The Good Death Marilyn Webb 2011-07-27 The Good Death is the first full-scale examination of one of today's most complex issues: the profound change in the way Americans think about and confront death. Drawing on more than six years of firsthand research and reporting, noted journalist Marilyn Webb builds her account around intimate portraits of the dying themselves. She explains why some deaths become shockingly difficult--

and needlessly painful--and how the struggles over end-of-life decisions can pit patient and family against hospitals, doctors, insurance companies, religious groups, and the law. But there is good news as well. Webb describes many extraordinary programs and individuals who are changing the face of dying. An abundant source of comfort and hope, *The Good Death* shows how the essential elements of humane--even uplifted--death are available to all of us, if we know what is possible, where to go for help, and how to prepare.

Columbus and the Ends of the Earth Djelal Kadir 1992-01-15 Columbus is the first blazing star in a constellation of European adventurers whose right to claim and conquer each land mass they encountered was absolutely unquestioned by their countrymen. How a system of religious beliefs made the taking of the New World possible and laudable is the focus of Kadir's timely review of the founding doctrines of empire. The language of prophecy and divine predestination fills the pronouncements of those who ventured across the Atlantic. The effects of such language and their implications for current theoretical debates about colonialism and decolonization are legion. Kadir suggests that in this supposedly postcolonial era, richer nations and the privileged still manipulate the rhetoric of conquest to justify and serve their own worldly ends. For colonized peoples who live today at the "ends of the earth," the age of exploitation may be no different from the age of exploration.

Late Victorian Holocausts Mike Davis 2017-01-01 Examining a series of El Niño-induced droughts and the famines that they spawned around the globe in the last third of the 19th century, Mike Davis discloses the intimate, baleful relationship between imperial arrogance and natural incident that combined to produce some of the worst tragedies in human history. *Late Victorian Holocausts* focuses on three zones of drought and subsequent famine: India, Northern China; and Northeastern Brazil. All were affected by the same global climatic factors that caused massive crop failures, and all experienced brutal famines that decimated local populations. But the effects of drought were magnified in each case because of singularly destructive policies promulgated by different ruling elites. Davis argues that the seeds of underdevelopment in what later became known as the Third World were sown in this era of High Imperialism, as the price for capitalist modernization was paid in the currency of millions of peasants' lives.

Cold-Case Christianity J. Warner Wallace 2013-01-01 Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Innocent on Death Row David Pietras 2014-01-15 Darlie Routier is on death row in Texas, convicted of the murder of one of her two sons, who were killed in the early morning of June 6, 1996. The media coverage of the investigation into the murders of Devon and Damon Routier depicted the crime as another heartless mother whose children were getting in the way of her lifestyle, so she killed them. After a jury trial in Kerrville Texas, Darlie was found guilty of murder and sentenced to death. Most found it believable in the aftermath of the Susan Smith case two years earlier. But the prosecutor withheld very crucial evidence. After

the trial numerous jurors stated that had they seen the evidence that was withheld they would of never found Darlie guilty. Since her conviction, Darlie and her family have learned a lot more about the legal system. They have presented a far different picture than was originally shown by the press. Read both sides and decide for yourself if this young woman is the she-devil portrayed by the prosecutors and press, or a woman naive of the inner workings of the legal system.

Surprised by Hope N. T. Wright 2008-02-05 For years Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a Christian's future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He provides a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, all this will come as a great surprise. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation—and if this has already begun in Jesus's resurrection—the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.

History Of Soviet Atheism In Theory And Practice And The Believer - Dimitry V Pospelovsky 1988-07-29

35 Miles from Shore Emilio Corsetti III 2008-04 On May 2, 1970, a DC-9 jet with 57 passengers and a crew of six departed from New York's JFK International Airport en route to the tropical island of St. Maarten, but four hours and 34 minutes later the flight ended in the shark-infested waters of the Caribbean. It was, and remains, the only open-water ditching of a commercial jet. The subsequent rescue of survivors took nearly three hours and involved the coast guard, navy, and marines. This gripping account of that fateful day recounts what was happening inside the cabin, the cockpit, and the helicopters as the crews struggled against the weather and dwindling daylight to rescue the survivors, who had only their life vests and a lone escape chute to keep them afloat.

