The AAM Guide to Provenance Research Nancy H. Yeide 2001 "The AAM Guide to Provenance Research is a much-needed contribution for scholars, professional researchers, and those who shape policy. Here in one volume is a historical overview, description of current methodology, invaluable indices, inventories, and lists of current databases-in-progress." -- Back cover.

Muslims in Britain Waqar Ahmad 2012 The management of social, religious and ethnic diversity is a key social policy concern in Britain, and Muslims in particular have become a focus of attention in recent years. This timely and topical volume examines the position of Muslims in Britain and how they are changing and making social, political and religious space. With contributions from world renowned scholars on British Muslims and from policy makers writing on issues of concern to Muslims and others alike, the book explores how British Muslims are changing social and religious spaces such as mosques and the role of women, engaging in politics, creating media and other resources, and thus developing new perspectives on Islam and transforming Muslim society from within. Chapters cover issues of religion and politics, Britishness, governance, parallel lives, gender issues, religion in civic space, ethnicity, and inter ethnic and religious relations, as well as the role of intellectuals, chaplains and activists in reforming Islam and renovating the British political landscape. Providing a broad and comprehensive examination of the key issues surrounding Muslims in the UK, this book will be a valuable resource for students, lecturers and researchers in sociology, social policy, geography, politics, Islamic studies and other related disciplines.

Plant Invaders Quentin C.B. Cronk 2014-04-08 A practical guide to the protection and management of ecosystems against invasions by non-indigenous plant species. The authors seek to offer an accessible account of the subject and how to protect natural habitats. The majority of countries suffer from invasive plants and there are case studies from North America, Europe, Australia, South and South East Asia and the Pacific and Atlantic islands. There is also a list of invasive species, with their countries of origin and regions of introduction.

Catching Up with Technology Quantum Scientific Quantum Scientific Publishing 2018-11-25 From farming to space exploration, developments in technology happen on an almost daily basis. How can anyone keep up with all of it?! "Catching Up with Technology" was written to be a very easy-to-read "crash course" in many of the different areas of technology that play a role in our daily lives. Ranging from pharmaceuticals to cloning, each topic in the book assumes that the reader has no prior background in the subject. It's time to get caught up with the wonderful, technological world that we now live in!

Golem Elvire Murail 2005 In this exciting streetwise adventure, a group of children on an inner-city council estate encounter a computer in which the characters of a new game come to life. These golems eventually help the children combat the evil owner of a multinational corporation, who, bent on world domination, is using the game to send subliminal messages. Look out for the explosive finale to the series in Golem 5: Alias...

International Criminal Law, Volume 3 International Enforcement M. Cherif Bassiouni 2008-12-31 Volume 3 addresses the direct enforcement system, namely international criminal tribunals, how they came about and how they functioned, tracing that history from the end of WWI to the ICC, including the post-WWII experiences. They address the IMT, IMTFE, ICTY, ICTR, the mixed model tribunals and the ICC. It also contains a chapter which addresses some of the problems of the direct enforcement system, namely the general, procedural, evidentiary, and sanctions parts of ICL, which is largely made of what is contained in the statutes of the tribunals mentioned above as well as the jurisprudence of the established tribunals. In addition this volume addresses national experiences with the enforcement of certain international crimes. It is divided into 4 chapters which are titled as: Chapter 1: History of International Investigations and Prosecutions (International Criminal Accountability; International Criminal Justice in Historical Perspective); Chapter 2: International Criminal Tribunals and Mixed Model Tribunals (The International Criminal Tribunal for the Former Yugoslavia; The International Criminal Tribunal for Rwanda; The Making of the International Criminal Court; Mixed Models of International Criminal Justice; Special Court for Sierra Leone; Special Tribunal for Cambodia; East Timor); Chapter 3: National Prosecutions for International Crimes (National Prosecutions for International Crimes; National Prosecutions of International Crimes: A Historical Overview; The French Experience; The Belgian Experience; The Dutch Experience; Indonesia; The U.S. War Crimes Act of 1996; Enforcing ICL Violations with Civil Remedies: The Case of the U.S. Alien Tort Claims Act); Chapter 4: Contemporary Issues in International Criminal Law Doctrine and Practice (Command Responsibility; Joint Criminal Enterprise; The Responsibility of Peacekeepers; The General Part: Judicial Developments; Ne bis in idem; Plea Bargains; Issues Pertaining to the Evidentiary Part of International Criminal Law; Penalties and Sentencing; Penalties: From Leipzig to Arusha; Victims' Rights in International Law).

