The First Book of Fashion Ulinka Rublack 2021-02-11 This captivating book reproduces arguably the most extraordinary primary source documents in fashion history. Providing a revealing window onto the Renaissance, they chronicle how style-conscious accountant Matthäus Schwarz and his son Veit Konrad experienced life through clothes, and climbed the social ladder through fastidious management of self-image. These bourgeois dandies' agenda resonates as powerfully today as it did in the sixteenth century: one has to dress to impress, and dress to impress they did. The Schwarzes recorded their sartorial triumphs as well as failures in life in a series of portraits by illuminists over 60 years, which have been comprehensively reproduced in full color for the first time. These exquisite illustrations are accompanied by the Schwarzes' fashion-focussed yet at times deeply personal captions, which render the pair the world's first fashion bloggers and pioneers of everyday portraiture. The First Book of Fashion demonstrates how dress - seemingly both ephemeral and trivial - is a potent tool in the right hands. Beyond this, it colorfully recaptures the experience of Renaissance life and reveals the importance of clothing to the aesthetics and every day culture of the period. Historians Ulinka Rublack's and Maria Hayward's insightful commentaries create an unparalleled portrait of sixteenth-century dress that is both strikingly modern and thorough in its description of a true Renaissance fashionista's wardrobe. This first English translation also includes a bespoke pattern by TONY award-winning costume designer and dress historian Jenny Tiramani, from which readers can recreate one of Schwarz's most elaborate and politically significant outfits.

The Hundred Dresses Erin McKean 2013-06-11 The dress is the last bit of femininity in our closets; it's the only item of clothing which (most) men and women don't share. Wearing a dress is a powerful way for women to express themselves--and every style conveys a different message. Notes on where such a style could be observed and accessories of the wearer are also included. Featured are The Wench; The Sari; The Vreeland; The Wrap; The Austen; The Beckham; The Siren (any style, as long as it's red); The Chanel Ingenue; The Caftan; The Guinivere; The Jackie; The Slip Dress; The Biohazard (any dress dangerous to bystanders or the wearer: think Lady Gaga); and scores more. Francis Marshall Oriole Cullen 2018-04-23 This book opens an exciting and extensive archive of fashion illustration by Francis Marshall (1901-1980), held at the V&A. Marshall's career coincided with the golden age of fashion illustration and commercial art. For much of the 20th century, he was one of Britain's most prolific and highly regarded fashion illustrators, yet today his work remains relatively

unknown. Unlike his gregarious contemporary Cecil Beaton, Marshall was a retiring character, not interested in self-promotion and preferring to focus on his work. His drawings are characterized by careful observation, verve and wit - he has been celebrated as a 'master of line', always at his best when drawing from life. Active from the 1920s until the 1960s, Marshall's work was published widely, from Vogue magazine to the more accessible and widely read pages of the Daily Mail. He also worked extensively in advertising, for companies such as Jaeger, Fortnum and Mason, Liberty and Elizabeth Arden, and released several books - ranging from manuals on drawing fashion or ballet, to the nostalgic records of fashionable society London West and An Englishman in New York. This new book shines a light on this sometimes-forgotten master, at a time when fashion illustration is very much in style.

Professional Fashion Design Manuela Brambatti 2017-08-08 A design tutorial by Daniela Bambrilla, Versace's chief design illustrator, the book is an idea of couturier Favio Marconi who, impressed by her drawing style, her unique taste designing fashion collections and the precision with which she captures the flow of fabric over the body, convinced her to put it into print. Here Bambrilla reveals her fresh and innovative style, not better than others, as she writes, but original and distinctive for Versace's workshop, halfway between fashion sketching and illustration. Manuela Brambatti began to work in the fashion world in the late '70's for the fashion magazine Style and for other magazines. She has collaborated with Giorgio Correggiari, Krizia, and Gian Marco Venturi. Employee, and later exclusive partner of the Versace fashion house from 1981 to 2009, Manuela, was crucial in setting standards in the Style magazine for the presentation of all fashion collections and their illustrations and, in recent years, the Home Collection of the Brand. Foreword writer Bruno Giansini worked for Gianni Versace's for sixteen years as head stylist and manager of theatrical projects. He designed costumes for respected choreographers and directors such as Maurice Bejart, Roland Petit, William Forsythe, and Bob Wilson and designed also clothing for famous members of the international jet-set, including Elton John, Madonna, Lady Diana, and Sting. The journalist and foreword writer Tony di Corcia published several books about Gianni Versace.
