A Life of Walt Whitman Henry Bryan Binns 2019-06-21 This book makes no attempt to fill the place either of a critical study or a definitive biography. The author found it impossible to draw a real portrait of the man without attempting some interpretation of his books and the quotation from them of characteristic passages, for they are the record of his personal attitude towards the problems most intimately affecting his life. Whitman was a man of special and exceptional character.

THE GOLDEN APPLE Robert Shea 1979

An Abridged Malay-English Dictionary (romanized) Richard James Wilkinson 1908

Illuminatus! Robert Shea 1977

Venerable Father Paul Breiter 2004-09-01 Available until now only in limited editions, "Venerable Father" has become an underground classic among Buddhists, especially those practicing the Thai tradition. It details the joys and struggles of Paul Breiter's years with Ajahn Chah, who was perhaps Thailand's best-known and most-loved Buddhist master. Breiter describes Ajahn Chah as a figure who is at once human yet extraordinary, an orthodox yet unconventional teacher whose remarkable skill, patience, and compassion in training disciples flowed naturally from his deep and joyous realization of the truth. Breiter also explains, quite vividly, the life of a Westerner in a Thai forest monastery and the unique spiritual lessons to be learned there. PAUL BREITER ordained in the Theravada Buddhist tradition in Thailand in 1970 and soon thereafter met Ajahn Chah. He became one of Ajahn Chah's favorite disciples and his translator, and stayed with him until disrobing in 1977. Since then, he has maintained close ties to Ajahn Chah's lineage while studying Zen and Tibetan Buddhism, and he has continued to translate Ajahn Chah's teachings, which appear in "Still Forest Pool: The Insight Meditation of Achaan Chaa" (with Jack Kornfield) and "Being Dharma: The Essence of the Buddha's Teachings."

Handbook of Studies on Men and Masculinities Michael S. Kimmel 2005 The handbook provides a broad view of masculinities primarily across the social sciences, but including important debates in areas of the humanities & natural sciences.

Hip-Hop Revolution in the Flesh G. Thomas 2009-02-16 An extended study of the writings of Lil' Kim, the multi-platinum selling Hip Hop artist. Examines Lil'

Kim's anti-sexist, gender-defiant and ultra-erotic verse alongside issues of race and the politics of imprisonment. This is the first study to apply the tools of literary criticism to Hip Hop's lyrical writings.

The Thesaurus of Slang Esther Lewin 1997 Includes jargon, sports slang, and ethnic and regional expressions

The Well-spoken Thesaurus Tom Heehler 2011 If you've ever fumbled while trying to use a big word* (*lofty, pretentious word) to impress a crowd, you know what it's like to* (*what it is to) be poorly spoken. The fear of mispronouncing or misusing complex words is real and leaves many of us consigned to the lower levels* (*lower echelons) of the English Language. The Well-Spoken Thesaurus is your guide to eloquence, replacing the ordinary with the extraordinary.

The Master as I Saw Him Sister Nivedita 1910

A Hypersexual Society K. Kammeyer 2008-11-10 As many can attest, the prevalence of sexual imagery has increased in modern society over the past half century. In this timely new study, Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it, all within a firm theoretical and sociological framework.

Androphilia Jack Donovan 2012-09 Finally back in print. 3rd Edition Reprint of the rare, controversial 2007 release includes new Introduction, additional essays. "Gay is a subculture, a slur, a set of gestures, a slang, a look, a posture, a parade, a rainbow flag, a film genre, a taste in music, a hairstyle, a marketing demographic, a bumper sticker, a political agenda and philosophical viewpoint. Gay is a pre-packaged, superficial persona--a lifestyle. It's a sexual identity that has almost nothing to do with sexuality. Androphilia is a rejection of the overloaded gay identity and a return to a discussion of homosexuality in terms of desire. Homosexual men have been paradoxically cast as the enemies of masculinity--slaves to the feminist pipe dream of a "gender-neutral" (read: anti-male, pro-female) world. Androphilia is a manifesto full of truly dangerous ideas: that men can have sex with men and retain their manhood, that homosexuality can be about championing a masculine ideal rather than attacking it, and that the "oppressive construct of masculinity," despised by the gay community could actually enrich and improve the lives of homosexual and bisexual men. Androphilia is for those men who never really bought what the gay community was selling. It is a challenge to leave the gay world completely behind and to rejoin the world of men, unapologetically, as androphiles, but more importantly, as men."

