Peaks of Europe Johan Lolos 2018-07 'Peaks of Europe' is not a traditional landscape photography book. It's the result of a 5-month adventure across 17 countries told through the lens of a European travel photographer who took 29 years to finally explore the continent on which in he was born. The book has been designed for a specific purpose: telling the story of a 5-month road trip and what it takes to be living out of a car for several months, with all the good and bad moments. For this project, Johan Lolos wasn't just documenting the landscapes. This book features a series of photos with a focus on the storytelling as much as the imagery. At the end, the people he met were what he remembered most.

Diamanten im Staub Charmaine Pauls 2021-10-21 Männer wie wir sehen Dinge. Wir tun Dinge, die uns gefühllos machen. Das ist der Preis für Macht und Geld, dafür, dass wir la belle vie leben und die französische Mafia leiten. Dann tauchte sie auf wie eine hübsche Wildblume, die durch die Ritzen eines schmutzigen Pflasters wächst – zerbrechlich und doch unverwundlich, ein Hauch von Schönheit inmitten des Schmutzes. Sie sollte nur ein weiterer Job sein, eine namenlose Person, die ich aus ihrem Leben reißen und meinem Bruder übergeben sollte, nichts weiter als ein Pfand in unserem Diamantengeschäft. Für Männer wie uns gibt es einen psychologischen Stempel. Uns fehlt es an Empathie und Schuldgefühlen. Wir tun Dinge, um zu bekommen, was wir wollen, Dinge, die Blumen verwelken lassen.

Shetland PAUL. WEBSTER WEBSTER (HELEN.) 2018-05 The most northerly of Britain's island groups,

Shetland is so far removed from the rest of the UK that it usually appears as an inset on maps. Although relatively little known to those from outside the islands, Shetland is a magnificent terrain for walkers, especially those who love to really explore and get away from the beaten track. The coastal walking here includes some of the finest in the country, with superb cliffs, towering sea stacks, caves and natural arches seemingly around every corner. Added to this is Shetland's better known claim to fame for its spectacular seabird colonies ∫ huge gannetries, moorland packed with arctic and great skuas, arctic terns in the more sheltered spots, and everyone's favourite ∫ the puffins. The islands also enjoy a dense population of otters, many seals, and a chance to see killer whales or other giants of the deep. Beyond all this natural grandeur, Shetland's history is fascinating too. The archaeological attractions are much less known than those on Orkney, but sites such as Jarlshof have amazingly preserved remains from prehistory right up to more recent times. These include iron age villages, chambered cairns, viking longhouses, pictish carvings, and impressive brochs ∫ including the most complete of all these iron-age defensive towers, on Mousa. The Timbuktu School for Nomads Nicholas Jubber 2016-11-15 The Sahara: a dream-like, far away landscape of Lawrence of Arabia and Wilfred Thesiger, The English Patient and Star Wars, and home to nomadic communities whose ways of life stretch back millennia. Today it's a teeth-janglingly dangerous destination, where the threat of jihadists lurks just over the horizon. Following in the footsteps of 16th century traveller Leo Africanus, Nicholas Jubber went on a turbulent adventure to the forgotten places of North Africa and the legendary Timbuktu. Once the seat of African civilization and home to the richest man who ever lived, this mythic city is now scarred by terrorist occupation and is so remote its own inhabitants hail you with the greeting, 'Welcome to the middle of nowhere'. From the cattle markets of the Atlas, across the Western Sahara and up the Niger river, Nicholas joins the camps of the Tuareg, Fulani, Berbers, and other communities, to learn about their craft, their values and their place in the world. The Timbuktu School for Nomads is a unique look at a resilient city and how the nomads pit ancient ways of

life against the challenges of the 21st century.

Deep South Paul Theroux 2015-09-29 One of the most acclaimed travel writers of our time turns his unflinching eye on an American South too often overlooked Paul Theroux has spent fifty years crossing the globe, adventuring in the exotic, seeking the rich history and folklore of the far away. Now, for the first time, in his tenth travel book, Theroux explores a piece of America -- the Deep South. He finds there a paradoxical place, full of incomparable music, unparalleled cuisine, and yet also some of the nation's worst schools, housing, and unemployment rates. It's these parts of the South, so often ignored, that have caught Theroux's keen traveler's eye. On road trips spanning four seasons, wending along rural highways, Theroux visits gun shows and small-town churches, laborers in Arkansas, and parts of Mississippi where they still call the farm up the road "the plantation." He talks to mayors and social workers, writers and reverends, the working poor and farming families -- the unsung heroes of the south, the people who, despite it all, never left, and also those who returned home to rebuild a place they could never live without. From the writer whose "great mission has always been to transport us beyond that reading chair, to challenge himself -- and thus, to challenge us" (Boston Globe), Deep South is an ode to a region, vivid and haunting, full of life and loss alike.
