How to Improve the Results of Peripheral Nerve Surgery Hanno Millesi 2007-12-31 All over the world research is going on to improve the outcome of the treatment of peripheral nerve lesions. Yet, there exist many questions, such as: Is the autologous nerve grafting still the golden standard in bridging defects? Have alternative techniques to overcome defects reached a level to replace autografting? What can be expected from end to side coaptation? The contributions in this book give answers to all of these questions.
