Barriers and Bridges Heidrun Jung 1994 The papers that make up this collection were either presented at the CETaLL (Commission on Educational Technology and Language Learning) Colloquium -The Autonomous Learner and the Media- held as part of the 10th AILA World Congress in Amsterdam, August 8-15, 1993, or were presented in other sections at the same congress. Not only do they all share the common theme of exploring how media technology can be used to enhance language learning and teaching, but more than that, they relate the excitement of breaking down barriers and building bridges with the help of both old and new technology. Papers from Austria, Finland, Germany, Japan, Thailand, Britain and the United States cover a wide range of topics, from the latest hi-tech multi-media project to the humble radio with its potential for interactivity."

Don't Call Me Ishmael Michael Bauer 2012-01-01 By the time ninth grade begins, Ishmael Leseur knows it won't be long before Barry Bagsley, the class bully, says, "Ishmael? What kind of wussy-crap name is that?" Ishmael's perfected the art of making himself virtually invisible. But all that changes when James Scobie joins the class. Unlike Ishmael, James has no sense of fear - he claims it was removed during an operation. Now nothing will stop James and Ishmael from taking on bullies, bugs and Moby Dick, in the toughest, weirdest, most embarrassingly awful - and the best - year of their lives.

Notes From The Midnight Driver Jordan Sonnenblick 2010-02-01 Just when you thought you had it all figured out . . . "Alex Peter Gregory, you are a moron!" Laurie slammed her palms down on my desk and stomped her foot. I get a lot of that. One car crash. One measly little car crash. And suddenly, I'm some kind of convicted felon. My parents are getting divorced, my dad is shacking up with my third-grade teacher, I might be in love with a girl who could kill me with one finger, and now I'm sentenced to babysit some insane old guy. What else could possibly go wrong? This is the story of Alex Gregory, his guitar, his best gal pal Laurie, and the friendship of a lifetime that he never would have expected.

Cases on STEAM Education in Practice Bazler, Judith 2017-02-08 Curriculums for STEM education programs have been successfully implemented into numerous school systems for many years. Recently, the integration of arts education into such programs has proven to be significantly beneficial to students, resulting in a new method of teaching including science, technology, engineering, art, and mathematics. Cases on STEAM Education in Practice is an essential research publication for the latest scholarly information on curriculum development, instructional design, and educational benefits of STEAM learning initiatives. Featuring coverage on a range of topics including fine arts, differentiated

instruction, and student engagement, this book is ideally designed for academicians, researchers, and professionals seeking current research on the implementation of STEAM education.

Philologische Wochenschrift 1899

The Metamorphosis of Persephone Stephen Hinds 1987-09-03 Ovid, a poet unashamedly in love in poetry, including his own, has enjoyed a recent renaissance in popularity. Yet there is still a certain tendency amongst critics to withhold from his writing the close, word-by-word, engagement which is its due. The primary aim of *The Metamorphosis of Persephone* is to celebrate this poet's detailed verbal art. Ovid twice treated the myth of Persephone. Dr Hinds' work is a close reading of the account in *Metamorphoses* 5. The book is at once a literary historical enquiry into the double transformation of the rape of Persephone, and a critical exploration of the self-conscious delight in language and in writing manifested in and between these twin Ovidian narratives. This attractively written and subtly nuanced literary study, which offers many quiet challenges to established modes of reading Latin narrative poetry, will be of interest both to scholars of Latin and to students of narrative in other languages.

Latin for Common Entrance One N. R. Oulton 2016-06-20 Latin for Common Entrance

Downloaded from avenza-dev.avenza.com
on November 27, 2022 by guest

One is the first book in Nicholas Oulton's new Latin course, combining your favourite elements of So You Really Want to Learn Latin, Latin Prep and Ab Initio, but now it maps precisely to the new ISEB syllabus and contains passages and question types in line with the revised Common Entrance exam. This extensively revised book is ideal for Latin beginners, introducing pupils to regular verbs and sum in the present, imperfect and perfect tenses, nouns of the first two declensions, adjectives of the 1st/2nd declension, prepositions and numerals. All the grammar, vocabulary and syntax on the Level 1 syllabus is covered and passages for translation are geared towards the Greek Mythology and City of Rome topics for the non-linguistic studies element of the ISEB syllabus. Written specifically for prep schools, this book includes solid grammar explanations, intentionally challenging content and twice as many practice exercises compared to the previous series, ensuring pupils have understood the material covered Latin for Common Entrance One Answers are available to buy separately as a PDF download

Second Edition is an introductory Latin textbook designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build “instinctive skills” that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week Innovative exercises that go beyond the usual translation practice, engaging students with the mechanisms of the language and developing “more instinctive” skills Succinct grammatical explanations that don’t overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level of Latin Revised selection of readings for more appropriate level of difficulty
