way, the volume contributes to understanding the complex interplay of structural, cognitive and functional factors in the lexicon as a highly dynamic domain.

Heart Songs and Other Stories Annie Proulx 2007-12-01 Before she wrote her Pulitzer Prize-winning bestseller *The Shipping News*, E. Annie Proulx was already producing some of the finest short fiction in the country. Here are her collected stories, including two new works never before anthologized. These stories reverberate with rural tradition, the rites of nature, and the rituals of small-town life. The country is blue-collar New England; the characters are native families and the dispossessed working class, whose heritage is challenged by the neorural bourgeoisie from the city; and the themes are as elemental as the landscape: revenge, malice, greed, passion. Told with skill and profundity and crafted by a master storyteller, these are lean, tough tales of an extraordinary place and its people.

Petites histoires des grandes chansons Laurent Abrial 2017-06-15 Les chansons sont des émotions, des souvenirs, des petits bouts de vie qui s'en vont et qui reviennent parfois caresser nos mémoires. Souvent la magie d'une chanson qui fonctionne et qu'on appelle communément un tube, réside dans sa fabrication. Souvent, en écoutant un titre qui a bercé un instant de nos destins, on ignore comment il a été conçu, dans quelles circonstances un auteur, un compositeur et un interprète se sont rencontrés pour toucher le cœur de millions de gens. C'est donc pour vous entraîner au-delà des miroirs des chansons que nous vous proposons de découvrir leurs petites histoires. De Douce France à Caravane, en passant par Sacré Charlemagne, Le lundi au soleil, La poupée qui fait non, Fais comme l'oiseau, Prendre un enfant par la main et tant d'autres standards, nous vous dévoilons les incroyables anecdotes, les improbables créations, les curieux hasards de l'histoire des grandes chansons de notre patrimoine musical. Attaché de presse et spécialiste de la chanson française, Fabien Lecoivre est aux côtés de Patrick Sébastien depuis plus de quatre ans dans l'émission *Les Années Bonheur* sur France 2. Auteur de nombreux ouvrages, il signe ici son quarante-sixième livre.
