Martindale-Hubbell Law Directory Martindale-Hubbell 1996-11 Choosing an attorney can be one of the most important decisions your patrons will make. The MARTINDALE-HUBBELL LAW DIRECTORY will help them make an informed selection. This definitive resource has been the place to turn to for information on lawyers & law firms in the U.S., Canada, & other countries worldwide. The new 25-volume MARTINDALE HUBBELL LAW DIRECTORY makes finding the information you need easier than ever before. Organized alphabetically by state & city, the Biographical Volumes, are divided into three sections. The first part of each volume - the Practice Profiles section - provides a comprehensive listing of lawyers & law firms - virtually every active attorney in the U.S. The second

section in each volume contains Professional Biographies, providing expanded information on lawyers & law firms. It includes not only a listing of each firm's attorneys & their backgrounds, but fields of law practiced, names of clients, & references. Services, Suppliers & Consultants, the third section in each volume, provides contact information for expert witnesses, title search companies, private detectives, & other specific legal-related services. The next volume features a Corporate Law Department section providing information on the in-house counsel of major corporations; a Law School section & a Government section. Next follows the Alphabetical Index Volume & the Areas of Practice Index Volume. The next three volumes, the International Law Directory, contains the most comprehensive listing available of international attorneys. It offers information on attorneys & law firms in over 130 countries worldwide. Finally, the Law Digest contains concise, up-to-date digests of the statutory laws of the 50 states, the District of Columbia, Puerto Rico & the Virgin Islands, the federal government, Canada, & some 65 other countries. The MARTINDALE-HUBBELL LAW DIRECTORY is a definitive reference work for both the legal professional & the general public.

Gender Violence, 3rd Edition Laura L. O'Toole 2020-07-14 An updated edition of the groundbreaking anthology that explores the proliferation of gendered violence From Harvey Weinstein to Brett Kavanaugh, accusations of gender violence saturate today's headlines. In this fully revised edition of Gender Violence, Laura L. O'Toole, Jessica R. Schiffman, and Rosemary Sullivan bring together a new, interdisciplinary group of scholars, with up-to-date material on emerging issues like workplace harassment, transgender violence, intersectionality, and the #MeToo movement. Contributors provide a fresh, informed perspective on gender violence, in all of its various forms. With twenty-nine new contributors, and twelve original essays, the third edition now includes emerging contemporary issues such as LGBTQ violence, sex work, and toxic masculinity. A trailblazing text, Gender Violence, Third Edition is an essential read for students, activists, and others.

Soil Management Bobby A. Stewart 1995-03-09 The experiments and experiences discussed in *Soil Management* carefully document crop production systems with well-defined boundaries. These long-term agronomic trials provide a valuable data resource that has, until now, been largely ignored by both the research community and the sustainability experts. With a rigorous definition of sustainability and this data, the sustainability of various cropping systems will be more clearly illustrated than any previous effort. Particular emphasis is given to research involving the tropics and sub-tropics. This book is unique in providing an experimental basis for sustainable management of soil resources. It describes technological options for sustainable management of soil resources and identifies priorities for additional long-term experimentation needed in key ecoregions. Topics discussed include changes in soil processes and properties, environmental quality, soil management, soil dynamics, soil organic matter, and nutrient cycling. *Soil Management* is for those who ask whether agriculture is sustainable, want to analyze or review sustainability experiments and experiences, or wish to initiate new long-term trials. It is a valuable reference on soil processes and an excellent text for courses in soil management.
