Censorium William Mazzarella 2013-02-25 In the world of globalized media, provocative images trigger culture wars between traditionalists and cosmopolitans, between censors and defenders of free expression. But are images censored because of what they mean, what they do, or what they might

become? And must audiences be protected because of what they understand, what they feel, or what they might imagine? At the intersection of anthropology, media studies, and critical theory, *Censorium* is a pathbreaking analysis of Indian film censorship. The book encompasses two moments of moral panic: the consolidation of the cinema in the 1910s and 1920s, and the global avalanche of images unleashed by liberalization since the early 1990s. Exploring breaks and continuities in film censorship across colonial and postcolonial moments, William Mazzarella argues that the censors' obsessive focus on the unacceptable content of certain images and the unruly behavior of particular audiences displaces a problem that they constantly confront yet cannot directly acknowledge: the volatile relation between mass affect and collective meaning. Grounded in a close analysis of cinema regulation in the world's largest democracy, *Censorium* ultimately brings light to the elusive foundations of political and cultural sovereignty in mass-mediated societies.

Delhi OMG! Vinod Nair *Delhi OMG!* is the story of one man's struggle for survival in the colorful, yet tough Indian city of Delhi. Summary Of The Book *Delhi OMG!* is the story of a man named Dinesh. It is set in the big, bad city of Delhi, traversing some of the key places in the city and exposing its shocking underbelly. Dinesh is a middle class man who goes from living in government flats in Netaji Nagar to a posh, luxurious DLF residence. As Dinesh goes about his life in Delhi, he encounters various characters from all walks of life. His journey also takes him to several hot-spots of the city, acquainting him with a different side of Delhi, a shocking side often hidden under the cloak of superficiality. At once humorous and hard-hitting, the story presents the vibrant as well as the dark side of life in Delhi. The book explores themes like bribery, obsession with foreign women, sex trafficking, and the well-known fixation of Delhiites on the concept of self-image. Common perceptions about the city of Delhi are once again brought to the fore, and perhaps even strengthened by the narrative. *Delhi OMG!* was first published in 2012 by Om Books International. It received positive reviews. About Vinod Nair Vinod Nair is an Indian management professional and author. Death in Delhi April Chloe Evans 2022-06-01 Melanie Eagleton is staring into the cold waters of Long Island Sound from the deck of her deceased best friend's cottage. She is also trying to sketch out a solution for her latest assignment—redesigning a new inner space for the palace for the last Rajah/Bollywood heartthrob as well as the creation of a museum that will depict the one opulent lives of the Rajahs royal family. Meanwhile, in a small dark apartment on Roosevelt Island, an intense young man is experimenting with creative ways to make a statement about his obsession—the loss of American jobs, especially his, to Indian call centers. Melanie is at a celebration at the Rajah's palace when the corporate head of a major call-center collapses during her visit. Fortunately, she knows who to call in cases as extreme as Victor Kumar's death. She knows Detective Colin St. James Smythe, who'd worked with her when her late husband was implicated in her best friend's murder. With a growing romantic interest in the beautiful Melanie, Smythe dashes to Mumbai to investigate.

'Bad' Women of Bombay Films Saswati Sengupta 2019-12-06 This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive

female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

Indian Art at Delhi 1903 Sir George Watt 1987 The volume is a unique work of documentation of nineteenth-century Indian craftsmanship. The text is enriched with graphic representation of rare specimens of Indian artistry. Its usefulness as gaze-tteer and an ethnogra-phical dictionary makes it invaluable for the students engaged in research of the history of craft and industry in India. The volume is reprinted with a scholarly intro-duction by Dr. Narayani Gupta after eighty years of its first publication. This was first published as a Catalogue and Guide to the Indian Art Exhibition held at Delhi to coincide with the Durbar of 1902-03. Its importance as a valuable book of reference and as a work of scholarship could hardly be appreciated at that time, though the author could visualize its possible future as a simple and practical account of the note-worthy art industries of India. Here, an attempt is made for the first time to associate Indian art-works in a systematic sequence, under certain classes, divisions and sections. The author's aim has primarily been to afford descriptions by which the articles might be severally identified, rather than to furnish traditions and historic details regarding them.

