*Conversations* Steve Reich 2022-03-08 A surprising, enlightening series of conversations that shed new light on the music and career of “our greatest living composer” (New York Times) Steve Reich is a living legend in the world of contemporary classical music. As a leader of the minimalist movement in the 1960s, his works have become central to the musical landscape worldwide, influencing generations of younger musicians, choreographers and visual artists. He has explored non-Western music and American vernacular music from jazz to rock, as well as groundbreaking music and video pieces. He toured the world with his own ensemble and his compositions are performed internationally by major orchestras and ensembles. Now Reich sits down with past collaborators, fellow composers, and musicians influenced by his work to reflect on his prolific career as a composer as well as the music that inspired him and that has been inspired by him. Through this series of insightful, wide-ranging conversations about the highlights, successes, and creative influences of Reich’s work, we gain a compelling glimpse into the career of “the most original musical thinker of our time” (New Yorker).

**Interviews with American Composers** Barney Childs 2022-01-25 In 1972-73, Barney

Childs embarked on an ambitious attempt to survey the landscape of new American concert music. He recorded freewheeling conversations with fellow composers, most of them under forty, all of them important but most not yet famous. Though unable to publish the interviews in his lifetime, Childs had gathered invaluable dialogues with the likes of Robert Ashley, Olly Wilson, Harold Budd, Christian Wolff, and others. Virginia Anderson edits the first published collection of these conversations. She pairs each interview with a contextual essay by a contemporary expert that shows how the composer's discussion with Childs fits into his life and work. Together, the interviewees cover a broad range of ideas and concerns around topics like education, notation, developments in electronic music, changing demands on performers, and tonal music. Innovative and revealing, *Interviews with American Composers* is an artistic and historical snapshot of American music at an important crossroads.

*The Treasury of Petrus Alamire* Herbert Kellman 1999-01 Petrus Alamire was a noted music scribe, spy, and courier attached to the Brussels and Mechelen courts of Philip the Fair, Margaret of Austria, and Charles V. The workshop of Alamire and his immediate predecessors produced the largest and one of the most

important groups of interrelated sources of northern Renaissance music, containing almost 700 works by some seventy composers, from Ockeghem to Pierre de la Rue. Many of the manuscripts contain elaborate decorations, the work of ateliers in Ghent and Bruges and of such superb illuminators as Simon Bening, Gerard Horenbout, the Master of the Prayerbook of 1500, and the Master of the David Scenes. The Treasury of Petrus Alamire presents the first comprehensive study of the fifty-one surviving manuscripts and ten fragments from his workshop. Eight essays discuss various aspects of the sources, such as the social and economic background, the illuminations, and the identification of the many scribal hands. An accompanying catalog gives detailed information about every source in the complex, including full-color illustrations for most.

*The Bach Cello Suites* Steven Isserlis 2021-10-05 A unique Companion to J S Bach's iconic Cello Suites from internationally-renowned cellist Steven Isserlis. 'Isserlis is the master of the material, yet always able to make it accessible . . . It is an absolute treat to be led to this sublime music by such an enthusiastic expert.' MICHAEL PALIN 'The book I've always wanted: an accessible, eloquent guide to the world's greatest - and maybe most elusive - pieces of music. And written by the man I'd want to tell me about it. This is such a delight.' DERREN BROWN Bach's six Cello Suites are among the most cherished of all the works in the classical music literature. Shrouded in mystery - they were largely unknown for some two hundred years after their composition - they have acquired a magical aura which continues to attract and fascinate audiences the world over. To cellists they represent a musical bible, to listeners, scarcely less. Through what are on the surface simple dance suites, Bach takes us on a spiritual journey like no other, leading us from joy to tragedy, concluding in jubilation, even triumph. Award-winning international cellist Steven Isserlis, whose recent recording of the Suites met with the highest critical acclaim, goes deep into that emotional journey, bringing to bear all his many years' experience of performing the Suites. His book is intended as a rewarding companion for all music lovers, ranging from the casual listener to the performing musician. By offering his own very personal observations of the music, Isserlis's aim is to take the reader further into the world of the Suites in order to enhance the experience of hearing some of the greatest works ever composed. Praise for Steven Isserlis' BACH: THE CELLO SUITES 'The most wonderful cello-playing, surely among the most consistently beautiful to have been heard in this demanding music.' GRAMOPHONE 'Isserlis has done the impossible. He has given the listener something new, and indeed something outstandingly good . . . This recording can sit proudly on the shelf alongside the great recordings of Casals and Rostropovich. In fact, I may find myself picking it up as the favourite.' BBC RADIO 3