The Greatest Treasure Hunt in History: The Story of the Monuments Men (Scholastic Focus) Robert M. Edsel 2019-01-29 Robert M. Edsel brings the story of his #1 NYT bestseller for adults The Monuments Men to young readers for the first time in this dynamic, narrative nonfiction project packed with photos. Robert M. Edsel, #1 New York Times bestselling author of The Monuments Men, brings this story to young readers for the first time in a sweeping, dynamic adventure detailing history's greatest treasure hunt. As the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. The Greatest Treasure Hunt in History recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis.

Droit Du Quotidien Roderick A. Macdonald 2002 The normative dilemmas facing citizens in their various roles as parents, children, neighbours, and members of small groups is explored.

Junior Theory Level 1 Joyce Ong 2011-01-01 Junior Theory Level 1 - a foundational music theory book specifically designed for children aged 4-7.

Political Memory in and After the Persian Empire Jason M. Silverman 2015-10-15 Various disciplines that deal with Achaemenid rule offer starkly different assessments of Persian kingship. While Assyriologists treat Cyrus's heirs as legitimate successors of the Babylonian kings, biblical scholars often speak of a "kingless era" in which the priesthood took over the function of the Davidic monarch. Egyptologists see their land as uniquely independently minded despite conquests, while Hellenistic scholarship tends to evaluate the interface between Hellenism and native traditions without reference to the previous two centuries of Persian rule. This volume brings together in dialogue a broad array of scholars with the goal of seeking a broader context for assessing Persian kingship through the anthropological concept of political memory.

A Dictionary of Moroccan Arabic Richard Slade Harrell 2004 A Dictionary of Moroccan Arabic presents, in a range, the core vocabulary of everyday life in Morocco - from the kitchen to the mosque, from the hardware store to the natural world of plants and animals. It contains myriad examples of usage, including formulaic phrases and idiomatic expressions. Understandable throughout the nation, it is based primarily on the standard dialect of educated Moroccans from the cities of Fez, Rabat, and Casablanca. All Arabic citations are in an English transcription, making it invaluable to English-speaking non-Arabists, travelers, and tourists - as well as being an important resource tool for students and scholars in the Arabic language-learning field.

UNCITRAL Secretariat Guide on the Convention on the Recognition and Enforcement of Foreign Arbitral Awards (New York, 1958) United Nations Publications 2017-03-31 The Guide on the New York Convention provides an insight on the application of the Convention by State courts.

Recognition and Enforcement of Foreign Arbitral Awards in Russia and Former USSR States Roman Zykov 2021-04-22 The 15 sovereign states that emerged from the dissolution of the Union of Soviet Socialist Republics (USSR) in 1991, having all adopted the New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards, today are drawing increasing attention from international law firms and global arbitral institutions. This book, compiled under the editorship of the Secretary General of the Russian Arbitration Association, is the first full-scale commentary in English on the application of the New York Convention in Russia and the other 14 former USSR states, with attention also to the various relevant national laws and procedures. A total of 71 contributors, all leading experts on arbitration and litigation in the covered jurisdictions, provide in-depth research encompassing the following approaches: article-by-article commentary on the New York Convention with emphasis on the practice of Russian state commercial (arbitrazh) courts; commentary on the relevant provisions of the Russian International Commercial Arbitration Law and the Code of Commercial Procedure; analysis of law and practice on setting aside, recognition, and enforcement of arbitral awards in all non-Russian former USSR states, state by state, written by experts in each jurisdiction; and a unique statistical study of all international commercial arbitration cases under the New York Convention conducted in Russia between 2008 and 2019, showing which grounds of the New York Convention are widely used by the Russian courts in different instances. With this detailed information, practitioners will be able to understand how judicial developments in the covered jurisdictions have impacted the enforceability of arbitral awards, and how parties can take steps to ensure that they secure enforceable awards. In addition, they will clearly discern the enforcement track record for arbitral awards in Russia and former USSR states and how each jurisdiction treats enforcement applications, greatly clarifying decisions on choices by parties and determination of seat of arbitration. Because this book makes arbitration law and procedure in

