*Denton Little's Deathdate* Lance Rubin 2015-04-14 **\*\*The Snapchat Original series, Denton's Deathdate, is here—check it out!\*\*** Get ready to die laughing: this is an outrageously funny ride through the last hours of a teenager's life as he searches for love, meaning, answers, and (just maybe) a way to live on. Denton Little's Deathdate takes place in a world exactly like our own except that everyone knows the day on which they will die. For Denton, that's in just two days—the day of his senior prom. Despite his early deathdate, Denton has always wanted to live a normal life, but his final days are filled with dramatic firsts. First hangover. First sex. First love triangle—as the first sex seems to have happened not with his adoring girlfriend, but with his best friend's hostile sister. (Though he's not totally sure—see, first hangover.) His anxiety builds when he discovers a strange purple rash making its way up his body. Is this what will kill him? And then a strange man shows up at his funeral, claiming to have known Denton's long-deceased mother, and warning him to beware of suspicious government characters. . . . Suddenly Denton's life is filled with mysterious questions and precious little time to find the answers. Fall in love with Denton Little! "Rubin is really funny but like John Green, he manages to be poignant at the same time. You'll laugh out loud while you read this, but you're probably going to tear up a bit too." --Bustle "The dialogue is witty and raunchy, the plot is uniquely twisted, and the ending is to die for. This book will fly off the shelves."--VOYA "Lance Rubin creates a world in which (almost) everyone can answer the question, 'What would you do if you knew when you were going to die?' and holy s\*#! the answers are hilarious. I don't think I've laughed at death so much in a long, long time. Read this book, it'll have you dying." —Isabel Quintero, Morris Award-winning author of *Gabi, A Girl in Pieces* "Hilarious, thought-provoking, irreverent, unforgettable. . . . Live your own death, Dent. We love you." --Catherine Gilbert Murdock, author of *Dairy Queen* "If *Six Feet Under* had been created by John Hughes: that's Denton Little's Deathdate." —Tim Federle, author of *The Great American Whatever* "Wildly funny, brilliantly weird, and achingly heartfelt." —Becky Albertalli, Morris Award-winning author of *Simon vs. the Homo*

Sapiens Agenda "Highly original, fantastically entertaining, and laugh-out-loud funny, Denton Little's Deathdate is a wild romp through a night like no other." --Jennifer E. Smith, author of The Geography of You and Me "An utterly enjoyable, engrossing page-turner." -- Bulletin "The tweaked contemporary setting, irreverent end-of-life humor, and big, existential questions make this a good pick for fans of John Corey Whaley's Noggin." -- Publishers Weekly

Of Kindred Celtic Origins Jodie K. Scales 2001-06-01 A compelling and evocative history of an ordinary 21st century American family detailing its varied and diverse historical and cultural elements through out history. An enthralling journey through time and culture giving a strong narrative account of the similar Celtic roots of many American families. Using records and tools as varied as archeology, anthropology, ethnology, etymology, geology, mythology, legends and historical documentation, Scales embarks on a fascinating quest to link together the pieces of a vast jigsaw of the forgotten Celtic heritage of many American families while developing a chronological framework to historical events and family bloodlines. With an astonishing insight into the cultural effects of the travels and historical events of our founding fathers, more than a dozen separate family lines are identified with their earliest American ancestors and which part of the ancient Celtic world those families came from. Reaching as far back into the origin of the Celtic people as the Sumerian Culture of 4000bc to their arrival in Ireland, Germany and Scotland sets a framework for the detailed history of the Picts and Scots who's blood still runs in many American veins.

**Crying Laughing** Lance Rubin 2021-08-03 A tragicomic story of bad dates, bad news, bad performances, and one girl's determination to find the funny in high school from the author of *Denton Little's Deathdate*. Winnie Friedman has been waiting for the world to catch on to what she already knows: she's hilarious. It might be a long wait, though. After bombing a stand-up set at her own bat mitzvah, Winnie has kept her jokes to herself. Well, to herself and her dad, a former comedian and her inspiration. Then, on the second day of tenth grade, the funniest guy in school actually laughs at a comment she makes in the lunch line and asks her to join the improv troupe. Maybe he's even . . . flirting? Just when Winnie's ready to say yes to comedy again, her father reveals that he's been diagnosed with ALS. That is . . . not funny. Her dad's still making jokes, though, which feels like a good thing. And Winnie's prepared to be his straight man if that's what he wants. But is it what he needs? Caught up in a spiral of epically bad dates, bad news, and bad performances, Winnie's struggling to see the humor in it all. But finding a way to laugh is exactly what will see her through. \*\*A Junior Library Guild

**Denton Little's Birthdate** Lance Rubin 2016-04-07 Living sucks when you have to pretend to be dead. SPOILER ALERT: Denton didn't die. But as the only person in the world, apparently, not to have kicked it on his deathdate, there are lots of people after him. And some of those people are not good people. And some of them would rather just kill him than have to deal with it. And also his Mum's involved. Even though he thought she was dead too. It's all pretty confusing. Lance Rubin's incredible sense of humour shines through once again in this laugh-out-loud sequel to DENTON LITTLE'S DEATHDATE.
