The Basics of Media Writing Scott A. Kuehn 2016-12-08 The Basics of Media Writing: A Strategic Approach helps readers develop the essential writing skills and professional habits needed to succeed in 21st-century media careers. This research-driven, strategy-based media writing textbook digs deeply into how media professionals think and write in journalism, public relations, advertising, and other forms of strategic communication. Authors Scott A. Kuehn and Andrew Lingwall have created two comprehensive writing models to help students overcome their problems in finding and developing story topics by giving them "starting points" to begin writing. The Professional Strategy Triangle model shows students how to think critically about the audience, the situation, and the message before starting a news story or persuasive piece and the FAJA four-point model asks students a series of questions about their story type (Fact, Analysis, Judgment, or Action) to guide them to the right angle or organizational structure for their message. Rooted in classical rhetorical methods, this step-by-step technique enables readers to strategically approach each writing task, no matter the format.

Lead With Your Customer, 2nd Edition Mark David Jones 2019-02-01 Your one-stop shop for world-class results The most admired organizations in the world have the same basic resources that you have—offices, computers, pencils, pens, phones, Internet, people. The primary difference is the way they use those resources. How do successful organizations consistently succeed? We witness their extraordinary results, but the secrets often remain hidden. In Lead With Your Customer, authors Mark David Jones and J. Jeff Kober offer the key success tools all world-class organizations have in common and explain how your organization can adopt them. To understand their customer-first approach, they offer the World Class Excellence Model—the result of decades of success as leaders at the Walt Disney Company and years of experience and research working with over two dozen Fortune 500 companies. The authors explain how “world class” status can be attained by many organizations, and isn’t the domain of only the most expensive, luxurious, or popular brands. Jones and Kober guide you by detailing benchmark practices and illustrating how they are followed by all best-in-class organizations by viewing each person inside and around the organization as your “customer”—internally, as you engage your employees and build your organization’s culture, and externally, as you engage your customers and build your brand. For this second edition, the authors present updated examples from organizations including IKEA, Harley-Davidson, Southwest Airlines, Ritz-Carlton, MD Anderson Cancer Center, and, of course, Walt Disney.
