Tomi Ungerer Tomi Ungerer 2019-06-27 This extravagant book presents 330 of Tomi Ungerer_s illustrations, paintings and collages, many of them previously unpublished. When Ungerer moved from the Alsace to New York in the mid-1950s and began working as a graphic designer and illustrator, a crazy new world opened itself up to him, which the gifted artist transformed into what are perhaps the most remarkable and powerful works of his career_expressive and universal pictures that present the land of opportunity in an inimitable manner. Tomi Ungerer_s work is record-breaking. Frankfurter Allgemeine Sonntagszeitung Co-published with Diogenes, Zurich. Exhibitions: Olaf Gulbransson Museum, Tegernsee, to 27 January 2019 Tomi Ungerer Museum, Strasbourg, 6 November 2018 to 17 March 2

Phenomenology to the Letter Philippe P. Haensler 2020-11-23 Regarding philosophical importance, Edmund Husserl is arguably "the" German export of the early twentieth century. In the wake of the linguistic turn(s) of the humanities, however, his claim to return to the "Sachen selbst" became metonymic for the neglect of language in Western philosophy. This view has been particularly influential in post-structural literary theory, which has never ceased to attack the supposed "logophobie" of phenomenology. "Phenomenology to the Letter. Husserl and Literature" challenges this verdict regarding the poetological and logical implications of Husserl's work through a thorough re-examination of his writing in the context of literary theory, classical rhetoric, and modern art. At issue is an approach to phenomenology and literature that does not merely coordinate the two discourses but explores their mutual implication. Contributions to the volume attend to the interplay between phenomenology and literature (both fiction and poetry), experience and language, as well as images and embodiment. The volume is the first of its kind to chart a phenomenological approach to literature and literary approach to phenomenology. As such it stands poised to make a novel contribution to literary studies and philosophy.

The Vegetable Grower's Handbook Huw Richards 2022-03-03 DK brings you an all-encompassing horticultural handbook to fulfil your every leaf and legume! Get your gardening gloves on, as best-selling author Huw Richards takes you on a green-fingered journey to be an undefeated veg-grower! A recent study suggests 38% of British adults use their gardens to grow herbs and vegetables. But with the ever-growing pressure of balancing family life with a career, a lot of today's green-fingered gardeners simply lack time for vegetable growing. Huw is on a mission to change that! Whatever your horticultural hopes may be, Huw Richards brings you a veg-growing guide that is sure to shape the next generation of green-fingered gardeners like never before, full of top tips on smart gardening, without compromising on time,

effort or money. With passion in every page, you can enjoy: -Tons of tips and tricks to maximise efficiency of your vegetable gardens -Skillful and solid information to disprove the common myth that gardening requires too much time and effort -Easy to follow step-by-step instructions of fundamental gardening techniques -Visual representations of Huw's innovative ideas to easily apply to your own vegetable garden After the immeasurable success of his first two gardening books 'Veg in One Bed' and 'Grow Food for Free', Huw brings you a riveting third release, full of simple yet effective strategies to leave you with a patch to be proud of! By applying a strategic approach to your veggie patch, from choosing the right compost to using the correct cultivation tools, Huw assures that even the most hapless of gardeners can unearth the endless potential that all gardens possess, no matter the shape or size! Why not stand out from the crowd with this fully-illustrated veggie handbook, and start your intuitive gardening journey today to reap the benefits of a more bountiful harvest. An ideal gift for the green-fingered gardener or budding botanist in your life, pre-order to join the journey today! With over 475,000 subscribers on YouTube, Huw Richards is keen to share his 17 years' experience on maximising productivity of vegetable patches, so get those gloves on, and join the journey today! Ready, set, let's grow!

American Gods: Shadows #3 Neil Gaiman 2017-05-17 Neil Gaiman's essential story now in comics! After a bizarre encounter with his dead wife, Shadow Moon is eager to flee Eagle Point and put the past behind him. In Chicago, he is introduced to an eccentric family who seem to be a key part of Mr. Wednesday's mysterious plans. The Hugo, Bram Stoker, Locus, World Fantasy, and Nebula Award-winning novel and upcoming Starz television series by Neil Gaiman adapted as a comic series for the first time! A Starz TV show! "An atmospheric, beautifully illustrated take on Gaiman's story." — AV Club

History of the World in 500 Railway Journeys Sarah Baxter 2019-06-01 History is everywhere, and is never as complete as when it can be accessed on a part of history itself. The locomotive is one of the great steps in progress of civilisation that undoubtably connects us to land and history that was shaped by the machine itself. Although a basic form of railway, or rutway, did exist in Ancient Greek and Roman times - notably the ship trackway between Diolkos and the Isthmus of Corinth around 600 BC - it would take several thousand years before the first fare-paying passenger service was launched in the early nineteenth century. Some two hundred years on, it is possible to travel by train to some of the world's most remote and remarkable destinations, and track the many wonderful legacies of the Earth's extensive history - man-made and otherwise. From prehistoric rock formations to skyscraper cities, slow steam engines to high-speed bullet trains, let A History of the World in 500 Railway Journeys be your

guide. Through its beautifully illustrated pages, and 500 awe-inspiring railway journeys, you can chart your own transcontinental itinerary through time. Chug through canyons, steam past ancient monuments, speed through cities, luxuriate in the railcars of presidents and queens, or make express connections between key historical moments or epic eras, *A History of the World in 500 Railway Journeys* has it all. A must-read for travellers, railfans and history buffs alike, offering inspiration and information in equal measure.

