Saracens and Conversion Stephanie L. Hathaway 2012 At the heart of Wolfram von Eschenbach's <l>Willehalm are Saracens: instrumental figures in the driving themes of conquest, loyalty, vassalage, chivalry, love-service and redemption that run through the text. When compared with Wolfram's French sources, <l>La Prise d'Orange and <l>Aliscans, <l>Willehalm is revealed to be innovative yet true to the themes and figures of the original <l>chansons de geste, indicating that Wolfram continued the retelling process that also played a part in the composition of his French sources.
 This book explores the role of Saracens in these texts, the implications of their conversion to Christianity and the portrayal of the ideals of chivalry as their depiction undergoes development from twelfth-century France to thirteenth-century Germany. The text begins with the cultural-historical setting and the development of key ideals and concepts and then analyses the Saracen figures in the texts, presenting an integrated reading of <l>Willehalm and its source material and revealing Wolfram's intentions in his depiction of Saracens.

The Sweetest Fruits Monique Truong 2021-08-31 With brilliant sensitivity and an unstinting eye, *The Sweetest Fruits* illuminates the women's tenacity and their struggles in this novel that circumnavigates the globe in the search for love, family, home, and belonging. Monique Truong gives voice to three women, Rosa, Alethea, and Setsu, who each tell the story of their life with Lafcadio Hearn (1850-1904), a globetrotting Greek-Irish writer best known as the author of America's first Creole cookbook and for his many volumes about the folklore and ghost stories of Meiji Era Japan. An immigrant thrice over, Hearn is now remembered at best as a keen cultural observer and at worst as a purveyor of exotica. In their own unorthodox ways, the three women are also intrepid travelers and explorers. Their accounts witness Hearn's remarkable life but also seek to witness their own existence and luminous will to live unbounded by gender, race, and the mores of their time. Each is a gifted storyteller with her own precise reason for sharing her story, and together their voices offer a revealing, often contradictory portrait of Hearn. 'It isn't only the fantastic Lafcadio Hearn who springs to new life in these pages. The women around him do as well, even as they mix the extraordinary and the ordinary in an exhilarating new way. *The Sweetest Fruits* is brilliant and heartbreaking—I was transfixed.' —Gish En, author of *Typical American* 'Presented in four courses from the perspective of the women closest to him, *The Sweetest Fruits* is a feast you'll want to devour for its arresting metaphors and its beautiful prose.' —Anita Lo, author of *Solo: A Modern Cookbook for One* 'Intimate and sensuous yet majestic in scope, *The Sweetest Fruits* is a rapturous, glorious novel, extraordinarily alive to the world.' —Idra Novey, author *Those Who Knew* 'Monique Truong has composed a sublime, many-voiced novel of voyage and reinvention. It will cross horizons, yet remain burrowed in your heart.' —Anthony Marra, author of *A Constellation of Vital Phenomena* 'By giving readers a concert of voices, at last singing louder than Hearn's biography and mythology, Truong asks us to ponder the ways those who are often ignored and marginalized might have their own rich, epic stories worth telling. In that sense, *The Sweetest Fruits* is a type of justice.' —Eric Nguyen, author of *Diacritics*

Saint Francis and the Sultan John V. Tolan 2009-03-26 In September, 1219, as the armies of the Fifth Crusade besieged the Egyptian city of Damietta, Francis of Assisi went to Egypt to preach to Sultan al-Malik al-Kâmil. Although we in fact know very little about this event, this has not prevented artists and writers from the thirteenth century to the twentieth, unencumbered by mere facts, from portraying Francis alternatively as a new apostle preaching to the infidels, a scholastic theologian proving the truth of Christianity, a champion of the crusading ideal, a naive and quixotic wanderer, a crazed religious fanatic, or a medieval Gandhi preaching peace, love, and understanding. Al-Kâmil, on the other hand, is variously presented as an enlightened pagan monarch hungry for evangelical teaching, a cruel oriental despot, or a worldly libertine. *Saint Francis and the Sultan* takes a detailed look at these richly varied artistic responses to this brief but highly symbolic meeting. Throwing into relief the changing fears and hopes that Muslim-Christian encounters have inspired in European artists and writers in the centuries since, it gives a uniquely broad but precise vision of the evolution of Western attitudes towards Islam and the Arab world over the last eight hundred years.

The Avignon Papacy and the Crusades, 1305-1378 Norman Housley 1986 The crusading movement in the fourteenth century, and the support given to it by the Popes at Avignon, form the central theme of this study. By focusing on the crusading policy of the papal Curia it also illuminates other fields of Avignonese activity, such as papal taxation and relations with Byzantium, as well as offering general comments on papal objectives, approaches, and limitations. The author examines the contribution made by the Avignonese Curia to all aspects of the crusades: their initiation, their organization and financing, their control in the field, and their diplomatic repercussions ... he extends his study to cover all areas where crusading occurred--the eastern Mediterranean, Spain, eastern Europe, and Italy ... he analyses the Curia's approach to ... peacemaking between warring Christian powers, the work of the Military Orders, and western attempts to maintain a trade embargo on Mamluk Egypt. -Dust jacket.

A Systems Theory of Religion Niklas Luhmann 2013-01-09 A Systems Theory of Religion, still unfinished at Niklas Luhmann's death in 1998, was first published in German two years later thanks to the editorial work of André Kieserling. One of Luhmann's most important projects, it exemplifies his later work while redefining the subject matter of the sociology of religion. Religion, for Luhmann, is one of the many functionally differentiated social systems that make up modern society. All such subsystems consist entirely of communications and all are "autopoietic," which is to say, self-organizing and self-generating. Here, Luhmann explains how religion provides a code for coping with the complexity, opacity, and uncontrollability of our world. Religion functions to make definite the indefinite, to reconcile the immanent and the transcendent. Synthesizing approaches as disparate as the philosophy of language, historical linguistics, deconstruction, and formal systems theory/cybernetics, A Systems Theory of Religion takes on important topics that range from religion's meaning and evolution to secularization, turning decades of sociological assumptions on their head. It provides us with a fresh vocabulary and a fresh philosophical and sociological approach to one of society's most fundamental phenomena.