Russia and the former USSR states accessible for the first time in English – thus assisting evaluation of prospects of enforcing foreign arbitral awards in that part of the world – it will be warmly welcomed by in-house counsel, arbitrators, arbitral institutes, judges, researchers, and academics focused on international arbitration.

Vocabulary in a Second Language Paul Bogaards 2004-01-01 The eleven chapters of *Vocabulary in a Second Language* are written by the world's leading researchers in the field of vocabulary studies in second language acquisition. Each chapter presents experimental research leading to new conclusions about and insights into the selection, the learning and teaching, or the testing of vocabulary knowledge in foreign languages. This book is intended as an up-to-date overview of the important domain of the lexicon for researchers in the field of second language acquisition, teacher trainers and professional teachers of second or foreign languages.

The Copyright Pentalogy Michael Geist 2013-04-27 In the summer of 2012, the Supreme Court of Canada issued rulings on five copyright cases in a single day. The cases represent a seismic shift in Canadian copyright law, with the Court providing an unequivocal affirmation that copyright exceptions such as fair dealing should be treated as users' rights, while emphasizing the need for a technology neutral approach to copyright law. The Court's decisions, which were quickly dubbed the "copyright pentalogy," included no fees for song previews on services such as iTunes, no additional payment for music included in downloaded video games, and that copying materials for instructional purposes may qualify as fair dealing. The Canadian copyright community soon looked beyond the cases and their litigants and began to debate the larger implications of the decisions. Several issues quickly emerged. This book represents an effort by some of Canada's leading copyright scholars to begin the process of examining the long-term implications of the copyright pentalogy. The diversity of contributors ensures an equally diverse view on these five cases, contributions are grouped into five parts. Part 1 features three chapters on the standard of review in the courts. Part 2 examines the fair dealing implications of the copyright pentalogy, with five chapters on the evolution of fair dealing and its likely interpretation in the years ahead. Part 3 contains two chapters on technological neutrality, which the Court established as a foundational principle of copyright law. The scope of copyright is assessed in Part 4 with two chapters that canvas the exclusive rights under the copyright and the establishment of new "right" associated with user-generated content. Part 5 features two chapters on copyright collective management and its future in the aftermath of the Court's decisions. This volume represents the first comprehensive scholarly analysis of the five rulings. Edited by Professor Michael Geist, the Canada Research Chair in Internet and E-commerce Law at the University of Ottawa, the volume includes contributions from experts across Canada. This indispensable volume identifies the key aspects of the Court's decisions and considers the implications for the future of copyright law in Canada.