Kurt Tucholsky Harold L. Poor 2019-09-30 Harold L. Poor's biography of the iconic German Jewish author, journalist, satirist, playwright, and poet is the most important and thorough work on Kurt Tucholsky in the English-speaking world; a labor of love by the Rutgers history professor that is still unmatched. For this book, Poor has not only spent years of research in American Universities, he also visited Tucholsky's widow Mary Gerold in her home in Germany, his family in tow, and unearthed material, letters, and pictures previously unknown. This book is an entertaining and well-written gem that has finally been rediscovered. "Harold L. Poor's study is one of the best of a large and growing crop." Gordon Craig, *The New York Times* "The book does offer an introduction to a very important period and a witty, cosmopolitan, quite tragic man." *Kirkus Reviews* "This biography, the first substantial treatment of its subject in English, does an excellent job of analyzing Tucholsky's Hassliebe for Germany." Robert E. Neil, *The American Historical Review* "Poor has placed the brilliant satirist in the context of the history of his country. ... a meticulously researched, copiously annotated study." Harry Zohn, *The Germanic Review* "An (...) academic exercise of the sort Tucholsky himself prophetically anticipated in his *Plea Against Immortality*." Ernst Pawel, *Commentary Magazine* "Poor has provided a new focus of the Weimar Republic and its fate." Carl E. Schorske, *The New York Review of Books* This one was well worth doing and it is well worth reading." Richard Hanser, *The German-American Review* "A readable orientation to the history of the Weimar era." Wayne Wonderley, *Richmond News Leader* "An interesting picture of the Germany of the 1920s as it headed inexorably toward Hitlerism and the devastation of World War II." Jerry Few, the

Wild: the Naturalistic Garden Noel Kingsbury 2022-02-10 A stunning exploration of one of the hottest trends in garden design, nature-based planting with an eco-aware approach, featuring the work of leading designers such as Sean Hogan, Piet Oudolf, and Dan Pearson Forget the mild, manicured gardens of the past: planting today is undergoing a revolution in taste and aesthetics. This is the first comprehensive overview of a new planting approach that is wild and natural by nature, reflecting the global turn towards sustainability and the current zeitgeist in garden design. Featuring over 40 gardens - from a perennial meadow in East Sussex, England to a private, drought-resistant garden in Australia - each garden in this stunning book is brought to life with beautiful photography and insightful text.

[Experiments in Ethics](#) Kwame Anthony Appiah 2010-03-30 In the past few decades, scientists of human nature—including experimental and cognitive psychologists, neuroscientists, evolutionary theorists, and behavioral economists—have explored the way we arrive at moral judgments. They have called into question commonplaces about character and offered troubling explanations for various moral intuitions. Research like this may help explain what, in fact, we do and feel. But can it tell us what we ought to do or feel? In *Experiments in Ethics*, the philosopher Kwame Anthony Appiah explores how the new empirical moral psychology relates to the age-old project of philosophical ethics. Some moral theorists hold that the realm of morality must be autonomous of the sciences; others maintain that science undermines the authority of moral reasons. Appiah elaborates a vision of naturalism that resists both temptations. He traces an intellectual genealogy of the burgeoning discipline of “experimental philosophy,” provides a balanced, lucid account of the work being done in this controversial and increasingly influential field, and offers a fresh way of thinking about ethics in the classical tradition. Appiah urges that the relation between empirical research and morality, now so often antagonistic, should be seen in terms of dialogue, not contest. And he shows how experimental philosophy, far from being something new, is actually as old as philosophy itself. Beyond illuminating debates about the connection between psychology and ethics, intuition and theory, his book helps us to rethink the very nature of the philosophical enterprise.

Go Gently Bonnie Wright 2022-04-19 An inspiring and approachable tip-filled guide to changing your

habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) *Go Gently* is a guide for sustainability at home that offers simple, tangible steps toward reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie Wright's belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do's rather than don'ts. It's also an invitation to Wright's followers to join her on this journey to sustainability. Going through every room in her home, Wright helps us assess which products are sustainable, and alternatives for those that are not. She shares recipes to avoid waste, homemade self-care products to avoid packaging, small space-friendly gardening ideas, and a template for creating your own compost system. Finally, to sustain yourself, there are exercises and meditation prompts to keep you energized, plus info on how to get involved in community and organizations.

