Drogadictos Colectivo, 2019-03-13 ¿Crees que sabes todo sobre las drogas? Dicen que existen pruebas de que el ser humano fue usuario de plantas con propiedades psicoactivas incluso antes de la formación de las primeras civilizaciones, como el opio extraído de la adormidera. Desde los asirios, consumimos drogas, con excusas religiosas, rituales, medicinales, por hábitos y costumbres, por distracción, equivocación, por hedonismo. Las más consumidas en nuestro planeta son el azúcar, el alcohol, la nicotina y la cafeína, legales en la mayoría de países, luego las sustancias ilegales derivadas de opiáceos y anfetaminas. La droga es underground, es tabú desde su comercialización en el siglo xx. El experimento de su prohibición es un fracaso que origina el poder de mafias que trafican con sustancias prohibidas, sean cuales sean. El crimen organizado controla el mercado de las drogas ilegales que a día de hoy genera una riqueza del 2% del PIB mundial, unos 600 000 millones de euros. ¿Y cuánto dinero es esto? ¿Alguien lo sabe? Cualquier política en cualquier país del mundo que haya intentado frenar o luchar contra este mercado ilegal ha fracasado. Todas las drogas causan, en mayor o menor medida, adicción y efectos secundarios y son buscadas por mujeres, hombres y animales por la sencilla razón de que proporcionan placer. Consumimos drogas para encontrarnos bien, mejor o para no sentirnos mal. Esto quiere decir que el mundo está lleno de DROGADICTOS, personas que dependemos física o psíquicamente de una sustancia debido al consumo reiterado de la misma. ¿Te incomoda la primera persona del plural? ¿Tu caso es excepcional? No pasa nada, puedes leer estas últimas líneas en tercera del plural. Si hay que poner las drogas en relación con los libros, tenemos un sinfín de literatura y de autores recubiertos de su aura, bien, sí, hablemos de Baudelaire y de Aldous Huxley, pero sería un irrespetuoso olvido, en el ámbito hispanoparlante, no hablar de la Historia general de las drogas de Escotado, para muchos, personaje impertinente y molesto, y, para muchos también, gurú del cultivo del libre pensamiento y de la independencia de criterio, la que suponen los escritores a la hora de plasmar su obra. No se trata aquí de hacer un repaso de las conexiones entre el proceso creativo y el uso de productos psicoactivos. Que cada cual desencadene su creatividad o su locura como bien entienda. Quizá podríamos decir que en esta reunión de magníficos escritores que os proponemos, cada uno representa literariamente las drogas o las

consecuencias de su uso a través de sus palabras. La bandeja está servida, creemos que hay para todos, convencidos como estamos de que la aspirina y el espidifen son el caviar y el champán de cada mañana. Una docena de cuentos para descubrir las drogas sobre un ojo literario pero también el proceso creativo conexo con los efectos de las drogas. EXTRACTO De Cocaína. El pericazo sarmiento (Selfie con la cocaína) Fragmento «Nunca me di cuenta en qué momento la merca me dejó de provocar placer», se lamenta Gustavo Escanlar en el texto «Mis vidas como ex». Es un pensamiento que muerde con frecuencia a los adictos. El cocainómano jamás se cuestiona por qué continua metiéndose si ya no la disfruta. Reniega de su relación con la droga. Pero no renuncia a ella. Cualquiera que haya tocado fondo en la coca sabe que no existe nada peor en el mundo que el polvo comience a sentarte mal. Es como perder un súper poder. Es la más cruel de las fases de la cocaína. Mientras todo el mundo a tu alrededor goza los efectos de una raya violenta, tú te paniqueas o te quedas en mute por horas. O te ataca una taquicardia de maratonista. O se te traba la quijada como a un perro de pelea. O sudas como un maldito pollo a medio rostizar.

*The Comrade from Milan* Rossana Rossanda 2020-10-27 In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to help found the influential paper *il manifesto*, which remains the most critical daily in Berlusconi's Italy. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade from Milan*, one of the most influential intellectuals of the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight into what it once meant to be politically engaged.

*Transformative Language Learning and Teaching* Betty Lou Leaver 2021-01-21 A seminal work in the field, this book shows how transformative education can be applied to world language programs.

education. The book is renowned for its clear, provocative classroom narratives and its coverage of political, economic, and social factors that are undervalued in other educational textbooks. An international committee of experts ranked *Life in Schools* among the top twelve education books in the world.

