The Willpower Instinct Kelly McGonigal 2013-12-31 Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," The Willpower Instinct is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, The Willpower Instinct explains exactly what willpower is, how it works, and why it matters. For example, readers will learn:

- Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep.
- Willpower is not an unlimited resource. Too much self-control can actually be bad for your health.
- Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower
- Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control.
- Giving up control is sometimes the only way to gain self-control.
- Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models.

In the groundbreaking tradition of Getting Things Done, The Willpower Instinct combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

Metacognition in Literacy Learning Susan E. Israel 2006-06-17 This volume provides the first comprehensive, research-based examination of metacognition in literacy learning. Bringing together research findings from reading, linguistics, psychology, and education, it is logically organized as follows: Part I provides the theoretical foundation that supports the teaching of metacognition; Parts II and III provide new methods for metacognitive assessment and instruction in literacy contexts at all grade levels; and Part IV provides new information on integrating metacognition into professional development programs. Key features include:

- *Chapter Structure. Teacher reflections at the beginning of each chapter illustrate teacher thinking about the chapter topic and metacognitive connections at the end of each chapter link its content with that of the preceding and following chapters.
- *Contributor Expertise. Few volumes can boast of a more luminous cast of contributing

authors (see table of contents). *Comprehensiveness. Twenty chapters organized into four sections plus a summarizing chapter make this the primary reference work in the field of literacy-based metacognition. This volume is appropriate for reading researchers, professional development audiences, and for upper-level undergraduate and graduate level courses in reading and educational psychology.

Girl in Translation Jean Kwok 2011-05-03 From the author of *Searching for Sylvie Lee*, the iconic, New York Times-bestselling debut novel that introduced an important Chinese-American voice with an inspiring story of an immigrant girl forced to choose between two worlds and two futures. When Kimberly Chang and her mother emigrate from Hong Kong to Brooklyn squalor, she quickly begins a secret double life: exceptional schoolgirl during the day, Chinatown sweatshop worker in the evenings. Disguising the more difficult truths of her life—like the staggering degree of her poverty, the weight of her family's future resting on her shoulders, or her secret love for a factory boy who shares none of her talent or ambition—Kimberly learns to constantly translate not just her language but herself back and forth between the worlds she straddles. Through Kimberly's story, author Jean Kwok, who also emigrated from Hong Kong as a young girl, brings to the page the lives of countless immigrants who are caught between the pressure to succeed in America, their duty to their family, and their own personal desires, exposing a world that we rarely hear about. Written in an indelible voice that dramatizes the tensions of an immigrant girl growing up between two cultures, surrounded by a language and world only half understood, *Girl in Translation* is an unforgettable and classic novel of an American immigrant—a moving tale of hardship and triumph, heartbreak and love, and all that gets lost in translation.

Communication Between Cultures Larry A. Samovar 2016-01-01 Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling examples help readers examine their own assumptions, perceptions, and cultural biases--so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new technology. Transforming Monkey Hongmei Sun 2018-03-18 An analysis of historical, transcultural, and transmedia adaptation, *Transforming Monkey: Adaptation and Representation of a Chinese Epic* examines the ever-changing image of Sun Wukong (aka Monkey, or the Monkey King), in literature and popular culture both in China and the United States. A protean protagonist of the sixteenth century novel *Journey to the West* (*Xiyou ji*), the Monkey King’s image has been adapted in distinctive ways for the representation of various social entities, including China as a newly founded nation state, the younger generation of Chinese during the postsocialist period, and the representation of the Chinese and Chinese American as a social other in American popular culture. The juxtaposition of various manifestations of the same character in the book present the adaptation history of Monkey as a masquerade, enabling readers to observe not only the masks, but also the mask-wearers, as well as underlying factors such as literary and political history, state ideologies, market economies, issues of race and ethnicity, and politics of representation and cross-cultural translation. *Transforming Monkey* demonstrates the social and political impact of adaptations through the hands of its users while charting the changes to the image of Sun Wukong in modern history and his participation in the construction and representation of Chinese identity. The first manuscript focusing on the transformations of the Monkey King image and the meanings this image carries, *Transforming Monkey* argues for the importance of adaptations as an indivisible part of the classical work, and as a revealing window to examine history, culture, and the world.

