The Last Days of Café Leila Donia Bijan 2018-04-17 “A glorious treat awaits you at the literary table of Donia Bijan.” —Adriana Trigiani Set against the backdrop of Iran’s rich, turbulent history, this exquisite debut novel is a powerful story of food, family, and a bittersweet homecoming. When we first meet Noor, she is living in San Francisco, missing her beloved father, Zod, in Iran. Now, dragging her stubborn teenage daughter, Lily, with her, she returns to Tehran and to Café Leila, the restaurant her family has been running for three generations. Iran may have changed, but Café Leila, still run by Zod, has stayed blessedly the same—it is a refuge of laughter and solace for its makeshift family of staff and regulars. As Noor revisits her Persian childhood, she must rethink who she is—a mother, a daughter, a woman estranged from her marriage and from her life in California. And together, she and Lily get swept up in the beauty and brutality of Tehran. Bijan’s vivid, layered story, at once tender and elegant, funny and sad, weaves together the complexities of history, domesticity, and loyalty and, best of all, transports readers to another culture, another time, and another emotional landscape.

Sovietistan Erika Fatland 2020-01-07 Turkmenistan, Kazakhstan, Tajikistan, Kyrgyzstan, and Uzbekistan became free of the Soviet Union in 1991. But though they are new to modern statehood, this is a region rich in ancient history, culture, and landscapes unlike anywhere else in the world. Traveling alone, Erika Fatland is a true adventurer in every sense. In Sovietistan, she takes the reader on a compassionate and insightful journey to explore how their Soviet heritage has influenced these

countries, with governments experimenting with both democracy and dictatorships. In Kyrgyzstani villages, she meets victims of the tradition of bride snatching; she visits the huge and desolate nuclear testing ground "Polygon" in Kazakhstan; she meets shrimp gatherers on the banks of the dried out Aral Sea; she travels incognito through Turkmenistan, as it is closed to journalists, and she meets German Mennonites that found paradise on the Kyrgyzstani plains 200 years ago. We learn how ancient customs clash with gas production and witness the underlying conflicts in new countries building their futures in nationalist colors. Once the frontier of the Soviet Union, life follows another pace of time. Amidst the treasures of Samarkand and the brutalist Soviet architecture, Sovietistan is a rare and unforgettable travelogue.

The Ice Queen Nele Neuhaus 2015-01-13 The body of 92-year-old Jossi Goldberg, Holocaust survivor and American citizen, is found shot to death execution style in his house near Frankfurt. A five-digit number is scrawled in blood at the murder scene. The autopsy reveals an old and unsuccessfully covered tattoo on the corpse's arm—a blood type marker once used by Hitler's SS. Pia Kirchhoff and Oliver Bodenstein are faced with a riddle. Was the old man not Jewish after all? Who was he, really? Two more, similar murders happen—one of a wheelchair-bound old lady in a nursing home, and one of a man with a cellar filled with Nazi paraphernalia—and slowly the connections between the victims becomes evident: All of them were lifelong friends with Vera von Kaltensee, baroness, well-respected philanthropist, and head of an old, rich family that she rules with an iron fist. Pia and Oliver follow the trail, which leads them all the way back to the end of World War II and the area of Poland that then belonged to East Prussia. No one is who they claim to be, and things only begin to make sense when the two investigators realize what the bloody number stands for, and uncover an old diary and an eyewitness who is finally willing to come forward. Nele Neuhaus's *The Ice Queen* is a character- and

plot-driven mystery about revenge, power, and long-forgotten and covered up secrets from a time in German history that still affects the present.

