*Punk 57* Penelope Douglas 2016-10-18 From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we met." Misha I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+.

Past residents include a lively cast of characters including Confederate spies, businessmen, school children, ladies of leisure, ministers, and moonshiners. *Central to Their Lives* Lynne Blackman 2018-06-20 Looking back at her lengthy career just four years before her death, modernist painter Nell Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable women artists but as notable artists who happen to be women." In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors: Sara C. The book covers the social, cultural, and economic changes as well as political situations. It discusses both historical contexts and emerging issues. It includes chapters on social and public health concerns, and on ethnicity, gender, sexuality and social class. Most chapters use information from empirical-based and historical research. They describe real life experiences of the contributors and Thai people who participated in the research.

*Dear Killer* Katherine Ewell 2014-04-01 Full of "can't look away" moments, *Dear Killer* is a psychological thriller perfect for fans of gritty realistic fiction such as Dan Wells's *I Am Not a Serial Killer* and Jay Asher's *Thirteen Reasons Why*, as well as television's *Dexter*. Rule One—Nothing is right, nothing is wrong. Kit looks like your average seventeen-year-old high school student, but she has a secret—she's London's notorious "Perfect Killer." She chooses who to murder based on letters left in a secret mailbox, and she's good—no, perfect—at what she does. Her moral nihilism—the fact that she doesn't believe in right and wrong—makes being a serial killer a whole lot easier . . . until she breaks her own rules by befriending someone she's supposed to murder, as well as the detective in charge of the Perfect Killer case. As New York Times bestselling author of the *Gone* series Michael Grant says, *Dear Killer* is "shocking, mesmerizing, and very smart."

**Ralston Crawford: Air + Space + War** Rick Kinsel 2021-03-02 American art underwent a transformation during the period 1940-55, and nowhere is that change better exemplified than in the work of Ralston Crawford (1906-1978). Crawford worked in a variety of media throughout his career, and his wartime and early postwar art ranged from designing camouflage and creating weather infographics for the US Army to documenting the detonation of the atomic bomb for *Fortune* magazine. This exciting new book explores Crawford's influences and the ideas and experiences he had during World War II and its aftermath, and chronicles a period of change, during which Crawford gradually moved away from celebrating feats of engineering and industrial development to creating imagery that was more abstract and far more personal, expressing the grief and anxiety of the postwar world. Crawford's painting during the 1930s had largely been a dazzling series of Precisionist works that reflected American advances in industry, engineering and technology. After the United States entered World War II, Crawford served in the Weather Division of the Army Air Forces. He created pictorial representations of weather patterns for airplane pilots, and was exposed to countless photographs of air crashes. He continued working as an artist throughout the conflict, receiving a

commission to paint the Curtiss-Wright aircraft plant in Buffalo, New York, and, in 1946, an assignment to observe and record one of the atomic bomb tests at Bikini Atoll. These experiences had a profound impact on Crawford, and marked a major turning point in his life and art. Published to coincide with an exhibition opening at the Dayton Art Institute, *Ralston Crawford: Air & Space & War* presents a remarkable selection of Crawford's paintings, drawings, photographs and prints from this time. These vary from powerful images of chaos and devastation to ordered and precise paintings of airplane assembly at the Curtiss-Wright plant and cover illustrations and charts related to weather, flight and radar for *Fortune* magazine. The evolution of many of the works can be traced from photograph and drawing to the finished painting, revealing Crawford's decisions about form and space, which were informed by his experiences with airplanes and flight. Accompanying the artworks is a series of perceptive essays. Rick Kinsel considers Crawford's war years in the context of developments in both aviation and American art. Emily Schuchardt Navratil reflects on aerial views by Crawford and on his Curtiss-Wright commission. Amanda Burdan looks at Crawford's work for *Fortune*, while Jerry Smith surveys various American and European abstract renditions of airplanes and flight as a means by which to place Crawford's interest in aviation during World War II into a broader historical context. In the final essay, John Crawford examines the importance of photography in his father's work, and explores collage as both a compositional technique and as a term that may be used to describe the series of intense experiences that contributed to Crawford's development as an artist in the 1940s and early 1950s.

*Imagining Urban Futures* Carl Abbott 2016-09-13 Carl Abbott, who has taught urban studies and urban planning in five decades, brings together urban studies and literary studies to examine how fictional cities in work by authors as different as E. M. Forster, Isaac Asimov, Kim Stanley Robinson, and China Miéville might help us to envision an urban future that is viable and resilient. *Imagining Urban Futures* is a remarkable treatise on what is best and strongest in urban theory and practice today, as refracted and intensely imagined in science fiction. As the human population grows, we can envision an increasingly urban society. Shifting weather patterns, rising sea levels, reduced access to resources, and a host of other issues will radically impact urban environments, while technology holds out the dream of cities beyond Earth. Abbott delivers a compelling critical discussion of science fiction cities found in literary works, television programs, and films of many eras from *Metropolis* to *Blade Runner* and *Soylent Green* to *The Hunger Games*, among many others.

*From Clay to Wood* Terry Kramer 1995 Nothing is more challenging to the carver than carving a realistic face. To help in the process Terry Kramer begins with modeling clay. With this pliable medium, he leads the reader through the exploration of the planes and features of the face. In a series of exercises, the carver learns the basics about shaping the face in clay, and then transferring that knowledge to wood. This is a basic reference for face carvers. Following Terry's technique will lead to a new level of accomplishment and competence. Fully illustrated with clear photographs and drawings, each step is clearly explained and organized to take the carver to a satisfying result.

*You Had Me at Pet-Nat* Rachel Signer 2021-10-19 From the publisher of *Pipette Magazine*, discover a natural

wine-soaked memoir about finding your passion—and falling in love. It was Rachel Signer's dream to be that girl: the one smoking hand-rolled cigarettes out the windows of her 19th-century Parisian studio apartment, wearing second-hand Isabel Marant jeans and sipping a glass of Beaujolais redolent of crushed roses with a touch of horse mane. Instead she was an under-appreciated freelance journalist and waitress in New York City, frustrated at always being broke and completely miserable in love. When she tastes her first pétillant-naturel (pét-nat for short), a type of natural wine made with no additives or chemicals, it sets her on a journey of self-discovery, both deeply personal and professional, that leads her to Paris, Italy, Spain, Georgia, and finally deep into the wilds of South Australia and which forces her, in the face of her "Wildman," to ask herself the hard question: can she really handle the unconventional life she claims she wants? Have you ever been sidetracked by something that turned into a career path? Did you ever think you were looking for a certain kind of romantic partner, but fell in love with someone wild, passionate and with a completely different life? For Signer, the discovery of natural wine became an introduction to a larger ethos and philosophy that she had long craved: one rooted in egalitarianism, diversity, organics, environmental concerns, and ancient traditions. In *You Had Me at Pét-Nat*, as Signer begins to truly understand these revolutionary wine producers upending the industry, their deep commitment to making their wine with integrity and with as little intervention as possible, she is smacked with the realization that unless she faces, head-on, her own issues with commitment, she will not be able to live a life that is as freewheeling, unpredictable, and singular as the wine she loves.
