Digital Technologies and the Museum Experience Loïc Tallon 2008-08-28 The biggest trend in museum exhibit design today is the creative incorporation of technology. *Digital Technologies and the Museum Experience: Handheld Guides and Other Media* explores the potential of mobile technologies (cell phones, digital cameras, MP3 players, PDAs) for visitor interaction and learning in museums, drawing on established practice to identify guidelines for future implementations.

A Companion to the Holocaust Simone Gigliotti 2020-06-02 Provides a cutting-edge, nuanced, and multi-disciplinary picture of the Holocaust from local, transnational, continental, and global perspectives *Holocaust Studies* is a dynamic field that encompasses discussions on human behavior, extremity, and moral action. A diverse range of disciplines - history, philosophy, literature, social psychology, anthropology, geography, amongst others - continue to make important contributions to its scholarship. *A Companion to the Holocaust* provides exciting commentaries on current and emerging debates and identifies new connections for research. The text incorporates new language, geographies, and approaches to address the precursors of the Holocaust and examine its global consequences. A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes, unfolding and impact. Scholars draw on their original research to interpret current, agenda-setting historical and historiographical debates on the Holocaust. Six broad sections cover wide-ranging topics such as new debates about Nazi perpetrators, arguments about the causes and places of persecution of Jews in Germany and Europe, and Jewish and non-Jewish responses to it, the use of forced labor in the German war economy, representations of the Holocaust witness, and many others. A masterful framing chapter sets the direction and tone of each section's themes. Comprising over thirty essays, this important addition to Holocaust studies: Offers a remarkable compendium of systematic, comparative, and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural, social, and political legacies of the Holocaust Includes discussions on non-European and non-Western geographies, inter-ethnic tensions, and violence *A Companion to the Holocaust* is an essential resource for students and scholars of European, German, genocide, colonial and Jewish history, as well as those in the general humanities.

Feldblumen Adalbert Stifter 2018-04-29 Aus dem Buch: "Damals, da ich bis zur letzten Seite auf Rettung baute und traute, und endlich keine kam, rieb ich mich fast auf vor Schmerz. Aus jenem unbewohnten, staubigen Taubenschlage, Titus, trug ich wundersame, liebe Gefühle bis in die spätesten Zeiten meines Lebens hinüber, und wurde nach der Hand für und für kein Anderer; immer suche ich noch, bildlich gesprochen, solche Taubenschläge, spanne mich aus der

Gewerkswelt los und buhle um die Braut des Schönen." Adalbert Stifter (1805-1868) war ein österreichischer Schriftsteller, Maler und Pädagoge. Er zählt zu den bedeutendsten Autoren des Biedermeier.

Security Interests in Personal Property Grant Gilmore 1999 Gilmore, Grant. *Security Interests in Personal Property*. Boston: Little, Brown & Company, 1965. Two volumes. xxxiv, 651; xiii, 653-1508 pp. Reprinted 1999 by The Lawbook Exchange, Ltd. LCCN 99-10258. ISBN 1-886363-81-1. Cloth. \$195. * Written by the late Grant Gilmore, Co-Reporter for Article 9 of the Uniform Commercial Code, this landmark work, often cited, is extremely well respected as an acknowledged authority in this area. Combines an engrossing account of the drafting of Article 9 as it emerged in its final form with important interpretive data relating to security interests. This title is the recipient of both the Order of the Coif and the James Barr Ames award. Now back in print and of continued relevance today.

Travels in the Interior of Africa ... Mungo Park 1887

Die Berliner Presse E. HILARIS (pseud.) 1863

Farewell to the Horse Ulrich Raulff 2017-05-25 THE SUNDAY TIMES HISTORY BOOK OF THE YEAR 2017 'A beautiful and thoughtful exploration of the role of the horse in creating our world' James Rebanks 'Scintillating, exhilarating ... you have never read a book like it ... a new way of considering history' Observer The relationship between horses and humans is an ancient, profound and complex one. For millennia horses provided the strength and speed that humans lacked. How we travelled, farmed and fought was dictated by the needs of this extraordinary animal. And then, suddenly, in the 20th century the links were broken and the millions of horses that shared our existence almost vanished, eking out a marginal existence on race-tracks and pony clubs. *Farewell to the Horse* is an engaging, brilliantly written and moving discussion of what horses once meant to us. Cities, farmland, entire industries were once shaped as much by the needs of horses as humans. The intervention of horses was fundamental in countless historical events. They were sculpted, painted, cherished, admired; they were thrashed, abused and exposed to terrible danger. From the Roman Empire to the Napoleonic Empire every world-conqueror needed to be shown on a horse. Tolstoy once reckoned that he had cumulatively spent some nine years of his life on horseback. Ulrich Raulff's book, a bestseller in Germany, is a superb monument to the endlessly various creature who has so often shared and shaped our fate.

