Always suppressing their own desires for the good of Rome, each must fulfill her role. For astute Livia, this means unwavering fidelity to her all-powerful husband; for sensual Julia, surrender to an arranged marriage and denial of her craving for love and the pleasures of the flesh; for orphaned Selene, choosing between loyalty to her family's killers and her wish for revenge. **Hellen Van Meene** Hellen van Meene 2015 Over the last 20 years, Hellen van Meene has produced a complex body of work, offering a contemporary take on photographic portraiture. Characterized by her exquisite use of light, formal elegance and palpable psychological tension, her depictions of girls and boys on the cusp of adulthood demonstrate a clear aesthetic lineage to seventeenth-century Dutch painting. Van Meene captures the intimacy in the photographer-subject relationship, bringing out a sense of honesty and vulnerability from within her models and highlighting the beauty of imperfection. She carefully poses her subjects in their environments to emphasize their fragility, adding a palpable tension to the photographs. At the same time, she captures them at deeper, more introspective moments—masterfully moving between the staged nature of the portraits and the real experiences of her subjects. The combination of van Meene's instinctive understanding of the universality of adolescent experience and the highly intimate collaboration between photographer and model makes for powerful portraits that resonate long after viewing. This book brings together more than 250 images, for the most comprehensive presentation of the artist's work to date. Hellen van Meene (born 1972) studied photography at the Gerrit Rietveld Academie, Amsterdam. Her work has been exhibited internationally and is in the collections of major museums around the world, including the Guggenheim Museum, New York; The Art Institute of Chicago; Brooklyn Museum; Museum of Contemporary Art, Los Angeles; and San Francisco Museum of Modern Art. This is her fifth monograph, the others include "Portraits" (Aperture, 2004) "Japan Series," "New Work" and "Tout va disparaître."

**Henry Miller, the Last Days** Barbara Kraft 2016-05-15 It could be argued that it was mere chance that drew Barbara Kraft, a young aspiring writer, into friendship with each party of one of literature's most famous love affairs: Anais Nin, and then Henry Miller; yet, upon reflection, it seems it was meant to be. In

1974 Kraft signed up for a writing course with Nin only months before the discovery of the cancer that would end the famous diarist's life two years later, and Kraft would prove to be a faithful and dependable friend and companion until the end. During this time, Kraft kept a diary detailing the events of her relationship with Nin, which would become the heart of her acclaimed memoir *Anais Nin: The Last Days*. Only months after Nin's death, Kraft attended a "Q & A" talk by Henry Miller and, inspired by his dynamism, did a "crash" rereading of much of his work. This rediscovery led to Kraft writing and reading "An Open Letter to Henry Miller" on an NPR station, which Miller eventually heard and admired. Wanting to meet Kraft, Miller invited her to cook dinner for him, and, of course, to engage in a long and interesting talk with him, a habit Miller developed during his destitute days in 1930s Paris when he made sure he was invited for lunch and dinner in exchange for good conversation each day of the week. While no longer destitute, and in failing health, the ritual of dinner and conversation kept on until the very end. Kraft became one of Miller's sixteen regular cooks, and she developed not only a comradeship with him, but a mutually nurturing friendship for the last two years of his life. This memoir is an inside look at the chaos that ruled the famous house on Ocampo Drive in Pacific Palisades, the long stream of people who lived or crashed there, the revolving door of seekers, celebrities, scholars and filmmakers, and how Miller maintained a fulfilling and creative life in the midst of all the commotion. We see the dynamics of Miller's relationships with his family, his young love interest and those who professed to care for him as his health declined. We discover how some sought to exploit him and how others rose to the occasion when he needed help. It is a highly personal story in which Kraft captures Miller's conversations so perfectly that one can imagine his voice uttering the words. *Henry Miller: The Last Days* is a celebration of Miller's indomitable spirit as his body failed him, his rebellion against old age, his refusal to give in, his never-ending submission to the creative urge, his battle to preserve his right to dinner, wine and talk even if it meant superhuman effort. It is the story of how one of America's most celebrated writers could have died alone in a house full of strangers. After absorbing Barbara Kraft's sensitive and yet bold narrative, one cannot help but have even more respect for Henry Miller's courage and humility, and rejoice in his final triumph."

**Henrietta's Own Castle** Betty Neels 2012-03-06 When she decides to live in the house she inherited, which is in a quaint Dutch village, Henrietta falls in love with her new surroundings, with the exception of Marnix van Hessel, the self-proclaimed "lord of the manor." Reissue.

Elisa Carbone imagines what it was like for two boys on that ship: waking up in the middle of the night, waves crashing over the side, the storm too big to lower the lifeboats. **Heimlich's Maneuvers** Henry J. Heimlich 2014-02-11 Here, in his own words, is the story of one of the twentieth century's most creative medical innovators, Dr. Henry Heimlich. The thoracic surgeon is best known for having developed the Heimlich Maneuver, the world's easiest-to-learn and most universally known method to save people from choking to death on food or foreign objects. But many don't know about Dr. Heimlich's other life-saving inventions. He is the inventor of the Heimlich Chest Drain Valve, which saved thousands of lives during the Vietnam War, and the Heimlich MicroTrach, which provides a remarkably efficient way for people to take oxygen. In the present decade, Dr. Heimlich has turned his attention to two devastating illnesses for which medicine has not yet found a cure--cancer and HIV. He describes his research and its promise, as well as the controversy and resistance his new ideas have generated from the medical establishment. Interweaving the author's personal life with riveting stories of his numerous medical breakthroughs, this rich memoir provides insights into the workings of a creative mind and the machinations of the American medical system.

