The Lectures, Essays and Literary Criticism of Virginia Woolf Virginia Woolf 2017-02-16 Adeline Virginia Woolf (1882–1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream of consciousness narration. Woolf was a central figure in the feminist criticism movement of the 1970s, her works having inspired countless women to take up the cause. She suffered numerous nervous breakdowns during her life primarily as a result of the deaths of family members, and it is now believed that she may have suffered from bipolar disorder. In 1941, Woolf drowned herself in the River Ouse at Lewes, aged 59. This volume contains a fantastic collection of some of Woolf's best essays and lectures on various subjects ranging from American fiction to the works of Jane Austen, Daniel Defoe, and others. Miracle of the Rose Jean Genet 1994-01-13 "One of the greatest achievements of modern literature."—Richard Howard "A major achievement Genet transforms experiences of degradation into spiritual exercises and hoodlums into bearers of the majesty of love."—Saturday Review "Genet can use a brutal phraseology that makes prison life specific and immediate. Yet through his singular sensibility, these elements are transmuted into something fragile,

rare, beautiful.”—The New York Times “This book recreates for the reader Genet’s magic world, one of dazzling beauty charged with novelty and excitement.”—Bettina Knapp “Genet would have deserved international standing for this novel alone. . . . He succeeds to an amazing degree in creating poetry from the profoundest degradation.”—The Times (London)

Brief Welcome Speeches Amy Bolding 1979-06

Fighting for America Christopher Paul Moore 2007-12-18 The African-American contribution to winning World War II has never been celebrated as profoundly as in *Fighting for America*. In this inspirational and uniquely personal tribute, the essential part played by black servicemen and -women in that cataclysmic conflict is brought home. Here are letters, photographs, oral histories, and rare documents, collected by historian Christopher Moore, the son of two black WWII veterans. Weaving his family history with that of his people and nation, Moore has created an unforgettable tapestry of sacrifice, fortitude, and courage. From the 1,800 black soldiers who landed at Normandy Beach on D-Day, and the legendary Tuskegee Airmen who won ninety-five Distinguished Flying Crosses, to the 761st Tank Battalion who, under General Patton, helped liberate Nazi death camps, the invaluable effort of black Americans to defend democracy is captured in word and image. Readers will be introduced to many unheralded heroes who helped America win the war, including Dorie Miller, the messman who manned a machine gun and downed four Japanese planes; Robert Brooks, the first American to die in armored battle; Lt. Jackie Robinson, the future baseball legend who faced court-martial for refusing to sit in the back of a military bus; an until now forgotten African-American philosopher who helped save many lives at a Japanese POW camp; even the author’s own parents: his mother, Kay, a WAC when she met his father, Bill, who was part of the celebrated Red Ball Express. Yet *Fighting for America* is more than a testimonial; it is also a troubling story of profound contradictions, of a country still in the throes of segregation, of a domestic battleground where arrests and riots occurred simultaneously with foreign service—and of how the war helped spotlight this disparity and galvanize the need for civil rights. Featuring a unique perspective on black soldiers, *Fighting for America* will move any reader: all who, like the author, owe their lives to those who served.

The Keys and the Kingdom Catherine Pepinster 2017-11-16 Catherine Pepinster charts the relationship between the British and the papacy in the modern era, looking at how this relationship is coloured by its turbulent past. Despite the enmity of previous centuries, Pepinster uncovers surprising instances of influence of the papacy in British politics, the collaboration between Pope and politicians on key issues, the 'stealth minority' of Catholics occupying major positions in public life, and the modern relationship between the Papacy and the Crown. In addition Pepinster analyses the crucial role that Britain has played in Rome, uncovers the unexpected role of the British Foreign Office in the appointment of Pope Francis, and discusses the modern style of the papacy and how this functions on a global scale. Featuring exclusive interviews with Cardinals Nichols and Murphy-O'Connor, Rowan Williams, Lord Patten and former British Ambassadors to both the Holy See and Italy, this account of the contemporary relationship between Great Britain and the Pope offers both fundamental evidence and penetrating insights into this most fascinating of political relationships.

Lullabies and Battle Cries Jaime Rollins 2018-08-17 Set against a volatile political landscape, Irish republican culture has struggled to maintain continuity with the past, affirm legitimacy in the present, and generate a sense of community for the future. Lullabies and Battle Cries explores the relationship between music, emotion, memory, and identity in republican parading bands, with a focus on how this music continues to be utilized in a post-conflict climate. As author Jaime Rollins shows, rebel parade music provides a foundational idiom of national and republican expression, acting as a critical medium for shaping new political identities within continually shifting dynamics of republican culture.

Conspirator Helen Rappaport 2010-02-23 The father of Communist Russia, Vladimir Ilych Lenin now seems to have emerged fully formed in the turbulent wake of World War I and the Russian Revolution. But Lenin's character was in fact

forged much earlier, over the course of years spent in exile, constantly on the move, and in disguise. In *Conspirator*, Russian historian Helen Rappaport narrates the compelling story of Lenin's life and political activities in the years leading up to the revolution. As he scuttled between the glittering capital cities of Europe—from London and Munich to Vienna and Prague—Lenin found support among fellow émigrés and revolutionaries in the underground movement. He came to lead a ring of conspirators, many of whom would give their lives in service to his schemes. A riveting account of Lenin's little-known early life, *Conspirator* tracks in gripping detail the formation of one of the great revolutionaries of the twentieth century.

Lost Kingdom Serhii Plokhy 2017-10-10 From a preeminent scholar of Eastern Europe and the prizewinning author of Chernobyl, the essential history of Russian imperialism. In 2014, Russia annexed the Crimea and attempted to seize a portion of Ukraine -- only the latest iteration of a centuries-long effort to expand Russian boundaries and create a pan-Russian nation. In *Lost Kingdom*, award-winning historian Serhii Plokhy argues that we can only understand the confluence of Russian imperialism and nationalism today by delving into the nation's history. Spanning over 500 years, from the end of the Mongol rule to the present day, Plokhy shows how leaders from Ivan the Terrible to Joseph Stalin to Vladimir Putin exploited existing forms of identity, warfare, and territorial expansion to achieve imperial supremacy. An authoritative and masterful account of Russian nationalism, *Lost Kingdom* chronicles the story behind Russia's belligerent empire-building quest.

Pole Raising and Speech Making Jennifer Eastman Attebery 2015-11-01 In *Pole Raising and Speech Making*, author Jennifer Eastman Attebery focuses on the beginnings of the traditional Scandinavian Midsummer celebration and the surrounding spring-to-summer seasonal festivities in the Rocky Mountain West during the height of Swedish immigration to the area—1880–1917. Combining research in folkloristics and history, Attebery explores various ways that immigrants blended traditional Swedish Midsummer-related celebrations with local civic celebrations of American Independence Day on July 4 and the Mormons' Pioneer Day on July 24. Functioning as multimodal observances with multiple meanings, these holidays represent and reconsider ethnicity and panethnicity, sacred and secular relationships, and the rural and the urban, demonstrating how flexible and complex traditional celebrations can be. Providing a wealth of detail and information surrounding little-studied celebrations and valuable archival and published primary sources—diaries, letters, speeches, newspaper reports, and images—*Pole Raising and Speech Making* is proof that non-English immigrant culture must be included when discussing