Couchsurfing in Iran Stephan Orth 2018-05-01 A modern-day glimpse into the surprising reality of life in Iran. Iran: A destination that is seldom seen by westerners yet often misunderstood. A country that simultaneously “enchants and enrages” those who visit it. A place where leading a double life has become the norm. In *Couchsurfing in Iran*, award-winning author Stephan Orth spends sixty-two days on the road in this mysterious Islamic republic to provide a revealing, behind-the-scenes look at life in one of the world’s most closed societies. Through the unsurpassed hospitality of twenty-two hosts, he skips the guidebooks and tourist attractions and travels from Persian carpet to bed to cot, covering more than 8,400 kilometers to recount “this world’s hidden doings.” Experiencing daily what he calls the “two Irans” that coexist side by side—the “theocracy, where people mourn their martyrs” in mausoleums, and the “hide-and-seek-ocracy, where people hold secret parties and seek worldly thrills instead of spiritual bliss”—he learns that Iranians have become experts in navigating around their country’s strict laws. Though couchsurfing is officially prohibited in Iran—the state fears spies would be able to travel undetected through the country—more than a hundred thousand Iranians are registered with online couchsurfing portals. And thanks to these hospitable, English-speaking strangers, Orth gets up close and personal with locals, peering behind closed doors and blank windows to uncover the inner workings of a country where public show and private reality are strikingly opposed.

The Colonel Mahmoud Dowlatabadi 2015-08-15 A pitch black, rainy night in a small Iranian town. Inside his house the Colonel is immersed in thought. Memories are storming in. Memories of his wife. Memories of the great patriots of the past, all of them assassinated or executed. Memories of his children, who had joined the different factions of the 1979 revolution. There is a knock on the door. Two young policemen have come to summon the Colonel to collect the tortured body of his youngest daughter and bury her before sunrise. The Islamic Revolution, like every other revolution in history, is devouring its own children. And whose fault is that? This shocking diatribe against the failures of the Iranian left over the last fifty years does not leave one taboo unbroken.

Open Andre Agassi 2009-12-24 #1 NATIONAL BESTSELLER Far more than a superb memoir about the highest levels of professional tennis, *Open* is the engrossing story of a remarkable life. Andre Agassi had his life mapped out for him before he left the crib. Groomed to be a tennis champion by his moody and demanding father, by the age of twenty-two Agassi had won the first of his eight grand slams and achieved wealth, celebrity, and the game’s highest honors. But as he reveals in this searching autobiography, off the court he was often unhappy and confused, unfulfilled by his great achievements in a sport he had come to resent. Agassi writes candidly about his early success and his uncomfortable relationship with fame, his marriage to Brooke Shields, his growing interest in philanthropy, and—described in haunting, point-by-point detail—the highs and lows of his celebrated career.

We Have Been Harmonized Kai Strittmatter 2020-09-01 Named a Notable Work of Nonfiction of 2020 by the Washington Post As heard on NPR's Fresh Air, *We Have Been Harmonized*, by award-winning correspondent Kai Strittmatter, offers a groundbreaking look, based on decades of research, at how China created the most terrifying surveillance state in history. China's new drive for repression is being underpinned by unprecedented advances in technology: facial and voice recognition, GPS tracking, supercomputer databases, intercepted cell phone conversations, the monitoring of app use, and millions of high-resolution security cameras make it nearly impossible for a Chinese citizen to hide anything from authorities. Commercial transactions, including food deliveries and online purchases, are fed into vast databases, along with everything from biometric information to social media activities to methods of birth control. Cameras (so advanced that they can locate a single person within a stadium crowd of 60,000) scan for faces and walking patterns to track each individual's movement. In some schools, children's facial expressions are monitored to make sure they are paying attention at the right times. In a new Social Credit System, each citizen is given a score for good behavior; for those who rate poorly, punishments include being banned from flying or taking high-speed trains, exclusion from certain jobs, and preventing their children from attending better schools. And it gets worse: advanced surveillance has led to the imprisonment of more than a million Chinese citizens in western China alone, many held in draconian "reeducation" camps. This digital totalitarianism has been made possible not only with the help of Chinese private tech companies, but the complicity of Western governments and corporations eager to gain access to China's huge market. And while governments debate trade wars and tariffs, the Chinese Communist Party and its local partners are aggressively stepping up their efforts to export their surveillance technology abroad—including to the United States. *We Have Been Harmonized* is a terrifying portrait of life under unprecedented government surveillance—and a dire warning about what could happen anywhere under the pretense of national security. "Terrifying. ... A warning call." —The Sunday Times (UK), a "Best Book of the Year so Far"