A Wilderness of Error Errol Morris 2014-01-22 Soon to be an FX Docuseries from Emmy® Award-Winning Producer Marc Smerling (The Jinx) featuring the author Errol Morris! Academy Award-winning filmmaker Errol Morris examines one of the most notorious and

mysterious murder trials of the twentieth century In this profoundly original meditation on truth and the justice system, Errol Morris—a former private detective and director of *The Thin Blue Line*—delves deeply into the infamous Jeffrey MacDonald murder case. MacDonald, whose pregnant wife and two young daughters were brutally murdered in 1970, was convicted of the killings in 1979 and remains in prison today. The culmination of an investigation spanning over twenty years and a masterly reinvention of the true-crime thriller, *A Wilderness of Error* is a shocking book because it shows that everything we have been told about the case is deeply unreliable and that crucial elements of case against MacDonald are simply not true.

Speight of Violence Michael Field 2005 "In May 2000 a gang of soldiers and failed politicians, with George Speight at their head, burst into Fiji's Parliament and captured the nation's government led by its first Indo-Fijian prime minister, Mahendra Chaudhry. As the politicians were seized, hundreds of rebels ransacked Fiji's capital Suva." "This was supposed to be a coup by indigenous Fijians angry at their loss of power. But as the drama unfolded and Speight's rebels continued to hold the politicians hostage, the spectacle turned into a power struggle pitting Fijians against each other. This climaxed in a violent military mutiny." "Speight of Violence offers an insiders' view of what happened. Extracts from a secret diary kept by Deputy Prime Minister Tupeni Baba during his 56 days in captivity tell of Speight's behaviour, the conditions inside Parliament, and the beating of Chaudhry; and Red Cross letters between Tupeni and his partner Unaisi Nabobo-Baba reveal the distress and deprivations suffered by the hostages' families. Veteran Pacific reporter Michael Field, who covered the coup and the treason trials which followed, reports the barricade, court and media dramas and offers a powerful analysis of what it all meant."--BOOK JACKET.

Just After Midnight W G Davis 2021-04-07 On June 6, 1996, a mother named Darlie Routier did the unthinkable: she murdered her two sons, Damon aged 5, and Devon just one week shy of his 7th birthday, in cold blood while they slept in their luxurious home in Rowlett, Texas. This capital murder case, built on detailed, abundant, and damning circumstantial evidence, continues to generate national publicity, roil people's emotions, and raise lingering doubts of her guilt. Meanwhile, Darlie awaits death by lethal injection in a Dallas prison. And many are left wondering if Darlie Routier is truly the murderer she is believed to be, or if an innocent

woman is being put to death for crimes she didn't commit. Many of Darlie's supporters claim that she never had enough time to stab her two boys, stage the crime scene, and inflict her own wounds before calling 911. But what if Darlie started her crime spree... "Just After Midnight"

Dateline Purgatory Kathy Cruz 2015-04-08 The brutal murders of young Devon and Damon Routier in the early morning hours of June 6, 1996, put their mother—Darlie Routier—at the heart of one of the most notorious murder cases in modern Texas history—despite her own throat having been slashed to within two millimeters of her carotid artery. The actions of a small-town police department and those within Dallas County's ruthless justice system created a perfect storm that swept up the young mother and landed her on death row. There she has remained, in a nine-foot-by-six-foot cell, despite claims of her innocence by those who know her, findings about the alarming fallibility of bloodstain analysis, and her husband's admission that at the time of the murders he was soliciting help to stage a home burglary to commit insurance fraud. In *Dateline Purgatory*, award-winning journalist Kathy Cruz enlists current-day legal experts to weigh in on the shocking transgressions that resulted in one of the country's most controversial death penalty convictions. With the help of the infamous death row inmate and a former FBI Special Agent known as “Crimefighter,” Cruz would find that her journey through Purgatory was as much about herself as it was about the woman dubbed “Dallas’s Susan Smith.”

