*Nation of Nations: A Narrative History of the American Republic* James West Davidson 2007-12-05 Known for its friendly narrative style and careful blending of political and social history, *Nation of Nations* offers a balanced approach to teaching the American history survey course. The story presented by the authors reflects their belief that the American past can only be fully understood when linked to events worldwide. As a result of this view, *Nation of Nations* has become the leader in the integration of global material, done in a sensible and thoughtful way. This sixth edition features expanded coverage of environmental and pre-colonial history by new coauthor Brian DeLay, as well as a completely redesigned map program, additional *After the Fact* content, and a new online version of the popular Primary Source Investigator.

*Experience History* James West Davidson 2019

*US: A Narrative History Volume 1: To 1877* Michael Stoff 2011-05-25 For your classes in American History, McGraw-Hill introduces the latest edition of *U\*S: A Narrative History*, part of the acclaimed M Series. The M Series started with you and your students. McGraw-Hill conducted extensive market research to gain insight into students' studying and learning behavior. Students want text programs with visual appeal and content designed according to the way they learn. Instructors desire greater student involvement in the course content without compromising on high quality content. From a known and trusted author team, *U\*S: A Narrative History* tells the story of us, the American people, with all the visually engaging, personally involving material that your students want. This innovative text provides instructors with scholarly, succinct, and conventionally organized core content; a highly readable and unified narrative that is continental in scope; and a magazine format that engages students and helps them connect with the nation's past. Plus, *U\*S: A Narrative History* now offers *Connect History*, a new web-based assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools that make managing assignments easier and learning and studying more engaging and efficient.

For instance, a groundbreaking adaptive questioning diagnostic, LearnSmart, provides a personalized study plan for students to ensure that they understand chapter content, while engaging interactivities such as Critical Missions involves students deeply in situations as they sharpen their analytical skills and increase their historical understanding. U\*S: A Narrative History is more current, more portable, and more captivating. Its rigorous and innovative research foundation, plus Connect History adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

**The Three-Cornered War** Megan Kate Nelson 2021-02-16 Finalist for the Pulitzer Prize in History A dramatic, riveting, and “fresh look at a region typically obscured in accounts of the Civil War. American history buffs will relish this entertaining and eye-opening portrait” (Publishers Weekly). Megan Kate Nelson “expands our understanding of how the Civil War affected Indigenous peoples and helped to shape the nation” (Library Journal, starred review), reframing the era as one of national conflict—involving not just the North and South, but also the West. Against the backdrop of this larger series of battles, Nelson introduces nine individuals: John R. Baylor, a Texas legislator who established the Confederate Territory of Arizona; Louisa Hawkins Canby, a Union Army wife who nursed Confederate soldiers back to health in Santa Fe; James Carleton, a professional soldier who engineered campaigns against Navajos and Apaches; Kit Carson, a famous frontiersman who led a regiment of volunteers against the Texans, Navajos, Kiowas, and Comanches; Juanita, a Navajo weaver who resisted Union campaigns against her people; Bill Davidson, a soldier who fought in all of the Confederacy’s major battles in New Mexico; Alonzo Ickis, an Iowa-born gold miner who fought on the side of the Union; John Clark, a friend of Abraham Lincoln’s who embraced the Republican vision for the West as New Mexico’s surveyor-general; and Mangas Coloradas, a revered Chiricahua Apache chief who worked to expand Apache territory in Arizona. As we learn how these nine charismatic individuals fought for self-determination and control of the region, we also see the importance of individual actions in the midst of a larger military conflict. Based on letters and diaries, military records and oral histories, and photographs and maps from the time, “this history of invasions, battles, and forced migration shapes the United States to this day—and has never been told so well” (Pulitzer Prize-winning author T.J. Stiles).

Vampires, Burial, and Death Paul Barber 1988-01-01 Surveys centuries of folklore about vampires and offers a scientific explanation for the origins of the legends.

