Living with an Angel 'can be hell' Dr. Phil Etherson 2018-04-06 The author of this book is a researcher and looks at all aspects from a qualitative evidential point of view. On the other hand the authors wife is a qualified Angel Therapist and therefore looks to ethereal explanations for events. As such this book describes conflicts of opinion and how they can be resolved during life's journey. This book therefore takes a different look at angels and spirituality from the standard tomes on angels and considers them from a neutral point of view with comment, information and humour along the way. This allows for an objective reflection which illustrates how angels (and perhaps wives) can influence the life of an individual, including those who do not believe in them (angels, not wives), perhaps whether they wish them to or not!

I started with yes/no/maybe questions but quickly graduated to communicate using the three pendulum languages. These languages allowed for advanced communication with your angelic team.

Christ Power and Earth Wisdom Marko Pogačnik 2019-10-06 'Human evolution has now arrived at a decisive crossroads. The future of humankind on Earth depends on whether people recognize their determining role in the evolution of the consciousness of Earth.' – Marko Pogačnik Humanity today faces a unique task: to overcome the thousand-year-old division between heaven and earth, spirit and matter. This, says Marko Pogačnik, is our present-day challenge. But we have an important ally in this work in the being of Jesus, also known as Christ, whose teachings are intended to help us at this critical time of human development. Historically, however, Jesus' words of wisdom were harnessed to the construction of an earthly religion, and much of their deeper meaning was lost in the process. *Christ Power and Earth Wisdom* is the story of the author's discovery of a 'Fifth Gospel', woven invisibly into the four canonical Gospels. It teaches humanity how to live positively in the third millennium. Bringing together knowledge of elemental beings, Earth science and Christ, the author has translated over one hundred of Jesus' sayings into a language that the modern mind can understand. He identifies blockages in the Biblical gospels that have prevented the Spirit of Christ from manifesting in the past era. But the time is now ripe for understanding the multilayered reality of these teachings. Based on methods of investigation and perception that Pogačnik has developed over many decades of work in healing the various dimensions of Earth's landscape and nature, he deciphers the hidden, holistic messages in Christ's teachings, dismantling the obstacles that have arisen through outdated interpretations. The text is complemented with Pogačnik's energetically-charged drawings, forming a feeling counterpart to the thought flow of the book. A new Postscript offers an important update relating to methods of gaining a broader, spiritual perception of reality in the present.

Summer with the Leprechauns Tanis Helliwell 1997 "This delightful book is not only great fun to read, but makes most interesting and intelligent suggestions about the reality and work of this particular branch of the nature world. It can help us open our minds to fascinating dimensions that do exist on the planet."--Dorothy MacLean, co-founder of Findhorn and author, "To Hear the Angels Sing: An Odyssey of Co-creation with the Devic Kingdom."

Healing with the Angels Doreen Virtue 1999-10-01 *You Are Surrounded by the Healing Love of Angels!* *Healing with the Angels* is a practical how-to guide that reveals how to work with angels to improve your health. Much of the book discusses the various ways that angels heal our physical health, and gives specific spiritual healing methods based upon the author's case studies. The angels also heal our mental and emotional health, and the case studies show how depression, anxiety, sleep disorders, and other common maladies can be lifted with "angel therapy." Topics include: Angel therapy for illness; healing others with angels; angelic messages about weight, exercise, and diet; sleep therapy from the angels; angelic clearing of psychological and emotional issues; healing away addictions and obsessions; and how the angels can heal us of worry, guilt, and other destructive mental habits.

Demons and Healing Are Thoresen 2020-12-16 'Genius is a rare commodity that few of us attain. I see the colour-magic painted by Van Gogh, hear the music-magic of Beethoven, imagine touching the exquisite bronze of Rodin's Thinker. I revere their work but know that I can never create such beauty. So it is with Are's psychic skills.' - Phil Rogers, MRCVS, Dublin 'Today we have forgotten all about demons and even about Christ. Both concepts have become anachronisms from olden times. That they are not anachronisms is illustrated in the discussions and examples given in this book.' - Hans Kolstad, Dr.philos., MAS, Norway Are Thoresen perceives demons and other spiritual beings as clearly as we see each other. He sees the demons that cause disease as well as the beings associated with medicinal plants and other substances that can promote health. He has witnessed how demons of disease