Studies in Phenomenology and Psychology Aron Gurwitsch 1966 The articles collected in this volume were written during a period of more than thirty years, the first having been published in 1929, the last in 1961. They are arranged in a systematic, not a chronological order, starting from a few articles mainly concerned with psychological matters and then passing on to phenomenology in the proper sense.

The Last Ghetto Anna Hájková 2020-11-05 Terezín, as it was known in Czech, or Theresienstadt as it was known in German, was operated by the Nazis between November 1941 and May 1945 as a transit ghetto for Central and Western European Jews before their deportation for murder in the East. Terezín was the last ghetto to be liberated, one day after the end of World War II. The Last Ghetto is the first in-depth analytical history of a prison society during the Holocaust. Rather than depict the prison society which existed within the ghetto as an exceptional one, unique in kind and not understandable by normal analytical methods, Anna Hájková argues that such prison societies that developed during the Holocaust are best understood as simply other instances of the societies human beings create under normal circumstances. Challenging conventional claims of Holocaust exceptionalism, Hájková insists instead that we ought to view the Holocaust with the same analytical tools as other historical events. The prison society of Terezín produced its own social hierarchies under which seemingly small differences among prisoners (of age, ethnicity, or previous occupation) could determine whether one ultimately lived or died. During the three and a half years of the camp's existence, prisoners created their own culture and habits, bonded, fell in love, and forged new families. Based on extensive archival research in nine languages and on empathetic reading of victim testimonies, *The Last Ghetto* is a transnational, cultural, social, gender, and organizational history of Terezín, revealing how human society works in extremis and highlighting the key issues of responsibility, agency and its boundaries, and belonging.

Schwäbischer Merkur 1865

The Puccini Problem Alexandra Wilson 2007-03-08 A detailed investigation of the reception and cultural contexts of Puccini's music, this book offers a fresh view of this historically important but frequently overlooked composer. Wilson's study explores the ways in which Puccini's music and persona were held up as both the antidote to and the embodiment of the decadence widely felt to be afflicting late nineteenth- and early twentieth-century Italy, a nation which although politically unified remained culturally divided. The book focuses upon two central, related questions that were debated throughout Puccini's career: his status as a national or international composer, and his status as a traditionalist or modernist. In addition, Wilson examines how Puccini's operas became caught up in a wide range of extra-musical controversies concerning such issues as gender and class. This book makes a major contribution to our understanding of both the history of opera and of the wider artistic and intellectual life of turn-of-the-century Italy.

Historical Dictionary of the Holocaust Jack R. Fischel 2010-07-17 This second edition of the *Historical Dictionary of the Holocaust* includes an updated chronology, an introductory essay, a bibliography, and over 400 cross-referenced dictionary entries on significant events and personalities.

The Founding of the German Empire by William I. Heinrich von Sybel 1800

Rock Crystal Adalbert Stifter 2015-12-15 Seemingly the simplest of stories—a passing anecdote of village life—*Rock Crystal* opens up into a tale of almost unendurable suspense. This jewel-like novella by the writer that Thomas Mann

praised as "one of the most extraordinary, the most enigmatic, the most secretly daring and the most strangely gripping narrators in world literature" is among the most unusual, moving, and memorable of Christmas stories. Two children—Conrad and his little sister, Sanna—set out from their village high up in the Alps to visit their grandparents in the neighboring valley. It is the day before Christmas but the weather is mild, though of course night falls early in December and the children are warned not to linger. The grandparents welcome the children with presents and pack them off with kisses. Then snow begins to fall, ever more thickly and steadily. Undaunted, the children press on, only to take a wrong turn. The snow rises higher and higher, time passes: it is deep night when the sky clears and Conrad and Sanna discover themselves out on a glacier, terrifying and beautiful, the heart of the void. Adalbert Stifter's rapt and enigmatic tale, beautifully translated by Elizabeth Mayer and Marianne Moore, explores what can be found between Christmas Eve and Christmas Day—or on any night of the year.

