DER GARTEN VON EVE Garden of Eve GERMAN Brian Stewart DER GARTEN VON EVE "Sei fruchtbar und vermehre dich", sagte Gott zu Adam und Eva. Jahre später spürte Johnny Walker, wie der Heilige Geist ihm sagte, er solle seine lukrative Karriere als Art Director beenden und einen Live-Actionfilm auf der Grundlage des Buches Genesis produzieren. Es ist nicht oft, dass die Menschen alles aufgeben, um Gott zu folgen. Wir alle halten an unserer Karriere, unserem Geld und unseren Gewohnheiten fest, sowohl gut als auch schlecht. Wir verfolgen viele Dinge, die uns schaden. Sind wir nicht alle Menschen? Aber es gibt einen besseren Weg, einen schmalen Weg, wo der gewählte Weg nicht der weite ist, der zur Zerstörung führt, sondern wirklich der schmale, der zum ewigen Leben führt.

National Theaters in the Larger German and Austrian Cities Wallace Dace 1980 Not much is known in the United States about the European institutional theaters. American travelers in London sometimes visit the new National Theatre on the South Bank, the Royal Shakespeare Company, The Royal Opera at Covent Garden, and the English National Opera at the Coliseum. In France we know, at least by reputation, the Théâtre National de l'Opéra, the Théâtre National de l'Opéra Comique, and the Comédie-Française. And through their visits to America we may have come to admire the work of the Burgtheater and the Staatsoper from Vienna, the Hamburg Opera, the Deutsche Oper Berlin, and the Stuttgart Ballet. The well-financed public theaters of Europe are not confined to the capital cities, however, and most of us are not acquainted with the work of, for instance, the English National Opera North in Leeds, the Welsh National Opera in Cardiff, the Théâtre National de Strassbourg or the Théâtre National Populaire de Villeurbanne. In Austria and West Germany, over 70 cities maintain tax-supported theaters that produce plays, operas, operettas, and ballets in large, well-appointed theater buildings, on a repertory basis, 40 weeks or more per year, at box office prices within the reach of all. This book is intended as a descriptive and illustrative guide to many of these theaters, their companies, their repertoires their recent performance schedules, and their finances. It is hoped that these discussions and production photographs may enable the American reader to obtain a fair idea of what these theaters are like and may even provoke the question, "Why can't we have theaters like this in the U.S.?" -- from dust jacket.

The Original Bambi Felix Salten 2022-02-22 A new, beautifully illustrated translation of Felix Salten's celebrated novel Bambi—the original source of the beloved story Most of us think we know the story of Bambi—but do we? The Original Bambi is an all-new, illustrated translation of a literary classic that presents the story as it was meant to be told. For decades, readers' images of Bambi have been shaped by the 1942 Walt Disney film—an idealized look at a fawn who represents nature's innocence—which was based on a 1928 English translation of a novel by the Austrian Jewish writer Felix Salten. This masterful new translation gives contemporary readers a fresh perspective on this moving allegorical tale and provides important details about its creator. Originally published in 1923, Salten's story is more somber than the adaptations that followed it. Life in the forest is dangerous and precarious, and Bambi learns important lessons about survival as he grows to become a strong, heroic stag. Jack Zipes's introduction traces the history of the book's reception and explores the tensions that Salten experienced in his own life—as a hunter who also loved animals, and as an Austrian Jew who sought acceptance in Viennese society even as he faced persecution. With captivating drawings by award-winning artist Alenka Sottler, The Original Bambi captures the emotional impact and rich meanings of a celebrated story.

German Commerce Raiders 1914-18 Ryan K. Noppen 2015-11-20 This is the story of Germany's commerce raiders of World War I, the surface ships that were supposed to starve the British Isles of the vast cargoes of vital resources being shipped from the furthest reaches of the Empire. To that end pre-war German naval strategists allocated a number of cruisers and armed, fast ocean liners, as well as a complex and globe-spanning supply network to support them - known as the Etappe network. This book, drawing on technical illustrations and the author's exhaustive research, explains the often overlooked role that the commerce raiders played in World War I. Whilst exploring the design and development of the ships, it also describes their operational history, how they tied up a disproportionate amount of the British fleet on lengthy pursuits, and how certain raiders such as the SMS Emden were able to wreak havoc across the oceans.