*Air Force Combat Units of World War II*

*US: A Narrative History, Volume 2: Since 1865* James West Davidson 2014-09-19 U\*S, a brief American History program, transforms the learning experience through personalized, adaptive technology helping students better grasp the issues of the past while providing greater insight on student performance. **Nation of Nations** James West Davidson 2000-08-01

**The Texan** Carolyn Davidson 2014-04-15 U.S. Marshal Jonathan Cleary Was A Man With A Plan: After one last undercover assignment, he'd claim a corner of the wide Texas sky and get hitched to the wild and carefree woman of his dreams. But Fate, disguised as Augusta McBride, came calling with different ideas. Now his dream woman was a prim-and-proper miss...with shocking secrets! Augusta McBride Was

Wedded To Spinsterhood Yet she'd somehow landed in front of a preacher, marrying a half-naked stranger—and relishing it! No doubt about it, the mysterious, marvelous Jonathan Cleary was a force of nature who couldn't be denied!

Black Gotham Carla L. Peterson 2011-01-01 Narrates the story of the elite African American families who lived in New York City in the nineteenth century, describing their successes as businesspeople and professionals and the contributions they made to the culture of that time period.

ISE US: A Narrative History James West Davidson 2021

**Orientalism** Edward W. Said 2014-10-01 More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

The Candy House Jennifer Egan 2022-04-05 \* A New York Times Book Review Top 10 Book, a New York Times Notable Book and a Time Must-Read Book of 2022\* Named a Best Book of 2022 by Entertainment Weekly, Esquire, Harper's Bazaar, NPR, Oprah Daily, Real Simple, Time Vogue, Vulture, The New Yorker and more! \* Longlisted for the 2023 Carnegie Medal for Excellence Selected as One of Barack Obama's Summer 2022 Reading List Picks! "A compelling read that showcases Egan's masterful storytelling." —Time "Dazzling." —Vogue "Radiant, exhilarating." —Slate "Mesmerizing...A thought-provoking examination of how and why we change." —People From one of the most celebrated writers of our time comes an "inventive, effervescent" (Oprah Daily) novel about the memory and quest for authenticity and human connection. *The Candy House* opens with the staggeringly brilliant Bix Bouton, whose company, Mandala, is so successful that he is "one of those tech demi-gods with whom we're all on a first name basis." Bix is forty, with four kids, restless, and desperate for a new idea, when he stumbles into a conversation group, mostly Columbia professors, one of whom is experimenting with downloading or "externalizing" memory. Within a decade, Bix's new technology, "Own Your Unconscious"—which allows you access to every memory you've ever had, and to share your memories in exchange for access to the memories of others—has seduced multitudes. In the world of Egan's spectacular imagination, there are "counters" who track and exploit desires and there are "eluders," those who understand the price of taking a bite of the Candy House. Egan introduces these characters in an astonishing array of narrative styles—from omniscient to first person plural to a duet of voices, an epistolary chapter, and a chapter of tweets. Intellectually dazzling, *The Candy House* is also a moving testament to the tenacity and transcendence of human longing for connection, family, privacy, and love. "A beautiful exploration of loss, memory, and history" (San Francisco Chronicle), "this is minimalist maximalism. It's as if Egan compressed a big 19th-century novel onto a flash drive" (The New York Times).

Experience History Vol 1: To 1877 Brian DeLay 2013-09-09 Connect students to the stories of history. Connect students to the experience of history. Connect students to success in history. At McGraw-Hill, we have spent the past few years deepening our understanding of the student and instructor experience. Employing a wide array of research tools including surveys, focus groups, and ethnographic studies,

we've identified areas in need of improvement to provide an opportunity for greater learning and teaching experiences. Experience History is a direct result of this. Experience History is also a first in American History. Its groundbreaking adaptive diagnostic and interactive exercises paired with its lively narrative and engaging visuals create a unique teaching and learning environment propelling greater student success and better course results. Instructors gain better insight into students' engagement and understanding as students develop a base of knowledge and construct critical thinking skills. Gripping stories keep students turning the page while the adaptive diagnostics for each chapter and a personalized study plan for each individual student help students prepare for class discussions and course work while enjoying increased course success. Experience History emphasizes that history is not just a collection of proven facts, but is "created" from the detective work of historians examining evidence from the past. Providing the interactive environment that only an integrated solution can provide, Experience History gives students the opportunity to examine primary sources and explore specific periods and events. This leads to greater understanding as well as the building and practicing of critical thinking skills. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success. Give students an experience. Improve course participation and performance. Experience History and experience success.