Memoirs of a Breton Peasant Jean-Marie Déguignet 2011-10-18 A fascinating document of an extraordinary life, *Memoirs of A Breton Peasant* reads with the liveliness of a novel and bristles with the vigor of an opinionated autodidact from the very lowest level of peasant society. Brittany during the nineteenth century was a place seemingly frozen in the Middle Ages, backwards by most French standards; formal education among rural society was either unavailable or dismissed as unnecessary, while the church and local myth defined most people's reasoning and motivation. Jean-Marie Déguignet is unique not only as a literate Breton peasant, but in his skepticism for the church, his interest in science, astronomy and languages, and for his keen—often caustic—observations of the world and people around him. Born into rural poverty in 1834, Déguignet escapes Brittany by joining the French Army in 1854, and over the next fourteen years he fights in the Crimean war, attends Napoleon III's coronation ceremonies, supports Italy's liberation struggle, and defends the hapless French puppet emperor Maximilian in

Mexico. He teaches himself Latin, French, Italian and Spanish and reads extensively on history, philosophy, politics, and literature. He returns home to live as a farmer and tobacco-seller, eventually falling back into dire poverty. Throughout the tale, Deguignet's freethinking, almost anarchic views put him ahead of his time and often (sadly, for him) out of step with his contemporaries. Déguignet's voluminous journals (nearly 4,000 pages in total) were discovered in a farmhouse in Brittany a century after they were written. This narrative was drawn from them and became a surprise bestseller when published in France in 1998.

Principles of Venous Hemodynamics Paolo Zamboni 2009-01-01 Treatment of varicose veins based on hemodynamic considerations and especially the CHIVA concept have influenced phlebology for more than a decade. These ideas are not historical but are also a part of new treatment concepts including sclerotherapy and modified surgical procedures. Pre-treatment duplex investigation has become the gold standard. Today, more than ever before, there is a lively discussion and a lot of controversies on how to treat varicose veins best. In the moment there is no definite answer to this question based on published prospective comparative studies. Many questions still remain open and hopefully may be answered in the near future. In these discussions hemodynamic based treatment is always an issue. The chapters of this book are not only well illustrated with excellent color pictures but also based on the actual literature. This book is a mandatory reading for every phlebologist, may she or he be performing CHIVA treatment or not. It is the basis for a better understanding of this concept and for fruitful discussions on the best way of treating varicose veins in the future.

The Oxford Handbook of Financial Regulation Niamh Moloney 2015-08-27 The financial system and its regulation have undergone exponential growth and dramatic reform over the last thirty years. This period has witnessed major developments in the nature and intensity of financial markets, as well as repeated cycles of regulatory reform and development, often linked to crisis conditions. The recent financial crisis

has led to unparalleled interest in financial regulation from policymakers, economists, legal practitioners, and the academic community, and has prompted large-scale regulatory reform. The Oxford Handbook of Financial Regulation is the first comprehensive, authoritative, and state of the art account of the nature of financial regulation. Written by an international team of leading scholars in the field, it takes a contextual and comparative approach to examine scholarly, policy, and regulatory developments in the past three decades. The first three parts of the Handbook address the underpinning horizontal themes which arise in financial regulation: financial systems and regulation; the organization of financial system regulation, including regional examples from the EU and the US; and the delivery of outcomes and regulatory techniques. The final three Parts address the perennial objectives of financial regulation, widely regarded as the anchors of financial regulation internationally: financial stability, market efficiency, integrity, and transparency; and consumer protection. The Oxford Handbook of Financial Regulation is an invaluable resource for scholars and students of financial regulation, economists, policy-makers and regulators.

Egypt as it is James Carlile McCoan 1877

Evolution of Fungi and Fungal-Like Organisms Stefanie Pöggeler 2011-07-28 Based on sequence analyses of many different genes, the past decade has provided us with a profound knowledge of fungal systematics and phylogeny. In addition, a number of sequences of complete fungal genomes have been identified and several others will soon follow. In this volume, leading experts address questions concerning the origin of the fungal kingdom and fungal evolution at a level of analytical refinement that has never been possible before. The following major aspects are highlighted: evolutionary roots of fungi; evolution of signaling in fungi and fungal-like organisms; evolution of mutualistic systems and metabolism in fungi; and evolutionary mechanisms and trends.

The Biology of Marine Fungi Maurice O Moss 1986-10-23 This definitive account of the biology of both lower and higher marine and estuarine fungi reflects the recent growth of interest in these fascinating plants. The four main themes - ecology, taxonomy, physiology and industrial and applied biotechnology - are each covered by contributors of international repute.