Chinatown William Low 1997-09-15 Chinatown. City within a city. Home to street cobblers and herbalists, tai chi masters and kung fu students, outdoor fish markets and lots and lots of restaurants. And best of all, when the Chinese New Year begins there's a New Year's Day parade, complete with a lion dance. Young readers will be equally fascinated by the tour of this colorful neighborhood--and by their tour guide and his grandma who live there.

Methland Nick Reding 2010-06-03 Traces the efforts of a small Iowa community to counter the pervasiveness of crystal methamphetamine, in an account that offers insight into the drug's appeal while chronicling the author's numerous visits with the town's doctor, the local prosecutor and a long-time addict. Reprint. A best-selling book.

Heavy Ground Norris Hundley 2020-12-08 Minutes before midnight on March 12, 1928, the St. Francis Dam collapsed, sending more than twelve billion gallons of water surging through Southern California's Santa Clara Valley, killing some four hundred people and causing the greatest civil engineering disaster in twentieth-century American history. In this carefully researched work, Norris Hundley jr. and Donald C. Jackson provide a riveting narrative exploring the history of the ill-fated dam and the person directly responsible for its flawed design—William Mulholland, a self-taught engineer of the Los Angeles municipal water system. Employing copious illustrations and intensive research, *Heavy Ground* traces the interwoven roles of politics and engineering in explaining how the St. Francis Dam came to be built and the reasons for its collapse. Hundley and Jackson also detail the terror and heartbreak brought by the flood, legal claims against the City of Los Angeles, efforts to restore the Santa Clara Valley, political factors influencing investigations of the failure, and the effect of the disaster on congressional approval of the future Hoover Dam. Underlying it all is a consideration of how the dam—and the disaster—were inextricably intertwined with the life and career of William Mulholland. Ultimately, this thoughtful and nuanced account of the dam's failure reveals how individual and bureaucratic conceit fed Los Angeles's desire to control vital water supplies in the booming metropolis of Southern California.

The New Urban Frontier Neil Smith 2005-10-26 Why have so many central and inner cities in Europe, North America and Australia been so radically revamped in the last three decades, converting urban decay into new chic? Will the process continue in the twenty-first century or has it ended? What does this mean for the people who live there? Can they do anything about it? This book challenges conventional wisdom, which holds gentrification to be the simple outcome of new middle-class tastes and a demand for urban living. It reveals gentrification as part of a much larger shift in the political economy and culture of the late twentieth century. Documenting in gritty detail the conflicts that gentrification brings to the new urban 'frontiers', the author explores the interconnections of urban policy, patterns of investment, eviction, and homelessness. The failure of liberal urban policy and the end of the 1980s financial boom have made the end-of-the-century city a darker and more dangerous

place. Public policy and the private market are conspiring against minorities, working people, the poor, and the homeless as never before. In the emerging revanchist city, gentrification has become part of this policy of revenge.

Blood on the Forge William Attaway 2005-01-31 Praised by both Richard Wright and Ralph Ellison, this classic of Black literature is a brutal depiction of the Great Migration from the Jim Crow South. This brutally gripping novel about the African-American Great Migration follows the three Moss brothers, who flee the rural South to work in industries up North. Delivered by day into the searing inferno of the steel mills, by night they encounter a world of surreal devastation, crowded with dogfighters, whores, cripples, strikers, and scabs. Keenly sensitive to character, prophetic in its depiction of environmental degradation and globalized labor, Attaway's novel is an unprecedented confrontation with the realities of American life, offering an apocalyptic vision of the melting pot not as an icon of hope but as an instrument of destruction. *Blood on the Forge* was first published in 1941, when it attracted the admiring attention of Richard Wright and Ralph Ellison. It is an indispensable account of a major turning point in black history, as well as a triumph of individual style, charged with the concentrated power and poignance of the blues.

We of the Never-Never Jeannie Gunn 2019-11-21 This is an autobiographical book by an Australian novelist Gennie Gun published as a novel. In the book, Genny speaks about her life with her husband in the bush and the hardships of being the first white woman on the land called Mataranka, Northern Territory. This book is a memoir of her travel through Australia and a life on the farm.