Precious Metal Albert Mudrian 2009-07-21 Decibel magazine is regarded as the best extreme music magazine around. Precious Metal gathers pieces from Decibel's most popular feature, the monthly "Hall of Fame" which documents the making of landmark metal albums via candid, hilarious, and fascinating interviews with every participating band member. Decibel's editor-in-chief Albert Mudrian, has selected and expanded the best of these features, creating a definitive collection of stories behind the greatest extreme metal albums of all time. Black Sabbath's Heaven and Hell * Diamond Head's Lightning to the Nations * Slayer's Reign in Blood * Napalm Death's Scum * Repulsion's Horrified * Morbid Angel's Altars of Madness * Obituary's Cause of Death * Entombed's Left Hand Path * Paradise Lost's Gothic * Carcass' Necroticism- Descanting the Insalubrious * Cannibal Corpse's Tomb of the Mutilated * Eyehategod's Take as Needed for Pain * Darkthrone's Transilvanian Hunger * Kyuss's Welcome to Sky Valley * Meshuggah's Destroy Erase Improve * Monster Magnet's Dopes to Infinity * At the Gates' Slaughter of the Soul * Opeth's Orchid * Down's NOLA * Emperor's In the Nightside Eclipse * Sleep's Jerusalem * The Dillinger Escape Plan's Calculating Infinity * Botch's We Are the Romans * Converge's Jane Doe

Ocean of Sound David Toop 2017-09-22 Sun Ra, Brian Eno, Lee Perry, Kate Bush, Kraftwerk, Aphex Twin, Ryuichi Sakamoto and Brian Wilson are interviewed in this extraordinary work of sonic history. It travels from the rainforests of Amazonas to virtual Las Vegas; from David Lynch's dream house high in the Hollywood Hills to the megalopolis of Tokyo. Ocean of Sound begins in 1889 at the Paris exposition when Debussy first heard Javanese music performed. An ethereal culture developed in response to the intangibility of 20th century communications. Author of Rap Attack 3 and Exotica, David Toop has in Ocean of Sound written an exhilarating, path-breaking account of ambient sound.

Even Cowgirls Get the Blues Tom Robbins 2003-06-17 "This is one of those special novels—a piece of working magic, warm, funny, and sane."—Thomas Pynchon The whooping crane rustlers are girls. Young girls. Cowgirls, as a matter of fact, all "bursting with dimples and hormones"—and the FBI has never seen anything quite like them. Yet their rebellion at the Rubber Rose Ranch is almost overshadowed by the arrival of the legendary Sissy Hankshaw, a white-trash goddess literally born to hitchhike, and the freest female of them all. Freedom, its prizes and its prices, is a major theme of Tom Robbins's classic tale of eccentric adventure. As his robust characters attempt to turn the tables on fate, the reader is drawn along on a tragicomic joyride across the badlands of sexuality, wild rivers of language, and the frontiers of the mind.

She Said What? Maria Braden 2021-11-21 No longer relegated to reporting on society happenings or household hints, women columnists have over the past twenty years surged across the boundary separating the "women's" or "lifestyle" sections and into the formerly male bastions of the editorial, financial, medical, and "op-ed" pages. Where men previously controlled the nation's new organizations, were the chief opinion givers, and defined what is newsworthy, many women newspaper columnists are now nationally syndicated and tackle the same subjects as their male counterparts, bringing with them distinctive styles

and viewpoints. Through these frank and lively interviews, Maria Braden explores the lives and work of columnists Erma Bombeck, Jane Brody, Mona Charen, Merlene Davis, Georgie Anne Geyer, Dorothy Gilliam, Ellen Goodman, Molly Ivins, Mary McGrory, Judith ("Miss Manners") Martin, Joyce Maynard, Anna Quindlen, and Jane Bryant Quinn. Profiles describe how these writers got started, where they get the nerve to tell the world what they think, how they generate ideas for columns, and what it's like to create under the pressure of deadlines. Representative columns illustrate their distinctive voices, and an introductory essay provides a historical overview of women in journalism, including pioneering women columnists Fanny Fern, Dorothy Thompson, and Sylvia Porter. Braden finds that today's women columnists frequently raise issues or use examples unique to their gender. Because they are likely to have a direct personal connection to current social issues such as abortion, child care, or sexual harassment, they are able to provide fresh perspectives on these provocative topics. In doing so, they are helping to define what is worthy of attention in the '90s and to shape public response. A unique addition to the literature on women in journalism, this book will interest general readers as well as students of journalism, literature, American studies, and women's studies. Aspiring writers will find here role models and practical guidance.