**Hermeneutic Desire and Critical Rewriting** M. Cornis-Pope 1991-12-01 Starting from a comprehensive examination of current poststructuralist and sociosemiotic theories of narrative, this book formulates an interactive model of literary interpretation and pedagogy emphasising process, critical self-awareness and strategies of rereading/rewriting. A literary pedagogy premised on the concept of 'rewriting', the author argues, will enable readers to experience the process of narrative and critical construction creatively.

*Essay on Gardening* Henk Gerritsen 2010 Exhibition Going Dutch in the London Garden Museum, 5 October - 20 February 2011 Henk Gerritsen started designing the Dutch Priona gardens in 1978. He is internationally well-known as the writer of the first Piet Oudolf books and as a designer of gardens in several countries. One of his best projects was a complete renovation of the organic gardens at Waltham Place, near London. *Essay on gardening* however is not a game between well-matched opponents. Nature is much more powerful than man. Thinking ahead is not sufficient; nature is an unpredictable opponent, who may come forward with moves that no man could have foreseen.

**Henry Wade's Tough Justice** Edward Gray 2010-11 Charles Chatman believed he would die in a Texas prison. He was sent there at age 21, convicted of raping a 52 year old white woman in his neighborhood, and sentenced to 99 years. The victim had picked his picture out of a line-up and the jury had ignored the testimony of his witnesses, that he was at work when the rape occurred. His court-appointed attorney made feeble efforts to defend him. He had served 27 years when Michelle Moore, a public defender working with the Innocence Project of Texas arranged a DNA test which proved him innocent, and District Judge John Creuzot ordered him released from prison. Richard Miles was more fortunate. After he had served 14 years of a 40 year sentence for murder, investigators for Centurion Ministries discovered police reports which had been hidden from him and his attorney, Ed Gray. A new trial was ordered, then the sole witness who had identified Miles recanted his testimony and claimed that he had been instructed to lie by a Dallas prosecutor. Over 250 prisoners in the U.S. have been exonerated in the last 20 years, some on death row and others serving long sentences. DNA testing has freed the majority, proof of false identification and misconduct by police and prosecutors the others. Dallas County, with one percent of the U.S. population, has accounted for 25 wrongful convictions, ten percent of the total. Henry Wade, Dallas County District Attorney for 32 years, ran the most aggressive and successful prosecutor's office in the country. Ed Gray, as Assistant District Attorney and criminal defense attorney had a ringside seat to the Henry Wade era. In these pages he explains how some of the innocent were convicted. **TOUGH JUSTICE** is the first book which attempts to portray the career and the history of Henry Wade, the most famous prosecutor in the history of Texas and perhaps the United States. After graduating from the University of Texas Business School and Southern Methodist University School of Law, Ed Gray was a civil law firm associate when he was appointed to represent an indigent defendant in Dallas District Court in 1969. In his first trial, Ed won a Not Guilty verdict and a job offer from District Attorney Henry Wade. He was quickly promoted to Felony Court, where he led the Dallas D. A.'s office in trials and convictions for the next four years. He was lead counsel in 15 murder trials, 13 attempted murder and aggravated assault trials, 8 rape trials, and 49 robbery trials resulting in sentences as high as death and 1200 years and only one Not Guilty verdict. Ed Gray has been a board certified criminal defense attorney since 1975, and has tried 525 criminal jury trials in state and federal courts.

Toten erwachen - Ein dramatischer Epilog" ist der Titel eines 3-aktigen Dramas des norwegischen Schriftstellers und Dramatikers Henrik Ibsen. Es ist sein letztes Drama vor seinem Tod 1906. Zur Handlung: Professor Rubek und Frau Maja sitzen im Park eines Badehotels. Sie sind nach vier Jahren in die Heimat zurückgekehrt, fühlen sich dort jedoch nicht mehr wohl. Das Werk, das dem Bildhauer Rubek weltweit zu Ruhm verholfen hat, ist "Die Auferstehung," verkörpert von einer jungen Frau, die aus dem Todesschlaf erwacht. Maja erinnert Rubek an sein Versprechen, sie auf einen Berg mitzunehmen, um ihr die Herrlichkeiten der Welt zu zeigen, was er jedoch nie verwirklicht hat. Der Inspektor kommt hinzu. Rubek erzählt ihm, dass er letzte Nacht eine helle Gestalt gefolgt von einem dunklen Schatten gesehen habe... Henrik Ibsen (1828-1906) war ein norwegischer Dramatiker und Lyriker, der gegen die Moral und "Lebenslüge" seiner Zeit zu Felde zog und im "Kampf der Geschlechter" im Gegensatz zu August Strindberg den Standpunkt der Frau vertrat. Seine bürgerlichen Dramen zeigten ethischen Ernst und großes psychologisches Einfühlungsvermögen.
