*The Magic of Thinking Big* David J. Schwartz 2014-12-02 The timeless and practical advice in The Magic of Thinking Big clearly demonstrates how you can: Sell more Manage better Lead fearlessly Earn more Enjoy a happier, more fulfilling life With applicable and easy-to-implement insights, you'll discover: Why believing you can succeed is essential How to quit making excuses The means to overcoming fear and finding confidence How to develop and use creative thinking and dreaming Why making (and getting) the most of your attitudes is critical How to think right towards others The best ways to make "action" a habit How to find victory in defeat Goals for growth, and How to think like a leader "Believe Big," says

Schwartz. "The size of your success is determined by the size of your belief. Think little goals and expect little achievements. Think big goals and win big success. Remember this, too! Big ideas and big plans are often easier -- certainly no more difficult - than small ideas and small plans."

*The House on Mango Street* Sandra Cisneros 2013-04-30 NATIONAL BESTSELLER • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes-sometimes heartbreaking, sometimes deeply joyous-Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage ... and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review

*Pangolina* Jane Goodall 2021-07-13 From legendary naturalist Jane Goodall, an absorbing fictional tale that will steal hearts and open minds about the plight of the pangolin, the only mammalian species with scales, and endangered by illegal trafficking. After a blissful babyhood being cared for by her loving mother, Pangolina ventures out alone into the forest to become an independent adult, helped along by wise, older animal companions, including a civet and a bat. But one day cruel hunters trap Pangolina, putting her into a cage along with her friends, and bring them to a market to be sold as wild game. Pangolina is especially vulnerable, since her scales are prized by humans who believe they have curative powers. To the rescue comes a small girl who knows that pangolins are friendly fellow creatures who have feelings too, and who convinces her mother to buy Pangolina and set her free. Jane Goodall's many followers and all animal-loving children and adult picture book fans will be riveted by this suspenseful and heartwarming fictional story set in China and including an authoritative informational page about pangolins and suggestions for how to help fight animal trafficking.

**Just In Case** Meg Rosoff 2009-03-25 Justin Case is convinced fate has in for him. And he's right. After finding his younger brother teetering on the edge of his balcony, fifteen-year-old David Case realizes the fragility of life and senses impending doom. Without looking back, he changes his name to Justin and assumes a new identity, new clothing and new friends, and dares to fall in love with the seductive Agnes Day. With his imaginary dog Boy in tow, Justin struggles to fit into his new role and above all, to survive in a world where tragedy is around every corner. He's got to be prepared, just in case.

**I Am Malala** Malala Yousafzai 2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. *I AM MALALA* is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write

and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

**How to Read a Book** Mortimer J. Adler 2011-05-10 With half a million copies in print, *How to Read a Book* is the best and most successful guide to reading comprehension for the general reader, completely rewritten and updated with new material. A CNN Book of the Week: "Explains not just why we should read books, but how we should read them. It's masterfully done." -Farheed Zakaria Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and how to achieve them—from elementary reading, through systematic skimming and inspectional reading, to speed reading. Readers will learn when and how to "judge a book by its cover," and also how to X-ray it, read critically, and extract the author's message from the text. Also included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works. Finally, the authors offer a recommended reading list and supply reading tests you can use measure your own progress in reading skills, comprehension, and speed.

**The Curious Incident of the Dog in the Night-Time** Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls

apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

**The 21 Indispensable Qualities of a Leader** John C. Maxwell 2007-09-16 "The 21 Indispensable Qualities of a Leader gets straight to the heart of leadership issues. Maxwell once again touches on the process of developing the art of leadership by giving the reader practical tools and insights into developing the qualities found in great leaders." - Kenneth Blanchard, Coauthor of The One Minute Manager® "Dr. John Maxwell is the authority on leadership today. His innovative yet timeless principles on how to effectively lead others have personally impacted my life and my business. This is a must-read for any organization that wants to succeed in the new millennium." -Peter Lowe, President of Peter Lowe International and Peter Lowe's SUCCESS Seminars "My dear friend John Maxwell has proven his ability to lead leaders. I anticipate learning even more from his new book." -Max Lucado, Author of Just Like Jesus