The Fighting Spirit of Japan E. J. Harrison 2022-08-16 DigiCat Publishing presents to you this special edition of "The Fighting Spirit of Japan" by E. J. Harrison. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. Zoraida William Le Queux 1895

Androphilia: A Manifesto Jack Malebranche 2011-06-01 "...like a blowtorch to the forehead." -- The Bay Area Reporter "...will soon be required reading for young homosexual men looking for an alternative to disco balls, rainbow flags and celebrity gossip." -- Just Out, Portland "a straight-talking Drill Instructor for today's gay generation, weaning them off pop divas and bear beauty pageants and licking them into a more manly, more self-reliant shape, ready to re-join the masculine fray." -- Mark Simpson, British journalist who coined the term "metrosexual" "...let's just agree to hate it...and leave it at that." --Richard LaBonte, syndicated reviewer for gay newspapers nationwide The word gay has never described mere homosexuality. Gay is a subculture, a slur, a set of gestures, a slang, a look, a posture, a parade, a rainbow flag, a film genre, a taste in music, a hairstyle, a marketing demographic, a bumper sticker, a political agenda and philosophical viewpoint. Gay is a pre-packaged, superficial persona--a lifestyle. It's a sexual identity that has almost nothing to do with sexuality. Androphilia is a rejection of the overloaded gay identity and a return to a discussion of homosexuality in terms of desire. The gay sensibility is a near-oblivious embrace of a castrating slur, the nonstop celebration of an age-old, emasculating stigma applied to men who engaged in

homosexual acts. Gays and radical queers imagine that they challenge the status quo, but in appropriating the stigma of effeminacy, they merely conform to and confirm long-established expectations. Homosexual men have been paradoxically cast as the enemies of masculinity--slaves to the feminist pipe dream of a 'gender-neutral' (read: anti-male, pro-female) world. Androphilia is a manifesto full of truly dangerous ideas: that men can have sex with men and retain their manhood, that homosexuality can be about championing a masculine ideal rather than attacking it, and that the "oppressive construct of masculinity" despised by the gay community could actually enrich and improve the lives of homosexual and bisexual men. Androphilia is for those men who never really bought what the gay community was selling. It is a challenge to leave the gay world completely behind and to rejoin the world of men, unapologetically, as androphiles, but more importantly, as men. The 2011 Scapegoat Publishing Kindle Edition includes a new Afterword by the author.

Evolution's Rainbow Joan Roughgarden 2013-09-14 In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science--and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. *Evolution's Rainbow* concludes with bold recommendations for improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining principles.

Erectile Dysfunction Bradley Martin 2015-08-10 Conquer Erectile Dysfunction and Have a Happier and Healthier Sex Life! No matter how hard you try, you may need help to address, treat, and cure your erectile dysfunction. Do you ever wish you were better in bed? Would like to have stronger, more vigorous erections?

Would your partner appreciate your increased libido? Erectile Dysfunction explains how your sexual organs are stimulated, and the best ways to do so. This essential book also helps you understand how porn addiction, substance abuse, and obesity can contribute to your problem, as well as other many other factors. Read *Erectile Dysfunction TODAY* to find out about the many solutions to this issue - and start living a happier, more fulfilling life! You'll be so glad you did!

The Golden Guru James S. Gordon 1988 In 1985, when Bhagwan Shree Rajneesh was expelled from the United States, he left behind a bizarre trail of devoted followers, illegal wiretaps and marriages, attempted murders, and 93 Rolls-Royces. Gordon follows that trail, exploring the strange happenings.

Tarzan the Terrible Edgar Rice Burroughs 2013-02-05 Tarzan is searching for his beloved Jane. He has tracked her to a hidden valley called Pal-ul-don, which means "Land of Men." In Pal-ul-don Tarzan finds a real Jurassic Park filled with dinosaurs, notably the savage Triceratops-like Gryfs, which unlike their prehistoric counterparts are carnivorous. The lost valley is also home to two different races of tailed human-looking creatures, the Ho-don and the Waz-don. Tarzan befriends Ta-den, a Ho-don warrior, and Om-at, the Waz-don chief of the tribe of Kor-ul-ja. In this new world he so impresses those living in Pal-ul-don with his accomplishments and skills that they name him Tarzan-Jad-Guru

Beauty and Misogyny Sheila Jeffreys 2005-05-31 Should western beauty practices, ranging from lipstick to labiaplasty, be included within the United Nations understandings of harmful traditional/cultural practices? By examining the role of common beauty practices in damaging the health of women, creating sexual difference, and enforcing female deference, this book argues that they should. In the 1970s feminists criticized pervasive beauty regimes such as dieting and depilation, but some 'new' feminists argue that beauty practices are no longer oppressive now that women can 'choose' them. However, in the last two decades the brutality of western beauty practices seems to have become much more severe, requiring the breaking of skin, spilling of blood and rearrangement or amputation of body parts. *Beauty and Misogyny* seeks to make sense of why beauty practices are not only just as persistent, but in many ways more extreme. It examines the pervasive use of makeup, the misogyny of fashion and high-heeled shoes, and looks at the role of pornography in the creation of increasingly popular beauty practices such as breast implants, genital waxing and surgical alteration of the labia. It looks at the cosmetic surgery and body piercing/cutting industries as being forms of self-mutilation by proxy, in which the surgeons and piercers serve as proxies to harm women's bodies, and

concludes by considering how a culture of resistance to these practices can be created. This essential work will appeal to students and teachers of feminist psychology, gender studies, cultural studies, and feminist sociology at both undergraduate and postgraduate levels, and to anyone with an interest in feminism, women and beauty, and women's health.