*Narradores del caos* Carlos Mario Correa Soto 2020-07-30 *Narradores del caos* es un juicioso seguimiento de la crónica periodística latinoamericana que permite conocer cómo se la concibe, cuáles son los temas que trata y aquellos que no, cuál es el papel del cronista y su importancia dentro de la historia que narra, aspectos que la han revelado como un género vigoroso y la han convertido en un gran crisol donde bulle la memoria de la humanidad narrada, desde México hasta la Patagonia.

**Return to the Dark Valley** Santiago Gamboa 2017-09-19 “Fans of Roberto Bolaño will feel right at home in this globetrotting tale of misfit poets and ultraviolent drug lords . . . A page turner” (Miami Rail). Manuela is a woman haunted by a troubled childhood that she tries to escape through books and poetry. Tertullian is an Argentine preacher who claims to be the Pope’s son, ready to resort to extreme methods to create a harmonious society. Ferdinand Palacios is a Colombian priest with a dark paramilitary past, now confronted with his guilt. Rimbaud was the precocious, brilliant poet whose life was incessant exploration. Along with Juana and the consul, these are the central characters in Santiago Gamboa’s “complex, challenging story that speaks to the terror and dislocation of the age” (Kirkus Reviews). “Action-packed plotting . . . examines the movement of people across the shifting geopolitical landscape, the impossibility of returning and the potential redemptive power of poetry.” –The New York Times Book Review “An unsettling and brilliant document of contemporary life; highly recommended.” –Library Journal (starred review) “Gamboa possesses considerable talent at creating energetic scenes that spiral off in intriguing directions.” –San Francisco Chronicle

Living with the Gods Neil MacGregor 2018-09-17 Following the award-winning BBC Radio 4 series, a panoramic exploration of peoples, objects and beliefs from the celebrated author of *A History of the World in 100 Objects* and *Germany* ‘Riveting, extraordinary . . . tells the sweeping story of religious belief in all its inventive variety. The emphasis is not on our differences, but on shared spiritual yearnings’ Rachel Campbell-Johnston, *The Times*, Books of the Year One of the central facts of human existence is that every society shares a set of beliefs and assumptions - a faith, an ideology, a religion - that goes far beyond the life of the individual. These beliefs are an essential part of a shared identity. They have a unique power to define - and to divide - us, and are a driving force in the politics of much of the world today. Throughout history they have most often been, in the widest sense, religious. Yet this book is not a history of religion, nor an argument in favour of faith. It is about the stories which give shape to our lives, and the different ways in which societies imagine their place in the world. Looking across history and around the globe, it interrogates objects, places and human activities to try

to understand what shared beliefs can mean in the public life of a community or a nation, how they shape the relationship between the individual and the state, and how they help give us our sense of who we are. For in deciding how we live with our gods, we also decide how to live with each other. 'The new blockbuster by the museums maestro Neil MacGregor ... The man who chronicles world history through objects is back ... examining a new set of objects to explore the theme of faith in society' Sunday Times

Los hermanos Cuervo Andrés Felipe Solano Mendoza 2019-11-08 Despuntan los años noventa y en Bogotá truenan bombas. La gente vive de espaldas a la calle y pasa los días con los oídos pegados a la radio. En medio de la extrañeza general, dos hermanos adolescentes se inscriben por primera vez en un colegio. Sus misteriosas vidas pronto generan todo tipo de teorías: que son hermafroditas, que se fugaron de un orfanato, que descuartizan terneros en la casona donde viven con su abuela. Pero la realidad, descubre Nelson, un compañero de clase, resulta más apabullante: detrás de sus espectrales rostros se esconde la historia de una familia marcada por el desarraigo, historia que se remonta a las heroicas arengas de un locutor radial de ciclismo, a un tricampeón de la Vuelta a Colombia y a una joven fugitiva que se rebela contra su férrea madre. Por partes iguales novela de aprendizaje, crónica deportiva y relato de carretera, Los hermanos Cuervo nos arroja, con ímpetu, a descubrir los secretos de una genealogía tan insólita como el país donde tiene lugar esta ficción.

