The Millionaire Fastlane MJ DeMarco 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Zero Frequency Mabel Katz 2020-05 We are living in a time when many people are feeling the weight of the world on their shoulders, in the form of global and personal stress--financial challenges, illness, loneliness, depression, and lack of purpose. "Zero Frequency", by Mabel Katz, is an illuminating book that offers all struggling citizens of this planet a path out of turmoil and towards a life of happiness, peace, and abundance. As a lifelong practitioner and leading authority on Ho'oponopono, the ancient Hawaiian art of problem-solving, Mabel Katz's new book presents wisdom in a more practical and modern way--one that simultaneously speaks to the mind and heart, while also cutting through many of the mind traps and illusions that prevent us from experiencing truth. In this book, you will come to understand that "Zero Frequency" is a direct pipeline back to who we are--to our true essence. "Zero Frequency" is also a suspension of mind and thought that would allow us to return to the fullness of the Present Moment. Mabel calls this a return to our natural state of Zero--the limitless state that comes when we live in the Now--present, conscious, free of judgment--allowing our hearts to open to the wisdom that already lives within each of us. This book will lay down a concrete path to help its readers wake up and realize their potential. It is a book that is written with the unwavering belief that the more we help (and heal) ourselves, the more we help (and heal) the planet. Living from who we are is at the core of "Zero Frequency", a combination of gratitude, letting go, and practicing peace. "Zero Frequency" is like returning to our childhood, and the joy and innocence we have lost as time and age have buried who we are. Rediscovering this part of ourselves--our true self--is the pathway back to opening our hearts to abundance, peace, and joy. It is where all the answers to life's problems will be found. It is the heart and soul of "Zero Frequency".--Publisher.

Piensa y sé un genio Raimon Samsó 2020-08-05 Piensa y sé un genio Aprenderás el secreto para crear nuevas realidades en tu vida. Adicionalmente aprenderás a resolver problemas de una forma creativa. Como habrás apreciado, la propuesta de este ebook es de siete acciones. Esta palabra, "acciones", es muy importante y espero que ya hayas descubierto que, en la vida, no importa lo que sabes, sino lo que haces. El poder está en la acción, es decir en lo que haces con lo que sabes. Solamente un 5% de los lectores de un libro sacan provecho de su lectura, y es porque solo el 5% aplica a la práctica lo que ha aprendido. Lo que es más, si la información no se aplica enseguida, antes de tres semanas, se olvida; pues ese es el plazo de tiempo en que la mente borra lo que no se le pide que practique. Este ebook consigues: 1. pensar como un genio: ser más creativo e intuitivo 2. resolver tus problemas con varias estrategias de problem solving Te darás cuenta que los problemas no están en el mundo, sino que se crean en la mente de quien los "sufre". Lee este ebook varias veces, comprobarás cómo, en cada ocasión, descubres algo nuevo que antes habías pasado por alto. Si estás listo, pon toda tu atención porque lo que sigue es la clase de conocimiento que, cuando se expresa en acción, cambia vidas. Activa en tu beneficio el mayor recurso que posees: tu mente

It's Not Luck Eliyahu M. Goldratt 2017-09-29 There has been a shift of policy at board level. Cash is needed and Alex Rogo's companies are to be put on the block. Alex faces a cruel dilemma. If he successfully completes the turnaround of his companies they can be sold for the maximum return: if he fails they will be closed down. Either way Alex and his team will be out of work. It looks like lose-lose, both for Alex and for his team. And as if he doesn't have enough to deal with, his two children have become teenagers. As Alex grapples with problems at work and at home, we begin to understand the full scope of Eli Goldratt's

powerful techniques. It's Not Luck reveals more of the Thinking Process-techniques that consistently produce win-win solutions to seemingly impossible problems.

