All of Us in Our Own Lives Manjushree Thapa 2018-09-11 A beautiful story of strangers who shape each other's lives in fateful ways, All of Us in Our Own Lives delves deeply into the lives of women and men in Nepal and into the world of international aid. Ava Berriden, a Canadian lawyer, quits her corporate job in Toronto to move to Nepal, from where she was adopted as a baby. There she struggles to adapt to her new career in international aid and forge a connection with the country of her birth. Ava's work brings her into contact with Indira Sharma, who has ambitions of becoming the first Nepali woman director of a NGO; Sapana Karki, a bright young teenager living a small village; and Gyanu, Sapana's brother, who has returned home from Dubai to settle his sister's future after their father's death. Their journeys collide in unexpected ways. All of Us in Our Own Lives is a stunning, keenly observant novel about human interconnectedness, about privilege, and about the ethics of international aid (the earnestness and idealism and yet its cynical, moneyed nature).

The Creation of Wealth R M Lala 2017-10-25 When Jamsetji Tata started a trading firm in 1868, few could have guessed that he was also starting an important chapter in the making of modern India. Jamsetji saw that the three keys to India's industrial development were steel, hydroelectric power, and technical education and research. A century and a half later, the Tatas can claim with justice to have lined up to the vision of their founder. This edition includes the story of how the Tatas, with Ratan Tata at the helm, have had to grapple with change in the post-1992 era of economic reforms, when the opening up of India to the world came as both a challenge and a blessing. In a frank epilogue, Ratan Tata talks about the difficulties he faced in implementing change, including resistance from his colleagues. This new edition also has a postscript on the Nano, which has given the most global prominence to the Tata brand. *The Creation of Wealth* is R.M. Lala's bestselling account of how the Tatas have been at the forefront in the making of the Indian nation—not just by their phenomenal achievements as industrialists and entrepreneurs but also by their significant contributions in areas like factory reforms, labour and social welfare, medical research, higher education, culture and arts, and rural development.