Hush Little Babies Donald A. Davis 2007-04-01 A killing so brutal it shocked the police and left the nation grieving, *Hush Little Babies* is the appalling true story of Darlie Routier, the neighborhood's most wonderful mom, who one night, coldly, calculatingly and brutally stabbed her two sons and watched them die in a pool of their own blood... Darlie claimed an intruder had come through the window, fatally stabbed her sons, six-year-old Devon and five-year-old Damon, slashed her throat with same knife, then fled, while her husband and infant son slept upstairs. At first Darlie's heartfelt testimony evoked fear and sympathy in her safe Dallas community. Then police became suspicious after these troubling questions were raised: Why, according to a police report, didn't Darlie make any attempt to help her dying sons? Why, when she called 911, did she tell the dispatcher that her own fingerprints would be on the murderer's knife because she had picked it up? Why did the trail of blood left behind contradict Darlie's testimony? From the dark forces that drove her to kill her own flesh and blood, to the evidence that snared her in her own twisted web, here is a chilling account of homemaker, loving wife, mother of three, and cold-blooded killer--Darlie Routier.

Escape from Armageddon Samuel E. West 2002 Through a study of Biblical teachings, commentaries, and ecclesiastical histories, you will learn exactly what Apocalyptic events are coming on the earth, when they are coming, why God is bringing such judgments, who will be most affected, and what escape has been provided by God. Learn about the 7000 year dateline of mortal man. The first 2000 years was the Patriarchal Age (Adam to Abraham). Next, was the 2000 year Time of Israel. The next 2000 years was the Time of Gentiles. The last 1000 years will see Jesus return to the house of Israel, gather them from heaven and earth, and establish them as His people for the thousand year Sabbath of Creation and eternity. Heaven will be here on earth; with a New Jerusalem in North America and with Jerusalem as the cities of God and Jesus. The Bible teaches all of the Apocalyptic events will occur by 2007. Man cannot begin to imagine the horror of these events. They will make the Great Flood seem like a brief shower. Only a third of the house of Israel is to survive. Gentiles will be, "as though they had not been." The world is to be scourged with asteroid/comet impacts, fire, hail, pestilence, famine, and a decease that will end all nations. Death will be more common than life. Only a relatively few will survive. Here is the untold story of why God stopped speaking to man in 99 AD; and when He was to speak again. The Bible tells how a beast (kingdom) destroyed the Church of Christ, divine authority, and finally every saint of God on the earth. Learn how Constantine, in 325 AD, amalgamated pagan Rome with Christianity; and created this beast of Revelations that was to rule supreme over the souls of man for 1260 years. Discover how the Bible provides the true story of this beast, the image of the beast, the mark of the beast, and antiChrist. There was to be a brief restoration of divine authority in the last days; and then only a very small remnant would remain to offer escape. When Jesus returns, He is to destroy those who do not know God and do not obey the gospel. This book reveals the true character, attributes, and will of God. Here is the true identity of Jesus Christ. Learn of the original gospel of Christ. The relationship between God and His people is traced from Adam to the end of mortal man. Most important, here is the only Biblical escape from Armageddon; and path to eternal life.