The Power of Intention, Gift Edition Wayne W. Dyer, Dr. 2010-10-01 Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This beautiful gift edition of Wayne's international bestseller explores intention—not as something we do—but as an energy we're a part of. We're all intended here through the invisible power of intention—a magnificent field of energy we can access to begin co-creating our lives! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Wayne identifies the attributes of the all-creating universal mind of intention as kind, loving, beautiful, expanding, endlessly abundant, and receptive, emphasizing the importance of emulating this source of creativity. In Part II, he offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Wayne's vision of an individual connected at all times to the universal mind of intention. "Intention is a force in the universe, and everything and everyone is connected to this invisible force."

Miracles of Our Lady Gonzalo de Berceo 2021-12-15 Miracle tales, in which people are rewarded for piety or punished for sin through the intervention of the Virgin Mary, were a popular literary form all through the Middle Ages. Milagros de Nuestra Señora, a collection of such stories by the Spanish secular priest Gonzalo de Berceo, is a premier example of this genre; it is also regarded as one of the four most important texts of medieval Spain. Difficulties in translating this work have made it unavailable in English except in fragments; now Spanish-language scholars Richard Terry Mount and Annette Grant Cash have made the entire work accessible to English readers for the first time. Berceo's miracle tales use the verse form *cuaderna via* (fourfold way) of fully rhymed quatrains—which Berceo may even have invented—and are told in the language of the common man. They were written to be read aloud, most likely to an audience of pilgrims, and are an outstanding example of oral religious narrative. The total work comprises twenty-five miracles, preceded by a renowned Introduction that celebrates the Virgin in rich symbolic allegory. Mount and Cash's translation is highly readable, yet it retains the original meaning and captures Berceo's colloquial style and medieval nuances. An introduction placing the miracles in their medieval context and a bibliography complement the text.

Th Power of Discipline Raimon Samsó 2019-12-22 THERE ARE MANY SECRETS FOR SUCCESS, AND THIS ONE IS THE MOST EFFECTIVE Imagine creating a habit that builds the ideal life and that, at the same time, is the origin of all the good habits you wish for yourself. Exponential Organizations Salim Ismail 2014-10-14 Frost & Sullivan's 2014 Growth, Innovation, and Leadership Book of the Year "EXPONENTIAL ORGANIZATIONS should be required reading for anyone interested in the ways exponential technologies are reinventing best practices in business." —Ray Kurzweil, Director of Engineering at Google In business, performance is key. In performance, how you organize can be the key to growth. In the past

five years, the business world has seen the birth of a new breed of company—the Exponential Organization—that has revolutionized how a company can accelerate its growth by using technology. An ExO can eliminate the incremental, linear way traditional companies get bigger, leveraging assets like community, big data, algorithms, and new technology into achieving performance benchmarks ten times better than its peers. Three luminaries of the business world—Salim Ismail, Yuri van Geest, and Mike Malone—have researched this phenomenon and documented ten characteristics of Exponential Organizations. Here, in *EXPONENTIAL ORGANIZATIONS*, they walk the reader through how any company, from a startup to a multi-national, can become an ExO, streamline its performance, and grow to the next level. "EXPONENTIAL ORGANIZATIONS is the most pivotal book in its class. Salim examines the future of organizations and offers readers his insights on the concept of Exponential Organizations, because he himself embodies the strategy, structure, culture, processes, and systems of this new breed of company." —John Hagel, The Center for the Edge Chosen by Benjamin Netanyahu, Prime Minister of Israel, to be one of Bloomberg's Best Books of 2015

Coaching for Daily Miracles Raimon Samsó 2019-06-29 The e-book for people who want to help people and achieve financial freedom, at the same time. Are you coach or therapist and you do not earn a good living? This e-book will help you multiply your income and really help others. Do your customers sometimes overflow you with their problems? This e-book will help you to truly help your clients or patients. ¿How to be a coach? Get more customers, how to have a success consulting business, create a free lifestyle and become the reference in your coaching market. And achieve financial freedom. For purposes of this e-book, I will use the term "coach" to refer to all those people who help others. While personal coaches have different methods of working with clients and their specific roles may vary from one client to the next, this term will be used universally for the sake of simplicity. This e-book fully describes the proven techniques that people like you can use to help other people: coaches, social workers, educators, consultants, therapists and psychotherapists, counselors, mentors, support professionals, and trainers. It is an e-book that will make you more effective in helping and serving others. In this e-book, I share what I have learned in the past seven years from my coaching practice with clients, none of which was taught to me by the schools I attended all my life. Although I am not a therapist or consultant, I wrote this guide because it can serve as a useful and practical manual for people who care about others and who desire to help them.