Flying Creatures of Fra Angelico Antonio Tabucchi 2012-10-16 Hypochondria, insomnia, restlessness, and yearning are the lame muses of these brief pages. I would have liked to call them Extravaganzas . . . because many of them wander about in a strange outside that has no inside, like drifting splinters. . . . Alien to any orbit, I have the impression they navigate in familiar spaces whose geometry nevertheless remains a mystery; let's say domestic thickets: the interstitial zones of our daily having to be, or bumps on the surface of existence . . . In them, in the form of quasi-stories, are the murmurings and mutterings that have accompanied and still accompany me: outbursts, moods, little ecstasies, real or presumed emotions, grudges, and regrets. —Antonio Tabucchi on *The Flying Creatures of Fra Angelico* From the Trade Paperback edition.

Take Me to Your Sponsor AA Grapevine 2019-04-24 This book contains some of the best cartoons of the

last few years from the pages of Grapevine magazine, dealing with meetings, sponsorship, dating and marriage, character defects and more

Prospectus Regulation and Prospectus Liability Danny Busch 2020-01-22 This new work provides integrated analysis of and guidance on the Prospectus Regulation 2017, civil liability for a misleading prospectus, and securities litigation in a European context. The prospectus rules are one of the cornerstones of the EU Capital Markets Union and analysis of this aspect of harmonisation, the areas not covered by the rules, and the impact of Brexit, provides valuable reference for all advising and researching this field. The first section serves as an introduction to the volume with relevant context. Part two discusses the subjects of Prospectus Regulation from both a legal and economic perspective. Each chapter within part two focuses on a key subject of the new Prospectus Regulation, providing an in-depth analysis of each issue. Part III of the work explains the domestic law on liability for a misleading prospectus, this issue being omitted from the Regulation. The law and practice in each of the key capital markets centres in Europe is analysed and compared, with the UK chapter covering the issues and possible solutions under Brexit. In the chapter on securities litigation there is full consideration of conflicts of laws issues with reference to the Brussels I regulation, and the Rome I and II Regulations. The fifth and final section looks to the future of disclosure practices in connection with securities offerings in the EU. The editors evaluate their key findings in a succinct summary to inform and enlighten the reader.

International Criminal Law M. Cherif Bassiouni 2008 Volume 3 addresses the direct enforcement system, namely international criminal tribunals, how they came about and how they functioned, tracing that history from the end of WWI to the ICC, including the post-WWII experiences. They address the IMT, IMTFE, ICTY, ICTR, the mixed model tribunals and the ICC. It also contains a chapter which addresses some of the problems of the direct enforcement system, namely the general, procedural, evidentiary, and sanctions parts of ICL, which is largely made of what is contained in the statutes of the tribunals mentioned above as well as the jurisprudence of the established tribunals. In addition this volume addresses national experiences with the enforcement of certain international crimes. It is divided into 4 chapters which are titled as: Chapter 1: History of International Investigations and Prosecutions (International Criminal Accountability; International Criminal Justice in Historical Perspective); Chapter 2: International Criminal Tribunals and Mixed Model Tribunals (The International Criminal Tribunal for the Former Yugoslavia; The International Criminal Tribunal for Rwanda; The Making of the International Criminal Court; Mixed Models of International Criminal Justice; Special Court for Sierra Leone; Special Tribunal for Cambodia; East Timor); Chapter 3: National Prosecutions for International Crimes (National Prosecutions for International Crimes; National Prosecutions of International Crimes: A Historical Overview; The French Experience; The Belgian Experience; The Dutch Experience; Indonesia; The U.S. War Crimes Act of 1996; Enforcing ICL Violations with Civil Remedies: The Case of the U.S. Alien Tort Claims Act); Chapter 4: Contemporary Issues in International Criminal Law Doctrine and Practice (Command Responsibility; Joint Criminal Enterprise; The Responsibility of Peacekeepers; The General Part: Judicial Developments; Ne bis in idem; Plea Bargains; Issues Pertaining to the Evidentiary Part of International Criminal Law; Penalties and Sentencing; Penalties: From Leipzig to Arusha; Victims' (TM) Rights in International Law).

