World Editors Gustavo Guerrero 2020-12-16 The existence of World Literature depends on specific processes, institutions, and actors involved in the global circulation of literary works. The contributions of this volume aim to pay attention to these multiple material dimensions of Latin American 20th and 21st century literatures. From perspectives informed by materialism, sociology, book studies, and digital humanities, the articles of this volume analyze the role of publishing houses, politics of translation, mediators and gatekeepers, allowing insights into the processes that enable books to cross borders and to be transformed into globally circulating commodities. The book focusses both on material (re)sources of literary archives, key actors in literary and cultural markets, prizes and book fairs, as well as on recent dimension of the digital age. Statements of some of the leading representatives of the global publishing world complement these analyses of the operations of selection and aggregation of value to literary texts.

Maiakovski punk y otras figuras del siglo XXI Christopher Domínguez Michael 2022-10-15 Una revisión crítica a la obra de los escritores más representativos de lo que va del siglo XXI. A El XXI en el XXI (2011) y La sabiduría sin promesa. Vida y letras del siglo xx (2001 y 2009), se suma Maiakovski punk y otras figuras del siglo XXI, donde Christopher Domínguez Michael continúa su examen de la literatura moderna. Extendiéndose a la centuria en curso, en este libro tenemos sus ensayos y artículos que van desde la lamentación por las ruinas de Palmira hasta las consecuencias de la “intervención” en la obra de Borges, pasando por una radiografía posmoderna del ateísmo proclamado por Hitchens y Onfray, la criminal inverecundia de Handke, la reposición de Camus realizada por Kamel Daoud, el neogótico rockero de Mariana Enriquez, la lucrativa farsa del llamado Arte Contemporáneo, el retorno de los apocalípticos en pantuflas como Agamben y Cía., la literatura en estado de peste y pandemia, y siguiendo a Michiko Kakutani, leemos, asimismo, cómo la posverdad pasó del gramatólogo Derrida al presidente Trump y miramos a la Ucrania en guerra, el solar de Bábel y Bulgákov. Pese a darle prioridad a las obras impresas en estos casi veinticinco años de la nueva centuria, Maiakovski punk y otras figuras del siglo xxi también recoge comentarios sobre novelas, cuentos, ensayos y poemas de Benedetti, Piglia, Fumaroli, Parra, Christa Wolf, Oscar del Barco, Lowell, Zurita o Vila-Matas, mostrando una vez más cómo la erudición, el humor, la acritud y la intransigencia frente a modas e ideologías, han hecho de Domínguez Michael uno de los críticos literarios más polémicos y cosmopolitas de nuestra lengua. Los críticos nos dicen «“Pues no sigas leyendo por ahora a Domínguez Michael”, me decía mi mujer, viendo que me desvelaba, como cuando me ve leer a Bloom o a Steiner. No era igual. Mi reacción no era polémica o en contra. Lo que sentía es que algo muy profundo (de los latinoamericanos) se estaba dilucidando en lo que leía.» -Guillermo Sucre (1997) «Jamás he tenido la oportunidad de presenciar, reconocer, discutir en mi interior, oponerme a ella o estremecerme con la obra de un crítico absoluto.

Este privilegio materializado en mi lengua y en América me ha acompañado durante años. Deriva de los libros de Domínguez Michael, que se convierten en el renacimiento del pensamiento literario.» -José Balza (2012)

