But when Tomás returns to Madrid from his studies at Oxford, he is a changed man. Unbeknownst to her, he has been approached by an agent from the British intelligence services, and he has unwittingly set in motion events that will derail forever the life they had planned. With peerless insight into the most shadowed corners of the human soul, Marías plunges the reader into the growing chasm between Berta and Tomás and the decisions that irreversibly change the course of the couple's fate. Liar Moon Ben Pastor 2012-02-21 Praise for Ben Pastor's Lumen: "Pastor's plot is well crafted, her prose sharp. . . A disturbing mix of detection and reflection."—Publishers Weekly "Rivets the reader with its twist of historical realities. A historical piece, it faithfully reproduces the grim canvas of war. A character study, it captures the thoughts and actions of real people, not stereotypes."—The Free Lance-Star "And don't miss Lumen by Ben Pastor. . . . An interesting, original, and melancholy tale."—Literary Review Italy, September 1943. The Italian government switches sides and declares war on Germany. The north of Italy is controlled by the fascist puppets of Germany; the south liberated by Allied forces fighting their way up the peninsula. Having survived hell on the Russian front, Wehrmacht major and aristocrat Baron Martin von Bora is sent to Verona. He is ordered to investigate the murder of a prominent local fascist: a bizarre death threatening to discredit the regime's public image. The prime suspect is the victim's twenty-eight-year-old widow Clara. Haunted by his record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of the Holocaust, a breathless chase begins. Ben Pastor, born and now back in Italy, lived for thirty years in the United States, working as a university professor in Vermont. The first in the Martin Bora series, Lumen, was published by Bitter Lemon Press in May 2011.

Frida Kahlo Diego Sileo 2018-02 * Analyzes the art of Frida Kahlo and incorporates the most up-to-date research available on the work of the artist* Published to accompany an exhibition at the MUDEC in Milan, from February to June 2018 Frida Kahlo, a truly extraordinary woman who captured the public's imagination with her iconic look, troubled life and exotic air, is first and foremost a great painter. This exhibition and accompanying catalogue aim to free her work from the haze of myth and the frustrating limits of private life

in order to grant her the position she deserves within the history of art. Oil paintings, drawings, watercolors, letters and photographs explore the complex historical and cultural context of Kahlo's work, examining its explicit realism as well as its disturbing ambiguity, its dramatic content as well as its irony, and not least, the exuberant sensuality of her still lifes. Organized by theme in several large chapters, the catalogue analyses the art of Frida Kahlo, revealing its uncompromising political nature, audacious use of the body, macabre, violent aesthetic, and symbolic and symbiotic interaction with the natural environment of Mexico in the early 1900s. The catalogue represents the most up-to-date text available on the work of one of the most celebrated and beloved artists of all time.

Asymmetry Lisa Halliday 2018-02-06 A TIME and NEW YORK TIMES TOP 10 BOOK of the YEAR * New York Times Notable Book and Times Critic's Top Book of 2018 NAMED ONE OF THE BEST BOOKS OF 2018 BY * Elle * Bustle * Kirkus Reviews * Lit Hub* NPR * O, The Oprah Magazine * Shelf Awareness The bestselling and critically acclaimed debut novel by Lisa Halliday, hailed as "extraordinary" by The New York Times, "a brilliant and complex examination of power dynamics in love and war" by The Wall Street Journal, and "a literary phenomenon" by The New Yorker. Told in three distinct and uniquely compelling sections, *Asymmetry* explores the imbalances that spark and sustain many of our most dramatic human relations: inequities in age, power, talent, wealth, fame, geography, and justice. The first section, "Folly," tells the story

of Alice, a young American editor, and her relationship with the famous and much older writer Ezra Blazer. A tender and exquisite account of an unexpected romance that takes place in New York during the early years of the Iraq War, "Folly" also suggests an aspiring novelist's coming-of-age. By contrast, "Madness" is narrated by Amar, an Iraqi-American man who, on his way to visit his brother in Kurdistan, is detained by immigration officers and spends the last weekend of 2008 in a holding room in Heathrow. These two seemingly disparate stories gain resonance as their perspectives interact and overlap, with yet new implications for their relationship revealed in an unexpected coda. A stunning debut from a rising literary star, *Asymmetry* is "a transgressive roman a clef, a novel of ideas, and a politically engaged work of metafiction" (The New York Times Book Review), and a "masterpiece" in the original sense of the word" (The Atlantic). Lisa Halliday's novel will captivate any reader with while also posing arresting questions about the very nature of fiction itself.

