A Proposal to End the COVID-19 Pandemic Ruchir Agarwal 2021-05-19 Urgent steps are needed to arrest the rising human toll and economic strain from the COVID-19 pandemic that are exacerbating already-diverging recoveries. Pandemic policy is also economic policy as there is no durable end to the economic crisis without an end to the health crisis. Building on existing initiatives, this paper proposes pragmatic actions at the national and multilateral level to expeditiously defeat the pandemic. The proposal targets: (1) vaccinating at least 40 percent of the population in all countries by the end of 2021 and at least 60 percent by the first half of 2022, (2) tracking and insuring against downside risks, and (3) ensuring widespread testing and tracing, maintaining adequate stocks of therapeutics, and enforcing public health measures in places where vaccine coverage is low. The benefits of such measures at about \$9 trillion far outweigh the costs which are estimated to be around \$50 billion—of which \$35 billion should be paid by grants from donors and the residual by national governments potentially with the support of concessional financing from bilateral and multilateral agencies. The grant funding gap identified by the Access to COVID-19 Tools (ACT) Accelerator amounts to about \$22 billion, which the G20 recognizes as important to address. This leaves an estimated \$13 billion in additional grant contributions needed to finance our proposal. Importantly, the strategy requires global cooperation to secure upfront financing, upfront vaccine donations, and at-risk investment to insure against

downside risks for the world.

My Little Epiphanies Aisha Chaudhary 2017-01-06 This is a movie tie-in edition and any reviews posted before October 10, 2019 are from the previous edition of the same title published in 2015. Aisha Chaudhary was born with SCID (severe combined immune deficiency) and underwent a bone-marrow transplant when she was six months old. She lived in New Delhi, where she was born. The year 2014 was brutal for Aisha as her disease progressed, and her lungs started giving up on her. The last few months of the year felt like a roller-coaster ride, one that seemed to be mostly going down. Spending almost all her time lying in bed, Aisha wrote down her thoughts to get some relief, to get them out of her head. Aisha's life was not anything like the average life of an urban teenager, but she had experienced a lifetime of emotions; life and death, fear and anger, love and hate, the depths of utter sorrow and the happiest one can be. In *My Little Epiphanies* she took a hard look at her own feelings and what it was that gave her a sense of hope and control. This book gave her life purpose and meaning, something to hold on to. Sometimes, Aisha's little epiphanies had morphed into doodles that capture what was going on in her mind as her destiny played itself out. Through the book she wanted the world to understand her unusual life and she hoped that it will inspire others, going through similar hardships, to find peace.

tables and the city's trendiest restaurants feature native desert plants and innovative dishes incorporating ancient agricultural staples. Award-winning writer Carolyn Niethammer deliciously shows how the Sonoran Desert's first farmers grew tasty crops that continue to influence Tucson menus and how the arrival of Roman Catholic missionaries, Spanish soldiers, and Chinese farmers influenced what Tucsonans ate. White Sonora wheat, tepary beans, and criollo cattle steaks make Tucson's cuisine unique. In *A Desert Feast*, you'll see pictures of kids learning to grow food at school, and you'll meet the farmers, small-scale food entrepreneurs, and chefs who are dedicated to growing and using heritage foods. Terrains of Consciousness Zeno Ackermann 2021-10-01 TERRAINS OF CONSCIOUSNESS emerges from an Indian-German-Swiss research collaboration. The book makes a case for a phenomenology of globalization that pays attention to locally situated socioeconomic terrains, everyday practices, and cultures of knowledge. This is exemplified in relation to three topics: - the tension between 'terrain' and 'territory' in Defoe's 'Robinson Crusoe' as a pioneering work of the globalist mentality (chapter 1) - the relationship between established conceptions of feminism and the concrete struggles of women in India since the 19th century (chapter 2) - the exploration of urban space and urban life in writings on India's capital - from Ahmed Ali to Arundhati Roy (chapter 3).

A History of Saudi Arabia Madawi al-Rasheed 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the

Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Post Grad Caroline Kitchener 2017-04-11 An honest and deeply reported account of five women and the opportunities and frustrations they face in the year following their graduation from an elite university. Recent Princeton graduate Caroline Kitchener weaves together her experiences from her first year after college with that of four of her peers in order to delve more deeply into what the world now offers a female college graduate, and how the world perceives them. Each of the five girls in this diverse group were expected to attend college—but most had no clear expectations for their futures post-graduation. And as Kitchener follows each member of the group, it becomes harder to reduce

them to stereotypes, harder either to defend or to judge their choices. Kitchener navigates expertly between the very personal and the wider sociological perspectives as she outlines a chronological year in the lives of all five women, illuminating and clarifying each one of their choices, victories, and foibles. Both a broad and an intensely individual exploration, *Post Grad* is a portrait of the shifting environment of that important year after graduation, as well as an intimate look at how a select group of very different individuals handles its challenges—navigating family tensions, relationships, jobs, and that ever-elusive notion of independence.

