Confirm Thy Soul, America James A. Weber 2012-07-01 Based on research over more than 20 years, *Confirm Thy Soul, America: The Christian Foundation of the United States of America* relates the more than 2000-year history of the decisive role Christianity has played in inspiring the creation and continuing growth of this great and good nation of ours. A greater respect for the magnificent men known as our Founding Fathers; a growing understanding of the all-encompassing role of Christianity in the founding and future of America; and the willing acceptance of our God-given duty as "We the People" to do everything we can as Christians and members of other faiths to preserve this beloved country of ours in all of its beauty and goodness for the benefit of our children and future generations: These are the ultimate truths which this book will hopefully impart to you. James A. Weber is the author of *Grow or Die!* (1977) which made the case for continuing United States population growth while opposing population control. He also is the author of *Power Grab: The Conserver Cult and the Coming Energy Catastrophe* (1979) which promoted growing production and use of our own relatively unlimited energy resources while warning against

environmentalist efforts to restrict energy development. A member of the Society of Catholic Social Scientists, Weber has a B.S. in Industrial Engineering from Northwestern University, Evanston, Illinois, and an M.A. in Urban Studies from Loyola University, Chicago. Weber states: "I have been hugely blessed in writing Confirm Thy Soul, America by the tremendous outpouring of new information and insights developed by a multitude of men and women whose writings on Christianity and our country have been an absolute inspiration to me and whose words will work their wonders for readers."

Figure Drawing Methods for Artists Peter Boerboom 2017-07 Simple methods teach how to draw figures. When we try to draw a person, we are quickly confronted with various challenges. The proportions need to be correct, the attitude must be clear and vivid, the face should show resemblance and also be expressive. Such a task takes courage. Yet a little practice and training quickly lead to the ability to draw figures in a wide variety of styles. A figure in a particular posture can be assembled with a few key characteristic strokes. At the center of this collection is not the perfect figure, but the joy of drawing, and how, with simple methods, drawing people is possible: by reducing and reducing to a few lines, using clear contours and simple surfaces, the human figure emerges, constructed and elaborated.

Sacred Pathways Gary Thomas 2009-09-17 Sacred Pathways reveals nine distinct spiritual temperaments--and their strengths, weaknesses, and tendencies--to help you improve your spiritual life and deepen your personal walk with God. It's time to strip away the frustration of a one-size-fits-all spirituality and discover a path of worship that frees you to be you. Experienced spiritual directors, pastors, and church leaders recognize that all of us engage with God differently, and it's about time we do too. In this updated and expanded edition of Sacred Pathways, Gary Thomas details nine spiritual temperaments and--like the Enneagram and other tools do with personality--encourages you to investigate the ways you most naturally express yourself in your relationship with God. He encourages you to dig into the traits, strengths, and pitfalls in your devotional approach so you can eliminate the barriers that keep you locked into rigid methods of worship and praise. Plus, as you begin to identify and understand your own temperament, you'll soon learn about the temperaments that aren't necessarily "you" but that may help you understand the spiritual tendencies of friends, family, and others around you. Whatever temperament or blend of temperaments best describes you, rest assured it's not by accident. It's by the design of a Creator who knew what he was doing when he made you according to his own unique intentions. If your spiritual walk is not what you'd like it to be, you can change that, starting here. Sacred Pathways will show you the route you were made to travel, marked by growth and filled with the riches of a close walk with God.
