Memoir American Benjamin Hollander 2013-04-28 The texts which comprise this small book - forms of essay, talk, dialogue - at one time saw themselves as individualists who went somewhere (to small press magazines) on their own. Now they are here, collected with the chance of going nowhere together. As it should be: since they represent the fate of language and translation in the memory of aliens living inside America - like a family going nowhere together, but at home. The philosopher Jacques Derrida and his family are part of this family in the dead letter office, and curiously they are named going nowhere together at home. Along the way, so are the poets Charles Reznikoff and William Carlos Williams and Emmanuel Hocquard and Juliette Valery and Charles Olson, as well as Horace's Odes in translation. You will find in this Memoir what it means for an alien to search for his family in a book outside the time of its writing. You will find him discovering that translation is a personal story and that poetry might not have a home without it. You will find him wondering: whose voices are these which we hear around us as we write, as Babel turns to rumor through the fact of translation, wherein a book is being made and remade from American to French and back again? You will find him through translation like a Being in the Poetry of the Extraterritorial, an un-owned territory which is neither French nor American but is negotiated by the rumor of a poetry which emerges from both, a future condition (État) which seeks the name it could be but is not. Follow this alien Being's trajectory: he is not of America but grows up in it. He publishes a book in French translation before it appears in the American English original. He becomes native to a writing

whose eloquence is always in question, at times because it is passive, at other times because it is unpronounceable. Who, over time, finds his Memoir? In the dead letter office, we do. We find someone somewhat like ourselves, who uses language and translation as if these were a poet's gifts in the making of history, a history which is foreign yet integral to his homeland. We find someone who uses it to return to his own people and place, so that he can "only stand more/revealed." We find someone who will act the new basis for his identity - the consciousness whose coming into Being must be premised on his existence in another world.

Anvari Paul Smith 2012-09-07 ANVARI: SELECTED POEMSTranslation & Introduction by Paul SmithAhad-ud-din Anvari Abeverdi (1126-1189) was a court poet of the Seljuk sultans. Jami composed a ruba'i where he names him, along with Firdausi and Sadi as one of the 'three apostles' of Persian poetry. He was also a celebrated astronomer, mathematician and scientist who admitted he gave them up for the more lucrative occupation of ... a court poet, that he later rejected twenty years before his death for a life of seclusion and contemplation. He is renowned for his delightful wittiness that can be found in many of his ruba'is and qit'as and ghazals. He is one of the greatest Persian masters of the qasida and his one called 'The Tears of Khurasan' is considered his masterpieces. He created a new kind of poetry by using the conversational language of his time in simple words and expressions. The correct rhyme-structure has been kept as well as the beauty and meaning of these beautiful, poems. 164 pages.COMMENTS ON PAUL SMITH'S TRANSLATION OF HAFIZ'S 'DIVAN'.“It is not a joke... the English version of ALL the ghazals of Hafiz is a great feat and of paramount importance. I am astonished. If he comes to Iran I will kiss the fingertips that wrote such a masterpiece inspired by the Creator of all.” Dr. Mir Mohammad Taghavi (Dr. of Literature) Tehran.“Superb translations. 99% Hafiz 1% Paul Smith.” Ali Akbar Shapurzman, translator of books into Persian and knower of Hafiz's Divan off by heart. “Smith has probably put together the greatest collection of literary facts and history concerning Hafiz.” Daniel Ladinsky (Penguin Books author). Paul Smith is a poet, author and translator of over 80 books of Sufi poets from the Persian, Arabic, Urdu, and other languages including Hafiz, Sadi, Nizami, Rumi, 'Attar, Sana'i, Jahan Khatun, Obeyd Zakani, Mu'in, Amir Khusrau, Nesimi, Kabir, Anvari, Ansari, Jami, Khayyam, Rudaki, Yunus Emre, Lalla Ded, Bulleh Shah, Shah Latif, Mahsati and others, and his own poetry, fiction, plays, biographies, children's books and screenplays.www.newhumanitybooksbookheaven.com

Poets and Pahlevans Marcello di Cintio 2010-07-16 Marcello Di Cintio prepares for his “journey into the heart of Iran” with the utmost diligence. He takes lessons in Farsi, researches Persian poetry and

