

Droit De Cuissage

Recognizing the exaggeration ways to get this book **droit de cuissage** is additionally useful. You have remained in right site to start getting this info. get the droit de cuissage associate that we find the money for here and check out the link.

You could buy guide droit de cuissage or acquire it as soon as feasible. You could quickly download this droit de cuissage after getting deal. So, subsequent to you require the books swiftly, you can straight acquire it. Its hence unconditionally easy and in view of that fats, isnt it? You have to favor to in this declare

La folle Journée ou le Mariage de Figaro Pierre-Augustin Caron de Beaumarchais 2006 Horloger, journaliste, musicien, séducteur, gentilhomme de cour, affairiste, espion et marchand d'armes, Beaumarchais a le génie de la vie. Danseur, poète entremetteur, insolent comme lui, le Figaro du Barbier de Séville tire les ficelles d'un complot amoureux entre un tuteur grognon et une pupille fine mouche. Une comédie irrésistible, étincelante. A Paris, jamais on ne s'est autant amusé au théâtre. Plus gai, plus insolent, plus subversif encore, le Figaro du Mariage, dix années durant, brave les censeurs, les ligues de vertu, le roi. En 1784, il triomphe à la Comédie-Française. C'est une des premières émeutes de la Révolution. Le valet n'accepte plus sa condition. Il défie son maître, d'égal à égal. La religion, l'aristocratie, la monarchie en sortent bafouées. Les larmes sous le rire, le célèbre monologue de Figaro résonne encore comme un des plus beaux chants de la condition humaine.

Dictionnaire feodal, ou recherches et anecdotes sur les dimes et les droits feodaux, les fiefs et les benefices (etc.) Jacques-Auguste-Simon Collin (connu sous le nom de Collin de Plancy) 1819

Le droit de cuissage Marcel Korne 2017-07-02 Ce roman dépeint de manière réaliste les maux qui gangrènent les milieux scolaires et universitaires camerounais. Dans un monde où les jeunes cherchent à réussir par la voie de la facilité, l'héroïne choisit de privilégier le travail bien fait et l'effort personnel pour réussir. Une fille courageuse, ambitieuse, qui porte en elle les germes de la révolution féminine...

Images of the Medieval Peasant Paul H. Freedman 1999 The medieval clergy, aristocracy, and commercial classes tended to regard peasants as objects of contempt and derision. In religious writings, satires, sermons, chronicles, and artistic representations peasants often appeared as dirty, foolish, dishonest, even as subhuman or bestial. Their lowliness was commonly regarded as a natural corollary of the drudgery of their agricultural toil. Yet, at the same time, the peasantry was not viewed as "other" in the manner of other condemned groups, such as Jews, lepers, Muslims, or the imagined "monstrous races" of the East. Several crucial characteristics of the peasantry rendered it less clearly alien from the elite perspective: peasants were not a minority, their work in the fields nourished all other social orders, and, most important, they were Christians. In other respects, peasants could be regarded as meritorious by virtue of their simple life, productive work, and unjust suffering at the hands of their exploitive social superiors. Their unrewarded sacrifice and piety were also sometimes thought to place them closest to God and more likely to win salvation. This book examines these conflicting images of peasants from the post-Carolingian period to the German Peasants' War. It relates the representation of peasants to debates about how society should be organized (specifically, to how human equality at Creation led to subordination), how slavery and serfdom could be assailed or defended, and how

peasants themselves structured and justified their demands. Though it was argued that peasants were legitimately subjugated by reason of nature or some primordial curse (such as that of Noah against his son Ham), there was also considerable unease about how the exploitation of those who were not completely alien—who were, after all, Christians—could be explained. Laments over peasant suffering as expressed in the literature might have a stylized quality, but this book shows how they were appropriated and shaped by peasants themselves, especially in the large-scale rebellions that characterized the late Middle Ages.