The Moving City Rashmi Sadana 2021-12-07 The Moving City is a rich and intimate account of urban transformation told through the story of Delhi's Metro, a massive infrastructure project that is reshaping the city's social and urban landscapes. Ethnographic vignettes introduce the feel and form of the Metro and let readers experience the city, scene by scene, stop by stop, as if they, too, have come along for the ride. Laying bare the radical possibilities and concretized inequalities of the Metro, and how people live with and through its built environment, this is a story of women and men on the move, the nature of Indian aspiration, and what it takes morally and materially to sustain urban life. Through

exquisite prose, Rashmi Sadana transports the reader to a city shaped by both its Metro and those who depend on it, revealing a perspective on Delhi unlike any other.

Here And Hereafter Vineet Gill 2022-09-30 How is a writer formed? Yes, through labour, commitment, perseverance, grit and various other things that we keep hearing about. But equally, a writer is formed through the workings of a particular kind of sensibility. As Vineet Gill attempts to understand this writerly sensibility in Nirmal Verma's life and work, he finds that the personal and the literary are, on some level, inseparable. In this masterly deep dive into the world of one of Hindi literature's pioneers, Gill looks at the scattered elements of Verma's life as ingredients that went into the making of the writer. The places he lived in, the people he knew, the books he read are all reflected, in Gill's view, in Verma's stories and novels. This is a work of intense readerly analysis and considered excavation-a contemplation on Verma's oeuvre and its place in world literature.

65 Days to Delhi Basil Jay 2012-06-22 In 1974, despite having a young wife and three very young children, Basil suggested that he would like to take a year out and drive, with his family, some 30,000 miles, to India and back. This is the story of part of that incredible journey and of a group of young people they met and travelled with. A journey that would be impossible today. Three times held up by gunmen, in what the author describes as the badlands between Turkey and India. Witness to a ritual stoning to death in Ghazni. Locked up for a killing in Afghanistan. And accused of smuggling in Pakistan. The book is written with great humour and honesty. It is a story of a time before e-mails and mobile phones, a time before cash machines a time when it was possible for your whereabouts to be unknown for weeks or months at a time. A story of dangerous mountain passes and dangerous people. But above all, it is a story of deep friendships quickly formed, of trust and of belief, and of the joy of

being young, when, for you the extraordinary becomes ordinary, and the impossible becomes possible.

Delhi Metropolitan Ranjana Sengupta 2008-01-01 My understanding of this ferocious, restless, relentless metropolis is that each of us who lives in this city carries a unique, if virtual, Delhi inside our heads.' Independence, four million refugees from Pakistan and the overwhelming presence of visible and invisible power that flows from New Delhi being the capital have transformed it from the unruffled imperial town it once was to the fearsome metropolis it is today. And yet, says Ranjana Sengupta, this largely unloved city deserves to be loved. Delhi is home to the most diverse population of any city in the country. The unceasing influx of migrants has unleashed new urban architectures of opulence and deprivation. Different groups have set up their own, different universes, and these manage to coexist, not unhappily. And somewhere between the futurist Gurgaon skyline and the proliferating slums, alongside the march of the Metro and the refurbishment of Khan Market, lie Delhi's unsung sagas—the memories, the passions and the unspoken expectation that the city will change lives. Sengupta illustrates how Delhi is essentially the creation of refugees of all kinds, from those fleeing plundered homes within and across the border to the adventurers who have flocked to the city for the greater opportunities of employment or simply to be close to the hub of political power. The newer Delhi, she says, in its turn gained from the accumulated and diverse talent and capital it acquired from these people, although haphazard development poses a great danger to it. Delhi Metropolitan tracks the changes from the time 'going to CP' was almost the only leisure activity for the middle class, looks at the subtle reinventions of government colonies and the shining new suburbs, and inspects the footprints of 'Punjabification'. Have all these actually managed to colonize this extravagant, indefinable and unlikely city? In a work of immense detail, at once informed and entertaining, Ranjana Sengupta proffers an answer.