A Fortress of Grey Ice J. V. Jones 2004-08-01 "Wonderful . . . J. V. Jones is a striking writer." So says Robert Jordan, the author of The Wheel of Time epic fantasy series. And Jones lives up to that praise in the highly charged epic adventure of Ash March and Raif Sevrance, two outcasts whose fate are entwined by ancient prophecies and need, in the cold, dark world that threatens to be torn asunder by a war to end all wars. Isolated by their birthrights, they are but two who fight the dreaded Endlords, and their strength and courage will be needed if the world is to be saved from darkness." Raif, wrongly accused and cut off from his clan by the treachery of their new headman, has a talent for killing that is part of his curse and his burden. But he bears another burden of greater weight. Ash is a sacred warrior to the Sull, an ancient race whose numbers have declined. Raised as a foundling, never knowing her true history, she must learn to accept the terrible gifts of her heritage. But as Ash learns more of her greater fate, Raif's task looms dark and desperate, for he must journey through the nightmare realm of the Want, a place where even the Sull now fear to tread. For deep within the Want is the Fortress of Grey Ice, and there he must heal the breach in the Blindwall that already threatens the world. Should he fail, not even Ash's powers can save them. . . . millennium, narrative works by Latin American women writers have represented madness within contexts of sociopolitical strife and gender inequality. This book explores contemporary Latin American realities through madness narratives by prominent women authors, including Cristina Peri Rossi (Uruguay), Lya Luft (Brazil), Diamela Eltit (Chile), Cristina Rivera Garza (Mexico), Laura Restrepo (Colombia) and Irene Vilar (Puerto Rico). Close reading of these works reveals a pattern of literary techniques—a “poetics of madness”—employed by the writers to represent conditions that defy language, make sociopolitical crises tangible and register cultural perceptions of mental illness through literature.

Evenki microcosm Tatiana Safonova 2019-11-14 This experimental book is about the Evenki hunter-gatherers of Siberia. Through innovative visual methodology it reveals that despite an old stereotype of that lifestyle being part of the humanity's past, it is probably in humanity's future. In six chapters filled with a flow of photographs that cover such topics as shamanic rituals, hunting, foraging, reindeer herding, the application of new technologies and jade mining, the authors show that hunter-gathering is not a primitive way of survival, but a complex and open-to-change philosophy of life that is embodied in everyday practices. Photographs allow readers to immerse themselves in the most profound layers of human experiences, and astute ethnographic and analytic summaries help them navigate the world of the taiga, where people are neither conquerors of natural forces nor passive consumers of resources. The book will be of interest both to social anthropologists and general readers curious about life in unfamiliar places.

The Restless Dead Cristina Rivera Garza 2020-10-15 Based on comparative readings of contemporary books from Latin America, Spain, and the United States, the essays in this book present a radical critique against strategies of literary appropriation that were once thought of as neutral, and even concomitant, components of the writing process. Debunking the position of the author as the center of analysis, Cristina Rivera Garza argues for the communality—a term used by anthropologist Floriberto Díaz to describe modes of life of Indigenous peoples of Oaxaca based on notions of collaborative labor—permeating all writing processes. Disappropriating is a political operation at the core of projects acknowledging, both at ethical and aesthetic levels, that writers always work with materials that are not their own. Writers borrow from the practitioners of a language, entering in a debt relationship that can only be covered by ushering the text back to the communities from which it grew. In a world rife with violence, where the experiences of many are erased by pillage and extraction, writing among and for the dead is a form of necrowriting that may well become a life-affirming act of decolonization and resistance.

The Subversive Scribe Suzanne Jill Levine 2009 To most of us, "subversion" means political subversion, but "The Subversive Scribe" is about collaboration not with an enemy, but with texts and between writers. Though Suzanne Jill Levine is the translator of some of the most inventive Latin American authors of the twentieth century—including Julio Cortázar, G. Cabrera Infante, Manuel Puig, and Severo Sarduy—each of whom were revolutionaries not only on the page, but in confronting the sexual and cultural taboos of their respective countries, she considers the act of translation itself to be a form of subversion. Rather than regret translation's shortcomings, Levine stresses how translation is itself a creative act, unearthing a version lying dormant beneath an original text, and animating it, like some mad scientist, in order to create a text illuminated and motivated by the original. In "The Subversive Scribe," one of our most versatile and creative translators gives us an intimate and entertaining overview of the tricky relationships lying behind the art of literary translation.

Más allá de la naturaleza Irene Depetris-Chauvin Este libro realizado en conjunto entre los departamentos de Arte y Literatura, reúne artículos y trabajos de artistas que trazan en conjunto un recorrido crítico y estético por nuevos imaginarios y conceptualizaciones del espacio natural. En este recorrido, nociones como "geografía", "territorio", "paisaje", "cartografía" e "itinerario", entre otras, son vueltas a pensar y a tornar significantes en relación a una diversidad de prácticas culturales. Se estudian nuevos desplazamientos entre los distintos medios de las artes contemporáneas, lo que permite pensar no solo en los sentidos geográficos del espacio, sino también en espacios como el de la lectura, de la novela y del poema, y de sus redefiniciones en términos visuales y sonoros.