Upstate James Wood 2018-06-05 New Yorker book critic and award-winning author James Wood delivers a novel of a family struggling to connect with one another and find meaning in their own lives. In the years since his daughter Vanessa moved to America to become a professor of philosophy, Alan Querry has never been to visit. He has been too busy at home in northern England, holding together his business as a successful property developer. His

younger daughter, Helen—a music executive in London—hasn't gone, either, and the two sisters, close but competitive, have never quite recovered from their parents' bitter divorce and the early death of their mother. But when Vanessa's new boyfriend sends word that she has fallen into a severe depression and that he's worried for her safety, Alan and Helen fly to New York and take the train to Saratoga Springs. Over the course of six wintry days in upstate New York, the Query family begins to struggle with the questions that animate this profound and searching novel: Why do some people find living so much harder than others? Is happiness a skill that might be learned or a cruel accident of birth? Is reflection conducive to happiness or an obstacle to it? If, as a favorite philosopher of Helen's puts it, "the only serious enterprise is living," how should we live? Rich in subtle human insight, full of poignant and often funny portraits, and vivid with a sense of place, James Wood's *Upstate* is a powerful, intense, beautiful novel.

What Stalin Knew David E. Murphy 2005-06-11 This “riveting account of one of history’s greatest blunders” chronicles Russia’s tragic mishandling of Nazi Germany’s invasion during WWII (William L. O’Neill, *The New Leader*). On June 22, 1941, Nazi Germany’s Operation Barbarossa was launched against Russia. Within days, the invading army had taken hundreds of thousands of Soviet captives while the Luftwaffe bombed a number of Russian cities, including Minsk. Though accurate intelligence about the plan had been available to Stalin before the attack, he chose not to heed the warning. In *What Stalin Knew*, historian and former chief of the CIA’s Soviet division David E. Murphy illuminates many of the enigmas surrounding the catastrophic invasion, offering keen insights into Stalin’s thinking and the reasons for his fatal error of judgment. A story of successful misinformation campaigns, and a leader more paranoid about threats from within his regime than from an aggressive neighbor, this authoritative history sheds essential new light on the most consequential event in the Eastern Front of World War II. “If, after the war, the Soviet Union had somehow been capable of producing an official inquiry into the catastrophe of 6/22—comparable in its mandate to the 9/11 commission here—its report might have read a little like [this book]. . . . Murphy brings to his subject both knowledge of Russian history and an insider’s grasp of how intelligence is gathered, analyzed and used—or not.” —Niall Ferguson, *The New York Times Book Review* “A fascinating and meticulously researched account of mistaken assumptions and errors of judgment . . . Never before has this fateful period been so fully documented.” —Henry A. Kissinger

Always Coca-Cola Alexandra Chreiteh 2012-11-01 The narrator of *Always Coca-Cola*, Abeer Ward (fragrant rose, in Arabic), daughter of a conservative family, admits wryly that her name is also the name of her father’s flower shop. Abeer’s bedroom window is filled by a view of a Coca-Cola sign featuring the image of her sexually adventurous friend, Jana. From the novel’s opening paragraph—“When my mother was pregnant with me, she had only one craving. That craving was for Coca-Cola”—first-time novelist Alexandra Chreiteh asks us to see, with wonder, humor, and dismay, how inextricably confused naming and desire, identity and branding are. The names—and the novel’s edgy, cynical humor—might be recognizable across languages, but Chreiteh’s novel is first and foremost an exploration of a specific Lebanese milieu. Critics in Lebanon have called the novel “an electric shock.”

The Farm Max Annas 2020-09-15 *Eight Hours. Minute by Minute.* Somewhere in South Africa, a farm comes under heavy attack. No shooters in sight. Only one thing is certain: The attackers are savagely resolute. A diverse group of people barricade themselves inside the farmhouse: black and white; women, men, and children; bosses and workers; a police officer; random visitors. Who is the target of the attack? What has motivated it? Politics? Revenge? Greed? Drugs? Weapons? But do the people outside know more than those indoors? The

snipers who are trying to operate in the dark of night? Who will die, who will survive? Who is pulling the strings? Who will be the winners, who will be the losers? And how long can eight hours actually be? Eight hours, minute by minute. Constant changes in perspective, piercing precision. An explosive mixture of psychological thriller and Neo-western with a political subtext.

The Price of Monotheism Jan Assmann 2009-10-29 Nothing has so radically transformed the world as the distinction between true and false religion. In this nuanced consideration of his own controversial Moses the Egyptian, renowned Egyptologist Jan Assmann answers his critics, extending and building upon ideas from his previous book. Maintaining that it was indeed the Moses of the Hebrew Bible who introduced the true-false distinction in a permanent and revolutionary form, Assmann reiterates that the price of this monotheistic revolution has been the exclusion, as paganism and heresy, of everything deemed incompatible with the truth it proclaims. This exclusion has exploded time and again into violence and persecution, with no end in sight. Here, for the first time, Assmann traces the repeated attempts that have been made to do away with this distinction since the early modern period. He explores at length the notions of primary versus secondary religions, of "counter-religions," and of book religions versus cultic religions. He also deals with the entry of ethics into religion's very core. Informed by the debate his own work has generated, he presents a compelling lesson in the fluidity of cultural identity and beliefs.