Droit de cuissage Jean-charles Rhamov 2019-09-12 Une jeune cadre dynamique tombe sous la coupe d'un patron autoritaire et pervers... Quand Charlotte intègre la direction d'un groupe alimentaire, elle ne se doute pas que sa vie va en être bouleversée. Nouvellement mariée, elle ne pensait pas être amenée à tromper son mari si rapidement. Mais comment résister à l'autoritarisme pernicieux et pervers de son directeur ? D'heures supplémentaires en voyages d'affaires et de visioconférences en réunions tardives, la jeune femme découvrira toutes les excuses professionnelles propres à masquer d'autres activités. Par des détails au réalisme saisissant et par une accumulation d'anecdotes issues de la réalité, l'auteur nous guide dans les arcanes d'une grande entreprise, sur les pas d'une jeune femme qui ne saura plus dire non. Cet ouvrage constituera un précieux manuel à l'usage des maris trompés et des directeurs en mal d'inspiration.

The Lord's First Night Alain Boureau 1998-09 From the late Middle Ages to THE MARRIAGE OF FIGARO to Mel Gibson's BRAVEHEART, the ultimate symbol of feudal barbarism has been the right of a feudal lord to sleep with the bride of a vassal on her wedding night. But here, in a fascinating case study of the folklore of sexuality, Alain Boureau elegantly demonstrates such tradition is a myth.

Woman, Church and State Matilda Joslyn Gage 1893

Jumièges à l'aube de la Révolution Bernard Charon 2015-12-17 Le 29 mars 1789, les habitants de Jumièges, comme ceux de tout le royaume de France, étaient appelés à formuler leurs revendications qui fourniront la matière de leur « cahier de doléances » destiné à être soumis au Roi. Autour de ce document qu'on trouve intégralement reproduit ici, Bernard Charon s'est appliqué à le contextualiser pour mieux en comprendre les justifications. On trouvera notamment dans ces pages un éclairage sur l'organisation sociale et administrative du royaume ainsi qu'une évocation du bouillonnement intellectuel qui conduira in fine à la chute de la monarchie.

The Aspen Publishing Bouvier Law Dictionary Stephen Michael Sheppard 2012-06-11 NEW! The first complete revision of John Bouvier's great law dictionary in more than a century made relevant and authoritative for modern students of the law. Derived from the famous 1853 law dictionary used by Daniel Webster, Abraham Lincoln, and Justice Oliver Wendell Holmes, Jr. The Wolters Kluwer Bouvier Law Dictionary Quick Reference has been brought completely up-to-date by a distinguished and widely-published legal scholar and teacher. Steve Sheppard, with law degrees from Oxford and Columbia Universities, brings his scholarship, international practice, and litigation experience to bear in making the famous text as relevant today as it was when it first broke ground in American law. Definitions derived from contemporary as well as classic sources give the reference book its depth and authority. Building on Bouvier's structure and entries, Professor Sheppard has added thousands of new terms and rewritten many original definitions. 8,500 short definitions explain more than 11,200 words and phrases, giving readers a general understanding of a term when a quick grasp of a concept is required. Each entry is written to be understood by the modern student, argued by the modern lawyer, and cited by the modern judge. An intuitive structure and thorough cross-referencing makes the first complete

revision of this essential dictionary in more than a hundred years accessible and easy to use. Features of The Wolters Kluwer Bouvier Law Dictionary Quick Reference: The classic becomes contemporary. Definitions derived from ancient and contemporary sources, with current statutes, regulations, cases, and treatises building on ancient and medieval sources Designed for modern use and contemporary issues Authority in General Editor Stephen Sheppard: Widely published by Cambridge, Oxford and other leading presses Holds law degrees from Oxford and Columbia Universities, including a doctorate in the science of law Draws on international legal practice, litigation, and teaching experience for the selection of terms Encyclopedic in scope: 8,500 entries, explaining more than 11,200 words and phrases, far more than Bouvier's original two-volume set with 6,600 entries Short definitions give readers a quick grasp of a concept and a general understanding in a hurry Clear statement of meanings, context and usage of key terms Intuitive structure, for ease of use: Major terms organize concepts and related terms: e.g. exceptions to Hearsay under hearsay, the forms of estate under Estate Thorough cross-referencing, making terms easy to find Summary of Contents: Welcome to the Bouvier Law Dictionary How to Use the Bouvier Law Dictionary Compact Edition The Order of Words and Phrases The Bouvier Law Dictionary Project The Entries, A-Z First Appendix: The Declaration of Independence and the United States Constitution Second Appendix: Justices of the United States Supreme Court