Nation of Nations, Volume 1: To 1877 James West Davidson 2007-12-11 Known for its friendly narrative style and careful blending of political and social history, Nation of Nations offers a balanced approach to teaching the American history survey course. The story presented by the authors reflects their belief that the American past can only be fully understood when linked to events worldwide. As a result of this view, Nation of Nations has become the leader in the integration of global material, done in a sensible and thoughtful way. This sixth edition features expanded coverage of environmental and pre-colonial history by new coauthor Brian DeLay, as well as a completely redesigned map program, additional After the Fact content, and a new online version of the popular Primary Source Investigator.

*A Little History of the United States* James West Davidson 2015-09-15 How did a land and people of such immense diversity come together under a banner of freedom and equality to form one of the most remarkable nations in the world? Everyone from young adults to grandparents will be fascinated by the answers uncovered in James West Davidson's vividly told *A Little History of the United States*. In 300 fast-moving pages, Davidson guides his readers through 500 years, from the first contact between the two halves of the world to the rise of America as a superpower in an era of atomic perils and diminishing resources. In short, vivid chapters the book brings to life hundreds of individuals whose stories are part of the larger American story. Pilgrim William Bradford stumbles into an Indian deer trap on his first day in America; Harriet Tubman lets loose a pair of chickens to divert attention from escaping slaves; the toddler Andrew Carnegie, later an ambitious industrial magnate, gobbles his oatmeal with a spoon in each hand. Such stories are riveting in themselves, but they also spark larger questions to ponder about freedom, equality, and unity in the context of a nation that is, and always has been, remarkably divided and diverse.

US: A Narrative History, Volume 1: To 1877 James West Davidson 2008-12-04 This two-volume illustrated history of the United States covers the first civilizations in North America to the twenty-first century and includes Backstory features on lesser known corners of history, Opinion debates on historical topics, Point of View historians' insights on key issues, and Then and Now comparisons of cultural artifacts from past and present.

*US: A Narrative History* Michael Stoff 2014-09-19 U\*S, a brief American History program, transforms the learning experience through personalized, adaptive technology helping students better grasp the issues

of the past while providing greater insight on student performance. This American History program tells the story of the American people in a highly portable and visually appealing manner helping students better connect with our nation's past and understand our present. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

The Complete Wilderness Paddler James West Davidson 1982-12-12 Covers map reading, camping equipment, outdoor clothing, canoeing techniques for white water as well as small streams, and safety precautions

**Cataract City** Craig Davidson 2014-02-06 Cataract City, a dead-end border town overlooking Niagara Falls. Owen Stuckey and Duncan Diggs are fast friends as kids - united by wrestling, go-karts, and metal bands - but as they grow into young men, their once simple affection competes with the tensions created by their respective circumstances. Owen, born to relative privilege, seems destined to get out of the city, while Duncan, honest but hard, is hurtling along the rails towards a future working the assembly line at the soulless biscuit factory, The Bisk. As Duncan becomes more and more desperate to escape, he finds himself at opposite ends of the law to Owen, and as the coils of the city creep ever tighter around the two friends, they find themselves struggling not to break free, but simply to survive.

Washington Ron Chernow 2010-10-05 From the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner of the 2011 Pulitzer Prize for Biography “Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography” —Andrew Roberts, The Wall Street Journal “Until recently, I’d never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can’t recommend it highly enough—as history, as epic, and, not least, as entertainment.” —Hendrik Hertzberg, The New Yorker Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda’s smash Broadway musical Hamilton has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

### Experience History, Volume 1: To 1877 James West Davidson 2010-10-05

**U.S.** James West Davidson 2021-02 "From five distinguished scholars comes one approachable and compelling narrative. U.S.: A Narrative History tells the stories of the American people in a concise and visually appealing way. The engaging narrative, crafted by a team of authors representing different eras, regions, topics, and approaches, showcases the diversity and complexity of the American past and guides students to develop a more nuanced understanding of our present and future. This extremely readable program provides opportunities to engage with and uncover the history of America by leveraging the tools and practices that historians use to illuminate the past. The approachable narrative

is supported by a comprehensive set of learning activities found in Connect: American History. By harnessing the power of Connect, your students will get the help they need, when and how they need it, so that your class time can be more rewarding for your students and you"--