Another Night, Another Day Sarah Rayner 2014-12-23 Three people, each crying out for help. There's Karen, about to lose her father; Abby, whose son has autism and needs constant care, and Michael, a family man on the verge of bankruptcy. As each sinks under the strain, they're brought together at Moreland's Clinic. Here, behind closed doors, they reveal their deepest secrets, confront and console one another, and share plenty of laughs. But how will they cope when a new crisis strikes? From the international bestselling author, Sarah Rayner, *Another Night, Another Day* is the emotional story of a

group of strangers who come together to heal, creating lifelong friendships along the way.

Law and the Technologies of the Twenty-First Century Roger Brownsword 2012-06-14 A clear and comprehensive introduction for students studying key regulatory challenges posed by technologies in the twenty-first century. Co-authored by a leading scholar in the field with a new scholar to the area, it combines comprehensive knowledge with a fresh perspective. Essential reading for students of law and technology.

5 Language Visual Dictionary Dorling Kindersley Publishing, Inc 2003 Labeled drawings provide a wide range of everyday terms from the telephone to human anatomy in English, French, German, Italian, and Spanish.

Mean Girls Lindsay Lohan 2004 When a young girl who has lived in Africa and been home-schooled moves to New York, she must enter a public high school. Survival of the fittest takes on a whole new meaning when she falls for the ex-boyfriend of the most popular girl in school.

Freshwater Fungi E. B. Gareth Jones 2014-08-27 The available literature on freshwater fungi is limited. Over the subsequent years a considerable volume of scientific papers have appeared scattered throughout numerous journals. There is therefore no recent synthesis of the subject and this is the objective of the proposed book. Freshwater habitats are rich in fungi with some 3,000 described species, most of papers focussing on their identification, substrata they grow on and world distribution. However, these fungi play an important role in the freshwater ecosystem, and are primarily involved in the breakdown of leaf litter contributing food for detritus feeders. Our book will bring together a wide range of acclaimed mycologists to review recent developments on the biology and ecology of freshwater fungi, particularly their molecular phylogeny, biodiversity, causative diseases of freshwater amphibians, fishes and invertebrate animals, decomposition of leaf litter, stream pollution and their potential role in bioremediation.

Dreams of Dreams and the Last Three Days of Fernando Pessoa Antonio Tabucchi 1999 "The Last Three Days of Fernando Pessoa finds the poet on his deathbed, where he is visited by his heteronyms, the poets he invented, whose poetry and voices invented him. Antonio Tabucchi, scholar and Italian translator of Pessoa's work, here pronounces a farewell to a man who was several of the greatest writers of the twentieth century."--BOOK JACKET.

Beyond Boycotts Philippe Vonnard 2017-12-18 Sport during Cold War has recently begun to be studied in more depth. Some scholars have edited a book about the US and Soviet sport diplomacy and show how the government of these two countries have used sport during this period, notably as a tool of "soft power" during the Olympic games. Our goal is to continue in this direction and to focus more on the sport field as a place of exchanges during the Cold War. Regarding this point, our aim is to show that there were events "beyond boycotts" many and that unknown connections existed inside sport. Moreover, many actors were involved in these exchanges. Thus, it is important not only to focus on the action of States, but also on private actors (international sporting bodies and journalists), considering that they acted around sport (an "apolitic" field) as it was tool to maintain links between the two blocs. Our project offers a good opportunity for young scholars to present original research based on new materials (notably the use of institutional or personal archives). Moreover, it is also a step forward with a view to conduct research within a global history paradigm, one that is still underused in sport academic fields.