Contemporary Issues in International Law B.C. Nirmal 2018-02-13 This book explores the changing nature of international law and its ability to respond to the contemporary issues related to international environment, trade and information technology. The evolution of international law has reached a stage where we are witnessing diminishing power of the state and its capacity to deal with the economic matters challenging the existing notions of territory and sovereignty. Recent trends in international law and international relations show that states no longer have exclusive control over the decision-making process at the global level. Keeping this in mind, the book brings together the perspectives of various international and national scholars. The book considers diverse issues such as, sustainable development, climate change, global warming, Rio+20, technology transfer, agro-biodiversity and genetic resource, authority for protection of environment, human right to water, globalization, human rights, sui generis options in IP laws, impact of liberalization on higher education, regulation of international trade, intellectual property rights, collective administration of copyright, broadcast reproduction rights, implementation of copyright law, communication rights under copyright law, arbitration for IP disputes, doctrine of exhaustion of rights, trans-border reputation of trademark, information as an asset, cyber obscenity and pornography, e-governance, taxation of e-commerce, computer crime, information technology, domain names, research excellence in legal education, ideological perspective on legal education, challenges for law teachers, and clinical legal education. The topics, though diverse, are closely interrelated, with the common concern throughout being that the global environment, international trade, information technology and legal education need appropriate national normative and institutional responses as well as the global cooperation of members of the international community. Presenting reflections of a number of Asian, African and European scholars on these varied facets, the book is of great value to scholars, practitioners, teachers and students associated with contemporary international law.

South Asian Filmscapes Elora Halim Chowdhury 2020-12-11 In South Asia massive anticolonial movements in the twentieth century created nation-states and reset national borders, forming the basis for emerging film cultures. Following the upheaval of the partition of India and Pakistan in 1947 and the Bangladesh Liberation War of 1971, new national cinemas promoted and reinforced prevailing hierarchies of identity and belonging. At the same time, industrial and independent cinemas contributed to remarkably porous and hybrid film cultures, reflecting the intertwining of South Asian histories and their reciprocal cultural influences. This cross-fertilization within South Asian cultural production continues today. *South Asian Filmscapes* excavates these complex politics and poetics of bordered identity and crossings through selected histories of cinema in South Asia. Several essays reveal ways in which fixed notions of national identity have been destabilized by the cross-border mobility of filmed arts and practitioners, while others interrogate how filmic politics intersects with discourses of nationalism, sexuality and gender, religion, and language. Together, they offer a fluid approach to the multiple histories and encounters that conjure "South Asia" as a geographic and political entity in the region and globally through a cinematic imagination.

Love in a Different Climate Jeremy Seabrook 1999 In this carefully researched and finely written work, Jeremy Seabrook deals with subjects rarely discussed in Western narratives about South Asia. Going beyond a straightforward contextualisation of the gatoei (lady-boys) in Thailand and the hijara (eunuchs) of India, he unravels the less familiar and more complex territory of homosexual and homoerotic encounters in general, and asks how valid Western models of sexual identity are in the South Asian context, and how effective they might be in dealing with global issues of sexual health, HIV awareness and gender politics. Much of the book is based on interviews which reveal the extent of the complexity at play: wives who traditionally vacate the marital bed to accommodate their husbands' friends; kotis—"passive" male sex partners of men—many of whom will be married but see their relations with the kotis as fulfilling their destinies as males; the fundamentalist politicians who curse the Western influence of "gay liberation" and continue to justify the punishment of life imprisonment for homosexuality; and the activist groups who are working towards a clearer and more helpful understanding of contemporary issues. The first work of its kind on India, *Love in a Different Climate* reveals how a traditional shrouding in mystery of sexual difference is slowly but surely giving way to a more open and essentially local celebration of that difference.

Delhi Elizabeth Chatterjee 2013-12-02 '... nobody who lives there, nobody at all, has much good to say about Delhi.' Along with Milton Keynes, Detroit and Purgatory, Delhi is one of the world's great unloved destinations. So when Elizabeth Chatterjee makes her way from the cool hum of Oxford to the demented June heat of heat of Delhi to research her PhD, she find herself both baffled and curious about the je ne sais quoi of this city of 'graveyards and tombstones'. As flâneur and sagacious resident, Liz takes us through the serpentine power structures, the idyll, the bullshit—peeling layer after layer of the city's skin to reveal its aspirations, its insecurity, its charm and finally its urban dissonance. Uncannily perceptive, predictive, and hysterical, *Delhi Mostly Harmless* puts a firm finger on the electric pulse of Delhi.