Emotion, Violence, Vengeance and Law in the Middle Ages 2018-05-01 The essays in this Festschrift for William Ian Miller reflect the honorand's wide-ranging interest in legal history, Icelandic sagas, anger and violence, and contemporary popular culture.

Contested Paternity Rachel G. Fuchs 2008-07-25 Focusing on paternity as a category of family history, *Contested Paternity* emphasizes the importance of fatherhood, the family, and the law within the greater context of changing attitudes toward parental responsibility.

The French Colonial Mind: Violence, military encounters and colonialism Martin Thomas 2011-01-01 Violence was prominent in France's conquest of a colonial empire, and the use of force was integral to its control and regulation of colonial territories. What, if anything, made such violence distinctly colonial? And how did its practitioners justify or explain it? These are issues at the heart of *The French Colonial Mind: Violence, Military Encounters, and Colonialism*. The second of two linked volumes, this book brings together prominent scholars of French colonial history to explore the many ways in which brutality and killing became central to the French experience and management of empire. Sometimes

concealed or denied, at other times highly publicized and even celebrated, French violence was so widespread that it was in some ways constitutive of colonial identity. Yet such violence was also destructive: destabilizing for its practitioners and lethal or otherwise devastating for its victims. The manifestations of violence in the minds and actions of imperialists are investigated here in essays that move from the conquest of Algeria in the 1830s to the disintegration of France's empire after World War II. The authors engage a broad spectrum of topics, ranging from the violence of first colonial encounters to conflicts of decolonization. Each considers not only the forms and extent of colonial violence but also its dire effects on perpetrators and victims. Together, their essays provide the clearest picture yet of the workings of violence in French imperialist thought.

Religious Orthodoxy and Popular Faith in European Society Ellen Badone 2021-02-09 By examining the ongoing tension between popular and official religion in Europe, this collection of essays contributes significantly to the continuing effort to understand the religious experience of ordinary people. Ranging from the Mediterranean to northern Europe and including both Roman Catholic and Eastern Orthodox traditions, the ethnographic contexts evoked in these essays enable us to see people actively and creatively shaping their religious domain, sometimes in collaboration with official ritual specialists, often in open rebellion against them. The use of folklore texts and extensive narrative quotations, combined with an approach highlighting key symbols such as pilgrimages and festas, provides a common theoretical orientation throughout the book one that considers how religious discourses are formed by social disciplines and relationships of power and subordination. This volume includes "Spirits and the Spirit of Capitalism" by Jane Schneider, "The Priest and His People: The Contractual Basis for Religious Practice in Rural Portugal" by Caroline B. Brettell, "The Struggle for the Church: Popular Anticlericalism and Religiosity in Post-Franco Spain" by Ruth Behar, "Pilgrimage and Popular Religion at a Greek Holy Shrine" by Jill Dubisch, "Breton Folklore of Anticlericalism" by Ellen Badone, "Stories of Power, Powerful Stories: The Drunken Priest in Donegal" by Lawrence J. Taylor, and "Reflections on the Study of Religious Orthodoxy and Popular Faith in Europe" by Stanley Brandes.