Darlie Routier: Deaths of Damon and Devon Pamela Lillian Valemont

Killed Strangely Elaine Forman Crane 2014-04-11 "It was Rebecca's son, Thomas, who first realized the victim's identity. His eyes were drawn to the victim's head, and aided by the flickering light of a candle, he 'clapt his hands and cryed out, Oh Lord, it is my mother.' James Moills, a servant of Cornell... described Rebecca 'lying on the floore, with fire about Her, from her Lower parts neare to the Arme pits.' He recognized her only 'by her shoes.'"—from *Killed Strangely* On a winter's evening in 1673, tragedy descended on the respectable Rhode Island household of Thomas Cornell. His 73-year-old mother, Rebecca, was found close to her bedroom's large fireplace, dead and badly burned. The legal owner of the Cornells' hundred acres along Narragansett Bay, Rebecca shared her home with Thomas and his family, a servant, and a lodger. A coroner's panel initially declared her death "an Unhappie Accident," but before summer arrived, a dark web of events—rumors of domestic abuse, allusions to witchcraft, even the testimony of Rebecca's ghost through her brother—resulted in Thomas's trial for matricide. Such were the ambiguities of the case that others would be tried for the murder as well. Rebecca is a direct ancestor of Cornell University's founder, Ezra Cornell. Elaine Forman Crane tells the compelling story of Rebecca's death and its aftermath, vividly depicting the world in which she lived. That world included a legal system where jurors were expected to be familiar with the defendant and case before the trial even began. Rebecca's strange death was an event of cataclysmic proportions, affecting not only her own community, but neighboring towns as well. The documents from Thomas's trial provide a rare glimpse into seventeenth-century life. Crane writes, "Instead of the harmony and respect that sermon literature, laws, and a hierarchical/patriarchal society attempted to impose, evidence illustrates filial insolence, generational conflict, disrespect toward the elderly, power plays between mother-in-law and daughter-in-law, [and] adult dependence on (and resentment of) aging parents who clung to purse strings." Yet even at a distance of more than three hundred years, Rebecca Cornell's story is poignantly familiar. Her complaints of domestic abuse, Crane says, went largely unheeded by friends and neighbors until, at last, their complacency was shattered by her terrible death.

Bloodstained Justice The Darlie Routier Story W. G. Davis 2020-03-31 On the night of June 6th, 1996, Darlie Lynn Routier made a frantic call to 911. She told the dispatcher that she and her two sons had been stabbed. Five minutes later, police arrived at Darlie's home in Rowlett, a suburb of Dallas. Darlie's eldest son, Devon, had already died from four knife wounds. He was just three days shy of his seventh birthday. His brother, five year old Damon, had also been attacked. Damon later died in the care of a paramedic. Darlie had a deep gash in her neck and wounds on her arms. She was immediately transported to a local hospital for emergency surgery and survived. Eight months later, Darlie Routier was convicted of killing her two young sons and sentenced to die by lethal injection. It is a verdict that many refused to accept. Darlie's family believed unidentified fingerprints at the crime scene belong to the intruder. A fingerprint on the door leading to the garage, and a second print on the credenza behind the couch, have never been positively identified by investigators. Her family insists crucial evidence was overlooked during her trial. But authorities argue that their case against Darlie Lynn Routier is overwhelming. Darlie's lawyers continue to appeal her sentence. If and when those appeals are exhausted, Darlie Lynn Routier will be executed for brutally murdering Devon and Damon.

Hannah Mary Tabbs and the Disembodied Torso Kali Nicole Gross 2018-04 Shortly after a dismembered torso was discovered by a pond outside Philadelphia in 1887, investigators homed in on two suspects: Hannah Mary Tabbs, a married, working-class, black woman, and George Wilson, a former neighbor whom Tabbs implicated after her arrest. As details surrounding the shocking case emerged, both the crime and ensuing trial--which spanned several months--were featured in the national press. The trial brought otherwise taboo subjects such as illicit sex, adultery, and domestic violence in the black community to public attention. At the same time, the mixed race of the victim and one of his assailants exacerbated anxieties over the purity of whiteness in the post-Reconstruction era. In *Hannah Mary Tabbs and the Disembodied Torso*, historian Kali Nicole Gross uses detectives' notes, trial and prison records, local newspapers, and other archival documents to reconstruct this

ghastly whodunit crime in all its scandalous detail. In doing so, she gives the crime context by analyzing it against broader evidence of police treatment of black suspects and violence within the black community. A fascinating work of historical recreation, Hannah Mary Tabbs and the Disembodied Torso is sure to captivate anyone interested in true crime, adulterous love triangles gone wrong, and the racially volatile world of post-Reconstruction Philadelphia.