When Stephan Orth lands in China, he knows it's his last visit, having lied about his job as a journalist to get into the country. Starting in Macau—a former Portuguese colony and now gambler's paradise—Orth takes on the world's biggest casino. Urban Commons Mary Dellenbaugh 2015-06-16 Urban space is a commons: simultaneously a sphere of human cooperation and negotiation and its product. Understanding urban space as a commons means that the much sought-after productivity of the city precedes rather than results from strategies of the state and capital. This approach challenges assumptions of urbanization as capital-driven, an idea which resonates with a range of recent urban social movements, from the Arab Spring and the Occupy movement to the “Right to the City” alliance. However commons exist in a tense relationship with state and market, both of which continually seek to exploit and control them. Initiatives to create “commons” are welcomed and even facilitated by governments in order to (re-)valorize urban space and lessen the impacts of economic restructuring, while, at the same time, the creative and reproductive potential of the urban commons is undermined by continuing attempts to commodify them. This volume examines these topics theoretically and empirically through a wide spectrum of international case studies providing perspectives from a variety of cities as diverse as Berlin, Hyderabad and Seoul. A wider discussion of commons in current scientific and activist literature from housing, public space, to urban infrastructure, is explored through the lens of the urban condition.

Economy and Society: Selected Writings Karl Polanyi 2018-06-29 Few figures are more crucial to understanding the upheavals of our contemporary era than Karl Polanyi. In a world riven by social and economic crises, from rising inequality to the decay of democratic institutions and profound technological disruption, Polanyi’s path-breaking account of the dynamics of market capitalism and his defence of society and nature against the dangerous tendencies of the market capitalist system are more relevant than ever. This book brings together Polanyi’s most important articles and essays to give a unique selection of his essential shorter writings, mixing classic texts with significant but previously little-known pieces. It highlights the coherence and richness of Polanyi’s theoretical and political approach, making it indispensable for understanding his overarching intellectual contribution. The volume includes his interwar writings, which deal with the world economic crisis and the socialist alternative to conservative and fascist developments; his reflection on political theory and the international situation after the war; and his comparative studies of economic institutions. Polanyi’s political writings are complemented and supported by the critique of economic determinism and what he termed ‘our obsolete market mentality’. This book is an invaluable companion to Polanyi’s masterpiece, *The Great Transformation*, and an essential resource for students and scholars of political economy, sociology, history and political philosophy.

Doch ist es überhaupt möglich, fast ohne Geld die Welt zu bereisen? Ist diese Art zu reisen sicher? Wie kann man während des Reisens Geld verdienen? Dies waren die Fragen, die Tomislav Perko immer wieder gestellt wurden. Da er sie nicht in wenigen Sätzen beantworten kann, schrieb er seine Geschichte auf. Von Zagreb aus trampete er zunächst durch Osteuropa, dann folgten zwei Touren quer durch Nord- und Südeuropa, er veranstaltete ein Wett-Trampen nach Istanbul und schließlich verschlug es ihn bis nach Bangladesch. Er hat unzählige Male bei Fremden übernachtet, am Straßenrand gecamp und für Essen und Unterkunft gearbeitet. In diesem Buch erzählt Tomislav Perko ebenso unterhaltsam wie inspirierend von den Erfahrungen, die er in dieser Zeit gemacht hat, und den Menschen, die ihm auf seiner Reise begegnet sind – Begegnungen, die sein Leben verändert haben und

ihm gezeigt haben, dass die Welt voller Wunder ist, wenn man bereit ist, die Augen zu öffnen.