La Tache de vin Chris Thorimbert 2015-10-27 Dans la petite ville d'Estavayer, en Suisse, la jeune Éléonore est au service du comte de la Broye qui n'hésite pas à exercer sur elle son droit de cuissage. Lorsqu'elle se découvre enceinte, elle démissionne sans rien dire de son état et met au monde des jumeaux, Marie et Philippe, qui ignorent tout de leur géniteur. Quinze ans plus tard, alors qu'ils sont en âge de travailler, ils sont envoyés sur les terres du comte : Philippe est aux champs pendant que Marie œuvre comme domestique. Sans le savoir, elle occupe la même place que sa mère au même âge. Et commence elle aussi à susciter la convoitise d'Adrien de la Broye, qui n'a rien perdu de ses penchants... Chris Thorimbert tire avec talent les ficelles de cette fresque romanesque captivante, ressuscitant avec brio la Suisse rurale de la fin du XIXe siècle. - See more at:

Transnational England Monika Class 2009-03-26 The rise of the modern English nation coincided with England's increased encounters with other peoples, both at home and abroad. Their cultures and ideas—artistic, religious, political, and philosophical—contributed, in turn, to the composition of England's own domestic identity. Transnational England sheds light on this exchange through a close investigation of the literatures of the time, from dramas to novels, travel narratives to religious hymns, and poetry to prose, all of which reveal how connections between England and other world communities 1780-1860 simultaneously fostered and challenged the sovereignty of the English nation and the ideological boundaries that constituted it. Featuring essays from distinguished and emergent scholars that will enhance the literary, historical, and cultural knowledge of England's interaction with European, American, Eastern, and Asian nations during a time of increased travel and vast imperial expansion, this volume is valuable reading for academics and students alike.

Sexual Harassment V. P. Argos 1999 The topic of sexual harassment is a real threat to society in spite of its downplaying by a large segment of society including the 42nd President of the United States. This book presents analyses designed to help shed light on it and a bibliography sorted for ease of use.

Women and Violence in the Late Medieval Mediterranean, ca. 1100-1500 Lidia L. Zanetti Domingues 2021-12-31 This pioneering work explores the theme of women and violence in the late medieval Mediterranean, bringing together medievalists of different specialties and methodologies to offer readers an updated outline of how different disciplines can contribute to the study of gender-based violence in medieval times. Building on the contributions of the social sciences, and in particular feminist criminology, the book analyses the rich theme of women and violence in its full spectrum, including both violence committed against women and violence perpetrated by women themselves, in order to show how medieval assumptions postulated a tight connection between the two. Violent crime, verbal offences, war and peace-making are among the themes approached by the book, which assesses to what extent coexisting elaborations on the relationship between femininity and violence in the Mediterranean were conflicting or collaborating. Geographical regions explored include Western Europe, Byzantium, and the Islamic world. This multidisciplinary book will appeal to scholars and students of history, literature, gender studies, and legal studies.

la comparaison entre le passé et le présent l'occasion de réflexions stimulantes pour le citoyen. Violences et répressions, saveurs perdues et risques alimentaires, religions et fanatismes, transgressions et tabous sexuels, péripéties et avatars des démocraties française et américaine, heurs et malheurs de la construction européenne... Une quarantaine de dialogues sont ici rassemblés, nourris d'une érudition joyeuse et pédagogique. Ils seront précieux pour tous ceux qui, amoureux de l'Histoire, aiment à y chercher des clés d'interprétation afin de mieux comprendre notre temps. Jean-Noël Jeanneney, professeur des Universités à l'Institut d'Etudes Politiques de Paris, a présidé Radio France et RFI entre 1982 et 1986 et la Mission du Bicentenaire de la Révolution en 1989. Ancien ministre, il est l'auteur de nombreux ouvrages d'histoire contemporaine et de documentaires pour la télévision. Il préside la Bibliothèque nationale de France depuis 2002.