This Is Not America Alan Friedman 2017-07-11 What has happened to America, and what's become of the American dream? Behind the self-confident image of world's most influential country, we now see a nation tearing itself apart. The United States may be arguably the world's only superpower, but its internal tensions are a symptom of suffering and division, a condition only exacerbated by the election of President Donald Trump. In this searing account, expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens. Set against the backdrop of the 2016 presidential election campaign and the inauguration of President Trump, Friedman tells a vivid story of terrible inequality - from the excesses of Wall Street to the grinding poverty of Mississippi - and explores the issues, from racism and gun control to Obamacare, that have polarised a nation. Drawing on his personal interviews with Trump and with Russia's President Putin, Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump presidency for America and for the world. Dark and provocative, *This Is Not America* may just be the most important book of the year.

Be My Knife David Grossman 2014-02-13 'We could be like two people who inject themselves with truth serum, and at long last have to tell it - the truth I want to be able to say to myself, "I bled truth with her," yes, that's what I want. Be a knife for me, and I, I swear, will be a knife for you.' An awkward, neurotic seller of rare books writes a desperate letter to a beautiful stranger whom he sees at a class reunion. This simple, lonely attempt at seduction begins a love affair of words between Yair and Miriam, two married, middle-aged adults, dissatisfied with their lives, yearning for the connection that has always eluded them - and, eventually, reawakened to feelings that they thought had passed them by. Their correspondence unfolds into an exchange of their most naked confessions: of desire, childhood tragedies, joys, and humiliations. Through the dialogue between Yair - a family man and surprisingly successful adulterer, whose guarded letters reveal a life of duplicity - and Miriam, at first deceptively open and warm, who fills her life with distraction to avoid a past full of painful secrets, BE MY KNIFE explores the nature and the limits of intimacy.

Nine Island Jane Alison 2016-09-13 A Publishers Weekly Best Book of 2016 "Nine Island is a crackling incantation, brittle and brilliant and hot and sad and full of sideways humor that devastates and illuminates all at once." —Lauren Groff, author of *Fates and Furies* Nine Island is an intimate autobiographical novel, told by J, a woman who lives in a glass tower on one of Miami Beach's lush Venetian Islands. After decades of disaster with men, she is trying to decide whether to withdraw forever from romantic love. Having just returned to Miami from a monthlong reunion with an old flame, "Sir Gold," and a visit to her fragile mother, J begins translating Ovid's magical stories about the transformations caused by Eros. "A woman who wants, a man who wants nothing. These two have stalked the world for thousands of years," she thinks. When not ruminating over her sexual past and current fantasies, in the company of only her aging cat, J observes the comic, sometimes steamy goings-on among her faded-glamour condo neighbors. One of them, a caring nurse, befriends her, eventually offering the opinion that "if you retire from love . . . then you retire from life."

A Civil War Claudio Pavone 2013-11-19 A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's understanding of itself and its past.

Re-examining the Holocaust through Literature Aukje Kluge 2009-03-26 In the late 1980s, Holocaust literature emerged as a provocative, but poorly defined, scholarly field. The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books, fiction, film, and poetry, as well as the more traditional diaries, memoirs, and journals. Ten contributors from four countries engage issues of authenticity, evangelicalism, morality, representation, personal experience, and wish-fulfillment in Holocaust literature, which have been the subject of controversies in the US, Europe, and the Middle East. Of interest to students and instructors of antisemitism, national and comparative literatures, theater, film, history, literary criticism, religion, and Holocaust studies, this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context.

Masterworks of European Painting in the Museum of Fine Arts, Houston Edgar Peters Bowron 2000
Published to coincide with the opening of the Audrey Jones Beck building in March of 2000, this lavishly illustrated catalogue--the first single volume dedicated to this extraordinary collection--features one hundred of the most important European paintings in the Museum of Fine Arts, Houston. The works, which range in date from the early Renaissance to the beginning of the twentieth century, are all handsomely featured as full-page color plates. The accompanying text is highly accessible, providing interesting insights into the artists' lives and explaining--in general terms--the stylistic evolution of the history of European painting. Furthermore, important new research on unpublished works has been incorporated into the entries. The European painting collection of the Museum of Fine Arts has grown tremendously over the past fifty years through the generosity of major donors and patrons. The 1944 bequest by Edith A. and Percy S. Straus forms the foundation of the permanent collection, including works by such well-known Italian and Northern Renaissance artists as Fra Angelico, Rogier van der Weyden, and Hans Memling. The next milestone was the acquisition of the Robert Lee Blaffer Memorial Collection, which comprises splendid pictures spanning many centuries, such as major works by Giovanni di Paolo, Frans Hals, Canaletto, Auguste Renoir, and Edgar Degas. Purchases and gifts, including substantial donations from Samuel H. Kress and the Kress Foundation from the 1930s through