Sex; Woman First Jean-Claude Carvill 2015-07-19 From the One Who Made Squirt Hundred of Hollywood Goddesses. Prepare to become a Sexual Goddess Forever. To men and women those secrets will change your entire sex life forever. From the same author: Confessions of a Hollywood Tantra Masseur: The Untold Secret of the G-Spot Power.

Catching Fire Richard Wrangham 2010-08-06 In this stunningly original book, Richard Wrangham argues that it was cooking that caused the extraordinary transformation of our ancestors from apelike beings to Homo erectus. At the heart of Catching Fire lies an explosive new idea: the habit of eating cooked rather than raw food permitted the digestive tract to shrink and the human brain to grow, helped structure human society, and created the male-female division of labour. As our ancestors adapted to using fire, humans emerged as "the cooking apes". Covering everything from food-labelling and overweight pets to raw-food faddists, Catching Fire offers a startlingly original argument about how we came to be the social, intelligent, and sexual species we are today. "This notion is surprising, fresh and, in the hands of Richard Wrangham, utterly persuasive ... Big, new ideas do not come along often in evolution these days, but this is one." -Matt Ridley, author of Genome

The Only Way Out Is In Anthony Carlisi 2007-10-01 This book is a spiritual memoir on the life and explorations of Anthony Prem Carlisi, as well as a source of practical, applicable information about the practices of Ashtanga Yoga, Ayurveda and Tantra. The synergy of these three sciences are what Prem believes to be the key to living a healthy, rooted and ecstatic life! The book is written in a down to earth way so that anyone can pick it up and enjoy it. He writes with an openness about the ups and downs of his experiences along the yogic path. Prem shares his wisdom, in a light, funny and simple manner, making these esoteric topics approachable for yogi's and householders. It is a candid

inner look, spoken from the heart of a devoted, 30 year yoga practitioner.

Homeopathic Psychology Philip M. Bailey, M.D. 1995-11-30 This is a most interesting book that combines psychology with homeopathy. Philip Bailey describes in depth the personality profiles of some 35 polychrests. The last pages of the book cover a mix of psychological astrology and homeopathy when he explores the elements and some polychrests. Bailey provides detailed information on 35 major types, giving insight on diagnosis, mental and emotional traits, and physical characteristics. His broad profiles of major constitutional remedies give the reader a good overall picture of the personality type and therefore ways of remembering facts about the archetype, by having a unifying theory for each remedy.

In the Flesh V. Pitts 2003-05-15 Through an interview-based study, Victoria Pitts has researched the subcultural milieu of contemporary body modification, focusing on the ways sexuality, gender and ethnicity are being reconfigured through new body technologies - not only tattooing, but piercing, cyberpunk and such 'neotribal' practices as scarification. She interprets the stories of sixteen body modifiers (as well as some subcultural magazines and films) using the tools of feminist and queer theory. Pitts not only covers a hot topic but also situates it in a theoretical context.

Barron's GRE Sharon Green 2009 "This manual's new edition offers prospective graduate students intensive preparation for the GRE Graduate Record Exam. Opening chapters provide a perspective on the exam with a GRE overview, advice on effective test-taking tactics, and a diagnostic test to help students pinpoint their strengths and weaknesses. Subsequent chapters review all GRE test areas and include practice exercises for the following topics: antonym, analogy, and sentence-completion questions, reading comprehension, vocabulary, analytical writing, discrete quantitative questions, quantitative comparison questions, data interpretation questions, and math. The math review includes questions in arithmetic, algebra, and geometry. The manual's concluding section presents five full-length model exams that reflect recent GREs in length, question types, and degree of difficulty. All questions are answered and explained."--Publisher's description.

Drug, Set, and Setting Norman E. Zinberg 1986-02-01 A leading expert on drug use illuminates the factors that permit some people to use such highly addictive and dangerous substances as alcohol, marijuana, psychedelics, and opiates in a controlled fashion. This cogently written work should be of interest to members of the medical community, particularly those who have contact with substance abusers, psychiatrists, sociologists, policymakers, administrators, and interested laypersons...Well worth reading. -- JAMA