Le Droit de cuissage Alain Boureau 2014-04-01 Les seigneurs grossiers, les paysans asservis, les terres ravagées par les chasses et les luttes sanglantes, ainsi que le cuissage, sont autant d'images qui font encore partie de notre folklore médiéval. L'expression « droit de cuissage » a même trouvé une nouvelle fortune dans la presse à propos de la loi sanctionnant le harcèlement sexuel. Mais ce droit a-t-il réellement existé ? Et sinon, comment expliquer la fabrication d'un mythe aussi tenace ? Alain Boureau, directeur d'études à l'École des Hautes Études en Sciences Sociales et historien du Moyen Âge, passe ici au crible les différentes sources qui, prétendent, en attestent l'existence. Il débusque ce mythe en partie construit par les légistes royaux d'Ancien Régime, devenu emblématique de la période médiévale pour les révolutionnaires de 1789 et les républicains des années 1860 qui y voyaient une preuve de l'ignominie féodale et de l'influence néfaste de l'Église. Mais c'est également à ce « monstre » historiographie de la féodalité qu'Alain Boureau s'attaque, tant le soi-disant droit de cuissage est assujéti à la question des liens de dépendance personnelle dans les sociétés d'Ancien Régime. La persistance de ce mythe, à travers lequel notre époque discerne le signe d'une domination masculine permanente, nous cache l'essentiel de la société médiévale et de sa réalité. S'en débarrasser, c'est encore une fois plaider pour « un autre Moyen Âge ».

Film and Fiction T. A. Shippey 2003 Essays on the continuing power and applicability of medieval images, with particular reference to recent films.

The Routledge Dictionary of Cultural References in Modern French Michael Mould 2011-04-27 The Routledge Dictionary of Cultural References in Modern French reveals the hidden cultural dimension of contemporary French, as used in the press, going beyond the limited and purely lexical approach of traditional bilingual dictionaries. Even foreign learners of French who possess a good level of French often have difficulty in fully understanding French articles, not because of any linguistic shortcomings on their part but because of their inadequate knowledge of the cultural references. This cultural dictionary of French provides the reader with clear and concise explanations of the crucial cultural dimension behind the most frequently used words and phrases found in the contemporary French press. This vital background information, gathered here in this innovative and entertaining dictionary, will allow readers to go beyond a superficial understanding of the French press and the French language in general, to see the hidden yet implied cultural significance that is so transparent to the native speaker. Key features: a broad range of cultural references from the historical and literary to the popular and classical, with an in-depth analysis of punning mechanisms. over 3,000 cultural references explained a three-level indicator of frequency over 600 questions to test knowledge before and after reading. The Routledge Dictionary of Cultural References in Modern French is the ideal reference for all undergraduate and postgraduate students of French seeking to enhance their understanding of the French language. It will also be of interest to teachers, translators and Francophiles alike. French students in khâgne, Sciences-Po and schools of journalism will also find this

valuable and relevant for their studies.

Dictionnaire féodal Jacques-Albin-Simon Collin de Plancy 1820

Love Under the Skin Cécile Coquet-Mokoko 2020-04-15 The rising visibility of interracial couples calls for increased attention to the overlapping of culture and race, in safe spaces centered on small-group dynamics, or in public spaces where peoples of African descent are under the public gaze. This comparative study seeks to de-center the U.S-centered viewpoint common to much of the literature on black/white relations. Based on nine years of fieldwork in the American South and in France, Coquet shows many unexpected parallels between the two societies. Gendered perceptions of cultural authenticity and sexual ethics are a guiding thread, being inseparable from the historical and political contingencies (re-)defining acceptable forms of dating, marrying, and parenting among cis-heterosexual couples in both societies. Her account emphasizes resilience and agency as couples seek to protect themselves and their children, while their extended or symbolic kinship networks help white partners acknowledge the existence of racial privilege.