CRITICAL THINKING (Updated Version 2nd Edition) G S Baker 2021-03-29 You Are About To Discover How To Unlock The Full Power Of Critical Thinking To Catapult Your Decision Making, Logical-Analysis, Problem-Solving, Deep Analysis, And Memory Skills To The Next Level! In today's fast paced life, critical thinking is a must have skill if you are to attain success in your personal life, relationship life, investment, personal finance life, career life, health and in literally every other aspect of your life. Sadly, this skill is not inborn; it is nurtured and unfortunately, many of us don't have what they would consider as strong critical thinking capabilities. That's why we are constantly looking back and wishing we could have made different decisions, feel as if we are blind in the journey called life, feel so frustrated and disappointed by some outcomes (because we did not anticipate these) and much more! Are you looking to add 'critical thinking' as part of your strengths in your resume? Do you wish to make better, more informed, decisions that end up bringing the kind of results that you expected? Are you tired of relying on your impulsive gut to make decisions on crucial matters, because it has failed you repeatedly? Do you wish to have laser precision ability to evaluate options and decide which one is the most suitable based on different variables? If you answered these questions with a YES, keep reading; this is your book! Decisions don't have to be a gamble Decision-making doesn't have to be a nerve wrecking and mind numbing experience Decision-making does not have to be a trial and error process! There is a proven formula to effective decision making! And this formula is critical thinking! By mastering the art and science of critical thinking, you would be able to make sound decisions that get you and the people that rely on your decisions the results you expected from your decisions! And this book will show you the process from A-Z! In this book, you will learn: The basics of critical thinking to ensure we are on the same page as we move to the more advanced stuff Why critical thinking should be top on the list of things you MUST learn Mental modes guaranteed to put your critical thinking abilities on a higher level Critical lessons from renowned critical thinkers of the world How we influence our thoughts negatively so that you can use that to better your critical thinking abilities How to improve your critical thinking in 3 simple steps High-level critical thinking strategies that will see you find answers/solutions to anything you put your mind to Over 10 secret strategies that will see you make better decisions without trying too hard How to test your critical thinking capabilities in 10 ways 11 keys to improving your mind through critical thinking How to keep your brain in top shape for effective critical thinking How to be an analytical thinker and a problem solver And much more! It doesn't matter the magnitude of your decisions; choosing a spouse (your heart and gut is not enough), buying a car, choosing a house, making big career choices, deciding where to take kids to school, making investing decisions, restructuring your business, optimizing your customer service etc. All these will be a breeze when you leverage the full power of critical thinking, as taught in this book!

Happy Birthday, Turk! Jakob Arjouni 2011-07-12 "Kemal Kayankaya is the ultimate outsider among hard-boiled private eyes." —Marilyn Stasio, The New York Times Book Review OVER 1 MILLION COPIES

SOLD WORLDWIDE When a Turkish laborer is stabbed to death in Frankfurt's red light district, the local police see no need to work overtime. But when the laborer's wife comes to him for help, wise-cracking detective Kemal Kayankaya, a Turkish immigrant himself, smells a rat. The dead man wasn't the kind of guy who spent time with prostitutes. What gives? The deeper he digs, the more Kayankaya finds that the victim was a good guy, a poor immigrant just trying to look out for his family. So who wanted him dead, and why? On the way to find out, Kayankaya has run-ins with prostitutes and drug addicts, gets beaten up by anonymous thugs, survives a gas attack, and suffers several close encounters with a Fiat. And then there's the police cover-up he stumbles upon ...

The Guilty David Baldacci 2015-11-17 After failing a critical assignment overseas, Will Robie must investigate a murder accusation against his father--but to save him, he'll have to face a violent and deadly fallout in this New York Times bestselling thriller. Will Robie escaped his small Gulf Coast hometown of Cantrell, Mississippi after high school, severing all personal ties, and never looked back. Not until the unimaginable occurs. His father, Dan Robie, has been arrested and charged with murder. Father and son haven't spoken or seen each other since the day Robie left town. In that time, Dan Robie--a local attorney and pillar of the community--has been elected town judge. Despite this, most of Cantrell is aligned against Dan. His guilt is assumed. To make matters worse, Dan has refused to do anything to defend himself. When Robie tries to help, his father responds only with anger and defiance. Could Dan really be guilty? With the equally formidable Jessica Reel at his side, Robie ignores his father's wishes and begins his own desperate investigation into the case. But Robie is now a stranger to his hometown, an outsider, a man who has forsaken his past and his family. His attempts to save his father are met with distrust and skepticism...and violence. Unlike the missions Robie undertook in the service of his country, where his target was clearly defined, digging into his father's case only reveals more questions. Robie is drawn into the hidden underside of Cantrell, where he must face the unexpected and possibly deadly consequences of the long-ago choices made by father and son. And this time, there may be no escape for either of them.
