Cultivation Online MyLittleBrother 2020-11-16 Yuan was born with an incurable illness that left him blind at a young age and crippled a few years later, rendering everything below his head useless. Deemed hopeless and irredeemable, his parents quickly gave up on him, and the world ignored him. In this dark and still world, his younger sister became his sole reason for living. Watch as this young man reaches for the apex as a genius in Cultivation Online, the newest VRMMORPG, becoming a legendary figure in both worlds. ----- Disclaimer: The MC is extremely overpowered and talented but also naive/innocent at first due to his illness. If you cannot wait for character developments and dislike OP MCs, this is not your cup of tea. Furthermore, the 'Earth' in this novel is not the same Earth we are currently living on so do not use our common sense for this novel. This is pure fantasy, after all. ----- My other novels: Dual Cultivation/ Inferior Cultivation System

**Bringing the Farm to Live in Another World** Ming Yu 2021-01-10 Bringing The Farm To Live In Another World summary: Bringing the Farm to Live in Another World is composed of a series of chapters where a man awakens in an unfamiliar place. He quickly notices that his life is not as it should be, and his main mission is to change the behavior and try to rebuild broken things. However, his body does not function normally, so he encounters different problems on his way. That can be truly challenging but very rewarding at the same time because he has a chance to fulfill life while discovering the real purpose of existence. At first, the man starts re-developing his family, and he also personally grows together with that effort. That's a very good chance for the entire place where he found himself at the beginning of the book. The family has better chances to make something valuable and significant on the land, while the single man is quite limited in different aspects of life. His mission slowly becomes an epic journey and a very interesting story. The new place, however, seems strange to him so he struggles a lot to adapt to the new environment. To overcome various problems with his body, he is taking different types of drugs on a regular basis. The drugs provide some benefits because he can operate with his body better while on the treatment. However, such medication also has negative sides, so the situation is not ideal at all. The man still has one supernatural power despite all the problems he faces in the new places. He is capable to enter another world, which is, in fact, a farming simulation game. It does not seem useful at first. However, he can find normal food in that strange world. And it can be used elsewhere, even in the regular world. That still does not seem like a big deal, but he is stuck in an unfamiliar place, and the food is of precious value to him. He can survive without problems thanks to that supernatural ability because he always has enough food to eat well. That's why this cheat is so valuable to him. He also finds out about other happenings in strange places. There are other inhabitants near him, and their communities are full of different intrigues, businesses, fights, farming and other events. The man has the possibility to slowly discover the new places, but various problems are inevitable in his case. He will also have a chance to get involved in those happenings of other inhabitants, and you can find out many other details if you decide to read this novel. Like many other online books on this website, Bringing the Farm to Live in Another

World is constantly growing and the updates arrive almost on a daily basis. So there is always something new even for the most faithful readers. So if you are a fan of such mixed genres, you should not miss the opportunity to read this great book

And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.