sharpens his wrestling skills by returning to the mat after a gap of some years. Knowing that there is a special relationship between heroic poetry and the various styles of traditional Persian wrestling, he sets out to discover how Iranians “reconcile creativity with combat.” From the moment of his arrival in Tehran, the author is overwhelmed by hospitality. He immerses himself in male company in tea houses, conversing while smoking the qalyun or water pipe. Iranian men are only too willing to talk, especially about politics. Confusingly, he is told conflicting statements—that all Iranians love George Bush, that all Iranians hate George Bush; that life was infinitely better under the Shah, that the mullahs swept away the corruption of the Shah’s regime and made life better for all. Once out of Tehran, he learns where the traditional forms of wrestling are practised. His path through the country is directed by a search for the variant disciplines and local techniques of wrestling and a need to visit sites and shrines associated with the great Persian poets: Hafez, Ferdosi, Omar Khayyám, Attar, Shahriyar and many others. Everywhere his quest leads him, he discovers that poetry is loved and quoted by everyone from taxi-drivers to students. His engagement with Iranian culture is intimate: he wrestles (sometimes reluctantly) when invited, samples illegal home-brew alcohol, attends a wedding, joins mourners, learns a new way to drink tea and attempts to observe the Ramazan fast, though not a Muslim himself. Though he has inevitable brushes with officialdom, he never feels in danger, even when he hears that a Canadian photo-journalist has apparently been beaten to death in a police cell during the author’s visit. The outraged and horrified reaction of those around him to this violent act tightens the already close bond he has formed with the Persians. His greatest frustration is that he is unable to converse freely with Iranian women aware that an important part of his picture of Iran is thus absent. Yet the mosaic of incidents, encounters, vistas, conversations, atmospheres and acutely observed sights, smells and moments creates a detailed impression of a country and society that will challenge most, if not all, preconceptions.

Beyond Mayberry Thomas David Perry 2012-08-01 Mount Airy North Carolina was the birthplace of the late actor Andy Griffith and Historian Tom Perry. In this memoir of their hometown, Perry tells the story of the real Mayberry and his thoughts of the most famous son of the piedmont North Carolina town. This book is part memoir, part biography and part tour guide about Andy Griffith and Mount Airy, North Carolina. Beginning on the day Andy Griffith died, July 3, 2012, Perry tells about the town that day and goes back in time to bring Griffith and his own family to Mount Airy to work in the factories in the twentieth

century. Sharing his connections with Griffith, Perry tells about the youth both shared in Mount Airy. The book then follows Andy Griffith to the University of North Carolina at Chapel Hill, Goldsboro to teach school and then Broadway, television and movies in a career that lasted decades. The book also details the effect of Andy Griffith on Mount Airy with the decades long tourism boom that began in the 1980s with the town taking on the persona of the fictional Mayberry that Griffith obviously used to in his highly successful Andy Griffith Show that ran on CBS for eight years ending its run as the number one show on television.

Brain Injury Advocates Susan C. Hultberg 2012 In this groundbreaking book, tbi survivor advocate Sue Hultberg explores the lives, struggles, and issues of people with traumatic and other acquired brain injuries. She examines the origins of the acquired brain injury human and civil rights movement, and she presents an analysis of the key policy and priority agenda for people with brain injuries. She describes how individuals with brain injuries set out to engage in independent policy advocacy at the all-survivor Brain Injury Network. She also singles out some of the advocacy-related work of several dozen other brain injury survivors who work, write, or volunteer in and for the brain injury survivor community. The author draws on her own personal, twenty-five-year-plus, post-tbi journey. She recounts her transformation from accident victim, to traumatic brain injury (tbi) survivor, to community policy advocate, and she expands on what it takes to be a good brain injury survivor advocate (SABI). The author explains why patients with brain injuries need the medical community to emphasize a post traumatic brain injury syndrome brain injury classification. She also argues that children should never play tackle football or other contact sports (such as boxing) because the risk of sustaining concussions or other brain injury is just too great. She discusses the poverty, harassment, lack of needed services, and stigma that individuals in the brain injury community encounter. She asserts that such terms as brain damaged, brain injury victim, and persistent vegetative state are politically incorrect. She shares policies that could improve quality of life for people with brain injuries who live in nursing homes or other assisted living facilities. She also outlines a selection of protective laws that could shield society from brain injuries. The author details how important privacy protections for people with brain injuries are undermined by the U.S. government, online social communities, and some medical and other professionals. She also elaborates on how the apparent confusion in concussion (mild traumatic brain injury) and postconcussion definitions, diagnosis, and treatment are making life more difficult for many individuals with brain injuries. The book caps off with an exploration of the various fundamental human rights that individuals with cognitive, physical, and other disabilities from brain injuries have, including the rights to privacy, safety, happiness, liberty, and up-to-date and adequate medical care. This well-researched book by a TBI survivor author who has professional and scholarly credentials contains an appendix listing books and other materials by

individuals with brain injuries. There is also a cross-referenced index. This book is about people with acquired brain injuries from aneurysm, anoxic or hypoxic injury, illness, stroke, toxin, trauma, or tumor. It is intended for survivors of brain injuries who have turned the corner in their recovery and who want to pay back by helping our community. It is also a must-read book for every advocate, family caregiver, policy maker, professional, program manager, service provider, system administrator, or other brain injury, third-party stakeholder.