Der Ewige Jude Eugene Sue 2019-02-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Masaryk in England Robert William Seton-Watson 1943

Aftermath of the Holocaust and Genocides Victoria Khiterer 2020-04-02 While many works have been published on different aspects of the Holocaust and genocides, their aftermath and impact on society still require further research and discussion in scholarly literature. This book illuminates unknown aspects of the aftermath of the Holocaust and genocides, and discusses trials of Holocaust and genocide perpetrators, commemoration of the victims, attempts to revive Jewish national life, and outbreaks of post-World War II anti-Semitism. It also analyzes the representation of the Holocaust and genocides in literature, press and film. The volume includes thirteen articles, which are based on recently discovered archival materials, and provides new approaches to the research of the Armenian genocide, the Holodomor, ethnic cleansing and the Holocaust.

Survey of International Affairs Arnold Toynbee 1926 The war-time series for 1939-46, edited by A. J. Toynbee, comprises the following volumes: [v.1] The world in March 1939, edited by A. J. Toynbee and F. T. Ashton-Gwatkin.--[v.2] The Middle East in the war, by G. Kirk.--[v.3] America, Britain & Russia, their co-operation and conflict, 1941-1946, by W. H. McNeill.--[v.4] Hitler's Europe, edited by A. Toynbee and V. M. Toynbee.--[v.5] The Middle East, 1945-1950, by G. Kirk.--[v.6] The realignment of Europe, edited by A. Toynbee and V. M. Toynbee.--[v.7] The Far East, 1942-1946, by F. C. Jones, H. Borton and B. R.

Pearn.--[v.8] Four-power control in Germany and Austria, 1945-1946. I. Germany, by M. Balfour. II. Austria, by J. Mair.--[v.9] The war and the neutrals, edited by A. Toynbee and V. M. Toynbee.--[v.10] The eve of war, 1939, edited by A. Toynbee and V. M. Toynbee.--[v.11] The initial triumph of the Axis, edited by A. Toynbee and V. M. Toynbee.

Puccini Julian Budden 2005 Julian Budden provides a look at the process of putting an opera together, the cut-and-slash of nineteenth-century Italian opera, -the struggle to find the right performers for the debut of La Boheme, Puccini's anxiety about completing Turandot (he in fact died of cancer before he did so), and his animosity toward his rival Leoncavallo (whom he called Leonasino or "lion-ass"). Budden provides an analysis of the operas themselves, examining the music act by act. He highlights, among other things, the influence of Wagner on Puccini--alone among his Italian contemporaries, Puccini followed Wagner's example in bringing the motif into the forefront of his narrative, sometimes voicing the singer's unexpressed thoughts, sometimes sending out a signal to the audience of which the character is unaware. And Budden also paints a portrait of Puccini the man--talented but modest, a man who had friends from every walk of life: shopkeepers, priests, wealthy landowners, fellow artists. --From publisher's description.

International Law and the Classification of Conflicts Elizabeth Wilmshurst 2012-08-02 This book comprises contributions by leading experts in the field of international humanitarian law on the subject of the categorisation or classification of armed conflict. It is divided into two sections: the first aims to provide the reader with a sound understanding of the legal questions surrounding the classification of hostilities and its consequences; the second includes ten case studies that examine practice in respect of classification. Understanding how classification operates in theory and practice is a precursor to identifying the relevant rules that govern parties to hostilities. With changing forms of armed conflict which may involve multi-national operations, transnational armed groups and organized criminal gangs, the need for clarity of the law is all-important. The case studies selected for analysis are Northern Ireland, DRC, Colombia, Afghanistan (from 2001), Gaza, South Ossetia, Iraq (from 2003), Lebanon (2006), the so-called war against Al-Qaeda, and future trends. The studies explore the legal consequences of classification particularly in respect of the use of force, detention in armed conflict, and the relationship between human rights law and international humanitarian law. The practice identified in the case studies allows the final chapter to draw conclusions as to the state of the law on classification.