*Wasted Lives* Zygmunt Bauman 2013-04-26 The production of 'human waste' – or more precisely, wasted lives, the 'superfluous' populations of migrants, refugees and other outcasts – is an inevitable outcome of modernization. It is an unavoidable side-effect of economic progress and the quest for order which is characteristic of modernity. As long as large parts of the world remained wholly or partly unaffected by modernization, they were treated by modernizing societies as lands that were able to absorb the excess of population in the 'developed countries'. Global solutions were sought, and temporarily found, to locally produced overpopulation problems. But as modernization has reached the furthest lands of the planet, 'redundant population' is produced everywhere and all localities have to bear the consequences of modernity's global triumph. They are now confronted with the need to seek – in vain, it seems – local solutions to globally produced problems. The global spread of the modernity has given rise to growing quantities of human beings who are deprived of adequate means of survival, but the planet is fast running out of places to put them. Hence the new anxieties about 'immigrants' and 'asylum seekers' and the growing role played by diffuse 'security fears' on the contemporary political agenda.

With characteristic brilliance, this new book by Zygmunt Bauman unravels the impact of this transformation on our contemporary culture and politics and shows that the problem of coping with 'human waste' provides a key for understanding some otherwise baffling features of our shared life, from the strategies of global domination to the most intimate aspects of human relationships.

**The Robots Are Coming!** Andres Oppenheimer 2019-04-30 Staying true to his trademark journalistic approach, Andrés Oppenheimer takes his readers on yet another journey, this time across the globe, in a thought-provoking search to understand what the future holds for today's jobs in the foreseeable age of automation. *The Robots Are Coming!* centers around the issue of jobs and their future in the context of rapid automation and the growth of online products and services. As two of Oppenheimer's interviewees -- both experts in technology and economics from Oxford University -- indicate, forty-seven percent of existing jobs are at risk of becoming automated or rendered obsolete by other technological changes in the next twenty years. Oppenheimer examines current changes in several fields, including the food business, legal work, banking, and medicine, speaking with experts in the field, and citing articles and literature on automation in various areas of the workforce. He contrasts the perspectives of "techno-optimists" with those of "techno-negativists" and generally attempts to find a middle ground between an alarmist vision of the future, and one that is too uncritical. A self-described "cautious optimist", Oppenheimer believes that technology will not create massive unemployment, but rather will drastically change what work looks like.

*Freeman's: The Future of New Writing* John Freeman 2017-10-10 A diverse anthology of poetry, fiction and essays from the most exciting writers around the world in this "fresh, provocative, engrossing" literary journal (BBC.com). The literary anthology *Freeman's*, created by writer, critic, and former Granta editor John Freeman, has quickly gained an international following with wide acclaim. It has been called "bold [and] searching" by the Minneapolis Star-Tribune and "impressively diverse" by O Magazine. This issue introduces a list of more than twenty-five poets, essayists, novelists, and short story writers from around the world who are shaping contemporary literature and will continue to impact it in years to come. Drawing on recommendations from book editors, critics, translators, and authors from across the globe, *Freeman's: The Future of New Writing* includes pieces from writers aged twenty-five to seventy, from almost twenty countries and writing in almost as many languages. This will be a new kind of list, and an aesthetic manifesto for our times. Against a climate of nationalism and siloed thinking, this special issue celebrates a global view of where writing is going next. "The oldest is 70. The youngest, 26. In between, the best list of this kind I have ever seen."—Marlon James

*Teoría de la gravedad* Leila Guerriero 2019-10-28 En esta sección de columnas, publicadas a lo largo de más de cinco años en la contraportada de *El País*, Leila Guerriero, una de las grandes firmas del periodismo narrativo latinoamericano, se coloca a sí misma en su afilado punto de mira. Con una

prosa feroz y precisa, la autora bucea en lo sutil para, desde el asombro con el que es capaz de iluminar la realidad cotidiana, alumbrar lo que permanece oculto en nosotros. ¿De qué tratan estos textos? Entre muchas otras cosas, «del tamaño de la aridez de nuestros corazones. De repollos y reyes y de por qué el mar hierve y de si los cerdos tienen alas. Del horror del amor cuando se termina. De todas las cosas que estaban hechas para olvidar que no hemos olvidado nunca; de las que estaban hechas para no olvidar jamás (el dolor, los muertos queridos, aquella tarde en la arena) y que, sin embargo, hemos olvidado para siempre». Un conjunto de escritos que, además de formar una hermosa constelación de sus recuerdos, lecturas y reflexiones, golpea al lector con la fuerza de la mejor literatura. «(...) arquitectura lingüística levantada con maestría. (...) Este no es un libro para olvidarse de uno mismo y flotar en destinos ajenos, sino un libro para caer justo en el centro de nuestra propia existencia.» Pedro Mairal «Guerrero tiene una facilidad asombrosa para escribir. Todo fluye. (...) Es, tal vez, la mejor periodista de América Latina. (...) Enorme escritora.» Ricardo Martínez Llorca (Quimera) «Leila Guerrero, esa mujer que escribe mirando. » Juan Cruz (Clarín)

**The Secret History of the American Empire** John Perkins 2007 Presents an expose of international corruption activities as reported by some of the world's top assassins, journalists, and activists, in a cautionary report that makes recommendations for safeguarding the world.