The Taiga Syndrome Cristina Rivera Garza 2018-10-01 Fairy tale meets detective drama in this David Lynch-like novel by a writer Jonathan Lethem calls "one of Mexico's greatest . . . we are just barely beginning to catch up to what she has to offer." A fairy tale run amok, *The Taiga Syndrome* follows an unnamed Ex-Detective as she searches for a couple who has fled to the far reaches of the earth. A betrayed husband is convinced by a brief telegram that his second ex-wife wants him to track her down—that she wants to be found. He hires the Ex-Detective, who sets out with a translator into a snowy, hostile forest where strange things happen and translation betrays both sense and one's senses. Tales of Hansel and Gretel and Little Red Riding Hood haunt the Ex-Detective's quest into a territory overrun with the primitive excesses of Capitalism—accumulation and expulsion, corruption and cruelty—though the lessons of her journey are more experiential than moral: that just as love can fly away, sometimes unloving flies away as well. That sometimes leaving everything behind is the only thing left to do.

The Adventures of China Iron Gabriela Cabezón Cámara 2019-11-14 Shortlisted for the International Booker Prize 2020 1872. The pampas of Argentina. China is a young woman eking out an existence in a remote gaucho encampment. After her no-good husband is conscripted into the army, China bolts for freedom, setting off on a wagon journey through the pampas in the company of her new-found friend Liz, a settler from Scotland. While Liz provides China with a sentimental education and schools her in the nefarious ways of the British Empire, their eyes are opened to the wonders of Argentina's richly diverse flora and fauna, cultures and languages, as well as to the ruthless violence involved in nation-building. This subversive retelling of Argentina's foundational gaucho epic Martín Fierro is a celebration of the colour and movement of the living world, the open road, love and sex, and the dream of lasting freedom.

With humour and sophistication, Gabriela Cabezón Cámara has created a joyful, hallucinatory novel that is also an incisive critique of national myths.

The Translator's Visibility Heather Cleary 2020-12-10 At the intersection of translation studies and Latin American literary studies, *The Translator's Visibility* examines contemporary novels by a cohort of writers — including prominent figures such as Cristina Rivera Garza, César Aira, Mario Bellatin, Valeria Luiselli, and Luis Fernando Verissimo — who foreground translation in their narratives. Drawing on Latin America's long tradition of critical and creative engagement of translation, these novels explicitly, visibly, use major tropes of translation theory — such as gendered and spatialized metaphors for the practice, and the concept of untranslatability — to challenge the strictures of intellectual property and propriety while shifting asymmetries of discursive authority, above all between the original as a privileged repository of meaning and translation as its hollow emulation. In this way, *The Translator's Visibility* show that translation not only serves to renew national literatures through an exchange of ideas and forms; when rendered visible, it can help us reimagine the terms according to which those exchanges take place. Ultimately, it is a book about language and power: not only the ways in which power wields language, but also the ways in which language can be used to unseat power.

El mal de la taiga Cristina Rivera Garza 2019-04-19 -Éste no es un cuento de hadas, detective -interrumpió otra vez-. Ésta es una historia de amor. -De desamor -lo corregí a mi vez. Una ex detective vuelve, después de mucho tiempo y bastantes fracasos, a aceptar un caso: encontrar y traer de vuelta a una mujer que abandonó a su marido para huir con otro hombre hacia el interior de la taiga. Este marido traicionado está convencido, por un breve telegrama que recibió, que en realidad su segunda ex esposa quiere que él la encuentre. La ahora escritora de novelas negras contrata a un traductor para que se internen en ese bosque donde cosas extrañas suceden, donde la realidad se distorsiona y donde la traducción misma comienza a traicionar el sentido del lenguaje y de los sentidos. Se dice que la gente que vive en la taiga se vuelve loca por la desesperación de huir de ahí. La taiga es monotonía y soledad, un territorio invadido por los primitivos excesos del capitalismo (acumulación y expulsión, corrupción y crueldad), aunque las lecciones de su viaje serán más vivenciales que morales: así como el amor puede volar, el desamor también. A veces dejar todo atrás es lo único que queda por hacer, porque ¿hay algo que de verdad exista para siempre?