Cinq Leçons sur la Violence Serge Carfantan Ce livre rassemble les leçons portant sur la violence tirée du site philosophie et spiritualité : philosophie-spiritualite.com. Notre société est violente. Nous voyons la violence dans la révolte, elle surgit dans la brutalité des relations à partir des conflits. Elle se noue dans nos contradictions. Elle est dans les invectives que les individus s'envoient au nom de la nécessité prétendue d'un besoin de se défouler. De là à considérer que dans ce micmac relationnel, la société est la cause de la violence, il n'y a qu'un pas ; et c'est une tendance typique de notre époque que de rejeter la cause de la violence sur la « société », les conditions économiques, la rivalité des classes sociales etc. Le marxisme a eu ce penchant. Mais n'est-ce pas une facilité ? Nous cherchons dans la vie sociale une satisfaction matérielle, mais, comme le dit Hobbes, nous y cherchons aussi le plaisir et la vanité ; et le plus grand plaisir du moi, c'est l'opinion flatteuse de sa propre puissance. La plus grande souffrance, c'est d'être ridicule et méprisé. D'où la recherche de la vengeance. Peut-on vraiment dire que c'est la vie sociale qui rend l'homme violent ? La violence ne tient-elle pas plutôt à l'individu qu'à la société ?

A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit A.S. 2014-01-13 'A Corrupt Tree' is a unique, extensively researched, four volume exposé of the dark side of the Church of Rome. It reveals that for nearly two thousand years the Church's fundamental characteristic has been its self-serving abuse of religio-corporate power. A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes. Included, are those who were immature, capricious, corrupt, lascivious, fanatical, senile, truly mad, megalomaniac, tyrannical, murderous, and wholesale killers. It confirms that for many, many centuries the popes were corrupt, cruel, inhumane, and despotic. In an age of savagery they were the leaders in barbarity; in the subsequent age of enlightenment they have persistently resisted the march of progress. Additionally, the popes were wholesale killers who 'made the principle of assassination a law of the Christian Church.' Accordingly, the Church 'has shed more innocent blood than any other institution that has ever existed among mankind.' Here also are presented the cupidity, corruption, and sexual misdeeds of lesser ecclesiastics, including cardinals, bishops, priests, monks and nuns. Pope Honorius III, for example, described his priests as 'worse than beasts wallowing in their dung.' The Church's ruthless stranglehold on knowledge and learning is catalogued in detail. Mathematics, philosophy and science were repressed. Selected, applied theology ruled the world. 'Everything was explained, but nothing was understood.' The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape. A large number of writings which eventually became classics of European culture were condemned and prohibited. The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular. Many of these men were annihilated. Holy books were burned in large numbers – particularly the Jewish Talmud. It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years. 'Century after century passed away, and left the peasantry but little better than the cattle in the fields.' Finally, the unholy behaviours of the numerous popes, cardinals, and lesser ecclesiastics are shown to establish, unequivocally, that the Church of Rome is neither holy nor apostolic. The ultimate message of these volumes is that to become an exemplary institution, and to play a truly humane role in the world's future, the Catholic Church must change.

The Middle Ages on Television Meriem Pagès 2015-04-16 The 21st century has seen a resurgence of popular interest in the Middle Ages. Television in particular has presented a wide and diverse array of "medieval" offerings. Yet there exists little scholarship on television medievalism. This collection fills the gap with 10 new essays focusing on the depiction of the Middle Ages in popular culture and questioning the role of television in shaping our ideas about past and present. The contributors emphasize the need for scholars of medievalism to pay attention to its manifestations on the small screen. The essays cover quite a range of topics, including genre, gender and sexuality. The series covered are Game of Thrones, Merlin, Full Metal Jousting, Joan of Arcadia, Tudors, Camelot and Mists of Avalon. Instructors considering this book for use in a course may request an examination copy here.