**Nation of Nations, Volume 2: Since 1865** James West Davidson 2007-12-11 Known for its friendly narrative style and careful blending of political and social history, Nation of Nations offers a balanced approach to teaching the American history survey course. The story presented by the authors reflects their belief that the American past can only be fully understood when linked to events worldwide. As a result of this view, Nation of Nations has become the leader in the integration of global material, done in a sensible and thoughtful way. This sixth edition features expanded coverage of environmental and pre-colonial history by new coauthor Brian DeLay, as well as a completely redesigned map program, additional After the Fact content, and a new online version of the popular Primary Source Investigator.

**The Hollow Kind** Andy Davidson 2022-10-11 Andy Davidson's epic horror novel about the spectacular decline of the Redfern family, haunted by an ancient evil. Nellie Gardner is looking for a way out of an abusive marriage when she learns that her long-lost grandfather, August Redfern, has willed her his turpentine estate. She throws everything she can think of in a bag and flees to Georgia with her eleven-year-old son, Max, in tow. It turns out that the "estate" is a decrepit farmhouse on a thousand acres of old pine forest, but Nellie is thrilled about the chance for a fresh start for her and Max, and a chance for the happy home she never had. So it takes her a while to notice the strange scratching in the walls, the faint whispering at night, how the forest is eerily quiet. But Max sees what his mother can't: They're no safer here than they had been in South Carolina. In fact, things might even be worse. There's something wrong with Redfern Hill. Something lurks beneath the soil, ancient and hungry, with the power to corrupt hearts and destroy souls. It is the true legacy of Redfern Hill: a kingdom of grief and death, to which Nellie's own blood has granted her the key. From the author of *The Boatman's Daughter*, *The Hollow Kind* is a jaw-dropping novel about legacy and the horrors that hide in the dark corners of family history. Andy Davidson's gorgeous, Gothic fable tracing the spectacular fall of the Redfern family will haunt you long after you turn the final page.

The American Nation James West Davidson 2002-01-01 US social studies textbook (advance copy) for study and reference.

Looseleaf for Experience History, Vol 2: Since 1865 Mark H Lytle 2018-11-20 Experience History emphasizes that history is not a collection of facts, but is "interpreted" from the detective work of historians examining the past's evidence. Utilizing an active learning environment that only an online solution can provide, Experience History gives students the opportunity to examine primary sources and explores specific periods and events. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success.

"They Say" James West Davidson 2008-07-21 Between 1880 and 1930, Southern mobs hanged, burned, and otherwise tortured to death at least 3,300 African Americans. And yet the rest of the nation largely ignored the horror of lynching or took it for granted, until a young schoolteacher from Tennessee raised her voice. Her name was Ida B. Wells. In "They Say," historian James West Davidson recounts the first thirty years of this passionate woman's life--as well as the story of the great struggle over the meaning of race in post-emancipation America. Davidson captures the breathtaking, often chaotic changes that swept the South as Wells grew up in Holly Springs, Mississippi: the spread of education among the free blacks, the rise of political activism, the bitter struggles for equality in the face of entrenched social custom. As Wells came of age she moved to bustling Memphis, eager to worship at the city's many

churches (black and white), to take elocution lessons and perform Shakespeare at evening soirées, to court and spark with the young men taken by her beauty. But Wells' quest for fulfillment was thwarted as whites increasingly used race as a barrier separating African Americans from mainstream America. Davidson traces the crosscurrents of these cultural conflicts through Ida Wells' forceful personality. When a conductor threw her off a train for not retreating to the segregated car, she sued the railroad--and won. When she protested conditions in the segregated Memphis schools, she was fired--and took up full-time journalism. And in 1892, when an explosive lynching rocked Memphis, she embarked full-blown on the career for which she is now remembered, as an outspoken writer and lecturer against lynching. Richly researched and deftly written, "They Say" offers a gripping portrait of the young Ida B. Wells, shedding light not only on how one black American defined her own aspirations and her people's freedom, but also on the changing meaning of race in America.