Se dice que la gente que vive en la taiga se vuelve loca por la desesperación de huir de ahí. La taiga es monotonía y soledad, un territorio invadido por los primitivos excesos del capitalismo (acumulación y expulsión, corrupción y crueldad), aunque las lecciones de su viaje serán más vivenciales que morales: así como el amor puede volar, el desamor también. ENGLISH DESCRIPTION “This isn’t a fairy tale, detective,” he interrupted again. “This is a story about love.” “About indifference,” I corrected in turn. An ex-detective returns, after a long time and many failures, to take on a case: find and bring back a woman who abandoned her husband to flee with another man into the taiga. This betrayed husband is convinced—thanks to a brief telegram he received—that in reality his second ex-wife wants to be found. The crime writer has hired a translator to live in the forest with her, where strange things happen, where reality becomes distorted, and where translation itself starts to betray the meaning of language and the senses. They say that the people who live in the taiga go crazy from the desperation to leave. The taiga is monotony and loneliness, a territory invaded by the primitive excesses of capitalism (accumulation and expulsion, corruption and cruelty), although the lessons of her journey will be more about survival than morals: just like love can fly, so can indifference. Sometimes leaving everything behind is the only thing left to do, because... does anything ever really last forever?

Promoting Heritage Language in Northwest Russia Laura Siragusa 2017-10-19 This volume illustrates how language revival movements in Russia and elsewhere have often followed a specific pattern of literacy bias in the promotion of a minority’s heritage language, partly neglecting the social and relational aspects of orality. Using the Vepsian Renaissance as an example, this volume brings to the surface a literacy-orality dualism new to the discussion around revival movements. In addition to the more-theoretically oriented scopes, this book addresses all the actors involved in revival movements including activists, scholars and policy-makers, and opens a discussion on literacy and orality, and power and agency in the multiple relational aspects of written and oral practices. This study addresses issues common to language revival movements worldwide and will appeal to researchers of linguistic anthropology, sociolinguistics, education and language policy, and culture studies.

Rigo Es Amor Cristina Rivera Garza 2013-10-01 A través del ensayo, el cuento, el teatro y la poesía, dieciséis voces reelaboran sus experiencias con RigoTovar. Algunos, como ÉlmerMendoza y Daniela Tarazona, utilizan las herramientas más finas de la ficción para recrear el mundo rigotovaristade sus tiempos y sus gustos. Otros, como LizzyCantú o BettoArcos reviven una época que aún nos hace palpar. Irma Pineda, Eduardo de Gortari y Carlos del Castillo intervienen sus canciones más conocidas con las enunciaciones del lenguaje personal; y algo parecido practican Minerva Reynosa y Benjamín Moreno. Leonardo da Jandray Juan Carlos Bautista optan por recalcar el relajó y el erotismo intrínseco al planeta Rigo es Amor. Julio Pesina, FabrizioMejía Madrid y Pepe Rojo amalgaman géneros literarios y yuxtaponen experiencia e imagen para entregarnos a RigoTovar en toda su complejidad y todo su humor. Por otro lado, mientras Alisma de León recrea el mítico pináculo de su fama, Yuri Herrera y Susana Iglesias optan por el lado más oscuro del rigotovarismo, ahí donde el corazón se quiebra y, a veces, también el cuerpo y hasta la misma humanidad.

Grieving Cristina Rivera Garza 2020-10-06 Finalist for the 2020 National Book Critics’ Circle Award for Criticism By one of Mexico’s greatest contemporary writers, this investigation into state violence and mourning gives voice to the political experience of collective pain. Grieving is a hybrid collection of short crónicas, journalism, and personal essays on systemic violence in contemporary Mexico and along the US-Mexico border. Drawing together literary theory and historical analysis, she outlines how neoliberalism, corruption, and drug trafficking—culminating in the misnamed “war on drugs”—has shaped her country. Working from and against this political context, Cristina Rivera Garza posits that

collective grief is an act of resistance against state violence, and that writing is a powerful mode of seeking social justice and embodying resilience. She states: "As we write, as we work with language—the humblest and most powerful force available to us—we activate the potential of words, phrases, sentences. Writing as we grieve, grieving as we write: a practice able to create refuge from the open. Writing with others. Grieving like someone who takes refuge from the open. Grieving, which is always a radically different mode of writing." "A lucid, poignant collection of essays and poetry. . . . deeply hopeful, ultimately love letters to writing itself, and to the power of language to overcome the silence that impunity imposes." —New York Times Book Review "For all the losses tallied, the pieces are imbued with optimism and an activist's passion for reshaping the world." —The New Yorker

