Icon and Devotion Oleg Tarasov 2004-01-03 *Icon and Devotion* offers the first extensive presentation in English of the making and meaning of Russian icons. The craft of icon-making is set into the context of forms of worship that emerged in the Russian Orthodox Church in the mid-seventeenth century. Oleg Tarasov shows how icons have held a special place in Russian consciousness because they represented idealized images of Holy Russia. He also looks closely at how and why icons were made. Wonder-working saints and the leaders of such religious schisms as the Old Believers appear in these pages, which are illustrated with miniature paintings, lithographs and engravings never before published in the English-speaking world. By tracing the artistic vocabulary, techniques and working methods of icon painters, Tarasov shows how icons have been integral to the history of Russian art, influenced by folk and mainstream currents alike. As well as articulating the specifically Russian piety they invoke, he analyzes the significance of icons in the cultural life of modern Russia in the context of popular prints and poster design.

*Art of Annemieke Mein* Annemieke Mein 2019-09-01 The textile works of Annemieke Mein display a rare standard of artistry. She has explored beyond the bounds of craft and developed new techniques in her use of textiles and fabric paints. The illustrations in this book show how textiles can be used as an exciting sculptural medium. The artist's three-dimensional creations are works of extraordinary skill, born out of a passionate commitment to the environment that she observes with a loving eye. Annemieke uses an amazing variety of materials - silk, wool, fur, cotton, synthetics - carefully chosen for their colour, texture, credibility and aesthetic appeal. These fabrics are then meticulously painted and stitched to faithfully reproduce her chosen subjects and to enhance the tactile quality unique to textiles. Numerous techniques are used in limitless combinations: hand and machine embroidery, dyeing, applique, trapunto, quilting, pleating, felting, beading, weaving and plying. The work of Annemieke Mein will leave the reader breathless with wonder. It encourages an awareness of our natural heritage and of the need to preserve it.
