*Into the Vietnamese Kitchen* Andrea Nguyen 2011-06-01 An intimate collection of more than 175 of the finest Vietnamese recipes. When author Andrea Nguyen's family was airlifted out of Saigon in 1975, one of the few belongings that her mother hurriedly packed for the journey was her small orange notebook of recipes. Thirty years later, Nguyen has written her own intimate collection of recipes, *Into the Vietnamese Kitchen*, an ambitious debut cookbook that chronicles the food traditions of her native country. Robustly flavored yet delicate, sophisticated yet simple, the recipes include steamy pho noodle soups infused with the aromas of fresh herbs and lime; rich clay-pot preparations of catfish, chicken, and pork; classic bánh

mì sandwiches; and an array of Vietnamese charcuterie. Nguyen helps readers shop for essential ingredients, master core cooking techniques, and prepare and serve satisfying meals, whether for two on a weeknight or 12 on a weekend.

**Crying in H Mart** Michelle Zauner 2021-04-20 NEW YORK TIMES BEST SELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR) • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BEST SELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

**Think Like a Monk** Jay Shetty 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your

thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his re[sume], he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

**The Cave** Tim Krabbé 2003-05-16 A stunning psychological thriller about friendship, drugs, and murder from the author of *The Vanishing*. Egon Wagter and Axel van de Graaf met when they were both fourteen and on vacation in Belgium. Axel is fascinating, filled with an amoral energy by which the more prudent, less adventurous Egon is both mesmerized and repelled. Even as a teen, Axel has a strange power over those around him. He defies authority, seduces women, breaks the law. Axel chooses Egon as a friend, a friendship that somehow endures over time and ends up determining Egon's fate. During his university studies, Egon frequents Axel's house in Amsterdam, where there is a party every night and women fill the rooms. Though Egon chooses geology over Axel's life of avarice and drug dealing, he remains intrigued

by his friend's conviction that the only law that counts is the law he makes himself. Egon believes that Axel is a demonic figure who tempts others only because he knows they want to be tempted. By the time he is in his forties, Egon finds himself divorced and with few professional prospects. He turns for help to Axel, who sends him to Ratanakiri, a fictional country in Southeast Asia. Axel gives Egon a suitcase to deliver-and Egon never returns. Utterly compelling and resonant, *The Cave* is an unforgettable story of betrayal in the spirit of Tim Krabbé's remarkable first novel, *The Vanishing*.

**We Are Here** Cat Thao Nguyen 2015-03-01 Told through the bright and unflinching eyes of Cat Thao, a girl born in a refugee camp, *We Are Here* is a memoir that begins in 1975 with her family's gripping exodus by foot out of post-war Vietnam - a dangerous journey, unimaginable to most, on which most perished. The escape of Cat Thao's family from persecution traverses the horrific jungles of Khmer Rouge Cambodia and into the crowded refugee camps of Thailand. From which, finally, the Nguyens were allowed to board a Qantas plane to a freedom they wanted desperately. But the stark, contrasting suburban landscapes of Western Sydney, Australia were not the unalloyed blessing they'd imagined. Against the backdrop of an immigrant experience, Cat Thao tells of her coming of age in Australia, haunted by lingering trauma but buoyed by instincts of hope, reinvention and survival. In a voice both candid and striking, Cat Thao details her struggles with growing up: from her bad skin and hairy legs, to Vietnamese mysticism and kinship, and bound throughout by familial loyalty and honour. With wit and poignancy, *We Are Here* explores an Australia of the 80s and 90s, and a family's tireless journey for peace through a young woman's absolute determination to find her place.

*The Unwinding of the Miracle* Julie Yip-Williams 2019 "Born blind in Vietnam, Julie Yip-Williams narrowly escaped euthanasia by her grandmother, only to then flee the political upheaval of the late 1970s with her family. Loaded into a rickety boat with three hundred other refugees, Julie made it to Hong Kong and, ultimately, America, where a surgeon at UCLA gave her partial sight. Against all odds, she became a Harvard-educated lawyer, with a husband, a family, a life. Then, at age thirty-seven, with two little girls at home, Julie was diagnosed with terminal metastatic colon cancer, and a different journey began. *The Unwinding of the Miracle* is the story of a vigorous life refracted through the prism of imminent death. Motherhood, marriage, ambition, love, wanderlust, tennis, grief, jealousy, anger, comfort, pain, disease-- there is simply nothing this book is not about. Growing out of a blog Julie has kept through the past four years of her life (undertaken because she couldn't find the guidance she needed through her disease), this is the story of a life lived so well, and cut too short. It is inspiring and instructive, delightful and shattering. It is a book of indelible moments, seared deep. With glorious humor, beautiful and bracing honesty, and the cleansing power of well-deployed anger, Julie Yip-Williams has set the stage for her lasting legacy and one final miracle: the story of her life"--

