*Stardust Melodies* Will Friedwald 2009-07-01 In *Stardust Melodies*, Will Friedwald takes each of these legendary songs apart and puts it together again, with a staggering wealth of detail and unprecedented understanding. Each chapter gives us an extended history of one song—the circumstances under which it was written and first performed—and then explores its musical and lyric content. Drawing on his vast knowledge of records and the careers of performing artists, Friedwald tells us who was responsible for making these songs famous and discusses in depth the performers who have left their unique marks on

them. He writes about variations in performance style, about both classic and obscure versions of the songs, about brilliantly original interpretations and ghastly travesties. And then there's the completely unexpected, like Stan Freberg's politically correct "Elderly Man River." This is a book for all lovers of American song to explore, argue with, and savor.

**Disoriented** Robert Chang 2000-10 Does "Asian American" denote an ethnic or racial identification? Is a person of mixed ancestry, the child of Euro- and Asian American parents, Asian American? What does it mean to refer to first generation Hmong refugees and fifth generation Chinese Americans both as Asian American? In *Disoriented: Asian Americans, Law, and the Nation State*, Robert Chang examines the current discourse on race and law and the implications of postmodern theory and affirmative action—all of which have largely excluded Asian Americans—in order to develop a theory of critical Asian American legal studies. Demonstrating that the ongoing debate surrounding multiculturalism and immigration in the U.S. is really a struggle over the meaning of "America," Chang reveals how the construction of Asian American-ness has become a necessary component in stabilizing a national American identity—a fact Chang criticizes as harmful to Asian Americans. Defining the many "borders" that operate in positive and negative ways to construct America as we know it, Chang analyzes the position of Asian Americans within America's black/white racial paradigm, how "the family" operates as a stand-in for race and nation, and how the figure of the immigrant embodies a central contradiction in allegories of America. **Dangerous Melodies: Classical Music in America from the Great War through the Cold War** Jonathan Rosenberg 2019-12-10 A Juilliard-trained musician and professor of history explores the fascinating entanglement of classical music with American foreign relations. *Dangerous Melodies* vividly evokes a time when classical music stood at the center of twentieth-century American life, occupying a prominent place in the nation's culture and politics. The work of renowned conductors, instrumentalists, and singers—and the activities of orchestras and opera companies—were intertwined with momentous international events, especially the two world wars and the long Cold War. Jonathan Rosenberg exposes the politics behind classical music, showing how German musicians were dismissed or imprisoned during World War I, while numerous German compositions were swept from American auditoriums. He writes of the accompanying impassioned protests, some of which verged on riots, by soldiers and ordinary citizens. Yet, during World War II, those same compositions were no longer part of the political

discussion, while Russian music, especially Shostakovich's, was used as a tool to strengthen the US-Soviet alliance. During the Cold War, accusations of communism were leveled against members of the American music community, while the State Department sent symphony orchestras to play around the world, even performing behind the Iron Curtain. Rich with a stunning array of composers and musicians, including Karl Muck, Arturo Toscanini, Wilhelm Furtwängler, Kirsten Flagstad, Aaron Copland, Van Cliburn, and Leonard Bernstein, *Dangerous Melodies* delves into the volatile intersection of classical music and world politics to reveal a tumultuous history of twentieth-century America.

**Haunted Maine Lighthouses** Taryn Plumb 2018-09-01 What is it about lighthouses that make them bastions of spiritual activity? Built for strength and permanence, they are nonetheless vulnerable, protecting lives yet isolated and remote. Unforgiving of human frailty, these outposts inevitably become the settings for tragedy—and for the spirits that linger on at the site of their ruined hopes, their sufferings, their obsessions. With its incessant fogs and infamously craggy coast, Maine has the second highest number of lighthouses in the country. Many of these 64 beacons are shrouded in wisps of rumor and mystery. There are ongoing strange and eerie events and occurrences that recall past violence or sadness—stranded crews who resorted to cannibalism, keepers driven to madness by unending days of blinding fog, children drowned in shipwrecks. Author Taryn Plumb explores the ghostly tales and mysteries surrounding Maine lighthouses. Some hauntings can be directly tied to a known historical event, while others seem to have no origin, yet all will enthrall you with their spookiness.