Funny in Farsi Firoozeh Dumas 2007-12-18 NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader's Circle edition includes a reading group guide and a

conversation between Firoozeh Dumas and Khaled Hosseini, author of *The Kite Runner*! “Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America.”—*San Francisco Chronicle* In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father’s glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. *Funny in Farsi* chronicles the American journey of Dumas’s wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh’s parents laugh uproariously at Bob Hope on television, although they don’t get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for *Funny in Farsi* “Heartfelt and hilarious—in any language.”—*Glamour* “A joyful success.”—*Newsday* “What’s charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It’s the brilliance of true sophistication at work.”—*Los Angeles Times Book Review* “Often hilarious, always interesting . . . Like the movie *My Big Fat Greek Wedding*, this book describes with humor the intersection and overlapping of two cultures.”—*The Providence Journal* “A humorous and introspective chronicle of a life filled with love—of family, country, and heritage.”—Jimmy Carter “Delightfully refreshing.”—*Milwaukee Journal Sentinel* “[*Funny in Farsi*] brings us closer to discovering what it means to be an American.”—*San Jose Mercury News*

The Bad Canadian Leonard G. Mokos 2016-10-24 IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men

are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

Once Upon a Bicycle Alex Moshtagh 2021-04-03 Once Upon a Time is written in Persian/Farsi language. The book is a memoir about two long-distance bicycle trips vacillating between time and space. In early 1970's, when 22 years of age, the idealist author accompanied by his good friend, Reza, leaves Iran on a bicycle in order to explore the world. The trip is bound to end in India due to visa restrictions and after great disappointment. Almost 30 years later, the author completes the old but unforgotten dream. This time, he starts solo from Canada continuing to Mexico, crossing the USA, Europe, Middle East to finally end the trip at the exact place, in the city of Mashhad, Iran where the first journey began many years back. The book is a humorous description of the writer's experiences and encounters with people, places and cultures along the way to discover that people are essentially good, kind and more of the same than different everywhere.

Galician Trails Andrew Zalewski 2012-08-01 This is the story of Galicia, once a crown land of the Austrian Empire, located in the center of Europe. Although largely forgotten today, Galicia was a vibrant, multicultural place where the lives of numerous ethnic and religious groups were intertwined for generations. Galician Trails explores every facet of this long-gone land, from tiny farming villages tucked into mountain passes, to towns filled with a variety of small industries and craftspeople, to modern cities with the conveniences of the late nineteenth and early twentieth centuries. The political struggles and wise compromises that kept Galicia's citizens together for centuries, and the tragic forces that ultimately tore

Galicia apart, unfold here before our eyes. When Andrew Zalewski set out to learn a bit more about his grandmother, little did he know that he was embarking on the journey of a lifetime-one that would take him back to faraway Galicia. Along the way, he encountered many of his ancestors, from simple sheep farmers to nobles, from men who helped establish railroads-the exciting new technology of the late nineteenth century-to pioneering professional women of the early twentieth. One of the latter was the author's grandmother, Helena Regiec Sobolewska, a talented educator and a determined, independent woman. She raised a daughter single-handedly through the turmoil of the Great War and the little-known conflicts that followed it. Although the real Galicia disappeared from maps long ago, it will live on in the memory of anyone who travels there through the richly illustrated pages of Galician Trails. This book is for you if you are interested to Discover the rich lives of those who lived in Galicia in the nineteenth and twentieth centuries Find out something about your Austrian, Jewish, Polish, or Ukrainian ancestors who once lived in the land that is divided today between Poland and Ukraine See how new mixed with old to change people's lives Learn little-known details of how World War I and the events that followed forever changed the lives of the people of Galicia

The New Intimacy Judith Sherven 1997 Shows how to turn conflict and disappointment in a relationship into opportunities for learning, mutual growth, and intimacy

Globish the World Over Jean-Paul Nerriere 2009 "I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, *The Story of English* and Literary Editor, London Observer. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book *Don't Speak English - Parlez Globish* became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.

The Brain in a Nutshell Bradley William Rasch 2014-05-09 A prosthesis that can communicate with and be controlled by your brain. A microchip placed in the eye of a person previously blind that allows the

patient to see again. A machine that can tell us what a person is thinking about. Drugs tailor made for a specific person to help them deal with emotional issues. The stuff of science fiction? No. It is reality. The human brain is not only our most complex organ, but also the most complex entity known to mankind. We are in an age of fantastic and prolific neurological research with advances occurring faster than in any other scientific field. This research promises to help us with our mental health, social adjustment, satisfaction with life, our ability to learn, and our ability to remember, (and forget). The brain contains approximately 90 billion neurons. We are beginning to understand their functions more and more each day. This three-pound organ the shape of a cauliflower has fascinated man for centuries. The study of the brain is now less philosophical and more scientific. As neurological research becomes more and more enlightening and practical, a general understanding of the brain and the major issues of neurological science become more important. It is not rocket science or brain surgery (pun intended) to have a basic understanding of the state of our knowledge of the brain today. This book will acquaint the reader with thirty of the most important and interesting topics in the study of the brain. The author will assume that the reader has limited knowledge of the brain and it's functions, and will present information in every day language with very limited use of scientific jargon. The brain is responsible for how we perceive our world and how we behave in it. Let us begin our journey of understanding it.