**The 5AM Club** Robin Sharma 2018-12-04 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

**Cómo Evitar un Desastre Climático** Bill Gates 2021-02-16 En este libro urgente y necesario Bill Gates propone un plan amplio, práctico --y comprensible-- para conseguir que el mundo llegue a cero emisiones de gases de efecto invernadero para así evitar una catástrofe climática. Bill Gates ha pasado una década investigando las causas y efectos del cambio climático. Con la ayuda de expertos en los campos de la física, la química, la biología, la ingeniería, las ciencias políticas y las finanzas, se ha centrado en investigar exactamente qué se debe hacer para detener la deriva del planeta hacia un

desastre ambiental. En este libro, además de explicar por qué debemos esforzarnos en lograr emisiones netas cero de gases de efecto invernadero, también detalla lo que debemos hacer para lograr este objetivo tan importante. Gates nos presenta una descripción clara de los desafíos que enfrentamos. A partir de su conocimiento sobre innovación y lo que se requiere para introducir nuevas ideas en el mercado, describe las áreas en las que la tecnología ya está ayudando a reducir las emisiones, dónde y cómo la tecnología actual puede funcionar de manera más eficaz, dónde es necesario desarrollar tecnologías de punta, y quién está trabajando en estas innovaciones esenciales. Finalmente, presenta un plan concreto y práctico para lograr el objetivo de cero emisiones, sugiriendo no solo las políticas que los gobiernos deberían adoptar, sino lo que nosotros, como individuos, podemos hacer para que nuestro gobierno, nuestros empleadores y nosotros mismos nos responsabilicemos esta crucial iniciativa. Como deja claro Bill Gates, llegar a cero emisiones no será sencillo ni fácil, pero si seguimos el plan que aquí propone, es una meta que se encuentra decididamente a nuestro alcance. "Para detener el calentamiento global y evitar los peores efectos del cambio climático, los humanos deben dejar de agregar gases de efecto invernadero a la atmósfera. Si nada cambia, el mundo seguirá produciendo gases de efecto invernadero, el cambio climático seguirá empeorando y el impacto en los seres humanos con toda probabilidad será catastrófico. Pero las cosas pueden cambiar. Este libro trata sobre lo que se necesitará para lograrlo y por qué estoy convencido de que podemos hacerlo." -- Bill Gates

ENGLISH DESCRIPTION Bill Gates shares what he's learned in more than a decade of studying climate change and investing in innovations to address the problems, and sets out a vision for how the world can build the tools it needs to get to zero greenhouse gas emissions. Bill Gates explains why he cares so deeply about climate change and what makes him optimistic that the world can avoid the most dire effects of the climate crisis. Gates says, "We can work on a local, national, and global level to build the technologies, businesses, and industries to avoid the worst impacts of climate change." His interest in climate change is a natural outgrowth of the efforts by his foundation to reduce poverty and disease. Climate change, according to Gates, will have the biggest impact on the people who have done the least to cause it. As a technologist, he has seen firsthand how innovation can change the world. By investing in research, inventing new technologies, and by deploying them quickly at large scale, Gates believes climate change can be addressed in meaningful ways. According to Gates, "to prevent the worst effects of climate change, we have to get to net-zero emissions of greenhouse gases. This problem is urgent, and the debate is complex, but I believe we can come together to invent new carbon-zero technologies, deploy the ones we have, and ultimately avoid a climate catastrophe."

*Antología de relatos La ciudad soñada* Franz Kelle En la Antología de relatos La ciudad soñada podrás disfrutar de los relatos ganadores y finalistas del Certamen internacional La ciudad soñada. **Think and Grow Rich** Napoleon Hill 2020-10-12 Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

*Thinking, Fast and Slow* Daniel Kahneman 2011-10-25 Major New York Times bestseller Winner of the National Academy of Sciences Best Book Award in 2012 Selected by the New York Times Book Review as one of the ten best books of 2011 A Globe and Mail Best Books of the Year 2011 Title One of The Economist's 2011 Books of the Year One of The Wall Street Journal's Best Nonfiction Books of the Year 2011 2013 Presidential Medal of Freedom Recipient Kahneman's work with Amos Tversky is the subject of Michael Lewis's *The Undoing Project: A Friendship That Changed Our Minds* In the international bestseller, *Thinking, Fast and Slow*, Daniel Kahneman, the renowned psychologist and winner of the Nobel Prize in Economics, takes us on a groundbreaking tour of the mind and explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Winner of the National Academy of Sciences Best Book Award and the Los Angeles Times Book Prize and selected by The New York Times Book Review as one of the ten best books of 2011, *Thinking, Fast and Slow* is destined to be a classic.