**Living to Tell the Tale** Gabriel García Márquez 2003 At first glance, Garcia Mrquez's vivid and detailed portrait of his early life appears to be testament to a photographic memory. Yet as he explains in the epigraph, "Life isn't what one lived, but what one remembers and how one remembers it to tell it."

Granta 127 2014-04-24 Everyone knows this country and no one knows it. This issue presents twenty new Japans by its writers and artists, and by residents and visitors and neighbours. A special edition of *Granta* published simultaneously in Japanese and English.

**International Migration in the Age of Crisis and Globalization** Andrés Solimano 2010-07-05 The international mobility of people and elites is a main feature of the global economy of today. Immigration augments the labor force in receiving countries and provides many of the bodies and minds that are essential to any

vibrant economy. This book is based on a blend of theory, varied country examples, and rich historical material ranging from the mid-nineteenth century to the early twenty-first century. It discusses the conceptual underpinnings of the push and pull factors of current migration waves and their impacts for development on the source and receiving countries. The analysis reviews the historical context under which various migration experiences have taken place - both in periods of internationalism and nationalism - in order to contribute to debates on the desirability of and tensions and costs involved in the current process of international migration.

Hannibal Thomas Harris 2000 Seven years after his escape from the authorities, Hannibal Lecter, a serial killer, is tracked down by one of his former victims using FBI agent Clarice Starling as bait.

**The Court Dancer** Kyung-Sook Shin 2018-08-07 When a novice French diplomat arrives for an audience with the Emperor, he is enraptured by the Joseon Dynasty's magnificent culture, then at its zenith. But all fades away when he sees Yi Jin perform the traditional Dance of the Spring Oriole. Though well aware that women of the court belong to the palace, the young diplomat confesses his love to the Emperor, and gains permission for Yi Jin to accompany him back to France. A world away in Belle Epoque Paris, Yi Jin lives a free, independent life, away from the gilded cage of the court, and begins translating and publishing Joseon literature into French with another Korean student. But even in this new world, great sorrow awaits her. Betrayal, jealousy, and intrigue abound, culminating with the tragic assassination of the last Joseon empress—and the poisoned pages of a book. Rich with historic detail and filled with luminous characters, Korea's most beloved novelist brings a lost era to life in a story that will resonate long after the final page.

*Technics and Civilization* Lewis Mumford 2010-10-30 *Technics and Civilization* first presented its compelling history of the machine and critical study of its effects on civilization in 1934—before television, the personal computer, and the Internet even appeared on our periphery. Drawing upon art, science, philosophy, and the history of culture, Lewis Mumford explained the origin of the machine age and traced its social results, asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution. Mumford sagely argued that it was the moral, economic, and political choices we made, not the machines that we used, that determined our then industrially driven economy. Equal parts powerful history and polemic criticism, *Technics and Civilization* was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years—and to predict the pull the technological still holds over us today. “The questions posed in the first paragraph of *Technics and Civilization* still deserve our attention, nearly three quarters of a century after they were written.”—*Journal of Technology and Culture*

An Orphan World Giuseppe Caputo 2019-10-24 In a poverty-stricken neighbourhood wedged between the city and the sea, a father and son struggle to keep their

heads above water. Rather than being discouraged by their difficulties and hardship, their response is to come up with increasingly bizarre and imaginative plans in order to get by. Even when a horrifying, macabre event rocks the neighborhood and the locals start to flee, father and son decide to stay put. What matters is staying together. This is a bold, poignant text that juxtaposes a very tender father-son relationship with the son's sexual liberation and a brutal depiction of homophobic violence. Giuseppe Caputo uses delicate – yet electrifying – lyricism and imagery to weave a tale that balances desire, violence, discrimination, love, eroticism and defiance, while evoking with surreal humor the social marginalization of the protagonists as they struggle to keep afloat in a society where there are no safety nets. Like a brightly-lit theme park with its house of horrors, reminiscent in parts of James Baldwin's *Another Country* or Virginie Despentes' *Vernon Subutex* trilogy, *An Orphan World* defies the reader to look away, and the reward is an exhilarating carnival ride filled with beauty, compassion and loss.

