Grammar Cheatsheet

6) Complex and compound sentences (which have more than one clause-- subject plus predicate) very often use a comma to separate clauses. Complex sentences have a dependent clause plus independent clause. A dependent clause has a subject and predicate, but will be a sentence fragment if by itself as there's a

Joachim Lambek: The Mathematics of Sentence Structure

The predicate (intransitive verb) 'works' transforms the name 'John' from the right into the sentence 'John works'. We assign to it type $n \backslash s$. In general, an expression of type x/y when followed by an expression of type y produces an expression of type x , and so does an expression of type $y \backslash x$ when preceded by an expression of type y . We write ...