Developing the Leader Within You John C. Maxwell 2005-08-20 *Developing the Leader Within You* is Dr. Maxwell's first and most enduring leadership book, having sold more than one million copies. In this Christian Leaders Series edition of this Maxwell classic, you will discover the biblical foundation for leadership that John Maxwell has used as a pastor and business leader for more than forty years. These same principles and practices are available for everyday leaders in every walk of life. It is a lofty calling to lead a group—a family, a church, a nonprofit, a business—and the timeless principles in this book will bring positive change in your life and in the lives of those around you. You will learn: The True Definition of Leader. "Leadership is influence. That's it. Nothing more; nothing less." The Traits of Leadership. "Leadership is not an exclusive club for those who were 'born with it.' The traits that are the raw materials of leadership can be acquired. Link them up with desire, and nothing can keep you from becoming a leader." The Difference Between Management and Leadership. "Making sure the work is done by others is the accomplishment of a manager.

Inspiring others to do better work is the accomplishment of a leader.” God has called every believer to influence others, to be salt and light. Developing the Leader Within You will equip you to improve your leadership and inspire others.

This Is Marketing Seth Godin 2018-11-13 #1 Wall Street Journal Bestseller Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

NeuroWisdom Mark Robert Waldman 2017-01-31 Perfect for readers of *How God Changes Your Brain*, two researchers present over thirty brain exercises to help readers generate happiness and success, in business and in life. "This remarkable book translates state-of-the-art neuroscience into practical techniques that rapidly promote personal transformation. If you want to double your happiness and your income, start using these powerful brain-changing exercises today!" —John Assaraf, New York Times bestselling author and CEO of NeuroGym Adapted from a business school course they created for professionals, bestselling author Mark Waldman and Chris Manning present simple brain exercises, based on the latest neuroscience research, to guide readers to improvement in all parts of life, from work to home, from how we think to how we feel. Their promise is to help people create more

"wealth" in their lives, defined as the combination of money, happiness, and success. Using the latest research studied by two experts in their field, the book presents both the scientific background and sets of "NeuroWisdom" exercises that will help people reduce neurological stress and increase happiness, motivation, and productivity. The "worry" centers of the brain are turned off and the optimism circuits are turned on. Work becomes more pleasurable and creativity is increased, enabling the brain to anticipate and solve problems more efficiently. From the cutting edge of brain science to real-world solutions, these exercises help readers gain the wisdom that leads to greater fulfillment.

Think and Grow Rich Napoleon Hill 2020-10-12 Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

The Manifestation Code: 12 Powers to Make Your Wishes Come True Raimon Samso 2019-02-17 This set of principles -as I have ordered and systematized them- they make up "The Manifestation Code" and they are a spiritual technology to make the invisible visible. Although the concepts on which I have based the "12 powers" may seem like a commonplace to you, or you think you already know them, I will provide you with a new meaning for those concepts, please let yourself be surprised. What you are going to read next is not new, but it has been forgotten. In the distant future, it will be a no-brainer. This is my vision of the future: in a few thousand years, the illiterates will be those people incapable of designing their life at their choice. Spiritually enlightened people, the majority, will align their intention with their manifestations and only those who have fallen behind, the minority, in their spiritual development, will suffer an unelected destiny.

Upside Down Eduardo Galeano 2014-05-13 From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable Memory of Fire Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in Upside Down, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, Upside Down makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page