**Experience History Vol 2: Since 1865** James West Davidson 2013-09-10 Connect students to the stories of history. Connect students to the experience of history. Connect students to success in history. At McGraw-Hill, we have spent the past few years deepening our understanding of the student and instructor experience. **Great Heart** James West Davidson 2006-05-11 In July 1903 Leonidas Hubbard set out to explore the uncharted interior of Labrador by canoe, accompanied by Dillon Wallace, his best friend, and George Elson, a Métis guide. Bad luck and bad judgment led the expedition into disaster and the party was forced to turn back. Hubbard died of starvation just thirty miles from camp. Two years later Wallace decided to complete the overland expedition and clear himself of blame for Hubbard's death. He had, however, a rival - Mina Hubbard. She blamed Wallace for her husband's death and, with Elson as her guide, intended to complete the trek first. The result was an epic race between the avenging widow and her husband's best friend. Reconstructing the story from the long-lost journals and diaries of the 1903 and 1905 expeditions, James Davidson and John Rugge trace the explorers' routes and re-create the saga. Great Heart is a gripping drama of individuals pushed to the limits of human endurance.

*The Bridge at the Edge of the World* James Gustave Speth 2008-10-01 How serious are the threats to our environment? Here is one measure of the problem: if we continue to do exactly what we are doing, with no growth in the human population or the world economy, the world in the latter part of this century will be unfit to live in. Of course human activities are not holding at current levels—they are accelerating,

dramatically—and so, too, is the pace of climate disruption, biotic impoverishment, and toxification. In this book Gus Speth, author of *Red Sky at Morning* and a widely respected environmentalist, begins with the observation that the environmental community has grown in strength and sophistication, but the environment has continued to decline, to the point that we are now at the edge of catastrophe. Speth contends that this situation is a severe indictment of the economic and political system we call modern capitalism. Our vital task is now to change the operating instructions for today's destructive world economy before it is too late. The book is about how to do that.

*The African Slave Trade* Basil Davidson 1980 A detailed history of the slave trade examines its causes and consequences, shows how African leaders attempted to halt it, and portrays European attitudes towards Africa

*The Afghanistan Papers* Craig Whitlock 2021-08-31 A Washington Post Best Book of 2021 The #1 New York Times bestselling investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military became mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, *The Afghanistan Papers* contains "fast-paced and vivid" (The New York Times Book Review) revelation after revelation from people who played a direct role in the war from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to meet with him. Secretary of Defense Donald Rumsfeld admitted that he had "no visibility into who the bad guys are." His successor, Robert Gates, said: "We didn't know jack shit about al-Qaeda." *The Afghanistan Papers* is a "searing indictment of the deceit, blunders, and hubris of senior military and civilian officials" (Tom Bowman, NRP Pentagon Correspondent) that will supercharge a long-overdue reckoning over what went wrong and forever change the way the conflict is remembered.

**The Historian** Elizabeth Kostova 2005-06-01 The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers

around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell." —Baltimore Sun

*The Sovereign Individual* James Dale Davidson 2020-02-04 Two renowned investment advisors and authors of the bestseller *The Great Reckoning* bring to light both currents of disaster and the potential for prosperity and renewal in the face of radical changes in human history as we move into the next century. *The Sovereign Individual* details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-Mogg. Their bold prediction of disaster on Wall Street in *Blood in the Streets* was borne out by Black Tuesday. In their ensuing bestseller, *The Great Reckoning*, published just weeks before the coup attempt against Gorbachev, they analyzed the pending collapse of the Soviet Union and foretold the civil war in Yugoslavia and other events that have proved to be among the most searing developments of the past few years. In *The Sovereign Individual*, Davidson and Rees-Mogg explore the greatest economic and political transition in centuries -- the shift from an industrial to an information-based society. This transition, which they have termed "the fourth stage of human society," will liberate individuals as never before, irrevocably altering the power of government. This outstanding book will replace false hopes and fictions with new understanding and clarified values.