The essays in this anthology represent a cross-section of current scholarship examining the complex interplay between work, in its broadest theoretical conceptualization, and the world cultures in and through which this labor is performed. Although aimed primarily at an academic audience, the included essays, written in English, Spanish, and French, are also accessible to the curious layperson interested in looking at literature, theater, cinema, and philosophy through the lens of world languages and cultures. For more than thirty years, the Southeast Conference for Languages, Literatures and Film (SCFLLF) has been a premier platform for the discussion and dissemination of the latest scholarship in the Humanities, with emphasis on non-English area studies. The current volume continues our tradition of selecting and showcasing some of the most impactful papers originally presented at the 24th SCFLLF, held in St. Petersburg, Florida, in March of 2020.

Emily of New Moon (Illustrated Edition) Lucy Maud Montgomery 2022-08-24 First published in 1923, 'Emily of New Moon' is the first in a series of novels by Lucy Maud Montgomery about an orphan girl growing up on Prince Edward Island. It is similar to the author's Anne of Green Gables series. Lucy Maud Montgomery was a Canadian author best known for a series of novels beginning in 1908. After Emily's father passed away, making her an orphan, Emily was shipped off to New Moon Farm, owned by her mother's snobbish relatives. Convinced she will hate her new life, Emily reluctantly tries to get along with her relatives. At first, Emily's miserable under all the rules from her stern Aunt Elizabeth, and being the new girl at school is not easy. At least New Moon provides plenty of material for the short stories she loves to write. With her quick wit and lively imagination, it's not long before she finds friends in tomboy Ilse and artist Teddy. This title is much more autobiographical in nature and gives a greater glimpse into Lucy Maud Montgomery's life and times.

New and Selected Stories Cristina Rivera Garza 2022-04-12 A story collection drawn from across her career brings into English for the first time the extraordinary stylistic and thematic range of the Mexican writer and MacArthur "genius" Cristina Rivera Garza. "One of Mexico's greatest living writers," wrote Jonathan Lethem in 2018 about Cristina Rivera Garza, "we are just barely beginning to catch up to what she has to offer." In the years since, Rivera Garza's work has received widespread recognition: She was awarded a MacArthur Genius Grant for fiction that "interrogates culturally constructed notions of language, memory, and gender from a transnational perspective," and was a finalist for the 2020 National Book Critics Circle Award for Criticism. Yet we have still only started to discover the full range of a writer who is at once an incisive voice on migration, borders, and violence against women, as well as a high stylist in the manner of Lispector or Duras. New and Selected Stories now brings together in English translation stories from across Rivera Garza's career, drawing from three collections spanning over 30 years and including new writing not yet published in Spanish. It is a unique and remarkable body of work, and a window into the ever-evolving stylistic and thematic development of one of the boldest, most original and affecting writers in the world today.

Houses of Ravicka Renee Gladman 2017-11-01 "More Kafka than Kafka, Renee Gladman's achievement ranks alongside many of Borges' in its creation of a fantastical landscape with deep psychological impact." —Jeff VanderMeer Since 2010 writer and artist Renee Gladman has placed fantastic and philosophical stories in the invented city-state of Ravicka, a Ruritanian everyplace with its own gestural language, poetic architecture, and inexplicable physics. As Ravicka has grown, so has Gladman's project, spilling out from her fiction—Event Factory, The Ravickians, and Ana Patova Crosses a Bridge—into her nonfiction (Calamities) and even visual art (Prose Architectures). The result is a project unlike any other in American letters today, a fictional world that spans not only multiple books but different genres, even different art forms. In Houses of Ravicka, the city's comptroller, author of Regulating the Book of Regulations, seems to have lost a house. It is not where it's supposed to be, though an invisible house on the far side of town, which corresponds to the missing house, remains appropriately invisible. Inside the invisible house, a nameless Ravickian considers how she came to the life she is living, and investigates the deep history of Ravicka—that mysterious city-country born of Renee Gladman's philosophical, funny, audacious, extraordinary imagination.