After witnessing the murder of her domestication specialist, Delaney McCormick allows her new owner to treat her like the pet he believes her to be. But in Torek's care, she finds something unexpected on this antarctic planet, something she never had in all her years on Earth while house-hopping between foster families: a home. A deadly secret. As companionship grows to love, must Delaney continue the charade, acting like an animal and hiding from the murderer waiting on her misstep? **The Broadview Anthology of British Literature Volume 2: The Renaissance and the Early Seventeenth Century - Third Edition** Joseph Black 2016-03-14 In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors, extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative and comprehensive, The Broadview Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. For the third edition of this volume a considerable number of changes have been made. Newly prepared, for example, is a substantial selection from Baldassare Castiglione's *The Courtier*, presented in Thomas Hoby's influential early modern English translation. Thomas Kyd's *The Spanish Tragedy* is another major addition. Also new to the anthology are excerpts from Thomas Dekker's plague pamphlets. We have considerably expanded our representation of Elizabeth I's writings and speeches, as well as providing several more cantos from Edmund Spenser's *Faerie Queene* and adding selections from Sir Philip Sidney's *Arcadia*. We have broadened our coverage, too, to include substantial selections of Irish, Gaelic Scottish, and Welsh literature. (Perhaps most notable of the numerous authors in this section are two extraordinary Welsh poets, Dafydd ap Gwilym and Gwerful Mechain.) Mary Sidney Herbert's writings now appear in the bound book instead of on the companion website. Margaret Cavendish, previously included in volume 3 of the full anthology, will now also be included in this volume; we have added a number of her poems, with an emphasis on those with scientific themes. The edition features two new Contexts sections: a sampling of "Tudor and Stuart Humor," and a section on "Levellers, Diggers, Ranters, and Covenanters." New materials on emblem books and on manuscript culture have also been added to the "Culture: A Portfolio" contexts section. There are many additions the website component as well—including Thomas Deloney's *Jack of Newbury* (also published as a stand-alone BABL edition). We are also expanding our online selection of transatlantic material, with the inclusion of writings by John Smith, William Bradford, and Anne Bradstreet.

**The Melody of Time** Benedict Taylor 2015-12-01 From the Romantic era onwards, music has been seen as the most quintessentially temporal art, possessing a unique capacity to invoke the human experience of time. Through its play of themes and recurrence of events, music has the ability to stylise in multiple ways our temporal relation to the world, with far-reaching implications for modern conceptions of memory, subjectivity, personal and collective identity, and history. Time, as philosophers, scientists and writers have found throughout history, is notoriously hard to define. Yet music, seemingly bound up so intimately with the nature of time, might well be understood as disclosing aspects of human temporality unavailable to other modes of inquiry, and accordingly was frequently granted a privileged position in nineteenth-century thought. The Melody of Time examines the multiple ways in which music relates to, and may provide insight into, the problematics of human time. Each chapter explores a specific theme in the philosophy of time as expressed through music: the purported timelessness of Beethoven's late works or the nostalgic impulses of Schubert's music; the use of music by philosophers as a means to explicate the aporias of temporal existence or as a medium suggestive of the varying possible structures of time; and, a reflection of a particular culture's sense of historical progress or the expression of the intangible spirit behind the course of human history itself. Moving fluidly between cultural context and historical reception, competing philosophical theories of time and close reading of the repertoire, Benedict Taylor argues for the continued importance of engaging with music's temporality in understanding the significance of music within society and human experience. At once historical, analytical, critical, and ultimately hermeneutic, The Melody of Time provides both fresh insight into many familiar nineteenth-century pieces and a rich theoretical basis for future research.

virtuoso Camille Saint-Saëns—perhaps the foremost French musical figure of the late nineteenth century and a composer who wrote in nearly every musical genre, from opera and the symphony to film music—is now being rediscovered after a century of modernism overshadowed his earlier importance. In a wide-ranging and trenchant series of essays, articles, and documents, *Camille Saint-Saëns and His World* deconstructs the multiple realities behind the man and his music. Topics range from intimate glimpses of the private and playful Saint-Saëns, to the composer's interest in astronomy and republican politics, his performances of Mozart and Rameau over eight decades, and his extensive travels around the world. This collection also analyzes the role he played in various musical societies and his complicated relationship with such composers as Liszt, Massenet, Wagner, and Ravel. Featuring the best contemporary scholarship on this crucial, formative period in French music, *Camille Saint-Saëns and His World* restores the composer to his vital role as innovator and curator of Western music. The contributors are Byron Adams, Leon Botstein, Jean-Christophe Branger, Michel Duchesneau, Katharine Ellis, Annegret Fauser, Yves Gérard, Dana Gooley, Carolyn Guzski, Carol Hess, D. Kern Holoman, Léo Houziaux, Florence Launay, Stéphane Leteuré, Martin Marks, Mitchell Morris, Jann Pasler, William Peterson, Michael Puri, Sabina Teller Ratner, Laure Schnapper, Marie-Gabrielle Soret, Michael Stegemann, and Michael Strasser.