**Honorable Exit** Thurston Clarke 2020-03-24 A MAIN SELECTION OF THE MILITARY BOOK CLUB A groundbreaking revisionist history of the last days of the Vietnam War that reveals the acts of American heroism that saved more than one hundred thousand South Vietnamese from communist revenge In 1973 U.S. participation in the Vietnam War ended in a cease-fire and a withdrawal that included promises by President Nixon to assist the South in the event of invasion by the North. But in early 1975, when North Vietnamese forces began a full-scale assault, Congress refused to send arms or aid. By early April that year, the South was on the brink of a defeat that threatened execution or years in a concentration camp for the untold number of South Vietnamese who had supported the government in Saigon or worked with Americans. Thurston Clarke begins *Honorable Exit* by describing the iconic photograph of the Fall of Saigon: desperate Vietnamese scrambling to board a helicopter evacuating the last American personnel from Vietnam. It is an image of U.S. failure and shame. Or is it? By unpacking the surprising story of heroism that the photograph actually tells, Clarke launches into a narrative that is both a thrilling race against time and an important corrective to the historical record. For what is less known is that during those final days, scores of Americans--diplomats, businessmen, soldiers, missionaries, contractors, and spies--risked their lives to assist their current and former translators, drivers, colleagues, neighbors, friends, and even perfect strangers in escape. By the time the last U.S. helicopter left Vietnam on April 30, 1975, these righteous Americans had helped to spirit 130,000 South Vietnamese to U.S. bases in Guam and the Philippines. From there, the evacuees were resettled in the U.S. and became American citizens, the leading edge of one of America's most successful immigrant groups. Into this tale of heroism on the ground Clarke weaves the political machinations of Henry Kissinger advising President Ford in the White House while reinforcing the delusions of the U.S. Ambassador in Saigon, who, at the last minute, refused to depart. Groundbreaking, page-turning, and authoritative, *Honorable Exit* is a deeply moving history of Americans at a little-known finest hour.

*The Bridge Generation of Vietnam* Nam Dau Thuy Ha 2020-07-14 The Bridge Generation of Vietnam: Spanning Wartime to Boomtime is a compilation of profiles and essays relating to three critical time periods in Vietnam's recent history. The focus is on a group of people who grew up during wartime, lived through a devastating period of famine and hunger, and are now leading the country in its economic boom. We divided these experiences into three parts, mirroring the time periods. Part 1, War, includes experiences during the American War, as well as the conflicts with Cambodia and China which lasted into the 1980s. Part 2, Hunger, focuses on the subsidy period, from 1975 until 1986, but continued mostly until the end of the 1980s. Part 3, Launch, spans the time from the official start of Doi Moi, or economic renovation, when the country began to shift toward a market economy, to the present. Although it began officially in 1986, Doi Moi's impact started to take major effect toward the mid 1990s and beyond.

**Stalking the Vietcong** Stuart Herrington 2012-08-22 In a gripping memoir that reads like a spy novel, one man recounts his personal experience with Operation Phoenix, the program created to destroy the Vietcong's shadow government, which thrived in the rural communities of South Vietnam. Stuart A. Herrington was an American intelligence advisor assigned to root out the enemy in the Hau Nghia province. His two-year mission to capture or kill Communist agents operating there was made all the more difficult by local officials who were reluctant to cooperate, villagers who were too scared to talk, and VC who would not go down without a fight. Herrington developed an unexpected but intense identification with the villagers in his jurisdiction—and learned the hard way that experiencing war was profoundly different from philosophizing about it in a seminar room.

**Viet Nam Asian Development Bank 2020** This report examines how technical and vocational education and training (TVET) in Viet Nam can be improved to increase the country's global competitiveness. Following three decades of sustained economic growth, in 2009, Viet Nam graduated to become a lower middle-class country. However, despite ample foreign direct investment, labor productivity remains low. Improved TVET will help boost labor productivity in Viet Nam by developing skilled workers that meet market demands. Recommendations in this report focus on reforms in the governance structure, organization, and management of TVET; effective teaching of the right skills; greater enterprise-based training and financial support; and more inclusive access to higher quality training.

The March of Folly Barbara W. Tuchman 2011-07-20 Pulitzer Prize-winning historian Barbara W.

Tuchman, author of the World War I masterpiece *The Guns of August*, grapples with her boldest subject: the pervasive presence, through the ages, of failure, mismanagement, and delusion in government.

Drawing on a comprehensive array of examples, from Montezuma's senseless surrender of his empire in 1520 to Japan's attack on Pearl Harbor, Barbara W. Tuchman defines folly as the pursuit by government of policies contrary to their own interests, despite the availability of feasible alternatives. In brilliant detail, Tuchman illuminates four decisive turning points in history that illustrate the very heights of folly: the Trojan War, the breakup of the Holy See provoked by the Renaissance popes, the loss of the American colonies by Britain's George III, and the United States' own persistent mistakes in Vietnam. Throughout

The March of Folly, Tuchman's incomparable talent for animating the people, places, and events of history is on spectacular display. Praise for The March of Folly "A glittering narrative . . . a moral [book] on the crimes and follies of governments and the misfortunes the governed suffer in consequence."—The New York Times Book Review "An admirable survey . . . I haven't read a more relevant book in years."—John Kenneth Galbraith, The Boston Sunday Globe "A superb chronicle . . . a masterly examination."—Chicago Sun-Times