**Often I Am Happy** Jens Christian Grøndahl 2017-08-29 "A compassionate and often edifying commentary on the elasticity of love, the strength it takes to move forward after a death, and the power of forgiveness" Publishers Weekly When Ellinor addresses her best friend Anna, she does not expect a reply. Anna has been dead for forty years, killed in the same skiing accident that claimed Henning: Ellinor's first husband and Anna's lover. Ellinor instead tells her that Georg has died - Georg who was once Anna's, but whom Ellinor came to love in her place, and whom she came to care for, along with Anna's two infant sons. Yet with Georg's death Ellinor finds herself able to cut the ties of her assumed life with surprising ease. Returning to the area of Copenhagen where she grew up, away from the adopted comfort of the home she shared with Georg, Ellinor finds herself addressing her own history: her marriage to Henning, their seemingly charmed friendship with the newly-wed Anna and Georg, right back to her own mother's story - a story of heartbreaking pride. Because there are some secrets - both our own and of others - that we can only share with the dead. Secrets that nonetheless shape who we are and who we love.

The Girl with the Dragon Tattoo Stieg Larsson 2008-09-16 Murder mystery, family saga, love story, and financial intrigue combine into one satisfyingly complex and entertainingly atmospheric novel, the first in Stieg Larsson's thrilling Millennium series featuring Lisbeth Salander. "Combine the chilly Swedish backdrop and moody psychodrama of a Bergman movie with the grisly pyrotechnics of a serial-killer thriller, then add an angry punk heroine and a down-on-his-luck investigative journalist, and you have the ingredients of Stieg Larsson's first novel." –The New York Times Harriet Vanger, a scion of one of Sweden's wealthiest families disappeared over forty years ago. All these years later, her aged uncle continues to seek the truth. He hires Mikael Blomkvist, a crusading journalist recently trapped by a libel conviction, to investigate. He is aided by the pierced and tattooed punk prodigy Lisbeth Salander. Together they tap into a vein of unfathomable iniquity and astonishing corruption.

**Theories of Personality** Duane P. Schultz 2001 This revision of the Schultz's

popular text surveys the field, presenting theory-by-theory coverage of the major theorists who represent the psychoanalytic, neopsychoanalytic, life-span, trait, humanistic, cognitive, behavioral, and social-learning approaches, as well as clinical and experimental work. Where warranted, the authors show how the development of certain theories was influenced by events in a theorist's personal and professional life. This thoroughly revised Seventh Edition now incorporates more examples, tables, and figures to help bring the material to life for students. The new content in this edition reflects the dynamism in the field. The text explores how race, gender, and culture issues figure in the study of personality and in personality assessment. In addition, a final integrative chapter looks at the study of personality theories and suggests conclusions that can be drawn from the many theorists' work.

Teacher Man Frank McCourt 2005-11-15 The author describes his coming of age as a teacher, storyteller, and writer, a personal journey during which he spent fifteen years finding his voice in the classroom, and came to terms with the undervalued importance of teaching.

**Chile and the Neoliberal Trap** Andrés Solimano 2012-04-30 This book analyzes Chile's political economy and its attempt to build a market society in a highly inegalitarian country.

The Wonders Elena Medel 2022-03 "Through the rich inner lives of two ordinary, unforgettable women, award-winning Spanish poet Elena Medel brings a half-century of the feminist movement to life, revealing the simmering truth that money is ultimately the limiting factor in most women's lives"--

*The Last Leonardo* Ben Lewis 2019-06-25 An epic quest exposes hidden truths about Leonardo da Vinci's *Salvator Mundi*, the recently discovered masterpiece that sold for \$450 million—and might not be the real thing. In 2017, Leonardo da Vinci's small oil painting the *Salvator Mundi* was sold at auction. In the words of its discoverer, the image of Christ as savior of the world is "the rarest thing on the planet." Its \$450 million sale price also makes it the world's most expensive painting. For two centuries, art dealers had searched in vain for the Holy Grail of art history: a portrait of Christ as the *Salvator Mundi* by Leonardo da Vinci. Many similar paintings of greatly varying quality had been executed by Leonardo's assistants in the early sixteenth century. But where was the original by the master himself? In November 2017, Christie's auction house announced they had it. But did they? *The Last Leonardo* tells a thrilling tale of a spellbinding icon invested with the power to make or break the reputations of scholars, billionaires, kings, and sheikhs. Ben Lewis takes us to Leonardo's studio in Renaissance Italy; to the court of Charles I and the English Civil War; to Amsterdam, Moscow, and New Orleans; to the galleries, salerooms, and restorer's workshop as the painting slowly, painstakingly emerged from obscurity. The vicissitudes of the highly secretive art market are charted across six centuries. It is a twisting tale of geniuses and oligarchs,

