Dictionary Catalogue of the Byzantine Collection of the Dumbarton Oaks Research Library, Washington, D.C. Dumbarton Oaks 1975

French Dictionary of Information Technology Terry Pyper 2020-08-26 Given the recent advances in telecommunications and the fact that the French lead the field in many aspects of information technology, this will be a valuable tool for students, translators and interpreters. The author has himself worked for a number of years as a technical translator and the dictionary reflects his knowledge and practical experience. 30,000 entries in each language cover terminology used in telecommunications, electronics and computer science, and developments in related disciplines such as the design and manufacture of printed circuits and components, installation, testing, maintenance and software programming.

**Dictionnaire de sylviculture en cinq langues, français (texte), allemand, anglais, espagnol, italien** Arturo Bruttini 1930

*The Illustrated London News* 1876

Genesis of the White Family Emma Siggins White 2018-10-11 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Taming of Chance Ian Hacking 1990-08-31 This book combines detailed scientific historical research with characteristic philosophic breadth and verve.

*Language Use and Linguistic Structure* Joseph Emonds The twenty-three articles in this volume are based on papers and posters presented at the Olomouc Linguistics Colloquium (OLINCO) at Palacký University in the Czech Republic in June 7-9, 2018. This conference welcomed papers that combined analyses of language structure with generalizations about language use. The thematic sections are as follows: Part I. Micro-syntax: The Structure and Interpretation of Verb Phrases; Part II. Micro-syntax: Word-Internal Morphosyntax in Nominal Projections; Part III. Macro-syntax: Structure and Interpretation of Discourse Markers and Projections; Part IV: Empirical Approaches to Contrastive Linguistics and Translation Studies. Články v tomto sborníku vycházejí z příspěvků prezentovaných na konferenci Olomouc Linguistics Colloquium (OLINCO), pořádané Univerzitou Palackého v Olomouci ve dnech 7. 6. - 9. 6. 2018. Jako téma byl zvolen "Jazyk jako prostředek a lingvistická struktura", což mělo umožnit prezentaci referátů ze všech současných lingvistických disciplín, pokud se zabývají vědeckým (empirickým, formálním) popisem jazykového systému. Články jsou rozděleny do následujících tematických sekcí: Part I. Micro-syntax: The Structure and Interpretation of Verb Phrases; Part II. Micro-syntax: Word-Internal Morphosyntax in Nominal Projections; Part III. Macro-syntax: Structure and Interpretation of Discourse Markers and Projections; Part IV: Empirical Approaches to Contrastive Linguistics and Translation Studies.

*In Defiance of Painting* Christine Poggi 1992-01-01 The invention of collage by Picasso and Braque in 1912 proved to be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by

it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

**A Medieval Mirror** Adrian Wilson 1984 The *Speculum Humanae Salvationis* or "Mirror of Human Salvation," is the only medieval work that exists in illuminated manuscripts, in blockbook editions of the mid-fifteenth century, and in sixteen later incunabula. The authors have provided lavishly illustrated accounts of the manuscripts and included reproductions of all 116 woodcuts of the blockbooks, accompanied by a description of the typography and production and an interpretation of each scene. The *Speculum Humanae Salvationis* or "Mirror of Human Salvation," is the only medieval work that exists in illuminated manuscripts, in blockbook editions of the mid-fifteenth century, and in sixteen later incunabula. The authors have provided lavishly illustrated accounts of the manuscripts and included reproductions of all 116 woodcuts of the blockbooks, accompanied by a description of the typography and production and an interpretation of each scene.

*The Culture of Print* Roger Chartier 2014-07-14 The leading historians who are the authors of this work offer a highly original account of one of the most important transformations in Western culture: the change brought about by the discovery and development of printing in Europe. Focusing primarily on printed matter other than books, *The Culture of Print* emphasizes the specific and local contexts in which printed materials, such as broadsheets, flysheets, and posters, were used in modern Europe. The authors show that festive, ritual, cultic, civic, and pedagogic uses of print were social activities that involved deciphering texts in a collective way, with those who knew how to read leading those who did not. Only gradually did these collective forms of appropriation give way to a practice of reading--privately, silently, using the eyes alone--that has become common today. This wide-ranging work opens up new historical and methodological perspectives and will become a focal point of debate for historians and sociologists interested in the cultural transformations that accompanied the rise of modern societies. Originally published in 1989. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Best-sellers** 2021-01-13 Rien n'est plus mystérieux et objet de plus de convoitise qu'un best-seller. Certains livres sont conçus en fonction de recettes menant automatiquement au succès. D'autres, issus du même moule, passent complètement inaperçus – tandis que certains ouvrages réputés difficiles reçoivent parfois un accueil enthousiaste du public. Quel point commun peut-on trouver entre le Capital et Harry Potter, Le Petit Prince et Belle du Seigneur ? Existe-t-il un secret, une technique, permettant de transformer n'importe quel manuscrit en n° 1 des ventes ? Quelle part revient à l'auteur dans cette réussite ? à l'éditeur ? aux lecteurs ? Finalement, depuis le XIXe siècle, que nous disent les best-sellers ? S'agit-il d'une catégorie historique, dont on peut relater l'invention ? Nous racontent-ils l'histoire d'un horizon de réception : celui du « grand public » ? Peut-on, de Walter Scott aux Fifty Shades of Grey, bâtir une histoire de la culture commune au plus grand nombre ? D'ailleurs, les lire, est-ce forcément les aimer ? Une pléiade de spécialistes de la littérature et des métiers du livre se penche ici avec intérêt sur ces livres exceptionnels, habituellement traités avec mépris.

**History** G. J. Renier 2016-04-14 This treatise of historical methodology, originally published in 1950 is based upon a liberal conception of history which excludes no narrator of past events from the ranks of historians. It defines history as the accurate story which preserves the memory of the past experiences of human societies. The function of history determines its method and provides the answer to the question: how secure is our knowledge of the past? In the author's view, history is empirical and its results are for ever provisional. The relative merits of dogmatism and scepticism are examined and several interpretations among English historians are scrutinized.