The Lamentations of Zeno Ilija Trojanow 2016-05-03 A literary fiction about climate disaster and a scientist imploding on a journey to the Antarctic Zeno Hintermeier is a scientist working as a travel guide on an Antarctic cruise ship, encouraging the wealthy to marvel at the least explored continent and to open their eyes to its rapid degradation. It is a troubling turn in the life of an idealistic glaciologist. Now in his early sixties, Zeno bewails the loss of his beloved glaciers, the disintegration of his marriage, and the foundering of his increasingly irrelevant career. Troubled in conscience and goaded by the smug complacency of the passengers in his charge, he starts to plan a desperate gesture that will send a wake-up call to an overheating world. *The Lamentations of Zeno* is an extraordinary evocation of the fragile and majestic wonders to be found at a far corner of the globe, written by a novelist who is a renowned travel writer. Poignant and playful, the novel recalls the experimentation of high-modernist fiction without compromising a limpid sense of place or the pace of its narrative. It is a portrait of a man in extremis, a haunting and at times irreverent tale that approaches the greatest challenge of our age—perhaps of our entire history as a species—from an impassioned human angle.

Globalization and the Future of German Andreas Gardt 2004-01-01 Is the world en route to becoming a linguistic colony of the United States? Or is this dramatic view an exaggeration, and there is no danger to linguistic diversity at all? The German language is at the center of an intensive debate on this issue. Its position in the world is under increasing pressure due to the growing importance of (American) English as the language of globalization. The articles in this volume deal with the national and international position of German in relation to English, language policies, the future of German as a language of science, German in the USA, and the intellectual and aesthetic dimensions of encountering a foreign language. They present critical assessments addressing the dangers for the future of languages other than English, as well as positions which perceive the growing importance of English as a challenge and resource rather than as a threat.

Europe Against the Jews, 1880-1945 Götz Aly 2020-04-07 From the award-winning historian of the Holocaust, *Europe Against the Jews, 1880-1945* is the first book to move beyond Germany's singular crime to the collaboration of Europe as a whole. The Holocaust was perpetrated by the Germans, but it would not have been possible without the assistance of thousands of helpers in other countries: state officials, police, and civilians who eagerly supported the genocide. If we are to fully understand how and why the Holocaust happened, Götz Aly argues in this groundbreaking study, we must examine its prehistory throughout Europe. We must look at countries as far-flung as Romania and France, Russia and Greece, where, decades before the Nazis came to power, a deadly combination of envy, competition, nationalism, and social upheaval fueled a surge of anti-Semitism, creating the preconditions for the deportations and murder to come. In the late nineteenth century, new opportunities for education and social advancement were opening up, and Jewish minorities took particular advantage of them, leading to widespread resentment. At the same time, newly created nation-states, especially in the east, were striving for ethnic homogeneity and national renewal, goals which they saw as inextricably linked. Drawing upon a wide range of previously unpublished sources, Aly traces the sequence of events that made persecution of Jews an increasingly acceptable European practice. Ultimately, the German architects of genocide found support for the Final Solution in nearly all the countries they occupied or were allied with. Without diminishing the guilt of German perpetrators, Aly documents the involvement of all of Europe in the destruction of the Jews, once again deepening our understanding of this most tormented history.

Oh, wie schön ist Afrika ... Sören Sieg 2022-07-25 Afrika ist vielleicht der Kontinent auf diesem Planeten, den wir in Europa am wenigsten kennen und verstehen. Bestsellerautor und Globetrotter Sören Sieg hat sich auf den Weg dorthin gemacht, Hotelzimmer gegen private Unterkunft getauscht und in sechs Ländern auf den Couches von achtzehn Gastgebern übernachtet. Auf Hochzeiten und Beerdigungen, in Tonstudios und Moskitoschwärmen, in abgelegenen Dörfern und lauten Megacitys hat er unzählige unglaubliche Geschichten erlebt und gehört. Lebendig berichtet er von afrikanischer Musik, neuen Freundschaften, halsbrecherischen Motorradtaxitouren auf der Gegenfahrbahn und Menschen, deren Energie, Witz, Optimismus und Mut ihresgleichen suchen. Ein vielschichtiger und gleichzeitig ernsthafter Reisebericht mit Einblicken in die Wohnzimmer und das Leben südlich der Sahara.