Eyewitness Accounts: the Source of the Nile John Hanning Speke 2015-05-14 The source of the River Nile was one of the great mysteries of the Victorian age. On an expedition with Richard Burton which reached Lake Tanganyika, Speke went on alone to investigate rumours of the lake he would later name Victoria and proclaim the source of the Nile. This led to a furious dispute with Burton, and it was in the hope of proving his theory correct that Speke launched the expedition described in this book. One of the great journeys of Victorian exploration, the expedition would end in tragedy when Speke committed suicide before a debate with Burton at the Royal Geographical Society in London.

The Essential Guide to World Comics Tim Pilcher 2005-10-24 Most people's perception of comicbooks is one of superheroes like Spider-Man and Batman. But it belies an art form that is not unique to the UK and USA. Practically every country in the world has its own thriving comicbook industry. In some countries like France, they are a highly regarded form of expression – The Ninth Art. While in Japan, comics are so integral to its culture and society that it would be impossible to imagine the country without them. The cultural impact of comics cannot be underestimated. Did you know that sales of Mexico's leading comic outstrip those of the country's bestselling daily newspaper by six to one? Or that comicbooks are often used to convey a very serious message (only recently a comic featuring Superman was distributed to 500,000 children in Kosovo to teach them how to spot and avoid land mines)? Arranged geographically, this book assesses the medium in every major area of the world, discussing the history of the genre, the comics and characters, the publishers, creators and artists. Regions covered include the UK and United States, central Europe (France, Belgium, Germany, Spain, Italy), Eastern Europe, Scandinavia, Japan and Asia, Africa, India, Central and South America, and Australasia. Including key feature spreads and a wealth of colour images – many of them unseen – this book is the first of its kind to provide a global picture of an often-underrated art form.

Poems Rabindranath Tagore 2007 Tagore S English Writings Originals And Translations Have Not Received The Attention That They Deserve. The Purpose Of This Edition Is To Make The English Writings Of Tagore Available To The Widest Possible Range Of Readers Interested In The Writings Of Tagore All Over The World, With Just The Bare, Minimum Information Necessary For Appreciating The Writings, And Leave The Critical Assessment To The Readers Themselves. There May Be Two Possible Reasons For The Neglect Of Tagore S English Writings. Firstly,

Tagore's Prolific Output, Shakespearean Felicity And Protean Plasticity As A Bengali Poet, Who, Though Well-Versed In English, Chose To Write In The Medium Of His Mother Tongue For Nearly The First Fifty Years Of His Life, And There Is Hardly Any Literary Form That He Did Not Touch Upon And Turn Into Gold. His Creative Genius Found Expression In Poems, Plays, Novels, Essays, Short Stories, Satirical Pieces, Textbooks For Children, And Songs Of All Kinds. The Only Literary Form That He Did Not Try Is Epic. But In His Long, Eventful And Creative Eighty Years Of Life He Virtually Lived An Epic. It Is Largely Due To His Mighty Stature As A Bengali Poet That Nobody Really Bothered About His English Writings And His Own Translations Of His Own Writings. Secondly, It Is Owing To The Supposedly Poor Quality Of His Translations Subsequent To The Translation Of Gitanjali. It Was Only After Tagore Received The Nobel Prize For Literature In 1913 That There Was A Growing Demand For His Writings In The West, And As Tagore Was Not Apparently Satisfied By The Translations That Others Mainly His Admirers Made, He Began To Translate His Writings Himself. But The Tremendous Haste With Which He Had To Translate, Possibly Affected The Quality Of Translations. Come What May, The Point Is Whether Tagore's English Translations Are Good Or Bad, Whether The Translation Furthered His Reputation Or Damaged It, Is Immaterial. The Fact Of The Matter Is That They Are His, And His Own Translation Of Whatever Quality It May Be Is More Valuable To A Tagore Lover Than The Best Translation Made By Somebody Else, As Van Gogh's One Original Single Scratch Is More Valuable Than The Best Possible Copy By Some Other Artist. The Value Of Tagore's English Writings Lies Here : They Constitute An Important Part Of His Total Oeuvre, Add A New Magnificent Dimension To It And Offer Us A Glimpse Into The Mystique Of The Creative Anxiety That Could Have Haunted Even The Greatest Writer Of The Twentieth Century, About His Possible Reception In An Alien Culture.

Gujarat Files Rana Ayyub 2016-05-18 Gujarat Files is the account of an eight-month long undercover investigation by journalist Rana Ayyub into the Gujarat riots, fake encounters and the murder of state Home Minister Haren Pandya that brings to the fore startling revelations. Posing as Maithili Tyagi, a filmmaker from the American Film Institute Conservatory, Rana met bureaucrats and top cops in Gujarat who held pivotal positions in the state between 2001 and 2010. The transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.

That Winter Pamela Gillilan 1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.