Droit de Cuissage Au FMI Maya Touvière 2012-07-01 Au printemps 2011, le monde entier découvrait avec stupeur l'affaire d'abus sexuel impliquant le directeur général du FMI, et se rappelait qu'en 2008, il avait été inquiété pour harcèlement sexuel sur la personne de l'une de ses assistantes, cette affaire ayant vite été étouffée. Par le témoignage de Maya, ex assistante au FMI, victime de harcèlements sexuels de la part de son chef, finissant par céder à ses avances, instrument de la lubricité malade de cet homme lui faisant en outre rédiger des contes érotiques, puis la « remerciant » de manière épouvantable, vous comprendrez que l'affaire DSK n'est peut-être qu'un arbre cachant la forêt de la lubricité camouflée derrière de prestigieuses façades. Née durant la guerre d'Indochine, d'une mère vietnamienne et d'un père militaire français, orpheline éduquée en orphelinat, puis élevant seule ses enfants, ne pouvant de ce fait perdre son emploi, Maya fut une proie idéale, mais sa lucidité, son intelligence et l'éclairage qu'elle apporte sur l'action réelle de la « noble » institution et sur ses gabegies, vous séduiront inmanquablement.

Dictionnaire féodal, ou Recherches et anecdotes sur les dîmes et les droits féodaux, les fiefs et les bénéfices, les privilèges, les redevances et les hommages ridicules, les coutumes féodales, les prérogatives de la noblesse et la misère des vilains ... en un mot, sur tout ce qui tient à la féodalité Jacques-Albin-Simon Collin de Plancy 1819

What Is Sexual Harassment? Abigail Saguy 2003-08-13 "An outstanding work. This book is at once an analysis of a disturbing social practice and a study in legal mobilization. Saguy gets inside the black box of culture by showing how a piece of legal culture gets produced, disseminated, and received. Paying close attention to the discursive possibilities in the legal texts, the work is grounded in the organizational settings through which representational struggles are waged, displaying how the laws came to be as they are. A rich and provocative account that will be the starting point for future discussions of sexual harassment."—Susan Silbey, author of *The Common Place of Law: Stories from Everyday Life* "In this pathbreaking comparative study, Saguy sheds light on a crucial aspect of the lives of many working women by analyzing the various frames through which sexual harassment is understood in two national contexts. While norms against sexual harassment are growing deeper roots in the American workplace, accusations of sexual improprieties remain often the object of ridicule in France. Saguy's explanation of this and other differences goes beyond traditional culturalist models. The beauty of her analysis is to capture some of the ways in which sexuality is used to gain power in the workplace, and the role played by cultural frameworks in mediating these modalities."—Michele Lamont, co-author of *Rethinking Comparative Cultural Sociology: Repertoires of Evaluation in France and the United States* "This sophisticated, yet highly readable and dramatic account reveals how differently sexual harassment is interpreted in the laws and social practices in the United States and France. Drawing on a wide range of research, Saguy reveals how political and cultural differences in the two societies have implications for addressing the harm victims face. A must read for sociologists of organizational behavior and culture, as well as lawyers and the informed public."—Cynthia Fuchs Epstein, author of *Deceptive Distinctions: Sex, Gender and the Social Order* "Rooted in rigorous comparative research, *What Is Sexual Harassment?* answers its own question with no-nonsense lucidity and cutting intelligence." —Joshua Gamson, author of *Freaks Talk Back* "This is a remarkable book, both in terms of methodology and theory. This work will be an indispensable tool for anyone concerned with defining the concept of sexual harassment. The comparative approach demonstrates its heuristic importance, as Saguy shows a remarkable mastery of different social and legal cultures."—Françoise Gaspard, author of *A Small City in France* "What is Sexual Harassment? offers an original examination

of the variable, much contested meanings of sexual harassment in both the United States and France. Saguy not only explains how divergent legal understandings have reflected the quite different cultural traditions and social structures in each of these two nations, but she also addresses how reaction to American media representations of sexual harassment reinforced the development of unique legal constructions in France. This is a highly interesting, innovative, and important study that advances our understanding about how socio-legal meaning is produced, reproduced, and transformed."—Michael McCann, author of *Rights at Work: Pay Equity Reform and the Politics of Legal Mobilization*

Encyclopedia of Rape Merril D. Smith 2004 Examines sexual violence throughout history in the United States and around the world, and covers infamous rape cases, date-rape drugs, and victims' rights.