The End of Madness Jerry Gregory 2003-06-05 The human psyche, normally a fortress of strength, is most vulnerable when love dies. The emotionally chilling novellas in The End of Madness provide glimpses into the minds of people for whom love stopped existing. The End of Madness, the signature story, deals with despair born of David Reeds obsessive behavior. The story follows the decline of a famous novelist who blurs the line between loving, trusting and dying. An unexpected twist provides a gripping conclusion to this transatlantic journey into madness. Brenda Carters improbable relationship, which slowly intensifies with young Karla Adams, exploits every aspect of her existence. Fear, hope, sadness and incredible discovery highlight four decades in the life of a popular and resolute woman. Unfortunately, her quest for love also falls victim to the indomitable search for truth. Brenda is the perfect protagonist, as Cape Cod is the perfect setting, for this haunting tale that confronts the differences between reality and madness. La voz de la memoria, nuevas aproximaciones al estudio de la Literatura Popular de Tradición Infantil Aránzazu Sanz Tejada 2019-09-27 Mucho antes de que los hombres inventasen la escritura, y por supuesto mucho antes aún de la modernización de la imprenta, los relatos y las canciones de tradición oral alimentaban esa necesidad tan humana que llamamos cultura y que tan bien logra satisfacer la literatura. Aquella literatura de tradición oral ha tenido desde siempre en la niñez a uno de sus principales aliados, ya fuese como emisores, como receptores, o simplemente porque estaban por allí, a los pies de sus mayores... Esa voz infantil de la memoria de los pueblos ha sido el tema de investigación y encuentro de unas jornadas iberoamericanas que nacieron en 2007 en el seno de la Universidad de Castilla-La Mancha, de la mano y el buen hacer de uno de sus profesores más reconocidos, Pedro C. Cerrillo. Desde entonces se han venido desarrollando de manera ininterrumpida

como da fe esta monografía, en la que se recoge la esencia de todo lo tratado durante el pasado mes de octubre en las V Jornadas Iberoamericanas de Literatura Popular de Tradición Infantil en torno a cinco grandes apartados: memoria y literatura; Cancionero Popular Infantil; la memoria narrada; la didáctica de estos textos, en todos los niveles educativos; y un importante apartado en el que se aborda el continuo desafío al que se enfrentan estos textos en un sociedad cada vez más digital. Pocos meses antes de desarrollar este encuentro de investigadores, se nos fue su alma máter, falleció Pedro. Por eso la clausura del congreso fue un sentido y merecido homenaje al hombre al que tanto debemos. Los textos de los compañeros intervinientes cierran la presente monografía: leerlos nos devuelve por un momento la presencia de un maestro leal, trabajador y generoso. Su recuerdo permanecerá siempre entre nosotros.

The Iliac Crest Cristina Rivera Garza 2017-10-16 On a dark and stormy night, two mysterious women invade an unnamed narrator's house, where they proceed to ruthlessly question their host's gender and identity. The increasingly frantic protagonist fails to defend his supposed masculinity and eventually finds himself in a sanatorium. A Gothic tale of destabilized male-female binaries and subverted literary tropes, this is the book's first English publication.

An Introduction to Thermogeology David Banks 2012-08-13 This authoritative guide provides a basis for understanding the emerging technology of ground source heating and cooling. It equips engineers, geologists, architects, planners and regulators with the fundamental skills needed to manipulate the ground's huge capacity to store, supply and receive heat, and to implement technologies (such as heat pumps) to exploit that capacity for space heating and cooling. The author has geared the book towards understanding ground source heating and cooling from the ground side (the geological aspects), rather than solely the building aspects. He explains the science behind thermogeology and offers practical guidance on different design options. *An Introduction to Thermogeology: ground source heating and cooling* is aimed primarily at professionals whose skill areas impinge on the emerging technology of ground source heating and cooling. They will be aware of the importance of the technology and wish to rapidly acquire fundamental theoretical understanding and design skills. This second edition has been thoroughly updated and expanded to cover new technical developments and now includes end-of-chapter study questions to test the reader's understanding.