Orientalism and War Tarak Barkawi 2013-01-08 Orientalism is a system of truths that imagines the world can be meaningfully understood in terms of a distinction between "West" and "East" from the Greek and Persian Wars onwards. It is also about an institutionalised community of experts who represent with authority this world of East and West, as for example in media and policy discussions of the Islamic sources of terrorism. The papers in this volume, which include chapters by Bruce Cumings, Susan Jeffords, and John Mowitt among others, explore three dimensions of the relations between Orientalism and war. The first concerns the representations of "Self" and "Other" that mark the participation of Orientalism in war and which, for example, suffuse media coverage of the War on Terror. Second are the ways in which war is productive of Orientalisms. It is in and through violent conflict that various Western and Eastern identities are defined and come to be taken for granted. The third is about the inverse relation: how Orientalisms amount to acts of war. By

redefining politics and identities in such a way as to require a West that brings order to an unstable, violent East, Orientalism is productive of war. Patrick Porter closes the volume in an afterword about the themes explored in these papers and questions for further reflection.

Slow Homecoming Peter Handke 2009-03-31 By Nobel Prize Winner Peter Handke Provocative, romantic, and restlessly exploratory, Peter Handke is one of the great writers of our time. *Slow Homecoming*, originally published in the late 1970s, is central to his achievement and to the powerful influence he has exercised on other writers, chief among them W.G. Sebald. A novel of self-questioning and self-discovery, *Slow Homecoming* is a singular odyssey, an escape from the distractions of the modern world and the unhappy consciousness, a voyage that is fraught and fearful but ultimately restorative, ending on an unexpected note of joy. The book begins in America. Writing with the jarring intensity of his early work, Handke introduces Valentin Sorger, a troubled geologist who has gone to Alaska to lose himself in his work, but now feels drawn back home: on his way to Europe he moves in ominous disorientation through the great cities of America. The second part of the book, "The Lesson of Mont Sainte-Victoire," identifies Sorger as a projection of the author, who now writes directly about his own struggle to reconstitute himself and his art by undertaking a pilgrimage to the great mountain that Cézanne painted again and again. Finally, "Child Story" is a beautifully observed, deeply moving account of a new father—not so much Sorger or the author as a kind of Everyman—and his love for his growing daughter.

Physician-Assisted Suicide and Euthanasia Sheldon Rubenfeld 2020-11-03 Unlike Nazi medical experiments, euthanasia during the Third Reich is barely studied or taught. Often, even asking whether euthanasia during the Third Reich is relevant to contemporary debates about physician-assisted suicide (PAS) and euthanasia is dismissed as inflammatory. *Physician-Assisted Suicide and Euthanasia: Before, During, and After the Holocaust* explores the history of euthanasia before and during the Third Reich in depth and demonstrate how Nazi physicians incorporated mainstream Western philosophy, eugenics, population medicine, prevention, and other medical ideas into their ideology. This book reveals that euthanasia was neither forced upon physicians nor wantonly practiced by a few fanatics, but widely embraced by Western medicine before being sanctioned by the Nazis. Contributors then reflect on the significance of this history for contemporary debates about PAS and euthanasia. While they take different views regarding these practices, almost all agree that there are continuities between the beliefs that the Nazis used to justify euthanasia and the ideology that undergirds present-day PAS and euthanasia. This conclusion leads our scholars to argue that the history of Nazi medicine should make society wary about legalizing PAS or euthanasia and urge caution where it has been legalized.

Die Schutzverantwortung (R2P) Peter Hilpold 2013-10-10 Was bedeutet „Schutzverantwortung“ (Responsibility to Protect - R2P) und in welche Richtung entwickelt sich dieses neue völkerrechtliche Konzept? Auf diese Fragen geben Völkerrechtsexperten aus verschiedenen Ländern in diesem Band eine umfassende und detaillierte Antwort. What does "Responsibility to Protect" mean and in which direction does this concept evolve? In this volume international law

experts from different countries engage in a comprehensive stock-taking of the relevant discussion and try to devise possible lines of further developments in this area.