leave the bodies of the sick and enter the healthy, thus causing contagion. Through his therapeutic work, Thoresen has learned that one cannot simply 'fight' demons, as they will 'translocate' to other people or return later. The only effective way to counteract these malign entities is to dissolve them through the boundless love of the being of Christ. The author presents a lifetime's knowledge – the fruit of more than half a century's practical and clinical experience – in the pages of this book, offering a better understanding of health and disease. He recounts numerous personal experiences of demonic entities and explains how demons are created. Thoresen advises on the prevention of the demonic effects of natural and artificial radiation, and how we can defend and ultimately free ourselves from demonic influence. A fascinating Addendum describes the phenomenon of poltergeists and the spiritual beings related to various drugs. Demons and Healing is a singular work, written out of precise vision and knowledge of the spiritual entities that surround us in everyday life.

Earth Angels Doreen Virtue 2002-09-30 In the same way that "The Indigo Children" was a phenomenon that was much talked-about, before the book came out and explained it, "Earth Angels" is a topic of much discussion among spiritually minded people world-wide. Four years ago, Doreen Virtue wrote an article on the topic, and then a chapter in her book, "Healing with the Angels," and then more information in "Healing with the Fairies." Since that time, Doreen has been flooded with letters from people who resonate with the idea, requesting more information. "Earth Angels" will be the first book devoted to the topic. Doreen will describe the five different types of lightworkers: Incarnated Angels (those who had previous lives as angels, but who are now here as humans); Incarnated Elementals (those whose previous lives were in the elemental kingdom, as fairies, elves, etc.); Starpeople (those who have lived the majority of their past lives on other planets); Walk-In's (those who came from a high spiritual realm and walked-in to another person's life, as that soul gladly exited their body); and Reincarnated Sorcerers, Sorceresses, and Wizards (those whose most recent past life was during Arthurian or Atlantian times, when they practiced high magic). The book will include dozens of case studies; a fascinating analysis of an extensive survey that Doreen has conducted among people who identify with the five types of Earth Angels; and guidance to help readers to feel happier about their lives, their own idiosyncrasies, and their missions.

The Archangels Lavar Cephus 2022-08-13 From the beauty of the Lord God, we have fourteen archangels, who also can be known as the Watchers. Archangel Michael is the head of the archangel militia, in command of God' army and his celestial soldiers who clash against the evil. Stories of angels and archangels are a part of our lives, whether we realize it or not. Over 80 percent of the world's population believes in angels, archangels, cherubim, and heavily ascended masters. Most people only know about the seven archangels, but in this book, we're going to tell you about the fourteen archangels of the angelic realm. The term archangel came directly from or is related to the Abrahamic religions. The word archangel is derived from a Greek term which means chief angels. Archangels are an extension of love, help, protection and assistance from God, the Creator, the source, the universe himself, to personify his infinite, expansive, stellar majesty, power, love, and grace. All of the archangels have special powers and gifts and abilities. They are all healers. They resonate at a very high vibration frequency and energy. In terms of rank, archangels are at the highest rank among all the angels for they are known to be the closest of the angels next to God. Archangels not

only watch over us; they also watch over other angels, as well as the spiritual and other areas of the universal realms (like our very own real-life superheroes). In the canonical Bible, which the Protestants and the Catholics use, and in the Quran as well, there were two archangel named: Michael and Gabriel. In the book of Enoch, there were seven archangels. This was before the book of Enoch was removed from the Bible scriptures. The other five of the first seven are Raphael, Azrael, Chamuel, Ariel, and Jophiel. In this book, I will tell you about the first seven archangels and also the other seven, the Dominion archangels, and their powers and abilities and how to ask for help, guidance, protection, and assistance whenever you need it. It's like having your very own dream team of angels.

Earth Healing with the Nature Angels and Elemental Masters Sarah Hunt 2014-11-17 I was inspired a couple of years ago to put together two workshops connecting people to the Nature Angels and elementals. I had connected with the Nature Angels who explained the importance of us helping Mother Earth to heal. They explained to me that part of the way that we can help Mother Earth is to spend time healing ourselves, for we cannot heal others unless we are willing to heal ourselves. They reminded me again of the importance of working with the spiritual laws and that the message they want to bring to those of us on Earth is one of peace and love. This book introduces you to some of the Nature Angels, Elemental Masters and elemental beings. It contains powerful healing energy images, messages and meditations for you to work with to assist your own healing and that of Mother Earth.