The Spectator Bird Wallace Stegner 2013-04-04 Literary agent Joe Allston, the central character of Stegner's novel *All the Little Live Things*, is now retired and, in his own words, 'just killing time until time gets around to killing me.' His parents and his only son are long dead, leaving him with neither ancestors nor descendants, tradition nor ties. His job, trafficking the talent of others, had not been his choice. He passes through life as a spectator. A postcard from an old friend causes Allston to return to the journals of a trip he and his wife had taken years before, a journey to his mother's birthplace, where he'd sought a link with the past. The memories of that trip, both grotesque and poignant, move through layers of time and meaning, and reveal that Joe Allston isn't quite spectator enough. Wallace Stegner was the author of, among other works of fiction, *Remembering Laughter* (1973); *The Big Rock Candy Mountain* (1943); *Joe Hill* (1950); *All the Little Live Things* (1967, Commonwealth Club Gold Medal); *A Shooting Star* (1961); *Angle of Repose* (1971, Pulitzer Prize); *Recapitulation* (1979); *Crossing to Safety* (1987); and *Collected Stories* (1990). His nonfiction includes *Beyond the Hundredth Meridian* (1954); *Wolf Willow* (1963); *The Sound of Mountain Water* (essays, 1969); *The Uneasy Chair: A Biography of Bernard deVoto* (1964); *American Places* (with Page Stegner, 1981); and *Where the Bluebird Sings to the Lemonade Springs: Living and Writing in the West* (1992). Three short stories have won O. Henry prizes, and in 1980 he received the Robert Kirsch Award from the Los Angeles Times for his lifetime literary achievements.

I Know Why the Caged Bird Sings Maya Angelou 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in

love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

Teaching What Really Happened James W. Loewen 2018-09-07 James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

The Books in My Life Henry Miller 1969 In this unique work, Henry Miller gives an utterly candid and self-revealing account of the reading he did during his formative years.

The Joy Luck Club Amy Tan 2006-09-21 “The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan’s beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope,

they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Cadillac Desert Marc Reisner 1993-06-01 "The definitive work on the West's water crisis." -- Newsweek The story of the American West is the story of a relentless quest for a precious resource: water. It is a tale of rivers diverted and dammed, of political corruption and intrigue, of billion-dollar battles over water rights, of ecological and economic disaster. In his landmark book, Cadillac Desert, Marc Reisner writes of the earliest settlers, lured by the promise of paradise, and of the ruthless tactics employed by Los Angeles politicians and business interests to ensure the city's growth. He documents the bitter rivalry between two government giants, the Bureau of Reclamation and the U.S. Army Corps of Engineers, in the competition to transform the West. Based on more than a decade of research, Cadillac Desert is a stunning expose and a dramatic, intriguing history of the creation of an Eden--an Eden that may only be a mirage. This edition includes a new postscript by Lawrie Mott, a former staff scientist at the Natural Resources Defense Council, that updates Western water issues over the last two decades, including the long-term impact of climate change and how the region can prepare for the future.

Teaching Reading to English Language Learners Kristin Lems 2009-11-20 Written specifically for K-12 educators, this accessible book explains the processes involved in second-language acquisition and provides a wealth of practical strategies for helping English language learners (ELLs) succeed at reading. The authors integrate knowledge from two fields that often remain disconnected—linguistics and literacy—with a focus on what works in the classroom. Teachers learn effective practices for supporting students as they build core competencies not just for reading in English, but also for listening, speaking, and writing. Engaging vignettes and examples illustrate ways to promote ELLs' communicative skills across the content areas and in formal and informal settings.

More Mirrors in the Classroom Jane Fleming 2016-06-08 More Mirrors in the Classroom: Using Urban Children's Literature to Increase Literacy is the first book in the Kids Like Us series. It includes research summaries, guidelines for text selection, and a step-by-step guide to increasing the cultural relevance of literacy instruction with urban children's literature.

Walkable City Jeff Speck 2012-11-13 Jeff Speck has dedicated his career to determining what makes cities thrive. And he has boiled it down to one key factor: walkability. The very idea of a modern metropolis evokes visions of bustling sidewalks, vital mass transit, and a vibrant, pedestrian-friendly urban core. But in the typical American city, the car is still king, and

downtown is a place that's easy to drive to but often not worth arriving at. Making walkability happen is relatively easy and cheap; seeing exactly what needs to be done is the trick. In this essential new book, Speck reveals the invisible workings of the city, how simple decisions have cascading effects, and how we can all make the right choices for our communities. Bursting with sharp observations and real-world examples, giving key insight into what urban planners actually do and how places can and do change, Walkable City lays out a practical, necessary, and eminently achievable vision of how to make our normal American cities great again.