the 1960s, further strengthened the holdings of Renaissance and Baroque pictures with exceptional works such as Sebastiano del Piombo's Portrait of Anton Francesco degli Albizzi and Orazio Gentileschi's Portrait of a Young Woman as a Sibyl. The renowned John A. and Audrey Jones Beck Collection includes a significant number of important Impressionist and modern paintings, represented herein with works by Edouard Manet, Gustave Caillebotte, Mary Cassatt, Vincent van Gogh, Paul Signac, Georges Braque, and Vassily Kandinsky. Represented as well are some of the museum's most important recent acquisitions, such as Still Life with Golden Bream, a stunning canvas by Francisco de Goya, and Still Life of Flowers and Fruit, a ravishing work by Jan van Huysum. With beautiful reproductions and informative commentary, Masterworks of European Painting will be of great appeal to art lovers and scholars alike.

Milk Production and Processing C. Ibraheem Kutty 2014-01-01 The book covers various aspects of dairying and milk products such as dairy farm establishment, management, production and utilisation of various dairy products. Information has been included on various aspects of dairy farming starting with selection and purchase of dairy cattle, their care and management, with respect to housing, feeding, breeding and health care during various physiological states such as growth, pregnancy and lactation and during different seasons. Details of health care management along with common diseases have been covered with all information required for educated farmers and technicians working in these areas. Various means for consistent improvement of the stock has also been included. Production of clean milk, its procurement, processing and distribution has been covered with more emphasis on common processing technologies such as pasteurisation and sterilisation. Different forms of liquid milk available in the market has been described along with its standards and other specifications for the knowledge of common man and technicians. Manufacturing methods of milk products have been included with appropriate flow chart wherever required and various categories of milk products have been covered in detail under different chapters under milk products. This book has been prepared with emphasis on second year syllabus of Vocational higher secondary course on milk products and dairying and considering the lack of a suitable textbook for this subject. Hence the book is expected to fill the gap of a textbook for the above said and similar courses. Also the book may be accepted as a textbook/manual for educated farmers, other teaching and training programmes covering similar syllabus like that of dairy farm instructors and as a handbook for Veterinary Students and Dairy Extension Officers. With these introductory notes, we presume that the book will satisfy its readers' requirements and form a valuable textbook/reference book for all those concerned with dairy animal production and utilisation of their products ultimately benefiting the farming community.

Refined illustrations, era-specific photographs, and contemporary images tell the story of the hairstyles and fashion trends that flourished between 1940 and 1980, as well as those in vogue today. The volume closes with a section dedicated to the most famous hairstylists and salons de coiffeur, past and present.

Colour Rudolf Steiner 2013-04-03 Building on the achievements of Goethe in his Theory of Colour, Rudolf Steiner shows how colour affects us in many areas of life, including our health, our sense of well-being, and our feelings. Distinguishing between 'image' and 'lustre' colours, he lays the foundation, based on his spiritual-scientific research, for a practical technique of working with colour that leads to a new direction in artistic creativity. His many penetrating remarks on some of the great painters of the past are supplemented by a deep concern to see a cultural, spiritual renewal emerge in the present time. 'If you realize', he states, 'that art always has a relation to the spirit, you will understand that both in creating and appreciating it, art is something through which one enters the spiritual world.' This volume is the most comprehensive compilation of Rudolf Steiner's insights into the nature of colour, painting and artistic creation. It is an invaluable source of reference and study not only for artists and therapists but for anyone interested in gaining an appreciation of art as a revelation of spiritual realities.

Writing and Performing Female Identity in Italian Culture Virginia Picchiotti 2017-01-28 This volume investigates the ways in which Italian women writers, filmmakers, and performers have represented female identity across genres from the immediate post-World War II period to the turn of the twenty-first century. Considering genres such as prose, poetry, drama, and film, these essays examine the vision of female agency and self-actualization arising from women artists' critique of female identity. This dual approach reveals unique interpretations of womanhood in Italy spanning more than fifty years, while also providing a deep investigation of the manipulation of canvases historically centered on the male subject. With its unique coupling of generic and thematic concerns, the volume contributes to the ever expanding female artistic legacy, and to our understanding of postwar Italian women's evolving relationship to the narration of history, gender roles, and these artists' use and revision of generic convention to communicate their vision.