double-crossings and disappearances, in which we're never quite certain what to believe. Above all, it is an adventure story about the search for lost treasure, and a quest for the truth. Praise for The Last Leonardo "The story of the world's most expensive painting is narrated with great gusto and formidably researched detail in Ben Lewis's book. . . . Lewis's probings of the Salvator's backstory raise questions about its historical status and visibility, and these lead in turn to the fundamental question of whether the painting is really an autograph work by Leonardo."—Charles Nicholl, The Guardian "As the art historian and critic Ben Lewis shows in his forensically detailed and gripping investigation into the history, discovery and sales of the painting, establishing the truth is like nailing down jelly."— Michael Prodger, The Sunday Times

*Jernigan* David Gates 2010-09-29 From Holden Caulfield to Moses Herzog, our best literature has been narrated by malcontents. To this lineage add Peter Jernigan, who views the world with ferocious intelligence, grim rapture, and a chainsaw wit that he turns, with disastrous consequences, on his wife, his teenaged son, his dangerously vulnerable mistress—and, not least of all, on himself. This novel is a bravura performance: a funny, scary, mesmerizing study of a man walking off the edge with his eyes wide open—wisecracking all the way.

**The Prince of Tides** Pat Conroy 2010-08-10 New York Times bestseller: A "powerful" Southern drama about the destructive repercussions of keeping an unspeakable family secret (The Atlanta Journal). Tom Wingo has lost his job, and is on the verge of losing his marriage, when he learns that his twin sister, Savannah, has attempted suicide again. At the behest of Savannah's psychiatrist, Dr. Susan Lowenstein, Tom reluctantly leaves his home in South Carolina to travel to New York City and aid in his sister's therapy. As Tom's relationship with Susan deepens, he reveals to her the turbulent history of the Wingo family, and exposes the truth behind the fateful day that changed their lives forever. Drawing richly from the author's own troubled upbringing, *The Prince of Tides* is a sweeping, powerful novel of unlocking the past to overcome the darkest of personal demons—it's Pat Conroy at his very best.

Tales of Two Cities John Freeman 2015-09-08 Thirty major contemporary writers examine life in a deeply divided New York In a city where the top one percent earns more than a half-million dollars per year while twenty-five thousand children are homeless, public discourse about our entrenched and worsening wealth gap has never been more sorely needed. This remarkable anthology is the literary world's response, with leading lights including Zadie Smith, Junot Díaz, and Lydia Davis bearing witness to the experience of ordinary New Yorkers

in extraordinarily unequal circumstances. Through fiction and reportage, these writers convey the indignities and heartbreak, the callousness and solidarities, of living side by side with people of starkly different means. They shed light on the subterranean lives of homeless people who must find a bed in the city's tunnels; the stresses that gentrification can bring to neighbors in a Brooklyn apartment block; the shenanigans of seriously alienated night-shift paralegals; the trials of a housing defendant standing up for tenants' rights; and the humanity that survives in the midst of a deeply divided city. *Tales of Two Cities* is a brilliant, moving, and ultimately galvanizing clarion call for a city—and a nation—in crisis.

*A History of Big Recessions in the Long Twentieth Century* Andrés Solimano 2020-02-20 Examines the array of financial crises, slumps, depressions and recessions that happened around the globe during the twentieth century.

Fans of the hit show will love this graphic novel companion to episodes from the first season!

*Los Aleph: Bolaño y la novela global latinoamericana* Héctor Hoyos 2020-01-28 En *El Aleph*, el cuento de Borges, el protagonista encuentra una "pequeña esfera tornasolada" que contiene el infinito: el espacio cósmico y todos los puntos de vista posibles. Dentro de ella, se colapsan los opuestos, entre lo local y lo global, entre el centro y la periferia. A partir de esta potente imagen, el escritor y académico Héctor Hoyos dibuja una carta de navegación para explorar una serie de novelas recientes que cuestionan y evidencian la manera en que hoy América Latina dialoga con el mundo. Desde Roberto Bolaño hasta Fernando Vallejo, pasando por César Aira, Mario Bellatin, Diamela Eltit y Chico Barque, el corpus de este libro invita a pensar en cómo la literatura de nuestra región participa en la construcción de la trama de la globalización.
